| <b>Part I</b> | <b>Service Provider Information (see instructions)</b> |
|---------------|--------------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☐ Yes ☒ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

**REPORT OF INDEPENDENT AUDITORS**

To the Trustees of  
Kokatat, Inc. 401(k) Plan  
Arcata, California

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements**

We have performed an audit of the accompanying financial statements of Kokatat, Inc. 410(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion on the 2021 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section-

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion on the 2021 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Kokatat, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the 2021 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kokatat, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the 2021 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kokatat, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kokatat, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **2021 Supplemental Schedule Required by ERISA**

The supplemental schedule of assets held for investment is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### **Auditor's Report on the 2020 Financial Statements**

We were engaged to audit the 2020 financial statements of Kokatat, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## **NOTE 1 - DESCRIPTION OF PLAN**

The following description of the Kokatat, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan is sponsored by Kokatat, Inc. (the Company).

### **General Description**

The Plan was established in 1996 and is a defined contribution plan covering all employees, with the exception of excluded employees as defined in the Plan document, who have one year of service. A year of service for eligibility is a twelve-month computation period in which the employee is credited with at least one thousand hours of service. There are no age requirements. An employee who becomes eligible under the Plan begins participation on the first day of the first, fourth, seventh or tenth month coincident with or following the date the service requirement is satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. The Company is responsible for oversight of the Plan. The Company appoints the trustees of the Plan who are responsible for its investment policy. The assets of the Plan are under the direction of the trustees.

### **Contributions**

Each year, participants may contribute up to the lesser of one hundred percent of compensation or the annual, before tax, dollar limitation, in accordance with the Internal Revenue Service (\$19,500 plus up to \$6,500 in catch-up contributions for participants age 50 or over for 2021). Salary deferral contributions cannot be made from any amount of compensation in excess of the annual dollar limit on compensation, which is currently \$290,000. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (participant rollover contributions). Subject to an investment policy established by the Company, all participant contributions and company contributions are specifically directed by the participants. Participants direct the investment of their contributions and company contributions into various investment options offered by the Plan.

As defined by the Plan, the Company can elect to make Actual Deferral Percentage (ADP) Safe Harbor matching contributions to the Plan to automatically satisfy the ADP test. The ADP test is a nondiscrimination test applied annually to the salary deferral contributions made to the Plan. The matching contribution for each Safe Harbor participant is equal to the sum of (a) one hundred percent of each eligible participant's salary deferral contributions, including "catch-up contributions" that do not exceed three percent of their compensation for the Plan year, plus (b) fifty percent of each eligible participant's salary deferral contributions elective deferrals that exceed three percent of their compensation but do not exceed five percent of their compensation for the Plan year. For the Plan year ended December 31, 2021 and 2020, the Company made Safe Harbor matching contributions of \$127,470 and \$106,732, respectively. As of December 31, 2021 and 2020, \$117,607 and \$106,581, respectively, of the Safe Harbor matching contributions were accrued as a receivable.

The Company did not make profit sharing contributions for the years ended December 31, 2021 and 2020.

### **Participant Accounts**

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Expenses that are paid from Plan assets are shared by all participants either on a pro-rata basis or an equal dollar basis. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**NOTE 1 - DESCRIPTION OF PLAN (continued)**

**Vesting**

Participants are immediately vested in their voluntary contributions and the Safe Harbor matching contribution plus actual earnings thereon. Vesting in the Company profit sharing contribution plus earnings thereon is based on years of continuous service based on the following vesting schedule:

| <u>Years of vested service</u> | <u>Vested percentage</u> |
|--------------------------------|--------------------------|
| Fewer than 2 years of service  | 0%                       |
| 2 years of service             | 20%                      |
| 3 years of service             | 40%                      |
| 4 years of service             | 60%                      |
| 5 years of service             | 80%                      |
| 6 or more years of service     | 100%                     |

A year of service, for purposes of vesting, is a twelve consecutive month computation period during which an employee works 1,000 or more hours.

**Payment of Benefits**

On termination of service due to death, disability, or retirement, the value of a participant's vested benefits will be paid in a single lump sum distribution or rollover to a qualified plan. The Plan also allows in-service distributions and hardship distributions under certain conditions and within limitations specified by the Plan. The Plan has a \$5,000 threshold for vested account balances for terminated employees. If the vested portion of a participant account is below \$5,000 at the time the participant is terminated, the vested balance will be distributed in a lump sum as soon as administratively feasible after termination. In the absence of a distribution request, the Plan will establish an IRA in another bank, outside of the Plan, and roll the balance of the account to the IRA. If the vested account balance is below \$1,000, and no distribution request is made, and the participant did not elect to have the account rolled out of the plan as specified above, the Plan sponsor will distribute the account balance as a lump-sum cash distribution.

