Part I	Service Provider Information (see instructions)
---------------	--

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation
FIDELITY INVESTMENTS INSTITUTIONAL

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: BENNETT THRASHER

(2) EIN: 58-1673613

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....

	Yes	No	Amount
4a	X		2272

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
4k		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X	
4n		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined
If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500. - 14** Enter the number of deferred vested and retired participants (inactive participants), as of the beginning of the plan year, whose contributing employer is no longer making contributions to the plan for:

a The current plan year. Check the box to indicate the counting method used to determine the number of inactive participants: ☐ last contributing employer ☐ alternative ☐ reasonable approximation (see instructions for required attachment).....

14a

b The plan year immediately preceding the current plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....

14b

c The second preceding plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....

14c

- 15** Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

a The corresponding number for the plan year immediately preceding the current plan year.....

15a

b The corresponding number for the second preceding plan year

15b

- 16** Information with respect to any employers who withdrew from the plan during the preceding plan year:

a Enter the number of employers who withdrew during the preceding plan year

16a

b If line 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers.....

16b

- 17** If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment..... ☐

Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans

- 18** If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment..... ☐

- 19** If the total number of participants is 1,000 or more, complete lines (a) through (c)

a Enter the percentage of plan assets held as:

Stock: _____% Investment-Grade Debt: _____% High-Yield Debt: _____% Real Estate: _____% Other: _____%

b Provide the average duration of the combined investment-grade and high-yield debt:

☐ 0-3 years ☐ 3-6 years ☐ 6-9 years ☐ 9-12 years ☐ 12-15 years ☐ 15-18 years ☐ 18-21 years ☐ 21 years or more

c What duration measure was used to calculate line 19(b)?

☐ Effective duration ☐ Macaulay duration ☐ Modified duration ☐ Other (specify): _____

- 20 PBGC missed contribution reporting requirements.** If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? ☐ Yes ☐ No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:

☐ Yes.

☐ No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.

☐ No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.

☐ No. Other. Provide explanation _____

Independent Auditor's Report

To the Participants and Administrator of
Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2021 Financial Statements

We have performed an audit of financial statements of Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the 2021 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of Plan

The following description of Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan, effective January 1, 1997, covering employees of Shepherd Construction Company, Inc., Rogers Bridge Company, Inc., Plant Improvement Company, Inc. and Seaboard Construction Company (collectively, the Employers or the Plan Sponsor). The Plan Sponsor is engaged in road and bridge construction, commercial real estate leasing and asphalt production and distribution, primarily in Georgia. The Plan excludes union employees and non-resident aliens who have no earned income from sources within the United States. In order to participate in the Plan, employees must be at least 18 years of age and must have completed one year of service with a participating employer. Employees are permitted to enter the Plan on the first day of the calendar quarter following the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has an automatic enrollment feature upon meeting the eligibility requirements at a contribution percentage of 3%, which escalates each year in 1% increments, up to a maximum of 10%.

Contributions

The Plan includes a provision under IRC Section 401(k) whereby participants may deposit pretax contributions to the Plan based on their annual compensation (as defined in the Plan Agreement), up to the maximum amount allowed under the IRC. The statutory limit for 2021 was \$19,500. Participants who have attained at least age fifty before the end of the Plan year are eligible to defer additional amounts (catch-up contributions). The maximum catch-up contribution in 2021 was \$6,500. In addition, participants may contribute post-tax contributions.

The Employers may elect to match a discretionary amount of a participant's contributions. Matching contributions are determined annually. In general, a participant must have completed at least 1,000 hours of service and be employed by the Employers on the last day of the Plan year to share in the allocation of matching contributions. During 2021, there were no employer discretionary matching contributions.

In addition to any discretionary matching contributions, the Employers may deposit discretionary qualified matching contributions, discretionary qualified nonelective contributions and discretionary nonelective contributions to all eligible participants. During 2021, there were no discretionary qualified nonelective contributions.

The amounts of the discretionary profit sharing contributions, if any, are determined by the Board of Directors of the Employers. In general, a participant must have completed more than 1,000 hours of service during the Plan year and be employed by a participating employer on the last day of the Plan year or have died, retired or become disabled during the Plan year in order to share in the allocation of discretionary profit-sharing contributions. During 2021, the Employers elected to make \$150,059 in profit sharing contributions and is included in employer contributions in the accompanying statement of changes in net assets available for benefits.

