Report of Independent Auditors

The Board of Trustees and Board of Directors
Byline Bancorp, Inc. 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Byline Bancorp, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Byline Bancorp, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Byline Bancorp, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Byline Bancorp, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Byline Bancorp, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Byline Bancorp, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of the Plan

The following description of the Byline Bancorp, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Adoption Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral plan covering substantially all employees of Byline Bancorp, Inc. (the Company), and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Byline Bancorp, Inc. is the Plan’s sponsor and serves as plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan on the first of the month following 30 days of employment. There is a six-month waiting period before new hires are eligible to receive matching or discretionary contributions.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 90% of pretax annual compensation, as defined in the Plan, subject to limitations of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. New participants are automatically enrolled in the Plan, once eligible, with a 4% deferral contribution unless they affirmatively elect not to participate. Eligible participants may also elect to designate all or any portion of their future deferral contributions as Roth deferral contributions.

Employer match and discretionary contributions – The Company may elect to make matching and discretionary contributions to the Plan. Matching contributions made by the Company are equal to a percentage of the participants’ elective deferral contributions. This percentage is chosen by the Company and the participants’ elective deferrals over the percentage chosen by the Company are not matched. During 2021, the Company matched 100% of the first 3% of the participant elective deferrals and 50% of the next 2%. The match was allocated each pay period. Discretionary contributions are allocated to participants’ accounts in the same proportion as a participant’s compensation bears to the total of all participants’ compensation.

There was approximately \$2.6 million in matching contributions for the year ended December 31, 2021. There were no discretionary contributions for the year ended December 31, 2021. Contributions are subject to regulatory limitations.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and Company matching contributions as well as allocations of the Company’s discretionary contributions and Plan earnings. Beginning April 1, 2021, participant accounts are charged with an administrative fee based on the participant’s plan asset balance that is paid to the Plan. Previously, participant accounts were

Note 1 – Description of the Plan (continued)

charged with a fixed fee. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years in which an employee has at least 1,000 hours of service. Participants are automatically 100% vested upon (i) reaching normal retirement age; (ii) disability as defined in the Plan; or (iii) death. Otherwise, participants vest in the Company contributions based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0.00%
1	33.33%
2	66.67%
3 or more	100.00%

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) 50% of the participant's vested account, reduced by any outstanding loan balance, or (ii) \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The loans are secured by the balance of the participant's account and bear interest at a fixed interest rate during the term of each as set by the Prime Rate at the origination date of each loan. Loans must be repaid in five years unless the proceeds are used to acquire a primary residence, which then must be repaid in a term not to exceed 15 years. Principal and interest is paid ratably through payroll deductions. Interest rates on loans outstanding as of December 31, 2021 range from 3.00% to 7.50% and such loans mature at various dates through February 2036.

Payments of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a fixed period of time. If a participant's account balance is between \$1,001 and \$5,000 at termination, the value of the vested interest in the participant's account will be automatically distributed to an individual retirement account or another qualified plan. If the participant's account balance is \$1,000 or less at termination, the value of the vested interest will be automatically distributed directly to the participant. In the event of immediate and severe financial hardship, and with the approval of the Plan administrator, an active participant is entitled to withdraw any part of the vested balance in the participant's account. In such financial hardship situations, withdrawals may only be made from the participant's elective deferral contributions balance and earnings thereon.

Note 1 – Description of the Plan (continued)

Forfeitures – Forfeitures are the non-vested portion of a participant’s account that is lost upon termination of employment. Forfeitures may be used to pay plan administrative expenses, if available, with any remaining amount used to reduce future Company contributions. Forfeitures for non-vested account balances as of December 31, 2021 and 2020 were \$0 and \$115, respectively. During the year ended December 31, 2021, forfeitures of \$29,054 were used to reduce Company contributions and forfeitures of \$34,595 were used to pay administrative expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are stated at fair market value. The Plan’s custodians, Principal Trust Company and Principal Life Insurance Company, an affiliate of Principal Trust Company, certified the fair market value of all investments as of December 31, 2021 and 2020. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payments of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants

Note 2 – Summary of Significant Accounting Policies (continued)

are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Risks and uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 15, 2022, the date the financial statements are available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy under generally accepted accounting principles that prioritizes the inputs to valuation methodologies used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quote prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a

Note 3 – Fair Value Measurements (continued)

specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methodologies used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies at December 31, 2021 and 2020. Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies (mutual funds) – Valued at the daily closing price by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

Guaranteed investment contract – Valued at fair value by discounting the related cash flows based on the current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The guaranteed investment contract with Principal Trust Company is non-benefit responsive and measured at fair value. Fair value is based upon a discounted cash flow calculated using an appropriate risk-adjusted market discount rate. For the years ended December 31, 2021 and 2020, the crediting interest rates were 1.55% and 1.60%, respectively.

