Independent Auditors' Report

To the Participants and Committee of the
Dahlin Group Inc. 401(k) Retirement Plan
Pleasanton, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Dahlin Group Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Dahlin Group Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dahlin Group Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dahlin Group Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dahlin Group Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dahlin Group Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at End of the Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their

form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Dahlin Group Inc. 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 10, 2021, we indicated that (*a*) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (*b*) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of The Plan

The following description of the Dahlin Group Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by Dahlin Group, Inc. (the Company) on January 1, 1989, and has been amended at various times to conform to changes in regulations, refine the definition of allowable compensation, and to allow Roth contributions and automatic deferral. The Plan is a defined contribution plan covering employees age 21 years or older and completes one month of service.

Union, leased and nonresidents employees as well as summer interns are excluded from participation in the Plan unless such agreement expressly provides for participation in the Plan.

During 2020, a Plan amendment was adopted to remove a provision which prohibits participants to make eligible contributions under the existing Plan terms, merely because the participant has received a hardship distribution from another Plan or a related employer Plan.

Administration

The Company sponsors the Plan. A third-party record-keeper, J.P. Morgan Invest Holdings LLC (J.P. Morgan), serves as the record keeper for the Plan and provides non-fiduciary recordkeeping, administrative, and related ministerial services. Reliance Trust Company processes and maintains the records of the Plan. Reliance Trust also serves as custodian of the Plan's participant directed investments. Charles Schwab Bank is the custodian of the self-directed brokerage accounts.

Contributions

Eligible participants may defer up to 100% of eligible compensation, as defined by the Plan, up to the maximum allowed by law as a pre-tax or Roth contribution. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

Once employees are eligible to enroll, and unless the employee opts out, automatic enrollment will take effect with an initial 6% pre-tax contribution. The annual contribution will automatically increase 1% until reaching 10% of compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into the various investment options offered by the Plan. The terms of the Plan provide that the sponsor may make an annual safe harbor non-elective contribution equal to 3% of eligible compensation.

The Company may elect to make discretionary matching and profit-sharing contributions. A participant will be eligible to receive a matching and profit-sharing contributions once completing One Year of Service (at least 1,000 hours) and have attained 21 years of age. Entry date will be the first day of the month coinciding with or next following the date on which the participant satisfies the eligibility requirements. Such contributions, if any, are immediately vested.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances on a daily valuation basis. Allocation among the available funds is at the participant's discretion. Participants may change their investment options at any time. The benefit to which a participant is entitled is limited to the amount of the participant's vested account balance.

Vesting
Participants are vested immediately in their salary deferral, employer matching, safe-harbor and profit-sharing contributions, plus actual earnings thereon.

Break in Service
A participant will incur a break in service during any Plan year in which the participant works less than 501 hours.

Notes Receivable from Participants
Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account and bear interest at rates which conform with local prevailing rates as determined monthly by the plan administrator. Notes must be repaid within five years unless used to purchase a primary residence, in which case, the term of the note will be determined by the plan administrator considering maturity dates quoted by representative commercial banks in the local area for a similar loan. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of Benefits
Participant contributions can be distributed prior to termination or retirement age for hardship claims, death or disability as defined in the Plan agreement.

On termination of service for account balances less than $1,000, a cash-out distribution will be made at the employer's discretion. For vested account balances greater than $1,000, but not more than $5,000, and the participant fails to elect a lump sum or rollover, the balance shall be rolled over to an Individual Retirement Account at a qualified financial institution. For account balances over $5,000, written consent by the employee is required before distribution can be made.

The normal retirement age under the Plan is 65 years of age. In-service distributions are allowed for participants age 59-1/2 and older and for hardship distributions.

Subsequent Events
The Plan has evaluated all events subsequent to the statements of net assets available for benefits date of December 31, 2021 through September 7, 2022, which represents the date these financial statements are available to be issued. There were no material events or transactions occurring during this subsequent event reporting period which require recognition or disclosure in these financial statements.

2. Summary of Accounting Policies

Basis of Accounting
The financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statement, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Substantially all expenses of administering the Plan for the year ended December 31, 2021 were paid by the Plan sponsor. Administrative expenses reflected in the financial statements reflect investment fees, taxes, and other charges relating to the self-directed brokerage accounts and are charged to those accounts.

Recently Adopted Accounting Standard
As of January 1, 2021, the Plan adopted AICPA Statement on Auditing Standards No. 136, *Forming and Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*, as amended. Codified in new AU-C section 703 of the AICPA Professional Standards, SAS No. 136 prescribes certain new performance requirements for ERISA plan financial statement audits and changes the form and content of the related auditor's report to improve audit quality and enhance the communicative value and transparency of the auditor's report. SAS No. 136 is effective for audits of ERISA plan financial statements for periods ending on or after December 15, 2021.

3. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds

These mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund

The stable value collective trust fund is composed primarily of fully benefit-responsive investment contracts and is valued at the Net Asset Value (NAV) of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require one year's notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 41,485,046	$ -	$ -	$ 41,485,046
Self-directed brokerage accounts	522,891	-	-	522,891
Total assets in the fair value hierarchy	42,007,937	-	-	42,007,937
Investments measured at NAV practical expedieant	-	-	-	819,981
Investments at fair value	$ 42,007,937	$ -	$ -	$ 42,827,918

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 36,149,547	$ -	$ -	$36,149,547
Self-directed brokerage accounts	2,962,759	-	-	2,962,759
Total assets in the fair value hierarchy	39,112,306	-	-	39,112,306
Investments measured at NAV practical expedieant	-	-	-	941,714
Investments at fair value	$ 39,112,306	$ -	$ -	$40,054,020

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common Collective Trust Fund	$ 819,981	N/A	Daily	1 year

5. Party-in-interest Transactions

J.P. Morgan serves as a record keeper for the Plan. Certain mutual funds held in the Plan are offered and managed by J.P. Morgan. Purchases and sales of these funds by the Plan are executed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of the party-in-interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and all unallocated amounts shall be allocated to the accounts of all participants.

7. Information Certified by the Plan's Custodian

As of December 31, 2021, the Plan's investments are held in safekeeping with Reliance Trust Company, the Plan's directed trustee and custodian. Investments are in accordance with the policy set by the Plan's administrator or by subsequent policy amendments.

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company has certified as to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020 and the schedule of assets (held at end of year) for investment purposes as of December 31, 2021, and the related investment activity reflected in the statement of changes in assets available for benefits for the period then ended.

8. Amounts Allocated to Participants who have Withdrawn or Terminated Employment

At December 31, 2021, there were 68 participants with account balances totaling $10,539,811 who had withdrawn or terminated employment but had not yet received a distribution of their vested account balances.

9. Income Tax Status

The Plan received a favorable determination letter from the Internal Revenue Service (IRS) On March 31, 2014 for its amended Plan. Subsequently, the Plan was further amended and restated to conform to a volume submitter plan which the IRS, by letter dated June 30, 2020, stated that an employer adopting said plan may rely on their letter with respect to the qualification of its plan under Internal Revenue Code (IRC) section 401(a). This reliance is dependent on the terms of the plan being followed in the operation of the plan. The plan administrator and tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

10. Risks and Uncertainties

The Plan invests in various investment securities which are exposed to risks relating to interest rates, market fluctuation, and credit risks, among others. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

11. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the audited financial statements to Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statemets	$ 42,945,316	$ 40,172,728