At the discretion of the Plan Administrator, a participant may deposit rollover contributions from another qualified plan. Rollover contributions may be made even though an employee is not eligible to participate in the Plan. Rollover contributions are placed in a separate account and are subject to the rules for investment established by the Plan Administrator.

Administration

The Employers serve as the Plan Administrator and have the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits.

The Plan Administrator engaged Fidelity Management Trust Company (Fidelity or Trustee) as a third-party administrator to assist in the administration of the Plan. Fidelity (Note 6) serves as a non-discretionary trustee of the Plan pursuant to the Plan Agreement. The Trustee receives all contributions made under the Plan, holds Plan assets and pays benefits to participants as directed by the Plan Administrator. Additionally, the Trustee manages certain investment options of the Plan.

Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Employers. These expenses include, but are not limited to, legal, accounting and recordkeeping fees and investment expenses. For administrative expenses not paid by the Employers, a proportionate share of fees and expenses paid by the Plan is charged to each participant’s account.

Participant Accounts

Each participant account is credited with pretax, post-tax and rollover contributions made by the participant and the participant’s portion of the Plan Sponsor’s discretionary contributions, if any, and Plan earnings or losses. Earnings, expenses and gains and losses on investments are allocated based on participant compensation or account balances, as defined in the Plan Agreement.

Vesting

Participants’ vesting in the Employers’ discretionary contributions and income earned thereon is based on years of service during which an employee is credited with at least 1,000 hours of service with the Employers. All participants become 100% vested after three years of service. The vesting percentages are as follows:

Years of Service	Percentage
Less than 3 years	0%
3 years or more	100%

Participants also become 100% vested upon termination of the Plan, upon reaching the normal retirement age of 65 or upon disability or death while an employee of a participating employer.

Any portion of a participant account balance attributable to pretax, post-tax and rollover contributions is 100% vested at the time of contribution and is not subject to forfeiture.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options selected by the Plan Administrator.

Withdrawals

In general, a participant may withdraw up to 100% of the vested balance of elective deferrals (excluding certain earnings on pretax contributions and employer contributions) in the event of a participant's immediate financial hardship, as defined in the Plan Agreement. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant makes a hardship withdrawal, the right to make pretax contributions will be suspended for six months.

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or payment in substantially equal installments. Participants may withdraw all or any portion of their rollover contributions at any time.

Participants withdrawing from the Plan due to termination of employment with the Plan Sponsor, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution. In general, if the participant's account balance, as defined in the Plan Agreement, is greater than \$5,000 (the involuntary cash-out amount), the account may not be distributed without the participant's consent. Distributions greater than \$1,000 made without the participant's consent prior to the participant's achievement of the normal retirement age will be rolled over into an individual retirement plan designated by the Plan Administrator. Regardless of participant election as to payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum distribution if the account balance is less than \$1,000.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Notes Receivable from Participants

The Plan allows for participants to borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Generally, loans to participants are to be repaid through payroll deductions in installments not to exceed five years, are secured by the balance in the participant's account, and apply interest at a rate based on prevailing interest rates at the time of the loan as determined by the Plan Sponsor. Interest rates on notes receivable from participants ranged from 3.25% to 5.50% as of December 31, 2021. A loan used for financing the purchase of the participant's principal residence may be repaid over a longer period of time. While on an authorized unpaid leave of absence, participants may defer loan payments for up to one year.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the earlier of complete distribution of the vested portion of their account or the last day of the Plan year in which the former participants incurred five consecutive breaks in service, as defined in the Plan Agreement. Forfeitures of terminated employees' non-vested accounts are used to reduce Plan Sponsor contributions and administrative expenses of the Plan. Forfeitures used to reduce Plan Sponsor contributions and administrative expenses were nominal for the year ended December 31, 2021.

COVID-19 Disruption

In March 2020, the World Health Organization officially designated COVID-19 as a pandemic, and as a result, businesses across the country and the world have had to take steps to protect their employees, and employees of companies with whom they do business. The associated business disruption has ranged from limited to significant, depending on the nature of the business being impacted. Management is presently unable to predict what short-term and long-term impact this level of disruption will have on the Plan and its investments, and there can be no assurances that a significant impact to the Employers' business will not take place. There have been no adjustments to these financial statements as a result of this uncertainty.