The valuation methodologies used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2021 and 2020:

December 31, 2021				
	Fair Value	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Pooled Separate Accounts	<u>\$ 39,524,146</u>	Daily	1 day	(a)
December 31, 2020				
	Fair Value	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Pooled Separate Accounts	<u>\$ 9,119,232</u>	Daily	1 day	(a)

(a) These investments allow one transfer per 30-day period. The transfer restriction applies to all participant directed transfers out of these investments, including non-scheduled rebalancing activity.

Once the number of allowed transfers is met, participants are not allowed to transfer back into this investment option until the holding period elapses. Contributions into the investment option are not impacted.

The following tables disclose, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2021 and 2020:

Fair Value Measurement at December 31, 2021				
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy				
Registered investment companies	\$ 15,997,462	\$ -	\$ -	\$ 15,997,462
Guaranteed investment contract	-	-	3,989,209	3,989,209

Investments measured at NAV (practical expedient)				<u>39,524,146</u>
Investments at fair value				<u>\$ 59,510,817</u>

Note 3 – Fair Value Measurements (continued)

	Fair Value Measurement at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy				
Registered investment companies	\$ 26,131,493	\$ -	\$ -	\$ 26,131,493

Total assets in the fair value hierarchy	<u>\$ 26,131,493</u>	<u>\$ -</u>	<u>\$ 14,027,728</u>	<u>40,159,221</u>
Investments measured at NAV (practical expedient)				<u>9,119,232</u>
Investments at fair value				<u>\$ 49,278,453</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. The Plan administrator evaluates the significance of transfers between levels based upon the nature of the financial instrument and the size of the transfer relative to total net assets available for benefits.

The following table discloses the summary of certain changes in the fair value of the Plan's Level 3 investment asset for the year ended December 31, 2021:

	Guaranteed Investment Contract
Purchases	\$ 3,153,945
Issuances	-
Transfers in	-
Transfers out	-

The following table represents the Plan's Level 3 investment asset, the valuation techniques used to measure the fair value as of December 31, 2021 and 2020, respectively, and the significant unobservable inputs and the ranges of values for those inputs:

	Fair Value at December 31,		Principal Valuation Techniques	Significant Unobservable Inputs	Range of Significant Input Values	Weighted Average
	2021	2020				
Guaranteed investment contract	\$ 3,989,209	\$ 14,027,728	Discounted cash flow	Discount rate Duration (years)	1.55% - 1.60% 2 years	1.59%

Note 4 – Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor’s regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Plan’s sponsor, and certain others. Delaware Charter Guarantee & Trust Company, a Delaware Corporation conducting business under the trade name of Principal Trust Company, is the trustee of the Plan and an affiliate of the Principal Financial Group and Principal Life Insurance Company and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Fees related to the administration of notes receivable from participants and fees related to Qualified Domestic Relations Orders are paid to parties-in-interest. Other fees to parties-in-interest were paid from revenue sharing and Plan assets.

The Plan held the following assets with parties-in-interest at December 31, 2021 and 2020:

Party-in-Interest	Description of Investment	2021	2020
Principal Life Insurance Company	Guaranteed Investment Contract	\$ 3,989,209	\$ 14,027,728
Principal Trust Company	Pooled Separate Accounts	39,524,146	9,119,232
Participants	Notes receivable	1,089,519	1,181,437

Certain administrative functions are performed by officers or employees. No such officer or employee receives compensation from the Plan.

Note 5 – Tax Status

The Plan adopted a prototype non-standardized defined contribution plan sponsored by Principal Life Insurance Company. Principal Life Insurance Company received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The opinion letter stated that the Plan, as then designed met the requirements of the applicable sections of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administration has evaluated the Plan’s tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the trustee of the Plan, and Principal Life Insurance Company, an affiliate of Principal Trust Company, as of and for the years ended December 31, 2021 and 2020, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for the year ended December 31, 2021.
- Investments reflected on the schedule of assets (held at end of year).

Note 7 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant’s account become fully vested.

Note 8 – Reconciliation to Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for the periods ending December 31, 2021 and 2020.

