Independent Auditors' Report

To the Plan Administrator
NewsMax Media 401(k) Plan
Boca Raton, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit -2021 Financial Statements

We have performed an audit of the accompanying financial statements of NewsMax Media 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements. (2021 Financial Statements)

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion -2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Continued from previous page

Basis for Opinion - 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management - 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit - 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Continued from previous page

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedules of Assets (Held at End of Year) at December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Continued from previous page

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 4, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

General

The Newsmax Media 401(k) Plan (the “Plan”) is sponsored by Newsmax Media, Inc. (the “Sponsor” or “Company”), effective April 1, 2006, and is maintained for the exclusive benefit of its employees and their beneficiaries. The terms of this defined contribution Plan permit eligible employees to make elective contributions to the Plan out of their compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”).

The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Plan Administration

The Company entered into a trust agreement whereby Reliance Trust Company (“Reliance or Custodian”) has been appointed the Custodian of the Plan's assets. The Custodian holds and manages the Plan assets subject to the direction of the Investment committee and Plan participants. ADP Retirement Services, Inc. (“ADPRS”) has been appointed the service provider for the Plan to provide record-keeping and other administrative services of the Plan.

Plan Amendments

On January 1, 2020, the Plan was amended to change the Plan Sponsor's matching contribution to match 100% of the first 1% and then 50% up to 6%, adopted a new vesting schedule for participant contributions and elected automatic enrollment features.

Eligibility

Participation in the Plan commences on the first day of the following month subsequent to the completion of three (3) months of service. Participants are credited for one month of service for each month in which they complete one hour of service. The Plan has an automatic enrollment feature once eligibility requirements are met participants.

Contributions

Each year a participant may defer up to 89% of total compensation through periodic payroll deductions up to contribution limits specified by the Internal Revenue Code (“IRC” or the “Code”), as amended. The maximum contribution limit for the year ended December 31, 2021 was \$19,500. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of \$6,500 for the year ended December 31, 2021. Participants direct the investment of their contributions and employer contributions into various investments options offered by the Plan. A participant may change his or her contribution levels and may terminate his or her election to participate at any time.

The Company will make matching employer contributions and qualified non-elective contributions (“QNEC”) to each eligible participant. There were no QNEC contributions in 2021. The Plan Sponsor's matching contribution is 100% of the first 1% and then 50% up to 6% and to vest balances based on a four (4) year schedule.

Note 1 – Description of Plan, continued

Rollovers

The Plan allows participants to roll over amounts into the Plan from other qualified plans subject to the provisions of the Plan.

Participant's Accounts

Individual accounts are maintained for each participant account to reflect participant's contribution, the related Company's matching contributions, the Plan's earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested amount. All investments in the Plan are participant directed.

Vesting

Participants are immediately 100% vested in their contributions and rollovers contributions, plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon are based on years of continuous service. The method of crediting 1,000 hours of service for vesting is based on the equivalency method. Under this method of vesting, for each month in which a participant works at least 1 hour for the Company or an affiliate, if any, they will be credited with 190 hours of service for that month. Therefore, if a participant works at least 1 hour during each month for least 6 months during a Plan year, they will receive credit for 1 year of vesting service for that Plan year. A participant is vested in employer contributions at the following rates:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
at least 1 but less than 2	40%
at least 2 but less than 3	60%
at least 3 but less than 4	80%
4 or more	100%

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts may be used to pay the Plan's administrative expenses or reduce employer contributions. Forfeitures used to reduce employer contributions during 2021 were \$21,146. At December 31, 2021 and 2020, there were \$21,070 and \$21,924 of forfeited non-vested amounts available to use, respectively.

Note 1 – Description of Plan, continued

Distribution of Participants Accounts

Normal Retirement Date – The normal retirement date is age 65. Distributions of 5% owners must commence by April 1st of the calendar year following the calendar year in which the participant reaches an attained age of 70 ½. At the discretion of the Plan's Administrator, a retiring or terminating participant is paid the value of his or her account in a lump sum. Any participant who has not had a separation from service, and who has reached an attained age of 65, may elect to defer distributions until the calendar year in which the participant retires. If no such election is made, the participant will begin to receive distributions by April 1st of the calendar year following the calendar year in which the participant has reached an attained age of 70 ½.

Severance of Employment – If a participant ceases to be employed with the Plan Sponsor for any reason other than retirement, the vested balances in the account will be distributed to the participant as soon as administratively feasible. The non-vested portion of a participant's account will be forfeited.