**Forfeited Accounts**

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$4,095 and \$1,486, respectively.

**Retirement**

Normal retirement under the Plan is 62 years of age.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting, with the exception of benefits which are recorded when paid.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Investment Valuation and Income Recognition**

Investments are carried at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits**

Benefits are recorded when paid.

**Expenses**

Certain expenses of maintaining the Plan may be paid directly by the Company and are excluded from these financial statements, while other expenses may be paid from the assets of the Plan. The Company absorbs significant costs of plan administration. Investment related expenses are included in net appreciation of fair value of investments.

**NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE**

The Plan Administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations and disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the trustee, Newport Trust Company for the year ended December 31, 2021 and American Trust Company for the year ended December 31, 2020, and was not subjected to any auditing procedures performed.

- All investments shown in the accompanying statements of net assets available for benefits.
- Net appreciation in the fair value of investments and dividend income, as shown on the accompanying statement of changes in net assets available for benefits.

**NOTE 4 - INVESTMENTS**

During 2021, the Plan's investments in collective funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$174,587. The appreciation includes amounts reinvested within the funds during the year. Investment fees are netted against the appreciation or depreciation in the fair value of investments of the funds and are not separately stated.

Effective January 20, 2021, the Plan's investments were transferred to Newport Trust Company and invested in mutual funds. The Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$357,846.

## NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

Quoted prices for identical or similar assets or liabilities in inactive markets;

Quoted prices for similar assets or liabilities in active markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

|               |                                                                                                                                                                                                                                                                          |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Mutual funds: | Valued based on the unit values multiplied by the number of units held. The change in unit value is calculated for each underlying mutual fund in a variable annuity contract. These calculations are performed daily from the previous day's net asset value per share. |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Collective Investment Funds: | American Trust Company relies on the third-party custodian of the collective investment funds for calculation of the daily unit values of each fund. The third-party custodian of the funds is Mid Atlantic or State Street Bank & Trust. The third-party custodian submits a file containing the ending market values and calculated unit values for each fund in which American Trust Company has invested monies for participants. The files are received via electronic transmission. Once the unit values and net assets of the funds have been entered into the system, Funds Maintenance personnel review the Prior Day Fund Comparison Report for reasonableness of the daily change in unit value. If a change appears "unreasonable" and significantly different from the market change, then the calculation of the unit value of that particular fund is investigated and modified if necessary. |

**NOTE 5 - FAIR VALUE MEASUREMENTS (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31,:

| <u>Investments at Fair Value as of December 31, 20221</u> |                     |                |                     |

**NOTE 6 - RELATED PARTY TRANSACTIONS & PARTY IN INTEREST**

FASB ASC 850 requires the disclosure of significant transactions with related parties. For the year ended December 31, 2021, Department of Labor (DOL) requires transactions with parties-in-interest to be disclosed. There were no related party transactions.

A party-in-interest, as defined by the DOL, is anyone who provided services to the Plan during the Plan year. The DOL provides a reporting exemption if the services provided are necessary to the Plan. D.H. Scott & Company and Bidwell Consulting provided administrative services to the Plan.

Certain Plan investments are managed by Newport Trust Company. Newport Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

**NOTE 7 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

**NOTE 8 - RISKS AND UNCERTAINTIES**

Each investment fund is diversified through a portfolio containing a wide variety of investments that fit the particular investment strategy and targeted composition. Further diversification is available to participants through participation in more than one fund. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Credit risk is considered to be minimal. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**NOTE 9 - TAX STATUS**

The Company adopted a Prototype Non-standardized Profit Sharing Plan with a Cash or Deferred Arrangement (CODA), which received a favorable opinion letter from the Internal Revenue Service on June 3, 2020 which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). While the prototype plan has been amended since receiving the letter, the plan administrator believes the Plan has been operated in accordance with the applicable provisions of the IRC. The Plan is qualified under Section 401(a) of the IRC and is exempt from federal income tax under provisions of Section 501(a) of the IRC, and from applicable state tax, as state law conforms to the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan is subject to routine audits by taxing jurisdictions. In general, the Plan's returns are subject to examination by federal tax authorities for a period of three years beginning with the later of the due date of the return or the date they are filed. There are currently no examinations in progress.

**NOTE 10 - SUBSEQUENT EVENTS**

The Plan has evaluated subsequent events through September 14, 2022, which is the date the financial statements were available to be issued.
