REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Loren Cook Company 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We have performed an audit of the financial statements of Loren Cook Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 23, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE A - PLAN DESCRIPTION

The following brief description of the Loren Cook Company 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information about the Plan's provisions.

General

The Plan was formed on January 1, 1996 by Loren Cook Company (the "Company" and "Plan Sponsor"). The Plan is a defined contribution plan covering the employees of the Company. Generally, an employee is eligible to participate in the Plan on the first business day of the quarter coincident with or immediately after the date on which the employee completes a one-year period of service, which includes not less than 1,000 hours of service. Participation in the Plan is mandatory. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, ("ERISA"). The Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

Contributions

Participants may elect to contribute up to 40% of pretax annual compensation, as defined, to the Plan, subject to certain Internal Revenue Code ("IRC") limitations, which were \$19,500 for 2021. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes contributions equal to 1.5% of compensation for each active participant, subject to IRC limitations.

Participant Accounts

Each participant has an individual plan account. Participants may direct their investments into any of several investment options offered within the Plan. Each participant's account is credited with participant and Company contributions. Investment income and loss is allocated daily based on the balance of each participant's account in each investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan.

Notes Receivable from Participants

Participants may borrow from their plan accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of the vested account balance, reduced by any outstanding loan balance during the one-year period ending on the day before a new loan is made, subject to IRC limitations. Each plan participant is limited to one note at a time. Note terms range from one to five years unless the loan is for the purchase of a first home, in which case the repayment term may extend up to ten years. Loans are secured by the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates are set by the Plan Sponsor at prime plus 1% and range from 4.25% to 6.50%. Principal and interest are paid ratably primarily through regular payroll deductions.

Vesting

Employees immediately vest in participant contributions, Company contributions, and actual earnings thereon.

Loren Cook Company 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Distributions

Participants receive the vested amount of their account balances in lump sum or annuity payments in the event of retirement, disability, or death. Participants must begin receiving the vested balance of their account balance beginning on April 1 of the calendar year following the later of (a) attaining age 72 or (b) termination from active employment, with the exception of 5% owners, who must begin receiving their vested balance upon the attainment of age 72. In addition to these events, the Plan permits active participants to receive an in-service distribution from their accounts if they have an immediate and heavy financial need. Upon termination of employment, participants with balances greater than \$5,000 may elect to leave their assets in the Plan. Participants with balances of \$5,000 or less will receive lump-sum distributions.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the Plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Certain expenses, such as advisory, audit and tax return preparation, are paid by the Company. Administrative expenses totaled \$17,079 for the year ended December 31, 2021.

Reclassifications

The Plan Sponsor revised the reporting of certain guaranteed interest accounts with Principal totaling \$735,090 as of December 31, 2020 to conform to current year presentation. The applicable accounts are not fully benefit responsive and are now reported with investments, at fair value, versus investments, at contract value, due to the surrender charges applicable to participants on unmatured amounts or amounts taken out of the investment before the length of time of the contracts. In addition, the Plan Sponsor revised the reporting of the Vanguard Federal Money Market Account ("Money Market Account") totaling \$1,054,676 as of December 31, 2020 to conform to current year presentation. The account was previously classified as an investment at net asset value ("NAV"). The Money Market Account has a quoted price that is available in an active market that the Plan has the ability to access. Therefore, the Money Market Account has been reclassified as a Level 1 investment in the fair value hierarchy. See Note C for further information on the guaranteed interest accounts and the Money Market Account.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's investments are held in an account with Principal Life Insurance Company. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Loren Cook Company 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant's loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Income Taxes

The Plan is a prototype plan of Principal Life Insurance Company. Principal Life Insurance Company received an opinion letter dated March 31, 2014 stating that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in these financial statements.

Uncertain Tax Positions

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 15, 2022, the date the financial statements were available to be issued and determined that there were no events that occurred that would have significantly affected the financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

Fair value is determined based upon a framework that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820, *Fair Value Measurement*, are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Loren Cook Company 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Mutual Funds and Money Market Account: Valued based upon quoted prices in an active market.