Report of Independent Auditors

The Board of Trustees and Board of Directors
Byline Bancorp, Inc. 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Byline Bancorp, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Byline Bancorp, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Byline Bancorp, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Byline Bancorp, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Byline Bancorp, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Byline Bancorp, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of the Plan

The following description of the Byline Bancorp, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Adoption Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral plan covering substantially all employees of Byline Bancorp, Inc. (the Company), and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Byline Bancorp, Inc. is the Plan’s sponsor and serves as plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan on the first of the month following 30 days of employment. There is a six-month waiting period before new hires are eligible to receive matching or discretionary contributions.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 90% of pretax annual compensation, as defined in the Plan, subject to limitations of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. New participants are automatically enrolled in the Plan, once eligible, with a 4% deferral contribution unless they affirmatively elect not to participate. Eligible participants may also elect to designate all or any portion of their future deferral contributions as Roth deferral contributions.

Employer match and discretionary contributions – The Company may elect to make matching and discretionary contributions to the Plan. Matching contributions made by the Company are equal to a percentage of the participants’ elective deferral contributions. This percentage is chosen by the Company and the participants’ elective deferrals over the percentage chosen by the Company are not matched. During 2021, the Company matched 100% of the first 3% of the participant elective deferrals and 50% of the next 2%. The match was allocated each pay period. Discretionary contributions are allocated to participants’ accounts in the same proportion as a participant’s compensation bears to the total of all participants’ compensation.

There was approximately \$2.6 million in matching contributions for the year ended December 31, 2021. There were no discretionary contributions for the year ended December 31, 2021. Contributions are subject to regulatory limitations.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and Company matching contributions as well as allocations of the Company’s discretionary contributions and Plan earnings. Beginning April 1, 2021, participant accounts are charged with an administrative fee based on the participant’s plan asset balance that is paid to the Plan. Previously, participant accounts were

Note 1 – Description of the Plan (continued)

charged with a fixed fee. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years in which an employee has at least 1,000 hours of service. Participants are automatically 100% vested upon (i) reaching normal retirement age; (ii) disability as defined in the Plan; or (iii) death. Otherwise, participants vest in the Company contributions based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0.00%
1	33.33%
2	66.67%
3 or more	100.00%

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) 50% of the participant's vested account, reduced by any outstanding loan balance, or (ii) \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The loans are secured by the balance of the participant's account and bear interest at a fixed interest rate during the term of each as set by the Prime Rate at the origination date of each loan. Loans must be repaid in five years unless the proceeds are used to acquire a primary residence, which then must be repaid in a term not to exceed 15 years. Principal and interest is paid ratably through payroll deductions. Interest rates on loans outstanding as of December 31, 2021 range from 3.00% to 7.50% and such loans mature at various dates through February 2036.

Payments of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a fixed period of time. If a participant's account balance is between \$1,001 and \$5,000 at termination, the value of the vested interest in the participant's account will be automatically distributed to an individual retirement account or another qualified plan. If the participant's account balance is \$1,000 or less at termination, the value of the vested interest will be automatically distributed directly to the participant. In the event of immediate and severe financial hardship, and with the approval of the Plan administrator, an active participant is entitled to withdraw any part of the vested balance in the participant's account. In such financial hardship situations, withdrawals may only be made from the participant's elective deferral contributions balance and earnings thereon.

Note 1 – Description of the Plan (continued)

Forfeitures – Forfeitures are the non-vested portion of a participant’s account that is lost upon termination of employment. Forfeitures may be used to pay plan administrative expenses, if available, with any remaining amount used to reduce future Company contributions. Forfeitures for non-vested account balances as of December 31, 2021 and 2020 were \$0 and \$115, respectively. During the year ended December 31, 2021, forfeitures of \$29,054 were used to reduce Company contributions and forfeitures of \$34,595 were used to pay administrative expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are stated at fair market value. The Plan’s custodians, Principal Trust Company and Principal Life Insurance Company, an affiliate of Principal Trust Company, certified the fair market value of all investments as of December 31, 2021 and 2020. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payments of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants

Note 2 – Summary of Significant Accounting Policies (continued)

are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Risks and uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 15, 2022, the date the financial statements are available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy under generally accepted accounting principles that prioritizes the inputs to valuation methodologies used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quote prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a

Note 3 – Fair Value Measurements (continued)

specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methodologies used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies at December 31, 2021 and 2020. Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies (mutual funds) – Valued at the daily closing price by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

Guaranteed investment contract – Valued at fair value by discounting the related cash flows based on the current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The guaranteed investment contract with Principal Trust Company is non-benefit responsive and measured at fair value. Fair value is based upon a discounted cash flow calculated using an appropriate risk-adjusted market discount rate. For the years ended December 31, 2021 and 2020, the crediting interest rates were 1.55% and 1.60%, respectively.

