Independent Auditor's Report

To the Participants and Plan Administrator of the
Circle H 401(k) Plan
Midlothian, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Circle H 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Participants and Plan Administrator of the
Circle H 401(k) Plan

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Information Required by ERISA

The supplemental information listed in the index as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Participants and Plan Administrator of the
Circle H 401(k) Plan

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Plan Description

The following description of the Circle H 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which commenced effective January 1, 2008, is a defined contribution 401(k) plan covering eligible employees of Circle H Contractors, LP and its participating employer Circle H Boring, LLC (collectively the "Employer" or "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

The Plan was amended on January 1, 2020, to adopt the statutory changes pursuant to the Disaster Tax Relief and Airport and Airway Extension Act of 2017, the Tax Cuts and Jobs Act of 2017, the Bipartisan Budget Act of 2018, and Code Sections 401(k) and 401(m) 2019 Final Hardship Regulations and any related guidance. The Plan was amended and restated on January 1, 2021, to comply with the latest rules and regulations.

Plan Custodian and Trustee

First Financial Trust (the "Custodian") is the Plan Custodian and maintains custody of all investments held by the Plan. Among other duties, the Custodian receives contributions, holds and invests the fund assets in accordance with the directions of Plan Administrator, and makes distributions as directed by the Company. MAP Retirement maintains the Plan's participant account balances and provides record-keeping services to the Plan. First Financial Trust and Asset Management Company N.A. serves as the discretionary Trustee of the Plan.

Eligibility and Plan Entrance Date

All employees, except non-resident aliens and collective bargaining (union) employees, age 18 and older are eligible to participate in the Plan after the employee has completed six months of service. Effective January 1, 2021, the Plan entry date was changed from the first day of the month after which the employee has satisfied the eligibility requirements to immediate entrance.

Participant Contributions

Participants may elect to contribute, on a before-tax basis, up to 100% of their eligible compensation, subject to the maximum amount allowed annually by the IRC, which was $19,500 for 2021. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the maximum amount allowed annually by the IRC, which was $6,500 for 2021.

Employer Contributions

The Plan provides for Safe Harbor Employer matching contributions. The Employer makes Safe Harbor Employer matching contributions to all participants in an amount equal to a uniform percentage of employee contributions each year. For the year ended December 31, 2021, the Employer made matching contributions equal to 100% of each participant's contribution, not to exceed 3% of the participant's compensation, plus 50% of each participant's contribution in excess of 3%, but not in excess of 5%, of the participant's compensation.

Note 1 – Plan Description (continued)

Rollover Contributions

Rollover contributions represent funds transferred to the Plan from other qualified plans. Participants may roll over balances from certain individual retirement accounts and qualified plans of former employers.

Participant Accounts

Each participant account is credited with the participant's contributions, the Company's matching contributions, plus allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Non-Participant Directed Investments

All assets of the Plan are non-participant directed investments. Non-participant directed investments are put into participants' accounts by the Employer (participant contributions, Employer contributions, and rollover contributions). Employees are not able to select or direct the funds or investments into which their contributions are deposited. The Company directs participant account balances to one or more investment options offered by the Plan. The Company has selected various investment options, as more fully described in the Plan Document, to which the Company designates the allocation of their account balances. The funds vary in types of investments, rates of return, and investment risk.

Vesting

Participants are immediately vested in their contributions, Safe Harbor Employer matching contributions, and Employer profit-sharing contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period, or 50% of their vested account balance. A participant may have two outstanding loans at a time. Loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 2% above Prime rate, as defined. Principal and interest are paid ratably through payroll deductions and are due in equal installments not less frequently than quarterly.

Payment of Benefits

Upon separation of service due to death, disability, retirement, or termination of employment, a participant may elect to receive a lump sum payment, or installment payments, equal to the value of the participant's vested balance. Vested account balances less than $1,000 are immediately distributable in a lump sum distribution under the terms of the Plan, regardless of the participant's consent.

A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, Custodian, and trust company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits

Benefits payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1), and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value of hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Note 3 – Fair Value Measurements (continued)

- ***Level 1*** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- ***Level 2*** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- ***Level 3*** – Inputs that are unobservable inputs for the assets or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses two different approaches: the market approach and the income approach, depending on the nature of the assets and liabilities. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities. The income approach uses valuation techniques to convert future amounts, such as cash flows or earnings, to a single present amount, with the measurement based on the value indicated by current market expectations about those future amounts.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

- ***Mutual Funds*** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified within level 1 of the valuation hierarchy. (Market approach)
- ***Money Market Fund*** – This investment is recorded at cost, which approximates fair value and is classified within level 1 of the valuation hierarchy. (Cost approach)
- ***Common Stock*** – Valued using the closing price reported on the active market on which the individual securities are traded. (Market approach)
- ***Government Securities*** – These investments are fixed-income securities and are valued based on an evaluated price from a compilation of primarily observable market information or a broker quote in a non-active market. (Income approach).
- ***Corporate Bonds*** – Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. (Income approach)

Note 3 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total

Investments at fair value	$ 1,353,318	$ 621,279	$ -	$ 1,974,597

Note 4 – Information Prepared and Certified by the Plan's Custodian

The Plan Sponsor has elected the accrual method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

December 31,	2021	2020
Investments at fair value	$ 2,417,797	$ 1,974,597
Notes receivable from participants	43,220	34,242

Year Ended December 31,	2021
Net appreciation in fair value of investments	$ 198,899
Dividends	34,005
Interest	22,981
Interest income on notes receivable from participants	1,589

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

Note 5 – Related Party and Party-in-Interest Transactions

Certain Plan investments are held in funds managed by the Custodian. The Custodian is a service provider for the Plan, and as such, these transactions qualify as party-in-interest transactions as defined by ERISA. Any purchases and sales of these investments are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

The Plan has notes receivable from participants at December 31, 2021 and 2020. These receivables and all related transactions qualify as party-in-interest transactions and are exempt from being prohibited by ERISA.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all Employer contributions.

Note 7 – Tax Status

The Plan operates under an adoption agreement in connection with a prototype non-standardized pre-approved profit-sharing plan sponsored by CCH Incorporated DBA FTwilliam.com (the "Sponsor"). This prototype plan document was filed with the appropriate agency, and the Sponsor has obtained a determination letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC, and that the related trust was tax exempt as of the financial statement date. The Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status; however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. As such, there has been no provisions for income taxes made in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2018.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Subsequent Events

The Plan has evaluated subsequent events through September 5, 2022, the date the financial statements were available to be issued.

Effective January 1, 2022, the Plan Document was amended to provide for after-tax Roth contributions.