CARES Act

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) permitted retirement plans to provide qualified individuals (as defined in the CARES Act) who were impacted by the novel coronavirus (COVID-19) expanded distribution options and certain loan relief. The Plan adopted the distribution and loan rules of the CARES Act, effective April 15, 2020 through December 31, 2020. The Plan will be formally amended on or before the amendment deadline of December 31, 2022, in accordance with the CARES Act. The main provisions of the CARES Act adopted by the Plan are as follows:

- **Coronavirus-Related Distributions:** Qualified individuals were permitted to take a distribution in an amount up to \$100,000 from the Plan that was exempt from the 10% early distribution penalty. Participants who took a coronavirus-related distribution had the option to pay the income tax (if applicable) over a three-year period or to recontribute to a qualifying plan or IRA within a three-year period in the form of a rollover contribution with no income tax impact.
- **Participant Loans:** Qualified individuals could elect to suspend loan repayments with repayments restarting in January 2021. Following the suspension, loans were amortized and included the interest accrued during the suspension period.
- **Required Minimum Distributions:** Any minimum distributions required to be made to participants or beneficiaries in 2020 were waived. This provision also applied to any 2019 required minimum distributions that had to be made by April 1, 2020.

Subsequent Events

The Employers have evaluated events and transactions occurring subsequent to December 31, 2021, through the date of the report, the date the financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid investments that are readily convertible into cash and have maturities of ninety days or less when purchased.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risk and Uncertainties

The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Note 3: Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year):

	2021	2020
Statements of net assets available for benefits:		
Cash and cash equivalents	\$ 1,928,377	\$ 1,783,201
Investments, at fair value	9,265,801	8,812,143
Statement of changes in net assets available for benefits:		
Interest and dividends	\$ 871,050	
Net appreciation in fair value of investments	250,235	

Note 4: Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820-10-50, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

- Level 1: Quoted prices for identical instruments in active markets at the measurement date. Investments that are listed on a United States securities exchange are valued at their last sales price on the largest United States securities exchange on which such securities have traded.
- Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active and model-derived valuation in which all significant inputs and significant value drivers are observable in active markets at the date and for the anticipated term of the instrument.

- Level 3: Valuation derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in mutual funds are valued at quoted market prices as provided by the Trustee. Net appreciation in the fair value of the investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 1,928,377	\$ -	\$ -	\$ 1,928,377
Mutual funds	9,265,801	-	-	9,265,801
Total assets in fair value hierarchy	<u>\$ 11,194,178</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,194,178</u>

Assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 1,783,201	\$ -	\$ -	\$ 1,783,201
Mutual funds	8,812,143	-	-	8,812,143
Total assets in fair value hierarchy	<u>\$ 10,595,344</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,595,344</u>

Note 5: Income Tax Status

Effective November 25, 2015, the Plan Sponsor entered into a standardized adoption agreement of the *Fidelity Management Trust Company Volume Submitter Profit Sharing Plan with CODA* (the prototype plan). The prototype plan has received a favorable opinion letter from the IRS on May 15, 2017, which stated that the prototype plan and related trust were designed in accordance with the applicable sections of the IRC.

The Plan has not obtained an individual determination letter from the IRS. However, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax-exempt as of December 31, 2021.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 6: Party-in-Interest Transactions

Fidelity performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Prohibited Transactions

The Plan Sponsor deducted, via payroll withholding, an aggregate of \$2,272 during 2021 from participants' gross wages that were not remitted in a timely manner to the Plan in accordance with DOL regulations. The Plan Sponsor intends to file Form 5330 with the IRS and pay the required excise tax on the transaction, if necessary. In addition, the Plan Sponsor intends to make a restoration contribution to the Plan to restore lost earnings on these transactions.

The Plan Sponsor deducted, via payroll withholding, an aggregate of \$2,371 during 2020 from participants' gross wages that were not remitted in a timely manner to the Plan in accordance with DOL regulations. During 2021, the Trustee corrected the lost earnings without needing a restoration contribution from the Plan Sponsor due to the cost of shares being insignificant.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account as of the date of termination shall immediately become non-forfeitable and fully vested.