Death Benefits – If a participant dies while employed by the Plan Sponsor, or after the participant severs employment but prior to the distribution of his or her benefits, the participant's vested benefits will be distributed to his or her designated beneficiary in a single lump sum payment or over a period not more than the assumed life expectancy of the participant's beneficiary.

Other Withdrawals – A participant may withdraw all or part of the value of his or her rollover contribution account at any time. Other distributions are allowed by the Plan for disability. Hardship distributions are allowed by the Plan.

If the participant's vested account balance is between \$1,000 and \$5,000 and the participant does not elect to receive or rollover the account, the distribution may be rolled over to an Individual Retirement Account ("IRA"). Participant accounts with less than \$1,000 will be distributed to the participant directly.

Investment Options

Upon enrollment into the Plan, participants may direct their employee and employer contributions in any of the investment options offered by the Plan. Participants may change their investment options and reallocate contributions among their investment funds at any time. The Plan currently offers various mutual funds, collective investment trust funds, and a common collective trust ("CCT") as investment options.

Notes Receivable from Participants

The Plan does not allow loans to participants.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with generally accepted accounting principles of the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for investments in fully benefit-responsive investment contracts ("FBRICs"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FBRICs are reported at contract value because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a FBRIC through a Stable Asset Trust. See Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Benefit Payments

Benefits payments to participants are recorded when paid.

Date of Management's Review

Subsequent events were evaluated through September 14, 2022, which is the date the financial statements were available to be issued.

Note 3 – Investments Certified by the Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 (C) (Certification) and 29 CFR 2520.103-8 (Limited Scope) of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Plan Benefits at December 31, 2021 and 2020 and the Schedule of Assets (Held at End of Year) at December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2021.

Note 4 – Invesco Stable Asset

The Plan invests in the Invesco Stable Asset Trust ("Stable Asset") which is a collective trust that has entered into FBRICs and wrapper contracts with various financial institutions. The financial institutions maintain the contributions in investment contracts. The contracts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts held by the Stable Asset are fully benefit-responsive, therefore contract value is the relevant measurement attribute for that portion of the investment. Contract value, as reported to the Plan by the manager of the Stable Asset, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Therefore, contract value of the guaranteed investment contracts held by the Stable Asset is considered fair value. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers. Certain events limit the ability of the Plan to transact at contract value with the wrap issuer. However, the Plan's management is not aware of the occurrence or likely occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants. The issuer may terminate a wrap contract for cause at any time.

Note 5 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Market Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are defined as follows:

- Level 1: Quoted prices in active markets for identical assets or liabilities
- Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Note 5 – Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

At December 31, 2021				
	Fair Value	Level 1	Level 2	Level 3
Mutual Funds	\$ 7,433,541	\$ 7,433,541	\$ -	\$ -
Investments measured at NAV (a)	782,077			
Total investment at fair value	\$ 8,215,618			

At December 31, 2020				
	Fair Value	Level 1	Level 2	Level 3
Mutual Funds	\$ 6,049,160	\$ 6,049,160	\$ -	\$ -
Investments measured at NAV (a)	483,306			
Total investment at fair value	\$ 6,532,466			

- (a) In accordance with ASC Subtopic 820-10 as amended by the Accounting Standards Update ("ASU") No. 2015-07, certain investments that were measured at net asset value ("NAV") per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Changes in Net Assets Available for Plan Benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

At December 31, 2021, The Plan did not have any unfunded commitments or redemptions restrictions related to common investment funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those considered by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6 – Income Tax Status

The Plan is a prototype plan, sponsored by ADP, LLC (“ADP”) designed in accordance with applicable sections of the IRC. ADP received an opinion letter from the Internal Revenue Service (“IRS”) dated July 8, 2014, stating that the Plan is qualified under section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended in November of 2018. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 7 – Party-in-Interest Transactions

State Street, Reliance and ADP qualify as parties-in-interest, and certain transactions presented in the accompanying financial statements and supplemental schedule are considered transactions with parties-in-interest according to the DOL guidelines; however, they are exempt from the prohibited transaction rules under ERISA. Administrative expenses amounted to \$2,932 for the year ended December 31, 2021.

Note 8 – Risks and Uncertainties

Investment Risk

The Plan has investments that are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in the Company’s matching contributions and their related earnings.