Pooled Separate Accounts: The Plan applied the practical expedient to determine the fair values of pooled separate accounts ("PSAs") of the Plan based on the NAV at December 31, 2021 and 2020. The Plan's PSAs are issued and redeemed daily at the NAV dollar amount per share. There are no unfunded commitments or redemption requirements. The value of the underlying investments is based on quoted market prices. The practical expedient is not used when it is determined to be probable that the Plan will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption from the PSAs, the investment advisors reserve the right to temporarily delay withdrawal from the PSA in order to ensure that securities liquidations will be carried out in an orderly business manner.

Collective Investment Trusts: The Plan applied the practical expedient to determine the fair values of collective investment trusts ("CITs") of the Plan based on the net asset value ("NAV") at December 31, 2021 and 2020. The Plan's CITs are issued and redeemed daily at the NAV dollar amount per share. There are no unfunded commitments or redemption requirements. The value of the underlying investments is based on quoted market prices. The practical expedient is not used when it is determined to be probable that the Plan will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption from the CITs, the investment advisors reserve the right to temporarily delay withdrawal from the CITs in order to ensure that securities liquidations will be carried out in an orderly business manner.

Guaranteed Interest Accounts: The guaranteed interest accounts provide a guaranteed interest rate for a specified period of time as determined, or allowed, by the Plan. The underlying assets of the accounts consist principally of group annuity contracts invested in fixed income securities, intermediate term bonds and commercial mortgages. The fair value of the guaranteed interest accounts is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceeded crediting rates ("Market Value Adjustment"). If funds are requested to be withdrawn prior to the maturity date, the payment will be made within 7 days, however the Custodians reserve the right to defer payment up to 270 days. There were no unfunded commitments of the guaranteed interest accounts as of December 31, 2021 and 2020.

NOTE D - FULLY BENEFIT-RESPONSIVE ANNUITY CONTRACT

The Principal Fixed Income Guarantee Option (the "Contract") is a fully benefit-responsive group annuity contract issued by the Principal Life Insurance Company. The Contract is not a portfolio of contracts whose yields are based on changes in the fair value of underlying assets, but is rather a single group annuity contract with a fixed rate of interest. As a result, the average yield earned by the Plan is the yield earned, or the interest credited, on the group annuity contract. The underlying assets consist primarily of treasuries, commercial real estate mortgages, mortgage-backed securities and short-term cash equivalents.

The interest crediting rate is determined on a semi-annual basis and is calculated based upon many factors, including current economic and market conditions, the general interest rate environment, and purchases and redemptions by unit holders. A Plan Sponsor level surrender of the Plan's interest in the Contract or Plan Sponsor initiated transfer will be subject to either a 12-month irrevocable advance notice or a 5%

surrender charge, whichever the Plan Sponsor chooses. The terms of the investment contract require all permitted participant-initiated transactions with the Plan to occur at contract value with no conditions, limits, or restrictions.

The average market yield earned by the Contract, which is also the actual interest credited to participants in the Contract, for the year ended December 31, 2021 was 1.55%. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events might limit the Plan's ability to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents, (2) bankruptcy of the Plan Sponsor or other Plan sponsor events, (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (4) premature termination of the Contract. Management has determined that as of December 31, 2021, these conditions or transactions are not considered probable.

NOTE E - INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the custodian of the Plan, has certified that the following data included in the financial statements is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021, except for notes receivable from participants.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and the supplemental schedule.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of a guaranteed interest account and/or shares of pooled separate investment accounts managed by Principal Life Insurance Company. Principal Life Insurance Company is a custodian of the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the Company's collective bargaining agreement. In the event of plan termination, participant accounts will remain 100% vested and non-forfeitable. Participant accounts will be held under the Plan and continue to be credited with investment earnings until used to provide benefits according to the terms of the Plan.
