Iowa Donor Network 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Iowa Donor Network 401(k) Plan an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to benefits provided under the Plan or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to benefits provided under the Plan or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Iowa Donor Network 401(k) Plan Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Iowa Donor Network 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of Iowa Donor Network (the Organization). Employees may participate in the Plan beginning on the first day of the month following the completion of three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants in the Plan may contribute a portion of their pretax annual compensation, as defined in the Plan not to exceed the limit of the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and contribution plans, as well as after-tax contributions from their current compensation. Eligible employees who fail to submit an enrollment form electing not to participate automatically contribute 6% of their annual compensation. Contributions shall increase each July 1 until the automatic election reaches 15% of compensation or the participant elects to change their percentage or discontinue their contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. If the participant does not make an investment election, the contributions are invested in the Plan's default investment options. All participants are eligible for a safe harbor matching contribution. Under the safe harbor provisions, the Organization matches 100% of deferrals that do not exceed 6% of eligible compensation. Additional discretionary contributions may be made at the option of the Organization's board of directors. For the years ended December 31, 2021 and 2020, the Organization made additional discretionary contribution of 4% of eligible compensation. The Organization's contributions are invested in the same manner as participant contributions. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Organization contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Organization's safe harbor contributions plus actual earnings thereon. Vesting in the Organization's discretionary matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

**Iowa Donor Network 401(k) Plan
Notes to Financial Statements**

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of his or her vested account balance or fixed period or fixed payment installments. Terminated participants with vested balances of less than \$5,000 can be distributed in lump-sum without participant election.

Forfeited Accounts

Forfeitures resulting from a terminated participant's failure to be fully vested in the Organization's contributions to the Plan are used in the following order: reduce the Organization's matching contribution or offset plan expenses. Forfeited nonvested accounts totaled \$5,733 and \$6,499 at December 31, 2021 and 2020, respectively. Also, in 2021 and 2020, forfeitures of \$6,620 and \$683, respectively, were used to reduce the Organization's matching contribution.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of CARES Act may be effective and operationalized immediately, prior to amending the plan agreement.

The Plan has implemented the following relief provisions, however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

Coronavirus-related distribution: Qualified participants may take a coronavirus-related distribution of up to \$100,000 from their Plan without a 10% early withdrawal penalty. Eligible distributions can be taken up to December 31, 2020. Coronavirus-related distributions may be repaid within three years.

Participant loans: Qualified participants may elect to suspend loan repayments due through December 31, 2020. Repayments must resume in January 2021. Loans will be re-amortized to extend payoff period by one year and will include accrued interest for suspension period. Qualified participants may borrow up to a maximum equal to the lesser of \$100,000 or 100% of their vested account balance through September 22, 2020.

Required minimum distributions (RMDs): RMDs were temporarily suspended for 2020.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

SECURE Act

On December 20, 2019, the Setting Every Community up for Retirement Enhancements (SECURE) Act was passed by Congress. The SECURE Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of SECURE Act may be effective and operationalized immediately, prior to amending the plan agreement.

The Plan has implemented the following provision from the SECURE act, however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

In-Service Distribution for Birth or Adoption of a Child: Qualified participants may take a distribution upon the birth or adoption of a child of up to \$5,000 from their Plan without a 10% early withdrawal penalty. These distributions may be repaid.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully-benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The plan administrator has evaluated subsequent events through September 8, 2022, the date which the financial statements were available for issue.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. There were no changes in the methodologies used at December 31, 2021 and 2020.

The following table sets forth by level within the fair value hierarchy of the Plan's financial assets measured at fair value on a recurring basis as of December 31, 2021 and 2020, and indicates the fair value hierarchy of the valuation techniques used by the Plan to determine such value:

 Total investments at fair value	 <u>\$ 9,077,108</u>	 <u>\$ 3,013,157</u>	 <u>\$ -</u>	 <u>\$ 12,090,265</u>

Mutual funds are valued at the net asset value (NAV), based on quoted market prices in active markets, of the units held by the Plan at year end.

The common collective trusts are valued at the NAV which is based on the market value of its underlying investments. These funds contain synthetic investment contracts comprised of both underlying investment and contractual components which have observable Level 1 or Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. NAV is used as an estimate of fair value, as the reporting entity has the ability to redeem its investment at NAV as of the measurement date as the collective investment trusts can be redeemed on a daily basis. NAV is readily determinable fair value and is the basis for current transactions.

Pooled separate accounts consist of various investment options (i.e., common stock, mutual funds, short term securities, real estate) and are valued at the net asset value (NAV) based on the market value of its underlying investments. While the majority of the underlying asset values are quoted prices, the NAV of the pooled separate accounts is not publicly quoted and are determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

NOTE 4 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan has a guaranteed investment contract (GIC), the Principal Fixed Income Guaranteed Option, with the Principal Life Insurance Company (the issuer). The GIC meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The GIC does have a surrender charge of 5% that may be charged if the Plan terminates its interest in the contract.

The issuer of the GIC is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a semiannual basis for resetting and will never be less than the Guaranteed Minimum Interest Rate.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the issuer, and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 5 – INCOME TAX STATUS

The Plan has a non-standardized prototype profit sharing plan document provided by Principal Life Insurance Company. The prototype plan sponsor received a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE 7 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company (Custodian of the Plan).

NOTE 8 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares of a fixed income guaranteed account and pooled separate accounts managed by Principal Trust Company. Principal Trust Company is the custodian of the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various issues such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
