INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Poly Prep Country Day School Defined Contribution Plan
Brooklyn, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Poly Prep Country Day School Defined Contribution Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Poly Prep Country Day School Defined Contribution Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Poly Prep Country Day School Defined Contribution Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Poly Prep Country Day School Defined Contribution Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Poly Prep Country Day School Defined Contribution Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Poly Prep Country Day School Defined Contribution Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of the year) as of December 31, 2021 ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Poly Prep Country Day School Defined Contribution Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Poly Prep Country Day School Defined Contribution Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Poly Prep Country Day School Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by Poly Prep Country Day School (the "School", "Employer", or "Plan Sponsor") pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC), was established effective February 9, 1921 and most recently amended effective January 1, 2021. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination of employment, or financial hardship. The Plan covers all eligible employees of the School upon employment, as defined by the Plan. It is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Cares (CARES) Act, related to participant loans and distributions. The School has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2021.

Plan administration

The School is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The School has delegated certain responsibilities for the operation and administration of the Plan. TIAA and CREF, and as agent for TIAA, FSB (collectively, the "Custodians"), serve as the Plan's asset custodians and are responsible for the custody and management of the Plan's assets. An affiliate of the Custodians is responsible for maintaining participant accounts and transactions related to participant initiated activity.

Eligibility

Eligible employees can participate in the Plan on the first day of employment. All employees of the School are eligible to participate in the Plan except employees who normally work less than 20 hours per week.

Participant accounts

Each participant's account is credited with the participant's contributions and adjusted for allocations of (a) Employer contributions from the School and (b) Plan earnings and charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual compensation, as defined by the Plan on a tax-deferred basis, subject to certain IRC limitations. After completion of three years at the School, an employee must make mandatory contributions equal to 5% of his or her salary, except for hourly maintenance, housekeeping and security employees. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions subject to the IRC limit. Participants who have attained 15 years of service to the School are eligible for catch-up contributions of \$3,000 in any year, up to a lifetime maximum of \$15,000.

Participants are allowed to rollover contributions from other qualified retirement plans into the Plan.

For the 2021 Plan year, the School made matching contributions of 7% of the Participant's compensation provided that the Participants defer at least 5% of their compensation after one year of service and attain age 21. For the employees not subject to mandatory contributions, the School will make a matching contribution equal to the participant's deferral plus an additional 2% of the participant's compensation. The School may additionally under the provisions of the Plan make a discretionary Employer contribution but did not make any discretionary Employer contributions for the year ended December 31, 2021.

Participants direct the investment of all their contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions and Employer contributions plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Generally, loans must be repaid in monthly installments of principal and interest within a maximum of 60 months. However, a longer repayment term may be permitted for the purchase of a principal residence. The loans are secured by the participant's account and bear interest at the Prime rate plus 1% per annum as of the date of the loan. Principal and interest are paid ratably through monthly payroll deductions. Interest rates on notes receivable from participants were 4.25% as of December 31, 2021, and have various maturity dates through July 2026.

December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN (continued)

Plan loans

Plan loans, which were no longer offered as of January 1, 2021, were available to participants through the Custodians, subject to certain limitations. Plan loans were issued directly from the funds owned by TIAA and CREF and loan proceeds were not removed from a participant's account balance.

Loan interest is paid directly to the Custodians. Loans are not considered part of the Plan's assets. At December 31, 2021 and 2020, participants had outstanding grandfathered loan balances due to TIAA and CREF of \$343,560 and \$486,725 respectively. Loan interest rates ranged from 4.0% - 5.37% for the year ended December 31, 2021. Defaulted Plan loans equaled \$16,828 for the year ended December 31, 2021.

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum distribution or installment payments under various options equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may leave the account in the Plan or may elect to receive the value of vested interest in his or her account as a lump sum distribution with the exception of the value of interest held in the TIAA Traditional Annuity. See Note 5 for discussion of the TIAA Traditional Annuity. In-service withdrawals from a participant's account are permitted to participants who are 59 ½ or older.

Administrative expenses

Administrative expenses are generally paid by the School, but may, at the discretion of the Plan administrator, be paid by the Plan. The Plan is not required to reimburse the School for expenses paid on its behalf. Plan investments generate revenue credits from which TIAA deducts 18 basis points semi-annually for costs they incur related to administering the Plan (Note 2).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and changes therein.

