INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Kett Engineering Corporation Retirement Plan
Van Nuys, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Kett Engineering Corporation Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Kett Engineering Corporation Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Kett Engineering Corporation Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kett Engineering Corporation Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kett Engineering Corporation Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kett Engineering Corporation Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of the year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Kett Engineering Corporation Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

General

The following description of the Kett Engineering Corporation Retirement Plan (the "Plan") is provided for general information only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan was adopted on January 1, 1993 to qualify as a defined contribution retirement plan for Kett Engineering Corporation's (the "Company" or "Plan Sponsor") eligible employees. The Plan has a pre-tax salary reduction provision as defined under Section 401(a) of the Internal Revenue Code (the "IRC") and is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Cares ("CARES") Act, related to participant loans and distributions. The Company has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2021.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Custodial services are provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Trustee") and Principal Life Insurance Company (the "Custodian" and collectively, the "Trustee and Custodian"), while record-keeping services are performed by Principal (the "Record-keeper"), an affiliate of the Trustee (collectively "Principal"). The Trustee managed the Plan's investments and made investment transactions while the Record-keeper managed participant accounts and participant related transactions.

Eligibility

Employees are eligible to participate in the Plan after completing one (1) year of service and upon attainment of age twenty-one (21). A year of service is calculated as a period during which an employee has completed at least 1,000 hours of service. Entry dates are the first day of each month after the employee meets the eligibility requirements. Eligible participants are automatically enrolled to defer 3% of their pay unless they elect a different percentage, including zero.

December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Under the terms of the Plan, participating employees may contribute up to 100% of their annual compensation not to exceed the amount allowable under federal limitations, which was \$19,500 for 2021. Participants age 50 or over may also contribute an additional \$6,500 in catch-up contributions to the Plan for 2021. Participants may also rollover amounts representing distributions from other qualified retirement or profit sharing plans. Also under the terms of the Plan, the Company makes a matching contribution of at least five percent (5%) of each participant's pretax contribution. The Company elected to make a matching contribution of five percent (5%) for each of the years ended December 31, 2021 and 2020 totaling \$35,220 and \$35,222, respectively.

Participant accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution. Allocations are based on participant earnings or account balances, as defined in the Plan agreement.

Vesting

Participants are immediately fully vested in their contributions, rollover contributions and all employer contributions plus earnings thereon.

Forfeitures

Participants are fully vested in their accounts upon entry to the Plan, therefore the Plan does not allow for forfeitures.

Participant directed investments

A participant may choose among various funds in which his or her respective contribution and employer matching contribution may be invested subject to the limitations described in the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Plan benefits are distributed in a lump sum or in the form of a deferred payout upon normal retirement age of sixty-five (65), death or total disability prior to retirement. Upon termination of employment by reason other than retirement, death or total disability, a participant may request to receive a cash distribution of his or her account. If a participant's account balance is equal to or less than \$5,000, the balance will be distributed immediately in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. Active participants may withdraw any part of their account in a single sum in the event of undue financial hardship or attainment of age fifty-nine and one half (59½). Withdrawals made under the provision of attaining age fifty-nine and one half (59½) are limited to two such withdrawals in any twelve month period.

The Plan allows participants to obtain a distribution to satisfy any of the following intermediate and heavy financial needs: (1) medical expenses; (2) purchase of a principal residence; (3) to prevent the eviction from a principal residence; (4) to pay for education expenses; (5) funeral expenses; or (6) repair damage on principal residence. Participants must first exhaust all other assets reasonably available prior to obtaining a hardship withdrawal.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested balance, or \$50,000 reduced by any outstanding loan balance. The loans are secured by the balance in the participant's account and bear interest between 3.25% to 5.50%, which is commensurate with the local prevailing rate as determined quarterly by the Plan administrator.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Kett Engineering Corporation Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee.

The fair value of pooled separate accounts and collective investment trust are determined by the investments' Custodian. The Custodian publishes the daily net asset values to the investors, and the pooled separate accounts and collective investment trust transact at the published price; the Plan administrator has concluded that the common collective trust and pooled separate accounts held have a readily determinable fair value and are included in fair value Level 1 (see Note 3). The fair value of mutual funds is determined by quoted market prices which represent the net asset value of shares held by the Plan at year end. Mutual funds are also included in fair value Level 1 (see Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Contributions and contributions receivable

Contributions are recorded based on the date the contributions or repayments have been separated from a participants' pay which is the pay date. The Plan records receivables for contributions based upon the contribution recognized, less amounts received by the Plan as of the last day of the Plan year. Discretionary employer matching contributions, if any, are recorded in the year they are earned.

Payment of benefits

Benefit payments to participants are recorded upon distribution.

Kett Engineering Corporation Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative expenses

Administrative expenses cover the routine Plan expenses for the services of lawyers, accountants, third-party administrators, and other advisors. The Plan requires that certain expenses related to the Plan be paid directly by the Company, but permits certain expenses incurred to administer the Plan to be paid from Plan assets. For the 2021 Plan year, the Plan paid \$85,870 of the Plan's administrative expenses. All administrative expenses reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021 were paid by the Plan.

Subsequent events

The Plan has evaluated subsequent events through September 12, 2022, the date the financial statements were available to be issued.

Effective February 17, 2022, the Plan was restated to be in compliance with the legislative and regulatory changes set forth in IRS notice 2017-37. The Plan adopted the Principal Life Insurance Company Non-Standardized Defined Contribution Pre-Approved Plan. The IRS issued an opinion letter dated June 30, 2020, which stated that the volume submitter plan document is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. No Plan provisions were modified as a result of this restatement.

3. FAIR VALUE MEASUREMENTS

Accounting standards require that fair value be determined based on the price that would be received for an asset or paid to transfer a liability ("exit price") in the principal or most advantageous market, in an orderly transaction between market participants. Such fair value is a market-based measurement, not an entity-specific measurement. GAAP establishes fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical asset or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- *Level 1* - quoted prices in active markets for identical assets or liabilities;
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- *Level 3* - inputs are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Kett Engineering Corporation Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

3. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by type at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Pooled separate accounts	\$ 5,257,547	\$ -	\$ -	\$ 5,257,547

	<u>\$11,841,133</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$11,841,133</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by type at fair value as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Pooled separate accounts	\$ 4,558,356	\$ -	\$ -	\$ 4,558,356

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AND CUSTODIAN (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodian, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.

Kett Engineering Corporation Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AND CUSTODIAN
(UNAUDITED) (continued)

- Net appreciation in fair value of investments, dividend and interest income and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2021.

Accordingly, as requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and schedule of assets (held at end of year).

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Plan Sponsor, and certain others. As such, transactions conducted by the recordkeeper and Trustee and Custodian qualify as exempt party-in-interest transactions. In addition, the Plan Sponsor pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions permitted under provisions of ERISA.

The Trustee retains compensation for services provided to the Plan, and any interest (or "float") on amounts earned while certain transactions are pending. This applies to both contributions and distributions.

7. TAX STATUS

The volume submitter plan document used by the Plan obtained its latest tax opinion letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the volume submitter plan document is acceptable under section 401 of the IRC for use by employers for the benefit of its employees. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision was made for federal income taxes in the accompanying financial statements.