Independent Auditor's Report

To the Participants and Administrator of
Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2021 Financial Statements

We have performed an audit of financial statements of Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the 2021 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of Plan

The following description of Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan, effective January 1, 1997, covering employees of Shepherd Construction Company, Inc., Rogers Bridge Company, Inc., Plant Improvement Company, Inc. and Seaboard Construction Company (collectively, the Employers or the Plan Sponsor). The Plan Sponsor is engaged in road and bridge construction, commercial real estate leasing and asphalt production and distribution, primarily in Georgia. The Plan excludes union employees and non-resident aliens who have no earned income from sources within the United States. In order to participate in the Plan, employees must be at least 18 years of age and must have completed one year of service with a participating employer. Employees are permitted to enter the Plan on the first day of the calendar quarter following the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has an automatic enrollment feature upon meeting the eligibility requirements at a contribution percentage of 3%, which escalates each year in 1% increments, up to a maximum of 10%.

Contributions

The Plan includes a provision under IRC Section 401(k) whereby participants may deposit pretax contributions to the Plan based on their annual compensation (as defined in the Plan Agreement), up to the maximum amount allowed under the IRC. The statutory limit for 2021 was \$19,500. Participants who have attained at least age fifty before the end of the Plan year are eligible to defer additional amounts (catch-up contributions). The maximum catch-up contribution in 2021 was \$6,500. In addition, participants may contribute post-tax contributions.

The Employers may elect to match a discretionary amount of a participant's contributions. Matching contributions are determined annually. In general, a participant must have completed at least 1,000 hours of service and be employed by the Employers on the last day of the Plan year to share in the allocation of matching contributions. During 2021, there were no employer discretionary matching contributions.

In addition to any discretionary matching contributions, the Employers may deposit discretionary qualified matching contributions, discretionary qualified nonelective contributions and discretionary nonelective contributions to all eligible participants. During 2021, there were no discretionary qualified nonelective contributions.

The amounts of the discretionary profit sharing contributions, if any, are determined by the Board of Directors of the Employers. In general, a participant must have completed more than 1,000 hours of service during the Plan year and be employed by a participating employer on the last day of the Plan year or have died, retired or become disabled during the Plan year in order to share in the allocation of discretionary profit-sharing contributions. During 2021, the Employers elected to make \$150,059 in profit sharing contributions and is included in employer contributions in the accompanying statement of changes in net assets available for benefits.

At the discretion of the Plan Administrator, a participant may deposit rollover contributions from another qualified plan. Rollover contributions may be made even though an employee is not eligible to participate in the Plan. Rollover contributions are placed in a separate account and are subject to the rules for investment established by the Plan Administrator.

Administration

The Employers serve as the Plan Administrator and have the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits.

The Plan Administrator engaged Fidelity Management Trust Company (Fidelity or Trustee) as a third-party administrator to assist in the administration of the Plan. Fidelity (Note 6) serves as a non-discretionary trustee of the Plan pursuant to the Plan Agreement. The Trustee receives all contributions made under the Plan, holds Plan assets and pays benefits to participants as directed by the Plan Administrator. Additionally, the Trustee manages certain investment options of the Plan.

Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Employers. These expenses include, but are not limited to, legal, accounting and recordkeeping fees and investment expenses. For administrative expenses not paid by the Employers, a proportionate share of fees and expenses paid by the Plan is charged to each participant’s account.

Participant Accounts

Each participant account is credited with pretax, post-tax and rollover contributions made by the participant and the participant’s portion of the Plan Sponsor’s discretionary contributions, if any, and Plan earnings or losses. Earnings, expenses and gains and losses on investments are allocated based on participant compensation or account balances, as defined in the Plan Agreement.

Vesting

Participants’ vesting in the Employers’ discretionary contributions and income earned thereon is based on years of service during which an employee is credited with at least 1,000 hours of service with the Employers. All participants become 100% vested after three years of service. The vesting percentages are as follows:

Years of Service	Percentage
Less than 3 years	0%
3 years or more	100%

Participants also become 100% vested upon termination of the Plan, upon reaching the normal retirement age of 65 or upon disability or death while an employee of a participating employer.

Any portion of a participant account balance attributable to pretax, post-tax and rollover contributions is 100% vested at the time of contribution and is not subject to forfeiture.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options selected by the Plan Administrator.

Withdrawals

In general, a participant may withdraw up to 100% of the vested balance of elective deferrals (excluding certain earnings on pretax contributions and employer contributions) in the event of a participant's immediate financial hardship, as defined in the Plan Agreement. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant makes a hardship withdrawal, the right to make pretax contributions will be suspended for six months.

