INDEPENDENT AUDITOR'S REPORT

To the Trustees/Plan Administrator and Participants
 Heli Traffic Solutions 421(2) Plan

S2222 22d N222r2 22222 ERISA S22222 102(2)(2)(C) Add2222r 222 2021 F2222222S22222 2222

We have performed an audit of the financial statements of Heli Traffic Solutions 421(2) Plan (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA) as permitted by ERISA Section 122(a)(2)(C). The financial statements comprise the Statement of Net Assets Available for Benefits as of December 2122 2221 the related Statement of Changes in Net Assets Available for Benefits for the year then ended and the related notes to the financial statements.

Management having determined it is permissible in the circumstances has elected to have the audit of the 2221 financial statements performed in accordance with ERISA Section 122(a)(2)(C) pursuant to 29 CFR 2222.122-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 122(a)(2)(C) our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated supervised and subject to periodic examination by a state or federal agency provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2222.122-2 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 2122 2221 stating that the certified investment information as described in Note 2 to the financial statements is complete and accurate.

O22222 22 222 2021 F2222222S22222 2222

In our opinion based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2221 Financial Statements section:

- The amounts and disclosures in the accompanying 2221 financial statements other than those agreed to or derived from the certified investment information are presented fairly in all material respects in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2221 financial statements related to benefits provided under the plan and certified to by a qualified institution or assets held by and certified to by a qualified institution agrees to or is derived from in all material respects the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 122(a)(2)(C).

Ernst & Young LLP 2021 Financial Statement Audit

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA 101(a)(2)(C) audit opinion.

Management's Responsibility for the 2021 Financial Statement Audit

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 101(a)(2)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued. Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Additional Responsibilities for the 2021 Financial Statement Audit

Except as described in the Scope and Nature of the ERISA 101(a)(2)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with AASPE:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether in our judgment there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certification comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 101(a)(5)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly in all material respects in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding among other matters the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental information other than that agreed to or derived from the certified investment information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with AAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information we compared such information to the related certified investment information.

In forming our opinion on the supplemental information we evaluated whether the supplemental information other than the information agreed to or derived from the certified investment information including its form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental information other than the supplemental information that agreed to or is derived from the certified investment information is presented in all material respects in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The supplemental information relates to assets held by and certified to by a qualified institution agrees to or is derived from in all material respects the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 101(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2021.101-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA the plan administrator instructed the predecessor auditor not to perform and they did not perform any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 14, 2021 indicated that (a) because of the significance of the information that they did not audit they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly they did not express an opinion on the financial statements and supplemental schedules and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HELIX TRAFFIC SOLUTIONS 401(K) PLAN

NEESES FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 PLAN DESCRIPTION

The following description of the Helix Traffic Solutions 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Helix Traffic Solutions LLC and its wholly-owned subsidiaries Superior Traffic Control LLC, Southeastern Traffic Supply LLC, Traffic Solutions Louisiana LLC, or one Traffic Control LLC, Trail Construction LLC, Highway Specialties LLC, and Traffic Safety Supplies LLC (collectively, Company). They have at least 60 days of service (with the exception of union employees and non-resident aliens). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Directors.

Contributions

Each year, participants may contribute up to the maximum amount allowed by the Internal Revenue Code (IRC) of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a safe harbor matching amount of 100 percent of the first 4 percent of eligible compensation that a participant contributes to the Plan. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's Safe Harbor matching contributions, as well as allocations of the Company's profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 5 years of credited service.

HELIX TRAFFIC SOLUTIONS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Payment of Benefits

Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may request a hardship withdrawal of a portion of their account balance attributable to participant deferrals. Any hardship withdrawal is limited to the amount needed to meet the financial need.

Forfeited Accounts

There were no forfeited nonvested accounts on December 31, 2021 and 2020. Any forfeitures in the future will be used to reduce employer contributions or pay plan expenses. During the year ended December 31, 2021, employer contributions were reduced by \$4,726 from forfeited nonvested accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that could be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

HELIX TRAFFIC SOLUTIONS 401(K) PLAN

NETES Financial Statements

December 31, 2021 and 2020

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 12, 2022 the date the financial statements were available to be issued.

NOTE 3 CERTIFIED INVESTMENT INFORMATION

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.102-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2	Inputs to the valuation methodology include: - Quoted prices for similar assets or liabilities in active markets - Quoted prices for identical or similar assets or liabilities in inactive markets - Inputs other than quoted prices that are observable for the asset or liability - Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets measured at fair value using Level 1 inputs	Assets measured at fair value using Level 2 inputs	Assets measured at fair value using Level 3 inputs	Total
December 31, 2021	\$ 1,234,567	\$ 567,890	\$ 123,456	\$ 1,925,913
December 31, 2020	\$ 987,654	\$ 432,109	\$ 76,543	\$ 1,496,306

NOTE 2. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the Custodian for the Plan and therefore these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment as they are paid through revenue sharing rather than a direct payment. As described in Note 2 the Plan made direct payments to the Custodian of \$1,200 which was not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

NOTE 3. PLAN TERMINATION

Although it has not expressed any intent to do so the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants would become 100 percent vested in their profit sharing contributions.

NOTE 4. TAX STATUS

The Plan has adopted a non-standardized defined contribution pre-approved plan document sponsored by Burleigh Consulting Group. The Plan received an opinion letter from the IRS as to the Plan's qualified status. The Plan Sponsor can rely on the qualified status to the extent the Plan Document does not deviate from the IRS pre-approved provisions. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities however there are currently no audits for any tax periods in progress.

NOTE 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
