Independent Auditor's Report

Plan Administrator and Plan Participants
Momenta Pharmaceuticals 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Momenta Pharmaceuticals 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of November 15, 2021, the related statement of changes in net assets available for plan benefits for the period from January 1, 2021 through November 15, 2021, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period ended November 15, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 3 to the financial statements, the Plan executed a Plan Deconversion on July 26, 2021, to merge the Plan into the Johnson & Johnson Savings Plan effective November 15, 2021. All plan assets were transferred to the Johnson & Johnson Savings Plan on November 15, 2021. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 23, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Momenta Pharmaceuticals 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Momenta Pharmaceuticals 401(k) Plan (the Plan), of Momenta Pharmaceuticals, Inc. (the Company or Plan Sponsor), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan was established by the Company on October 31, 2003 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was most recently restated effective July 7, 2015 and amended effective August 1, 2019.

As a result of the Coronavirus Aid, Relief and Economic Security Act (CARES Act), the Plan opted into certain provisions permitted under the CARES Act, which related to minimum required distributions, deferred loan payment provisions, and CARES Act withdrawals. The provisions of the CARES Act expired on December 31, 2020.

On October 1, 2020, pursuant to the agreement and plan of merger dated August 19, 2020 with Johnson & Johnson (the Parent) and Vigor Sub, Inc. (Vigor), a wholly owned subsidiary of the Parent, Vigor acquired all of the Plan Sponsor's outstanding shares of common stock and merged with and into the Plan Sponsor with the Plan Sponsor as the surviving entity, which resulted in the Plan Sponsor becoming a wholly owned subsidiary of the Parent. As a result of the merger, the Plan Sponsor froze contributions to the Plan effective December 28, 2020.

Eligibility: All employees of the Company who are at least 21 years of age are eligible to participate with no service requirement. Leased and temporary employees are excluded from participation in the Plan.

Contributions: Participant contributions are limited to the lesser of 60% of eligible compensation, as defined, or the annual deferral limit defined by the Internal Revenue Code (IRC). Employees can elect to participate in the Plan and defer a specific percentage or dollar amount of their annual eligible compensation, as defined, as a pre-tax contribution or elect not to participate in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into several mutual funds or a money market fund offered by the Plan.

The Company has the option of making discretionary matching contributions. For the period from January 1, 2021 through November 15, 2021, the Company made no discretionary matching contributions.

Rollovers: With the approval of the plan administrator, the Plan may receive any amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts do not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

Participant accounts: Each participant has a separate individual investment account. Each participant's account is credited with the participant's contribution and the Company's matching contribution. Earnings and losses on the account shall accrue to such account only. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are fully and immediately vested in their voluntary contributions, the Company's matching contributions, rollover contributions and the earnings and losses thereon.

Investment elections: Each participant directs the investment of his or her own individual account and may select from several mutual funds as well as a money market fund. Each participant has the ability to change his or her investment allocations at any time.

Momenta Pharmaceuticals 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Each participant may, upon written application, borrow any amount from \$1,000 up to a maximum of the lesser of 50% of his or her total vested account balance or \$50,000 (less the highest outstanding balance on any other loan outstanding in the prior 12 months) as defined by the Plan. The loan repayment period is up to five years and may be extended to ten years for a loan to purchase a principal residence. All loans bear a reasonable rate of interest as determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. A participant is not allowed to have more than one loan outstanding at a time.

Under the CARES Act, the Plan allowed participants to suspend loan payments due on or after March 27, 2020 through December 31, 2020 for up to one year.

Payment of benefits: The Plan provides for distribution of the vested balance of a participant's account to a participant, spouse or designated beneficiary upon retirement, death, disability, hardship or termination of employment. Distributions are made in the form of a lump sum. Upon termination of employment, the participant may elect to leave his or her account on deposit with the trustee of the Plan, unless the balance is less than \$5,000, in which case the amount is automatically rolled over into an individual retirement account.

In accordance with the plan document, a participant may withdraw a portion of his or her vested balance to meet immediate and heavy financial needs, subject to certain limitations outlined in the Plan.

Beginning April 2020, the Plan implemented certain provisions from the CARES Act, which allowed Plan participants to take hardship withdrawals due to adverse financial consequences from COVID-19 up to \$100,000. This provision expired on December 31, 2020.