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or payment in substantially equal installments. Participants may withdraw all or any portion of their rollover contributions at any time.

Participants withdrawing from the Plan due to termination of employment with the Plan Sponsor, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution. In general, if the participant's account balance, as defined in the Plan Agreement, is greater than \$5,000 (the involuntary cash-out amount), the account may not be distributed without the participant's consent. Distributions greater than \$1,000 made without the participant's consent prior to the participant's achievement of the normal retirement age will be rolled over into an individual retirement plan designated by the Plan Administrator. Regardless of participant election as to payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum distribution if the account balance is less than \$1,000.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Notes Receivable from Participants

The Plan allows for participants to borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Generally, loans to participants are to be repaid through payroll deductions in installments not to exceed five years, are secured by the balance in the participant's account, and apply interest at a rate based on prevailing interest rates at the time of the loan as determined by the Plan Sponsor. Interest rates on notes receivable from participants ranged from 3.25% to 5.50% as of December 31, 2021. A loan used for financing the purchase of the participant's principal residence may be repaid over a longer period of time. While on an authorized unpaid leave of absence, participants may defer loan payments for up to one year.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the earlier of complete distribution of the vested portion of their account or the last day of the Plan year in which the former participants incurred five consecutive breaks in service, as defined in the Plan Agreement. Forfeitures of terminated employees' non-vested accounts are used to reduce Plan Sponsor contributions and administrative expenses of the Plan. Forfeitures used to reduce Plan Sponsor contributions and administrative expenses were nominal for the year ended December 31, 2021.

COVID-19 Disruption

In March 2020, the World Health Organization officially designated COVID-19 as a pandemic, and as a result, businesses across the country and the world have had to take steps to protect their employees, and employees of companies with whom they do business. The associated business disruption has ranged from limited to significant, depending on the nature of the business being impacted. Management is presently unable to predict what short-term and long-term impact this level of disruption will have on the Plan and its investments, and there can be no assurances that a significant impact to the Employers' business will not take place. There have been no adjustments to these financial statements as a result of this uncertainty.

CARES Act

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) permitted retirement plans to provide qualified individuals (as defined in the CARES Act) who were impacted by the novel coronavirus (COVID-19) expanded distribution options and certain loan relief. The Plan adopted the distribution and loan rules of the CARES Act, effective April 15, 2020 through December 31, 2020. The Plan will be formally amended on or before the amendment deadline of December 31, 2022, in accordance with the CARES Act. The main provisions of the CARES Act adopted by the Plan are as follows:

- **Coronavirus-Related Distributions:** Qualified individuals were permitted to take a distribution in an amount up to \$100,000 from the Plan that was exempt from the 10% early distribution penalty. Participants who took a coronavirus-related distribution had the option to pay the income tax (if applicable) over a three-year period or to recontribute to a qualifying plan or IRA within a three-year period in the form of a rollover contribution with no income tax impact.
- **Participant Loans:** Qualified individuals could elect to suspend loan repayments with repayments restarting in January 2021. Following the suspension, loans were amortized and included the interest accrued during the suspension period.
- **Required Minimum Distributions:** Any minimum distributions required to be made to participants or beneficiaries in 2020 were waived. This provision also applied to any 2019 required minimum distributions that had to be made by April 1, 2020.

Subsequent Events

The Employers have evaluated events and transactions occurring subsequent to December 31, 2021, through the date of the report, the date the financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid investments that are readily convertible into cash and have maturities of ninety days or less when purchased.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risk and Uncertainties

The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Note 3: Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year):

	2021	2020
Statements of net assets available for benefits:		
Cash and cash equivalents	\$ 1,928,377	\$ 1,783,201
Investments, at fair value	9,265,801	8,812,143
Statement of changes in net assets available for benefits:		
Interest and dividends	\$ 871,050	
Net appreciation in fair value of investments	250,235	

Note 4: Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820-10-50, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

- Level 1: Quoted prices for identical instruments in active markets at the measurement date. Investments that are listed on a United States securities exchange are valued at their last sales price on the largest United States securities exchange on which such securities have traded.
- Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active and model-derived valuation in which all significant inputs and significant value drivers are observable in active markets at the date and for the anticipated term of the instrument.

