INDEPENDENT AUDITOR'S REPORT

The Plan Trustees and Participants
Road & Rail Services, Inc. 401(k) Plan

Scope and Nature of the 2021 ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Road & Rail Services, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to the Plan's assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our 2021 audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the Plan's 2020 financial statements. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 16, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the Plan's 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ROAD & RAIL SERVICES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2021 and 2020

1. Plan description

The following brief description of the Road & Rail Services, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions. Copies of the Plan Agreement are available from Road & Rail Services, Inc. (the Company).

General – The Plan is a contributory defined contribution plan covering all Company employees who have completed six months of service, or who have completed 1,000 or more service hours in a twelve-month computation period. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions – Participants may contribute up to the maximum salary deferral set by law. Participants may also contribute amounts representing rollover distributions from other qualified plans. For members of the Federation of Private Employees, AFL-CIO (Melvindale, Michigan location), the Company makes matching contributions equal to 50% of the participants' elective deferrals up to 3% of the participants' compensation. For members of the Federation of Private Employees, AFL-CIO (Georgetown, Kentucky location), the Company makes matching contributions equal to 25% of the participants' elective deferrals up to 3% of the participants' compensation. For members of the Brotherhood Railway Carmen Division Transportation Communications International Union, the Company makes matching contributions equal to 15% of the participants' elective deferrals up to 3% of the participants' compensation. For members of the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America Union (Local Union #20), the Company makes matching contributions equal to 50% of the participants' elective deferrals up to 5% of the participants' compensation. The Company does not make matching contributions for other plan participants.

Participant accounts – All contributions are allocated at the discretion of the participant among selected investments. Each participant's interest in each of the investment accounts is accounted for in two separate accounts: one relating to the participant's contributions, and the other to the Company's contributions. Each participant's account is credited with the participant's contributions, and allocations of the Company's contributions and plan earnings, and charged with allocations of investment-related fees and administration expenses. Allocations of plan earnings and investment-related fees are based on the value of each participant's account balance compared to the value of all participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in all contributions and related earnings.

Payment of benefits – In the event of death, disability, retirement, or termination, a participant's benefit will be distributed in accordance with specific provisions of the Plan Agreement. Hardship withdrawals are also permitted upon meeting certain requirements defined in the Plan Agreement.

Administration – Certain administrative functions are performed by Company officers and employees. No such officers or employees receive compensation from the Plan. Generally, accounting, legal, and other expenses to maintain the Plan's records are paid by the Company and are therefore not reported as expenses on the accompanying statements of changes in net assets available for benefits.

2. Summary of significant accounting policies

Basis of accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Estimates – The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions – Participant contributions are recorded when the Company computes payroll deductions. Company contributions are recorded based on amounts actually received or committed to be paid for the year.

Investment valuation and income recognition – The Plan has a group annuity contract with American United Life Insurance Company (American), the Plan's investment custodian, containing numerous investment options held in pooled separate accounts, a stable value fund (effective January 1, 2021), and a fixed income account (through December 31, 2020).

The pooled separate accounts represent units of underlying investments which are valued at fair value based on quoted market prices on the last business day of the plan year as more fully described in Note 4.

The Plan's stable value fund with American has a fixed rate of interest and is considered a fully benefit-responsive investment contract under GAAP. Accordingly, the Plan's investment in the stable value fund is reported at contract value as more fully described in Note 4. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the contract terms.

The Plan's fixed interest account was not considered a fully benefit-responsive investment contract under GAAP because, even though a contract value was promised for a benefit event (termination, death, disability, and retirement), a possible market value adjustment may have occurred when funds were withdrawn prior to their maturity. Accordingly, the fixed interest account was valued at fair value based on transactional information as more fully described in Note 4.

Realized gains and losses on the Plan's investments are recognized upon the sale of the related investments, and unrealized appreciation or depreciation is recognized at period end when the carrying values of the related investments are adjusted to their estimated fair values. Net realized and unrealized appreciation or depreciation in fair value of the Plan's investments includes gains and losses on investments bought and sold, as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Investment-related fees charged to the Plan are deducted from income earned on investments and are not separately reflected on the accompanying statements of changes in net assets available for benefits. Consequently, investment return is reflected net of investment-related fees on the accompanying statements of changes in net assets available for benefits.