The valuation methodologies used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2021 and 2020:

December 31, 2021				
	Fair Value	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Pooled Separate Accounts	<u>\$ 39,524,146</u>	Daily	1 day	(a)
December 31, 2020				
	Fair Value	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Pooled Separate Accounts	<u>\$ 9,119,232</u>	Daily	1 day	(a)

(a) These investments allow one transfer per 30-day period. The transfer restriction applies to all participant directed transfers out of these investments, including non-scheduled rebalancing activity.

Once the number of allowed transfers is met, participants are not allowed to transfer back into this investment option until the holding period elapses. Contributions into the investment option are not impacted.

The following tables disclose, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2021 and 2020:

Fair Value Measurement at December 31, 2021				
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy				
Registered investment companies	\$ 15,997,462	\$ -	\$ -	\$ 15,997,462
Guaranteed investment contract	-	-	3,989,209	3,989,209
Total assets in the fair value hierarchy	<u>\$ 15,997,462</u>	<u>\$ -</u>	<u>\$ 3,989,209</u>	19,986,671
Investments measured at NAV (practical expedient)				<u>39,524,146</u>
Investments at fair value				<u>\$ 59,510,817</u>

Note 3 – Fair Value Measurements (continued)

	Fair Value Measurement at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy				
Registered investment companies	\$ 26,131,493	\$ -	\$ -	\$ 26,131,493
Guaranteed investment contract	-	-	14,027,728	14,027,728
Total assets in the fair value hierarchy	<u>\$ 26,131,493</u>	<u>\$ -</u>	<u>\$ 14,027,728</u>	<u>40,159,221</u>
Investments measured at NAV (practical expedient)				<u>9,119,232</u>
Investments at fair value				<u>\$ 49,278,453</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. The Plan administrator evaluates the significance of transfers between levels based upon the nature of the financial instrument and the size of the transfer relative to total net assets available for benefits.

The following table discloses the summary of certain changes in the fair value of the Plan's Level 3 investment asset for the year ended December 31, 2021:

	Guaranteed Investment Contract
Purchases	\$ 3,153,945
Issuances	-
Transfers in	-
Transfers out	-

The following table represents the Plan's Level 3 investment asset, the valuation techniques used to measure the fair value as of December 31, 2021 and 2020, respectively, and the significant unobservable inputs and the ranges of values for those inputs:

	Fair Value at December 31,		Principal Valuation Techniques	Significant Unobservable Inputs	Range of Significant Input Values	Weighted Average
	2021	2020				
Guaranteed investment contract	\$ 3,989,209	\$ 14,027,728	Discounted cash flow	Discount rate Duration (years)	1.55% - 1.60% 2 years	1.59%

Note 4 – Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor’s regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Plan’s sponsor, and certain others. Delaware Charter Guarantee & Trust Company, a Delaware Corporation conducting business under the trade name of Principal Trust Company, is the trustee of the Plan and an affiliate of the Principal Financial Group and Principal Life Insurance Company and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Fees related to the administration of notes receivable from participants and fees related to Qualified Domestic Relations Orders are paid to parties-in-interest. Other fees to parties-in-interest were paid from revenue sharing and Plan assets.

The Plan held the following assets with parties-in-interest at December 31, 2021 and 2020:

Party-in-Interest	Description of Investment	2021	2020
Principal Life Insurance Company	Guaranteed Investment Contract	\$ 3,989,209	\$ 14,027,728
Principal Trust Company	Pooled Separate Accounts	39,524,146	9,119,232
Participants	Notes receivable	1,089,519	1,181,437

Certain administrative functions are performed by officers or employees. No such officer or employee receives compensation from the Plan.

Note 5 – Tax Status

The Plan adopted a prototype non-standardized defined contribution plan sponsored by Principal Life Insurance Company. Principal Life Insurance Company received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The opinion letter stated that the Plan, as then designed met the requirements of the applicable sections of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administration has evaluated the Plan’s tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the trustee of the Plan, and Principal Life Insurance Company, an affiliate of Principal Trust Company, as of and for the years ended December 31, 2021 and 2020, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for the year ended December 31, 2021.
- Investments reflected on the schedule of assets (held at end of year).

Note 7 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant’s account become fully vested.

Note 8 – Reconciliation to Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for the periods ending December 31, 2021 and 2020.