- Level 3: Valuation derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in mutual funds are valued at quoted market prices as provided by the Trustee. Net appreciation in the fair value of the investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 1,928,377	\$ -	\$ -	\$ 1,928,377
Mutual funds	9,265,801	-	-	9,265,801
Total assets in fair value hierarchy	<u>\$ 11,194,178</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,194,178</u>

Assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 1,783,201	\$ -	\$ -	\$ 1,783,201
Mutual funds	8,812,143	-	-	8,812,143
Total assets in fair value hierarchy	<u>\$ 10,595,344</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,595,344</u>

Note 5: Income Tax Status

Effective November 25, 2015, the Plan Sponsor entered into a standardized adoption agreement of the *Fidelity Management Trust Company Volume Submitter Profit Sharing Plan with CODA* (the prototype plan). The prototype plan has received a favorable opinion letter from the IRS on May 15, 2017, which stated that the prototype plan and related trust were designed in accordance with the applicable sections of the IRC.

The Plan has not obtained an individual determination letter from the IRS. However, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax-exempt as of December 31, 2021.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 6: Party-in-Interest Transactions

Fidelity performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Prohibited Transactions

The Plan Sponsor deducted, via payroll withholding, an aggregate of \$2,272 during 2021 from participants' gross wages that were not remitted in a timely manner to the Plan in accordance with DOL regulations. The Plan Sponsor intends to file Form 5330 with the IRS and pay the required excise tax on the transaction, if necessary. In addition, the Plan Sponsor intends to make a restoration contribution to the Plan to restore lost earnings on these transactions.

The Plan Sponsor deducted, via payroll withholding, an aggregate of \$2,371 during 2020 from participants' gross wages that were not remitted in a timely manner to the Plan in accordance with DOL regulations. During 2021, the Trustee corrected the lost earnings without needing a restoration contribution from the Plan Sponsor due to the cost of shares being insignificant.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account as of the date of termination shall immediately become non-forfeitable and fully vested.

Independent Auditor's Report

To the Participants and Administrator of
Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2021 Financial Statements

We have performed an audit of financial statements of Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the 2021 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of Plan

The following description of Shepherd Construction Company, Inc. 401(k) & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan, effective January 1, 1997, covering employees of Shepherd Construction Company, Inc., Rogers Bridge Company, Inc., Plant Improvement Company, Inc. and Seaboard Construction Company (collectively, the Employers or the Plan Sponsor). The Plan Sponsor is engaged in road and bridge construction, commercial real estate leasing and asphalt production and distribution, primarily in Georgia. The Plan excludes union employees and non-resident aliens who have no earned income from sources within the United States. In order to participate in the Plan, employees must be at least 18 years of age and must have completed one year of service with a participating employer. Employees are permitted to enter the Plan on the first day of the calendar quarter following the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has an automatic enrollment feature upon meeting the eligibility requirements at a contribution percentage of 3%, which escalates each year in 1% increments, up to a maximum of 10%.

Contributions

The Plan includes a provision under IRC Section 401(k) whereby participants may deposit pretax contributions to the Plan based on their annual compensation (as defined in the Plan Agreement), up to the maximum amount allowed under the IRC. The statutory limit for 2021 was \$19,500. Participants who have attained at least age fifty before the end of the Plan year are eligible to defer additional amounts (catch-up contributions). The maximum catch-up contribution in 2021 was \$6,500. In addition, participants may contribute post-tax contributions.

The Employers may elect to match a discretionary amount of a participant's contributions. Matching contributions are determined annually. In general, a participant must have completed at least 1,000 hours of service and be employed by the Employers on the last day of the Plan year to share in the allocation of matching contributions. During 2021, there were no employer discretionary matching contributions.

In addition to any discretionary matching contributions, the Employers may deposit discretionary qualified matching contributions, discretionary qualified nonelective contributions and discretionary nonelective contributions to all eligible participants. During 2021, there were no discretionary qualified nonelective contributions.

The amounts of the discretionary profit sharing contributions, if any, are determined by the Board of Directors of the Employers. In general, a participant must have completed more than 1,000 hours of service during the Plan year and be employed by a participating employer on the last day of the Plan year or have died, retired or become disabled during the Plan year in order to share in the allocation of discretionary profit-sharing contributions. During 2021, the Employers elected to make \$150,059 in profit sharing contributions and is included in employer contributions in the accompanying statement of changes in net assets available for benefits.