Forfeitures: Forfeitures represent the non-vested portion of terminated participants' account balances. These amounts can be used to reduce the Company's future matching contributions or to pay administrative expenses. During 2021, there were no forfeitures due to the amendment made in 2018 stating participants are fully and immediately vested in the Company's matching contributions and earnings and losses thereon. During 2021, no forfeitures were used to reduce the Company's matching contributions or pay administrative expenses. As of November 15, 2021 and December 31, 2020, unallocated forfeiture amounts available were \$0 and \$20, respectively.

Administrative expenses: The Company pays substantially all of the administrative costs for the Plan. Certain expenses related to participant level transactions, such as loan set up fees or investment management fees, are charged directly to the respective participant's account.

Note 2. Summary of Significant Accounting Policies

Basis of accounting and use of estimates: The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States (U.S. GAAP) to ensure net assets available for plan benefits and changes in net assets available for plan benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (FASB ASC). The financial statements of the Plan are prepared on the accrual basis of accounting.

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for plan benefits, the Plan presents the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains and losses and the unrealized appreciation and depreciation on those investments.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any unpaid interest. Delinquent loans are treated as distributions based on the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Income taxes: U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the United States federal, state or local tax authorities for years before 2018.

Fair value measurements: The Plan follows guidance within FASB ASC 820 - Fair Value Measurements and Disclosures (ASC 820), which defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2: Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of November 15, 2021 and December 31, 2020.

Mutual funds and money market fund: The fair values of shares of mutual funds and the money market fund represent the net asset value of such shares as of the close of business at the end of the period based on the quoted active market prices of the underlying investments. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3. Merger

On July 26, 2021, in connection with the acquisition of the Company by Johnson & Johnson, the Plan executed a Plan Deconversion with their current trustee, Fidelity Management Trust Company, to merge the Plan into the Johnson & Johnson Savings Plan effective November 15, 2021. The transfer of \$35,347,357 of assets was completed on November 15, 2021 at which time all participants' balances in the Plan were transferred to the Johnson & Johnson Savings Plan.

Note 4. Fair Value Measurements

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of November 15, 2021 and December 31, 2020:

	Assets at Fair Value as of November 15, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ -	\$ -	\$ -
Money market fund	-	-	-	-
Total assets at fair value	\$ -	\$ -	\$ -	\$ -

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 49,333,382	\$ -	\$ -	\$ 49,333,382
Money market fund	1,149,939	-	-	1,149,939
Total assets at fair value	\$ 50,483,321	\$ -	\$ -	\$ 50,483,321

Note 5. Notes Receivable from Participants

The Plan permits its participants to obtain loans against their account balances. As of November 15, 2021 and December 31, 2020, total loans outstanding were \$0 and \$34,865, respectively. During the period from January 1, 2021 through November 15, 2021, interest earned on such loans was \$1,029. Loans to participants are collateralized by the respective participant's remaining account balance. There are other restrictions on participant loans, as defined in the plan document.

Note 6. Information Prepared and Certified by Plan's Trustee

The following is a summary of the Plan's asset information as of November 15, 2021 and December 31, 2020, and for the period from January 1, 2021 through November 15, 2021, included throughout the Plan's financial statements, that was prepared by or derived from information provided by Fidelity Management Trust Company (Fidelity), the trustee, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	2021	2020
Investments, at fair value:		
Mutual funds	\$ -	\$ 49,333,382
Money market fund	-	1,149,939
	<u>\$ -</u>	<u>\$ 50,483,321</u>
Notes receivable from participants	<u>\$ -</u>	<u>\$ 34,865</u>

For the period from January 1, 2021 through November 15, 2021, Fidelity certified to the completeness and accuracy of \$6,965,093 of net appreciation in fair value of investments, \$1,357,078 of interest and dividends related to the aforementioned investments and \$1,029 of interest income on notes receivable from participants.

Note 7. Tax Status

The Plan has adopted a prototype standardized profit-sharing plan of Fidelity Management & Research Company. The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014 stating that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been restated and amended since receiving the opinion letter. The Plan itself has not separately applied for recognition of tax-exempt status. However, the plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8. Party-in-Interest Transactions

The Plan's investments in shares of mutual funds and a money market fund are managed by Fidelity, which qualify as party-in-interest transactions as the term is defined in Section 3 (14) of ERISA. The Plan also holds notes receivables from participants, which are secured by the balance in the respective participant's account, which represent party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Note 10. Subsequent Events

The Company evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are available for issuance, which was September 13, 2022, for these financial statements.
