INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Alexander Proudfoot Company and Affiliates 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Alexander Proudfoot Company and Affiliates 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of the report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated September 16, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Alexander Proudfoot Company and Affiliates 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

1. Description of the Plan

The following description of the Alexander Proudfoot Company and Affiliates 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a complete description of the Plan's provisions. Alexander Proudfoot Company and Affiliates is owned 100% by MCG U.S. Holdings, Inc. (the Company or Plan Sponsor).

General

The Plan is a defined contribution plan covering substantially all salaried employees of the Company. Substantially all employees are eligible for participation on their date of hire. The following employees are excluded from participating in the Plan: an employee covered under a collective bargaining agreement, non-resident aliens, leased employees, commissioned employees, or independent contractors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2016, the Company sold Kurt Salmon US, Inc., a former affiliate of the Company, resulting in a partial plan termination. Due to the partial plan termination, all affected participants previously employed by Kurt Salmon US, Inc. were fully vested as of the effective date of the partial plan termination. At December 31, 2021, there were former employees of Kurt Salmon US, Inc. who have not elected to distribute their account balance out of the Plan.

Contributions

Each participant may elect to make pre-tax and/or Roth contributions of up to 100% of eligible compensation, as defined in the Plan document, generally not to exceed \$19,500 in 2021, plus additional catch-up contributions of \$6,500 for participants age 50 and older. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Once a participant has been employed for six months, the Plan Sponsor may make discretionary matching contributions equal to 5% of base compensation that a participant contributes to the Plan. The Plan Sponsor elected to make matching contributions of up to 5% of a participant's base salary totaling \$232,038 for the year ended December 31, 2021. The Plan Sponsor may also elect to make a discretionary profit sharing contribution. During 2021, the Plan Sponsor elected to contribute \$105,000 as a discretionary profit sharing contribution.

Alexander Proudfoot Company and Affiliates 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's matching and profit sharing contribution, earnings and losses on the investments in their account, and is charged with administrative expenses and transaction fees for services received by individual participants. A participant may direct contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of credited service. A participant is 25% vested after one year of service. Vesting continues in annual increments of 25% for each year of service and is 100% vested after four years of service for employees who were active participants in the Plan as of December 31, 2011. Terminated employees under Kurt Salmon U.S., Inc. with separation of employment prior to December 31, 2011, were subject to the vesting schedule of 20% after two years of service and 20% each year thereafter until fully vested after six years of service. Amounts forfeited by participants who terminated from the Plan prior to being 100% vested are reinstated if a participant's break in service is less than five years and the participant contributes their vested portion back to the Plan, if previously distributed.

Approximately 20% of the participants from Kurt Salmon US, Inc. were terminated and employed by K2S Management on January 6, 2016 and ECG Topco Holdings, LLC on July 29, 2016. These participants became fully vested in all Company contributions on those dates.

Regardless of years of service, participants are 100% vested upon reaching retirement, becoming disabled or upon death.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$322,023 and \$405,238, respectively. These accounts are used to reduce employer matching and profit sharing contributions. Forfeitures of \$253,564 were used to reduce 2021 employer matching and profit sharing contributions.

Alexander Proudfoot Company and Affiliates 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest at a reasonable rate, as defined by the Plan document. During 2021, the interest rate on the outstanding participant notes receivable ranged from 5.25% to 7.00%. The notes receivable must be repaid in five years unless used for the purchase of a primary residence, in which case the term may be up to thirty years. Principal and interest are paid through payroll deductions. Each participant is limited to two outstanding notes receivable at a time.

Payment of Benefits

At the time of death, disability, termination of employment or retirement, a participant or their beneficiary may elect to receive a payment of the vested interest in their account in a lump sum distribution. Participants are eligible to receive hardship withdrawals when certain conditions are met. After attaining the age of 59½, participants may also be eligible to make a withdrawal of all or any of their vested account.

Administrative Expenses

The Plan permits payment of operational and administrative expenses which are allocated proportionately based on the value of the account balances. Expenses relating to the acquisition and disposition of investments and specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. These expenses are paid to service providers of the Plan and, therefore, qualify as party-in-interest transactions.

The Plan has established a Plan Expenses Reduction Account (PERA) whereby John Hancock Life Insurance Company (U.S.A.) (John Hancock) deposits an agreed upon amount from earnings of the Plan's investments to pay for third-party administrative fees. Any amount deposited into the PERA account during a plan year not used to pay administrative expenses is distributed back to the participants on a pro rata basis. During 2021, \$69,696 was deposited into the PERA account, of which \$26,723 was used to pay administrative expenses and \$42,973 was credited back to participant accounts, which is included in net change in fair value of investments on the statement of changes in net assets available for benefits. These expenses are paid to service providers of the Plan and, therefore, qualify as party-in-interest transactions. All other administrative expenses were paid by the Company. The Company does not expect reimbursement from the Plan for payment of these expenses. The PERA account had no ending balance as of December 31, 2021 and 2020.

Alexander Proudfoot Company and Affiliates 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer matching and profit sharing contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan and approved by the Plan Sponsor. Any unfunded participant or employer matching and profit sharing contributions are included in the employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2021 and 2020.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes realized and unrealized gains and losses on investments, interest and dividends. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make notes receivable repayments and the plan administrator deems the participant notes receivable to be in default, the participant notes receivable balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Alexander Proudfoot Company and Affiliates 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 15, 2022, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including cash, investments held, and notes receivable from participants at December 31, 2021 and 2020, net change in fair value of investments and interest income for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock, the qualified institution.

4. Fair Value Measurements

Plan investments include shares of pooled separate accounts and a stable value fund managed by John Hancock. John Hancock is a service provider of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions.

Market risks include U.S. and global events that could impact the value of Plan investments. Such events may include public health emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Alexander Proudfoot Company and Affiliates 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Fair value for pooled separate accounts is determined by prices published daily by the account manager, which is the net asset value (NAV) of the account (Level 1). Net asset value is determined by the fair value of the mutual funds, stocks, debt instruments and other securities in the accounts. Participants can trade the pooled separate accounts daily at the published NAV.

The Plan invests in a stable value fund which invests in security-backed contracts that include group annuity contracts, bond funds, and guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts. The stable value fund trades daily at the NAV which is based on the contract value of the underlying investments (Level 1). The stable value fund has redemption restrictions that limit the timing of withdrawals. The trustee of the underlying fund has the right to delay any participant initiated withdrawal for up to 30 days if it determines that immediate withdrawal may have an adverse impact on the fund, and has the right to delay any other withdrawal for up to 12 months.

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2021 and 2020:

	Level 1	
	2021	2020
Pooled separate accounts	\$ 46,042,236	\$ 45,520,717
Stable value fund	1,725,594	523,160
Total	\$ 47,767,830	\$ 46,043,877

Notes to Financial Statements December 31, 2021 and 2020

There has been significant volatility in the financial markets both nationally and globally since December 31, 2021, which has resulted in a decrease in the value of the Plan's investment portfolio. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

5. Income Tax Status

The Plan operates under a volume submitter plan originally created by The Pension Studio. In 2020, the Pension Studio changed its name to Definiti, LLC. The Internal Revenue Service has determined and informed Definiti, LLC by a letter dated June 30, 2020, that the volume submitter plan is designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter and has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and could change upon examination.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.