Investment valuation and income recognition

The Plan's investments in registered investment companies, pooled separate accounts and insurance company investment contracts are stated at fair value, except for the Plan's investment in a fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4). Contract value represents contributions made under a contract, plus interest, less participant withdrawals and administrative expenses (Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Contributions

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Contributions from the Employer are recorded in the year earned to coincide with the year which the Employer records the contributions. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of benefits

Benefit payments to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative expenses

Administrative expenses paid by the Plan are recorded when incurred and accruals are recorded when due. Excess revenue credits, if any, are deposited into the Plan's Revenue Credit suspense Account (RCA) and is shown as other income on the statement of changes in net assets available for benefits which may be used to pay direct, reasonable and necessary expenses of the Plan as defined by ERISA.

Subsequent events

The Plan has evaluated subsequent events through September 15, 2022, the date the financial statements were available for issuance. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

Reclassifications

Certain amounts in the prior periods have been reclassified to conform to the current period financial statement presentation. These reclassifications have no effect on the previously reported change in net assets available for benefits.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodians, determined to be a qualified institution by the plan administrator, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, other income and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2021.

Accordingly, as requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Transfers between levels within the fair value hierarchy are recognized when there is a change in the investments within a level or a change in inputs used to value those investments. There were no transfers between levels within the fair value hierarchy during the year ended December 31, 2021 or 2020 .

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds and pooled separate account: registered investment companies (mutual fund investments) are valued at the net asset value of shares held by the Plan at year-end which are quoted in active markets. The investment in a pooled separate account consists of real estate properties and real estate-related investments. Investments are valued using market quotations or prices obtained from independent pricing services. The mutual funds and pooled separate account held by the Plan are deemed to have a readily-determinable fair value and are classified within level 1 of the fair value hierarchy.

4. FAIR VALUE MEASUREMENTS (continued)

CREF Variable Annuities: CREF Accounts consist of eight investment portfolios: the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation Linked Bond, Social Choice and Money Market accounts. The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF Accounts are deemed actively traded, and thus are classified within level 1 of the fair value hierarchy. Data for values are available daily to plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources.

Fixed Annuity Contracts - TIAA Traditional Annuities: The Plan's investments in the TIAA Traditional Annuities are reported by TIAA at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. TIAA Traditional Annuities are segregated into non-fully benefit-responsive and fully benefit-responsive categories. The Plan's investments in the non-fully benefit-responsive contracts are presented as level 3 fair value investments in the fair value hierarchy. The fully benefit-responsive contracts are not categorized within the fair value hierarchy (see Note 5) as they are measured at contract value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by type at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>

5. GUARANTEED ANNUITY CONTRACTS WITH CUSTODIANS

The TIAA Traditional Annuity is a guaranteed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including the Group Retirement Annuity (GRA), Retirement Annuity (RA), Retirement Choice (RC), Retirement Choice Plus (RCP), Group Supplemental Retirement Annuity (GSRA) and Supplemental Retirement Annuity (SRA). The GRA, RA and the RC are considered non-fully benefit responsive guaranteed annuity contracts, and the GSRA, RCP and the SRA are considered fully benefit responsive guaranteed annuity contracts.

For the GSRA, RCP and SRA, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed annuity contract. These contracts are included in the financial statements at contract value, as reported by TIAA. TIAA represents that contract value approximates fair value for this investment at December 31, 2021 and 2020. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contract, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal and a guaranteed minimum rate of interest of 3%. The contract also offers the opportunity for additional amounts in excess of the guaranteed rate. When declared, additional amounts remain in effect for the 12-month period that begins each March 1. Additional interest is not guaranteed for future years.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The plan administrator has determined that there are no events that are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

There are no events that permit TIAA, the issuer, to terminate the contracts with the Plan and settle at an amount different from contract value.

6. PLAN TERMINATION

Although the School has not expressed any intent to do so, the School has the right under the plan document to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS

Effective January 1, 2018, the Plan was restated to adopt the TIAA's Volume Submitter Plan Document #20 (the "volume submitter plan"). The Internal Revenue Service has issued an opinion letter dated August 7, 2017, in which it states that the form of the Plan is appropriate for use by employers for the benefit of its employees. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and that it, and the related trust, are tax-exempt.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to financial accounting standards definition of a related party, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the School and certain others. As such, transactions conducted by the Custodians and its affiliates, including fee offset agreements, qualify as party-in-interest transactions. Also, the School pays certain fees and expenses on behalf of the Plan. The Plan is not required to reimburse the School for expenses paid on behalf of the Plan. These transactions qualify as exempt party-in-interest transactions.

Some fees and expenses of the Plan relating to legal, accounting and other administrative services are paid by the School. The Plan is not required to repay expenses paid by the School on its behalf.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts.

The Custodians retain, as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by the Custodians; therefore, these investment transactions qualify as exempt party-in-interest transactions.