At the discretion of the Plan Administrator, a participant may deposit rollover contributions from another qualified plan. Rollover contributions may be made even though an employee is not eligible to participate in the Plan. Rollover contributions are placed in a separate account and are subject to the rules for investment established by the Plan Administrator.

Administration

The Employers serve as the Plan Administrator and have the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits.

The Plan Administrator engaged Fidelity Management Trust Company (Fidelity or Trustee) as a third-party administrator to assist in the administration of the Plan. Fidelity (Note 6) serves as a non-discretionary trustee of the Plan pursuant to the Plan Agreement. The Trustee receives all contributions made under the Plan, holds Plan assets and pays benefits to participants as directed by the Plan Administrator. Additionally, the Trustee manages certain investment options of the Plan.

Expenses

Administrative expenses of the Plan are liabilities of the Plan but may be paid by the Employers. These expenses include, but are not limited to, legal, accounting and recordkeeping fees and investment expenses. For administrative expenses not paid by the Employers, a proportionate share of fees and expenses paid by the Plan is charged to each participant’s account.

Participant Accounts

Each participant account is credited with pretax, post-tax and rollover contributions made by the participant and the participant’s portion of the Plan Sponsor’s discretionary contributions, if any, and Plan earnings or losses. Earnings, expenses and gains and losses on investments are allocated based on participant compensation or account balances, as defined in the Plan Agreement.

Vesting

Participants’ vesting in the Employers’ discretionary contributions and income earned thereon is based on years of service during which an employee is credited with at least 1,000 hours of service with the Employers. All participants become 100% vested after three years of service. The vesting percentages are as follows:

Years of Service	Percentage
Less than 3 years	0%
3 years or more	100%

Participants also become 100% vested upon termination of the Plan, upon reaching the normal retirement age of 65 or upon disability or death while an employee of a participating employer.

Any portion of a participant account balance attributable to pretax, post-tax and rollover contributions is 100% vested at the time of contribution and is not subject to forfeiture.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options selected by the Plan Administrator.

Withdrawals

In general, a participant may withdraw up to 100% of the vested balance of elective deferrals (excluding certain earnings on pretax contributions and employer contributions) in the event of a participant's immediate financial hardship, as defined in the Plan Agreement. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant makes a hardship withdrawal, the right to make pretax contributions will be suspended for six months.

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or payment in substantially equal installments. Participants may withdraw all or any portion of their rollover contributions at any time.

Participants withdrawing from the Plan due to termination of employment with the Plan Sponsor, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution. In general, if the participant's account balance, as defined in the Plan Agreement, is greater than \$5,000 (the involuntary cash-out amount), the account may not be distributed without the participant's consent. Distributions greater than \$1,000 made without the participant's consent prior to the participant's achievement of the normal retirement age will be rolled over into an individual retirement plan designated by the Plan Administrator. Regardless of participant election as to payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum distribution if the account balance is less than \$1,000.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Notes Receivable from Participants

The Plan allows for participants to borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Generally, loans to participants are to be repaid through payroll deductions in installments not to exceed five years, are secured by the balance in the participant's account, and apply interest at a rate based on prevailing interest rates at the time of the loan as determined by the Plan Sponsor. Interest rates on notes receivable from participants ranged from 3.25% to 5.50% as of December 31, 2021. A loan used for financing the purchase of the participant's principal residence may be repaid over a longer period of time. While on an authorized unpaid leave of absence, participants may defer loan payments for up to one year.

Forfeitures

Non-vested account balances of terminated employees are forfeited upon the earlier of complete distribution of the vested portion of their account or the last day of the Plan year in which the former participants incurred five consecutive breaks in service, as defined in the Plan Agreement. Forfeitures of terminated employees' non-vested accounts are used to reduce Plan Sponsor contributions and administrative expenses of the Plan. Forfeitures used to reduce Plan Sponsor contributions and administrative expenses were nominal for the year ended December 31, 2021.

COVID-19 Disruption

In March 2020, the World Health Organization officially designated COVID-19 as a pandemic, and as a result, businesses across the country and the world have had to take steps to protect their employees, and employees of companies with whom they do business. The associated business disruption has ranged from limited to significant, depending on the nature of the business being impacted. Management is presently unable to predict what short-term and long-term impact this level of disruption will have on the Plan and its investments, and there can be no assurances that a significant impact to the Employers' business will not take place. There have been no adjustments to these financial statements as a result of this uncertainty.

