Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of The Highland Clinic, A.P.M.C. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise of the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution, or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of The Highland Clinic, A.P.M.C. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Highland Clinic, A.P.M.C. 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Highland Clinic, A.P.M.C. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Highland Clinic, A.P.M.C. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for

Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of The Highland Clinic, A.P.M.C. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following description of The Highland Clinic, A.P.M.C. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- (a) *General.*** The Highland Clinic, A.P.M.C. 401(k) Profit Sharing Plan is a profit-sharing plan covering substantially all of the employees of Highland Clinic, A.P.M.C. Each employee hired is eligible to participate in the Plan upon reaching the age of twenty-one (21) years, and completion of one (1) year and 1,000 hours of service. The Plan provides for normal retirement, disability retirement and death benefits and is subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On March 27, 2020, President Trump signed the Coronavirus Aid, Relief and Economic Security Act ("CARES Act"), which allowed the Plan to adopt several new provisions during the year, including the following:

For coronavirus-related distributions made before December 31, 2020, to qualified individuals, as defined in the CARES Act, the maximum distribution was the lesser of the vested portion of the participant's account balance in the Plan or \$100,000. Active participants are also allowed to repay coronavirus-related distributions at any time during the three-year period beginning on the day after the day on which the distribution was received.

Repayments on loans outstanding at March 27, 2020 were allowed to be deferred up to one year for payments due through December 31, 2020. Participants were also allowed to receive new loans up to the lesser of 100%, or the individuals vested benefit under the plan.

- (b) *Contributions.*** All eligible employees are automatically enrolled in the Plan and the employee's salary is reduced by 3%. Employees have the right to opt out of the Plan at any time thereafter. The employer will match 100% of the aggregate salary reduction contribution to the extent aggregate contribution does not exceed 6% of the participant compensation.

The employer non-elective contribution that is allocated to participants is currently a "class based allocation." Class allocations range from 3% to 7.3%.

1. **Description of Plan (Continued)**

(c) **Participant Accounts.** Each participant's account is credited with an allocation of (1) the participants' voluntary contributions, (2) the Company's contribution, (3) Plan earnings, and (4) forfeitures of terminated participants' non-vested accounts. Allocations are based in direct proportion to participant compensation on the last day of the Plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(d) **Vesting.** Participants are fully vested in their employee contributions plus actual earnings or losses thereon. A participant in the Plan whose employment terminates for any reason before his or her death, attainment of his or her normal retirement age or disability is entitled to receive the vested portion of his or her employer contribution account, adjusted for Plan earnings or losses thereon. If employment is terminated prior to reaching normal retirement age, or for reasons other than death or disability, then vesting is based on years of service and is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
3	20%
4	40%
5	60%
6	100%

(e) **Payment of Benefits.** On termination of service, a participant will receive a distribution of his or her vested benefits as a lump-sum payment.

(f) **Forfeitures.** Forfeitures of contributions are applied to reduce contributions and payment of plan expenses. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$33,999 and \$100,790, respectively.

(g) **Notes Receivable from Participants.** Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participants vested balance. Loans generally have terms from one to five years and are secured by the balance in the participant's account. The Plan Administrator will determine a reasonable interest rate by reviewing interest rates charged for similar types of loans by other lenders. Principal and interest is paid ratably through payroll deductions.

(h) **Investment Options.** Participants may direct investment of their account balance among investment pools based upon risk preferences.

(i) **Plan Restatement.** The Plan was restated effective January 1, 2021 to include the provisions for regulatory changes.

2. Summary of Accounting Policies

(a) **Use of Estimates.** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

(b) **Investment Valuation and Income Recognition.** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

(c) **Method of Accounting.** The financial statements of the Plan are presented on the accrual basis of accounting.

(d) **Administrative Expenses.** Certain administrative expenses were paid by the Plan, as permitted by the Plan document. All other administrative expenses were paid by the Company.

(e) **Payments of Benefits.** Benefits are recorded when paid.

(f) **Notes Receivable from Participants.** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

3. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Regions Trust Company (trustee of the Plan).

4. **Fair Value Measurements**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. ASC 820 established a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.
- Level 2 – Observable inputs other than the quoted prices included in level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Common Stocks: Valued at the closing price reported in the active market in which the individual securities are traded.

Mortgage-Backed Securities: Valued based on benchmark yields or other standard inputs from market maker sources.

Corporate Bonds: Valued at the closing price reported in the active market in which the bond is traded.

Mutual Funds: Valued at the daily closing price which is based on the net asset value (NAV) of shares held by the plan at year end.

Money Market Funds: Stated at fair value, which approximates cost.

U.S. Government Securities: Valued at the closing price reported in the active market in which individual securities are traded.

4. Fair Value Measurements (Continued)

The fair values of investments as of December 31, 2021 and 2020 are summarized in the tables below:

5. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent (100%) vested in their accounts.

6. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated December 10, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Related Party and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Regions Trust. Regions Trust is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

8. Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through September 7, 2022, which is the date the financial statements were available to be issued. No subsequent events requiring potential recognition or disclosure were noted.