Benefit and withdrawal payments – Benefit and withdrawal payments are recorded when paid.

Fair value measurements – The Plan applies the *Fair Value Measurement* topic of the Accounting Standards Codification (ASC) which requires determination of fair value based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The *Fair Value Measurement* topic emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and it applies in conjunction with other ASC topics that require or permit fair value measurements and disclosures. Impacted assets and liabilities are measured and disclosed in one of three categories based on the significance and source of the inputs to their valuation. The hierarchy consists of three broad levels: Level 1, Level 2, and Level 3. Level 1 inputs have the highest priority and consist of observable unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 inputs include: a) quoted prices for similar assets or liabilities in active markets; b) quoted prices for identical or similar assets or liabilities in inactive markets; c) inputs other than quoted prices that are observable for the asset or liability; and d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs have the lowest priority, are unobservable, and include judgments about the assumptions that market participants would use in pricing the asset or liability.

An asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to its fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's management uses specific valuation techniques based on the available inputs to measure the fair value of the Plan's impacted assets and liabilities.

When available, the Plan's management measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

These methods may produce fair value calculations that may not be indicative of net realizable values, or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methods utilized are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair values of certain assets could result in different fair value measurements as of December 31, 2021 and 2020.

Subsequent events – The Plan's management has evaluated subsequent events through September 6, 2022, the date the financial statements were available for issue.

3. Certified investments

The Plan's administrator has elected the method of annual reporting as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2021 and 2020, and net realized and unrealized appreciation in fair value of investments, and interest for the years ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by American, the Plan's investment custodian. This information has not been audited by the Plan's independent auditors.

4. Investments, contract with insurance company, and fair value measurements

American maintains the Plan's investments in pooled separate accounts, a stable value fund (effective January 1, 2021), and a fixed interest account (through December 31, 2020) which are credited with earnings on the underlying investments, and charged for plan withdrawals, investment-related fees, and administration expenses.

The Plan's pooled separate accounts are valued at fair value using readily determinable fair values. While the pooled separate accounts have publicly quoted Level 1 pricing inputs, the pooled separate accounts are not publicly traded, and therefore are classified as Level 2 investments in the fair value hierarchy. Amounts allocated within a pooled separate account are credited to a participant's account in the form of accumulation units. The fair value of an accumulation unit of each pooled separate account is determined and published at the close of each business day and is directly related to the fair value per share of the underlying investments adjusted for any contributions, dividends and/or distributions received, withdrawals made on that day, and the daily equivalent of any fee charged pursuant to the contract. Each investment account is invested exclusively in shares of a

specific mutual fund or other investment entities as directed by the contract holder and/or the participant. The pooled separate accounts may be redeemed on a daily basis. Unfunded commitments are not applicable to pooled separate accounts.

The stable value fund is a fully benefit responsive investment contract. As a result, the Plan transacts at contract value according to the terms defined in the contract at any time. Contract value is determined using the aggregation of contributions, plus interest, less withdrawals. The contract defines the circumstances and amounts for which the Plan may terminate its interest in the contract. Under the terms of the contract, American has the right to no longer receive deposits. Certain events may limit the Plan's ability to transact at contract value. Such events not considered probable of occurring in the near term include, but are not limited to, plan termination, plan sponsor insolvency, and layoffs.

Amounts allocated to the stable value fund earn interest at the higher of the rate guaranteed under the contract or the current rate established and declared in advance by American. The interest rate is declared prior to the beginning of a calendar year and is applicable to all contributions received in that year. For the year ended December 31, 2021, the annual interest rate in effect is 3%. The Plan's stable value fund is backed by American's general account which is invested in a conservatively managed, well diversified portfolio consisting predominantly of fixed-income investments where the objective is to maximize long-term, risk-adjusted returns. A participant may transfer any amount from the stable value fund but may not transfer funds to the stable value fund until ninety days have elapsed since the date of his/her last transfer from the stable value fund. There are no unfunded commitments related to the stable value fund.