CARES Act

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) permitted retirement plans to provide qualified individuals (as defined in the CARES Act) who were impacted by the novel coronavirus (COVID-19) expanded distribution options and certain loan relief. The Plan adopted the distribution and loan rules of the CARES Act, effective April 15, 2020 through December 31, 2020. The Plan will be formally amended on or before the amendment deadline of December 31, 2022, in accordance with the CARES Act. The main provisions of the CARES Act adopted by the Plan are as follows:

- **Coronavirus-Related Distributions:** Qualified individuals were permitted to take a distribution in an amount up to \$100,000 from the Plan that was exempt from the 10% early distribution penalty. Participants who took a coronavirus-related distribution had the option to pay the income tax (if applicable) over a three-year period or to recontribute to a qualifying plan or IRA within a three-year period in the form of a rollover contribution with no income tax impact.
- **Participant Loans:** Qualified individuals could elect to suspend loan repayments with repayments restarting in January 2021. Following the suspension, loans were amortized and included the interest accrued during the suspension period.
- **Required Minimum Distributions:** Any minimum distributions required to be made to participants or beneficiaries in 2020 were waived. This provision also applied to any 2019 required minimum distributions that had to be made by April 1, 2020.

Subsequent Events

The Employers have evaluated events and transactions occurring subsequent to December 31, 2021, through the date of the report, the date the financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid investments that are readily convertible into cash and have maturities of ninety days or less when purchased.

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risk and Uncertainties

The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

Note 3: Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year):

	2021	2020
Statements of net assets available for benefits:		
Cash and cash equivalents	\$ 1,928,377	\$ 1,783,201
Investments, at fair value	9,265,801	8,812,143
Statement of changes in net assets available for benefits:		
Interest and dividends	\$ 871,050	
Net appreciation in fair value of investments	250,235	

Note 4: Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820-10-50, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

- Level 1: Quoted prices for identical instruments in active markets at the measurement date. Investments that are listed on a United States securities exchange are valued at their last sales price on the largest United States securities exchange on which such securities have traded.
- Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active and model-derived valuation in which all significant inputs and significant value drivers are observable in active markets at the date and for the anticipated term of the instrument.

- Level 3: Valuation derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in mutual funds are valued at quoted market prices as provided by the Trustee. Net appreciation in the fair value of the investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 1,928,377	\$ -	\$ -	\$ 1,928,377
Mutual funds	9,265,801	-	-	9,265,801
Total assets in fair value hierarchy	<u>\$ 11,194,178</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,194,178</u>

Assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 1,783,201	\$ -	\$ -	\$ 1,783,201
Mutual funds	8,812,143	-	-	8,812,143
Total assets in fair value hierarchy	<u>\$ 10,595,344</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,595,344</u>

Note 5: Income Tax Status

Effective November 25, 2015, the Plan Sponsor entered into a standardized adoption agreement of the *Fidelity Management Trust Company Volume Submitter Profit Sharing Plan with CODA* (the prototype plan). The prototype plan has received a favorable opinion letter from the IRS on May 15, 2017, which stated that the prototype plan and related trust were designed in accordance with the applicable sections of the IRC.

The Plan has not obtained an individual determination letter from the IRS. However, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax-exempt as of December 31, 2021.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 6: Party-in-Interest Transactions

Fidelity performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Prohibited Transactions

The Plan Sponsor deducted, via payroll withholding, an aggregate of \$2,272 during 2021 from participants' gross wages that were not remitted in a timely manner to the Plan in accordance with DOL regulations. The Plan Sponsor intends to file Form 5330 with the IRS and pay the required excise tax on the transaction, if necessary. In addition, the Plan Sponsor intends to make a restoration contribution to the Plan to restore lost earnings on these transactions.

The Plan Sponsor deducted, via payroll withholding, an aggregate of \$2,371 during 2020 from participants' gross wages that were not remitted in a timely manner to the Plan in accordance with DOL regulations. During 2021, the Trustee corrected the lost earnings without needing a restoration contribution from the Plan Sponsor due to the cost of shares being insignificant.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account as of the date of termination shall immediately become non-forfeitable and fully vested.
