The Plan covers all employees of Innovative Blood Resources (the Employer). Effective January 1, 2020 New York Blood Center, Inc. was named as Plan Sponsor (the Plan Sponsor). Full-time employees were immediately eligible on their date of hire for salary deferrals in the 401(k) portion of the Plan. In order for an employee to be eligible for Employer matching or profit sharing contributions, employees must complete one year of service (1,000 hours) and attain the age of 18. The Plan excludes leased employees. Effective January 1, 2020, the Plan also excludes employees whose principal place of employment is not based in Minnesota, Nebraska, or Wisconsin. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The 401(k) Investment Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

In April 2020, certain provisions under the CARES Act relating to participant distributions and participant loans were enacted. The CARES Act allows for utilization of these provisions immediately but requires formal adoption of the amendment no later than the last day of the plan year beginning on or after January 1, 2022.

On July 1, 2021, the Board of Directors approved the termination of the Plan and all assets were liquidated and paid to participants pursuant to their election by November 17, 2021. For active participants that did not make an election, their balance was rolled over to the New York Blood Center 403(b) Plan. For terminated participants that did not make an election, their balance was rolled over to an IRA.

Contributions

The Plan includes a cash or deferred arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are thereby permitted to elect to have a percentage, limited by Plan provisions of 75%, of their compensation contributed as pre-tax 401(k) or after-tax Roth contributions to the Plan. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. Annually, the Plan has a provision to automatically increase the deferral rate by 1% up to a maximum of 5% of eligible compensation. The Plan allowed participants age 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Prior to the freezing of the Plan whereby, all contributions ceased, the Employer made a discretionary matching contribution of 100% of the first 3% of compensation deferred and 50% of the next 2% of compensation deferred, resulting in a maximum match of 4% of compensation. Due to the freezing of the Plan, there were no Employer matching contributions for the period ended November 17, 2021.

Each year, at its discretion, the Employer would choose to make a discretionary profit sharing contribution to eligible participants. There were no discretionary profit sharing contributions authorized for the period ended November 17, 2021. In order for a participant to share in profit sharing contributions they must attain age 18, complete 1,000 hours of service, and be employed on the last day of the Plan year unless termination is due to death, disability, or retirement.

Contributions are subject to certain limitations. With the Plan freeze effective December 31, 2020, there will be no further contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's deferral contributions, the Employer matching contributions, the Employer discretionary profit sharing contributions, and an allocation of Plan earnings or losses. Employer matching contributions are allocated to a participant based on a percentage of the participants' salary deferral contributions, subject to certain limitations. Employer discretionary profit sharing contributions are allocated to participants based on compensation. Income is allocated daily based on number of shares in the participant's account. Participants direct the investment of contributions into various investment options offered under the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participants vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest is paid ratably through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at prime plus 1%.

Vesting

All employee deferrals and Employer matching contributions, plus actual earnings thereon, are 100% vested. All discretionary profit sharing contributions, plus actual earnings thereon, are vested using a three-year graded vesting schedule. Notwithstanding the above, a participant will become 100% vested in Employer accounts upon death, disability, or retirement. Due to the termination of the Plan, all participants became 100% vested.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeitures of nonvested Employer match and profit sharing contributions may be used to reduce the Employer contributions or pay Plan expenses. At November 17, 2021 and December 31, 2020, forfeited nonvested accounts amounted to \$-0- and \$14,088, respectively. Forfeitures of \$15,445 were used to pay Plan expenses for the period ended November 17, 2021.

Payment of Benefits

Upon termination of service, death, disability, or retirement (age 65) the participant may receive the value of the vested interest in their account in the form of a lump sum or installment distribution. If a participant terminates employment and the participant's account balance was never greater than \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name. The Plan allows in-service at age 59½ and hardship distributions subject to Plan provisions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As a result of the Plan termination effective July 1, 2021, the Plan changed its basis of accounting from the ongoing basis used in presenting the 2020 financial statements to the liquidation basis used in presenting the 2021 financial statements in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of November 17, 2021 or December 31, 2020. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

The Employer pays certain administrative expenses on behalf of the Plan. Expenses paid by the Plan include trustee and recordkeeping fees and are allocated to participant accounts. Fees related to the administration of benefit payments and loans are charged directly to the participant's account. Investment related expenses are offset with revenue sharing credits and are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

In preparing these financial statements, the Employer has evaluated events and transactions for potential recognition or disclosure through July 6, 2022, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Delaware Charter Guarantee and Trust Company dba: as Principal Trust Company, the trustee of the Plan effective April 16, 2021, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants presented in the accompanying statement of net assets available for benefits as of November 17, 2021, the statement of changes in net assets available for benefits for the period from April 16, 2021 through November 17, 2021.

Wells Fargo, the trustee of the Plan through April 15, 2021, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants presented in the accompanying statement of net assets available for benefits as of December 31, 2020 and the statements of changes in net assets available for benefits for the period from January 1, 2021 through April 15, 2021.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at November 17, 2021 and December 31, 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Funds: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

NOTE 5 PLAN TERMINATION

On July 1, 2021, the Board of Directors approved the termination of the Plan. Participants became 100% vested in their accounts and were paid out based on their election by November 17, 2021. If a participant did not elect a distribution, their account balance was automatically rolled over to an IRA with Principal Bank.

NOTE 6 PLAN TAX STATUS

The Plan utilized a nonstandardized prototype plan issued by Wells Fargo Bank, N.A. which obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Prior to April 15, 2021, the Plan's investments were managed by Wells Fargo. Wells Fargo, the trustee; therefore, these investment transactions qualify as exempt party-in-interest transactions.