Amounts allocated to the fixed interest account earned interest at the higher of the rate guaranteed under the contract or the current rate established and declared in advance by American. Interest rates were declared prior to the beginning of a calendar quarter and were applicable to all contributions received in that quarter until the end of the calendar year next following the current year. Each quarter's contributions and the corresponding interest rate were tracked together in a quarterly interest rate pocket (Quarterly Pocket). At the end of the calendar year next following the current year, the Quarterly Pockets established in the prior year were converted to an annual interest rate pocket (Annual Pocket) that was established and declared for each Annual Pocket and remained in effect for at least that calendar year. For the year ended December 31, 2020, the annual interest rate in effect was 3%. The Plan's fixed interest account was backed by American's general account which was invested in a conservatively managed, well diversified portfolio consisting predominantly of fixed-income investments where the objective was to maximize long-term, risk-adjusted returns.

The fixed interest account balance represented the amount participants would receive if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination, or retirement. The fixed interest account's contract value represented fair value and was based on amounts contributed or transferred to the fixed interest account less any withdrawals or transfers out, plus accrued interest (Level 2

inputs). A participant was able to transfer any amount from the fixed interest account but was not able to transfer funds to the fixed interest account until ninety days had elapsed since the date of his/her last transfer from the fixed interest account. There were no unfunded commitments related to the fixed interest account.

There have been no changes in the valuation methodologies used to value the Plan's investments as of December 31, 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
	<u>2021</u>			
Pooled separate accounts	\$ -	\$ 2,975,272	\$ -	\$ 2,975,272
Total investments, at fair value	\$ -	\$ 2,975,272	\$ -	\$ 2,975,272
	<u>2020</u>			
Fixed interest account	\$ -	\$ 1,398,456	\$ -	\$ 1,398,456
Pooled separate accounts	-	2,140,240	-	2,140,240
Total investments, at fair value	\$ -	\$ 3,538,696	\$ -	\$ 3,538,696

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan Agreement to discontinue its contributions, and at any time to terminate the Plan subject to the provisions of ERISA.

6. Income tax status

The Plan operates under a volume submitter profit sharing plan sponsored by OneAmerica Financial Partners, Inc. (affiliated with the Plan's investment custodian). The Internal Revenue Service (IRS) ruled in an opinion letter dated March 31, 2014 that the volume submitter plan was qualified under applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the IRS opinion letter. However, the Plan's trustees, sponsor, and administrator are not aware of any occurrences that would adversely affect the Plan's qualified status, and believe the Plan is currently designed and operating

in compliance with the applicable IRC requirements, is qualified, and the related trust is tax-exempt.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken, or expected to be taken, that would require recognition of a tax liability, or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan's administrator believes the Plan is no longer subject to income tax examinations for years prior to the year ended December 31, 2018.

7. Party-in-interest assets and transactions

The Plan's investments are managed by American, the Plan's investment custodian. Therefore, the Plan's investments qualify as party-in-interest assets. In addition, transactions conducted by American and the Company's contributions qualify as party-in-interest transactions. These transactions are permitted under the plan provisions and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. Risks and uncertainties

In March 2020, the World Health Organization declared the global novel coronavirus disease (COVID-19) outbreak as a pandemic. Further, the United States Centers for Disease Control and Prevention confirmed the spread of the disease throughout the United States. As of the date the accompanying financial statements were available to be issued, the duration and intensity of the impact and resulting disruption to which these events affect the Plan's sponsor and the Plan's financial position will depend on future developments which are highly uncertain and cannot be predicted at this time.

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate and credit risks, and overall market volatility. Market risks include global events such as pandemics or international conflicts which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that reductions in the values of the Plan's investment securities reported as of December 31, 2021 will occur in the near term and that such reductions would materially affect participant account balances and amounts reported on the accompanying December 31, 2021 statement of net assets available for benefits.

The Plan's exposure to concentrations risk is limited by diversification of investments across all investment elections. In addition, the investments within each investment election are further diversified into various financial investments.

9. Subsequent events

Effective February 1, 2022, the Plan's name was changed to Road & Rail Services, LLC 401(k) Plan, employees of Transportation Property Solutions, Inc. (the Company's parent) were allowed to participate in the Plan, and the Plan began operating under a non-standard pre-approved profit-sharing plan sponsored by OneAmerica Financial Partners, Inc.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
