INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees,
John C. Grimberg Co. Inc. 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the John C. Grimberg Co., Inc 401(k) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplementary Schedules Required by ERISA

The supplemental schedule H, Line 4i - schedule of assets (held at end of year), is presented for purposes of additional analysis and are not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

1. PLAN DESCRIPTION AND FUNDING

The following description of the John C. Grimberg Co. Inc. 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of John C. Grimberg Co., Inc. (the "Company") not covered by a collective bargaining agreement. An eligible employee is defined as one who has completed one year of service, has worked at least 1,000 hours in a consecutive 12-month period, and is age twenty-one or older. Participants may enter the Plan January 1 or July 1 following eligibility. Employees who meet the aforementioned requirements are also eligible for employer discretionary matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is operated in accordance with adoption of the Principal Financial Group Prototype for Savings Plans.

Administration

The Plan is administered by the Company. The Company has executed a contract with Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company to serve as the Plan's investment custodian and perform certain administrative duties on behalf of the Plan Administrator.

Contributions

Each year, participants may contribute up to the annual limit defined by the Internal Revenue Code ("IRC"). Participants may elect to make pre-tax deferrals or Roth 401(k) contributions to the Plan. Participants that have attained the age of 50 before year end are eligible to make additional pre-tax elective deferrals to the plan (catch-up contributions). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

For each Plan year, the Company may make matching contributions at its discretion. For the Plan years ended December 31, 2021 and 2020, the Company made matching contributions in an amount equal to 50% of the participant's contribution, limited to a maximum of 4% of the participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, matching contributions from the Company, if any, and an allocation of the Plan's earnings and charged with benefits paid and an allocation of administrative expenses, if any. Allocations of the Plan's earnings and administrative expenses are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in contributions made by the Company, plus actual earnings thereon, is based on years of service. A participant vests at a rate of 20% per year after two years of service and is 100% vested after six years of credited service. A participant is fully vested upon reaching normal retirement age, death, disability, or termination of the Plan.

Notes to Financial Statements
December 31, 2021 and 2020

Payment of Benefits

Participants or their beneficiaries may elect to receive the value of their account as a lump-sum distribution, installments, or a series of annuity options upon termination of service, death, disability, or upon early or normal retirement. Participants may withdraw their entire vested account balance as an in-service distribution after attaining age 59 1/2.

In addition, participants may elect to withdraw in cash certain vested amounts within his or her participant account to the extent necessary to meet a financial hardship, in accordance with government rulings and the regulations of the IRC. After the withdrawal, a stipulated period of time must lapse, as defined by the Plan, before the participant can make additional contributions.

There were no amounts allocated to withdrawing participants that were requested by the participant prior to December 31, 2021 and 2020, but not yet paid as of that date.

Forfeited Accounts

Forfeitures are retained in the Plan and used to pay administrative expenses and reduce future employer contributions. For the year ended December 31, 2021, forfeited non-vested accounts were \$3,120, and forfeitures of \$3,135 were used to fund employer contributions. For the year ended December 31, 2020, forfeited non-vested accounts were \$495, and forfeitures of \$514 were used to fund employer contributions. As of December 31, 2021 and 2020, the balance in the Plan's forfeiture account totaled \$0 for both years, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest are paid ratably through payroll deductions. Note terms are up to five years. Five notes per participant may be outstanding at a time. The notes are secured by the balance in the participant's account and the interest rate will be based on the rates available for similar loans from commercial lending institutions. At December 31, 2021, the interest rates on outstanding loans ranged from 3.25% to 5.50%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingencies, at the date of the financial statements and changes therein during the reporting period. Actual results could differ from those estimates.

John C. Grimberg Co. Inc. 401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recognized as of the ex-dividend date. Interest income is recognized as earned on the accrual basis.

In accordance with the policy of presenting investments at fair value, net appreciation or depreciation (net realized and unrealized gains and losses) in fair value is reported for investments bought and sold, as well as held, in the statements of changes in net assets available for benefits in the period in which it occurs.

Payment of Benefits

Benefits are recognized when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees related to distributions made from participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2021 for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through September 13, 2022, the date the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AND CUSTODIAN

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, the trustee and custodian of the Plan, have supplied the Plan administrator with a certification as to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statements of changes in net assets available for benefits for the years then ended, and the supplementary schedule of assets (held at year of year) as of December 31, 2021.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include 1) quoted prices for similar assets and liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements
December 31, 2021 and 2020

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Registered investment companies are valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net assets value ("NAV") and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.
- Units of pooled separate accounts are valued at NAV. The NAV, as provided by the trustee and custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund.
- Insurance company general accounts are valued at fair value and are considered Level 3 as they are not available for sale or transfer on any securities exchange and, accordingly transactions in similar investment instruments are not observable. See Note 5, Guaranteed Investment Contract.

For the years ended December 31, 2021 and 2020, there were no transfers in or out of Level 3.

As of December 31, 2021 and 2020, assets measured at fair value on a recurring basis are summarized by level within the fair value hierarchy as follows:

	2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 2,118,306	\$ -	\$ -	\$ 2,118,306

* In accordance with subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020:

	2021		2020	
	Fair Value	Unfunded Commitments	Fair Value	Unfunded Commitments
Pooled separate accounts	\$ 17,343,291	\$ -	\$ 15,463,775	\$ -
	<u>\$ 17,343,291</u>	<u>\$ -</u>	<u>\$ 15,463,775</u>	<u>\$ -</u>

Pooled separate accounts include funds invested in: mutual funds, domestic stocks, international stocks, short term securities, real estate and mortgage loans backed by the associated properties, and fixed securities. Investments can be redeemed on a daily basis with no redemption restrictions.

The following tables present information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the FASB ASC 820 fair value hierarchy at December 31:

2021				
Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
Insurance company general contracts	\$ 545,281	Market Value Adjustment	Composite Guaranteed Rate	0.74% - 1.56%
2020

5. GUARANTEED INVESTMENT CONTRACT

The Plan participates in the Principal Guaranteed Interest Account 5 Year. The investment is a group annuity contract issued by the Principal Life Insurance Company. Under the terms of the existing contract, contributions and transfers allocated to the investment option will be credited with interest at a guaranteed interest rate declared by the Principal Life Insurance Company for a set period of time (the Guarantee Period). Guaranteed interest rates for new allocations are subject to change daily, and each amount allocated to the guaranteed interest account will earn interest based on this guaranteed interest rate in effect for the date that the amount is allocated. The guaranteed rate, as of December 31, 2021 and 2020, ranges from 0.74% - 1.56% and .81% - .94%, respectively.

A surrender charge may apply to transfers or withdrawals from an unmatured guaranteed interest account. The reference rate used to determine whether a charge applies is equal to the applicable U.S. Treasury rate plus 0.50%. A charge applies when the reference rate is higher than the rate being credited to the unmatured funds being transferred or withdrawn. The amount of the surrender charge is calculated as follows: 1) the applicable U.S. Treasury Rate plus 0.50% minus the rate being credited, multiplied by 2) the number of years and fractional parts of a year left in the Guarantee Period, multiplied by 3) the amount being surrendered. A surrender charge may not apply to withdrawals due to retirement, termination of employment, disability or death.

Because it is not considered fully benefit responsive, the guaranteed interest account is presented on the statements of net assets available for benefits at fair value. Fair value is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their account balances.

7. PARTY-IN-INTEREST TRANSACTIONS

Plan assets include investments in funds managed by the investment trustee and custodian. The Plan also permits notes receivable from participants. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investment and are not readily determinable as they are paid through revenue sharing rather than a direct payment. To the extent that expenses are not covered by revenue sharing, the Company pays expenses relating to the Plan's operations with the exception of fees relating to loan administration, investment fees and certain distribution expenses, which are deducted directly from the individual participant accounts.

8. TAX STATUS

The Internal Revenue Service ("IRS") has determined by a letter dated March 31, 2014, that the prototype adopted by the Plan, as then designed, qualifies under the applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if an uncertain position has been taken that more likely than not would not be sustained upon examination by the IRS. Management has evaluated the tax positions taken by the Plan and concluded as of December 31, 2021 and 2020 there are no uncertain positions taken that would require recognition in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The 2019 novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect, economic activity globally, nationally, and locally. Following the COVID-19 outbreak in March 2020, the financial markets have experienced significant volatility, therefore affecting the values of investment securities. These economic and market conditions and other effects of the COVID-19 outbreak may continue to cause volatility. The extent of any adverse impact of the COVID-19 outbreak on the Plan's net assets available for benefits and changes therein cannot be predicted as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Notes receivable from participants differ between the Form 5500 and financial statements as of December 31, 2021 and 2020. The Form 5500, Schedule H Part I Line 1(c)8 does not include notes receivable from participants in default as part of net assets available for benefits whereas the financial statements include defaulted loans as part of notes receivable from participants on the statements of net assets available for benefits.
