Independent Auditor's Report

To the Board of Trustees of
Premier Health Care Management, Inc.
401(K) Profit Sharing Plan
Cincinnati, Ohio

Report on the Financial Statements

We have performed an audit of the accompanying financial statements of Premier Health Care Management, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Premier Health Care Management, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Premier Health Care Management, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Premier Health Care Management, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Premier Health Care Management, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at the end of year) and the schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We audited the 2020 financial statements of Premier Health Care Management, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Our report dated October 4, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules

other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Premier Health Care Management, Inc. 401(K) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021

1. Description of the Plan

Premier Healthcare Management, Inc. 401(K) Profit Sharing Plan (the "Plan") was established on August 1, 2002, was amended and restated most recently effective July 2017, to among other provisions, to include all eligible employees that are employed at Premier Health Care Management, Inc. ("Company"). The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution retirement plan covering all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Each year, participants may elect to defer a portion of their compensation to the Plan subject to an annual maximum amount pursuant to the applicable code section of the Internal Revenue Code limited to the maximum amount allowed by the law, which is \$19,500 for 2021. During 2021, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to an additional \$6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution equal to a uniform percentage of your salary deferral. During 2020, the Company elected to contribute a discretionary matching contribution of 25% of the amount of salary deferrals up to 4% of compensation.

The Company may also elect to make a profit-sharing contribution without regard to accumulated net profits of the employer. The contribution is allocated in the same ratio of compensation of each eligible participant to total eligible compensation. There were no profit-sharing contributions in 2021.

The Company may also elect to make a Qualified Non-Elective Contribution (QNEC) for the benefit of such participants determined at the discretion of the Company.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, plus earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Funding Policy – The Company's funding policy is to make the contributions to the Plan as soon as administratively feasible.

Vesting - Participant contributions and rollover contributions, and earnings or losses thereon are fully vested at all times. Employer contributions, profit sharing contributions and earnings and losses thereon are vested as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1	25%
2	50%
3	75%
4	100%

Benefit Payments – Upon termination of employment, including disability, a participant (or the participant's beneficiary) with \$1,000 or more in vested benefits may elect to receive a lump-sum distribution equal to the participant's vested account balance. For distribution on account of death, an election can be made by the beneficiary to receive distributions over the life of the beneficiary. A participant with less than \$1,000 in vested benefits will have their account balance distributed directly in cash.

In response to the COVID-19 pandemic ("COVID-19"), on March 27, 2020, the U.S. Federal Government enacted the Coronavirus Aid, Relief and Economic Security Act ("Cares Act"). The Plan adopted certain provisions of the CARES Act that provided temporary relief for eligible plan participants, such as, penalty-free distributions of up to \$100,000 on or before December 31, 2020 for qualifying COVID-19 related reasons and permitted a waiver on required minimum distributions in 2020.

In-Service and Hardship Withdrawals – While a participant is employed with the Company, they may make withdrawals in cash of amounts applicable to participant and employer contributions and compensation or losses thereon, subject to certain restrictions. A participant can take hardship withdrawals for Immediate and Heavy Financial Need, as defined in the Plan document. A participant's hardship withdrawal will preclude the participant from making additional employee before-tax contributions to the Plan for a six-month period after the hardship withdrawal. Participant before-tax contributions and matching contributions can be withdrawn after attainment of age 59 ½.

Notes Receivable from Participants – The Plan allows participants to borrow against their vested account balance in the Plan. Participants may borrow up to the lesser of (1) \$50,000, minus the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made or (2) one-half the present value of their vested account balance. The minimum loan amount is \$500. The loans are secured by the balance in the participant's account and bear a market rate of interest ranging from 4.25% to 6.50%, which is determined on the loan origination date. Principal and interest is paid through payroll deductions over a period of no greater than five years.

The Plan adopted certain provisions of the CARES Act which increased the maximum amount of plan loans to \$100,000 or 100% of the participant's account balance and allowed loan repayments to be suspended for up to one year without causing the loan to become delinquent and go into default.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are

Premier Health Care Management, Inc. 401(K) Profit Sharing Plan
Notes to Financial Statements

charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America as applied to defined contribution plans and in accordance with the terms of the trust agreement.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contracts and their related activity on a contract value basis (see Note 5).

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions during the reporting periods. Actual results could materially differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits - Benefits are recorded when paid.

3. Information Prepared and Certified by Custodian

Matrix Trust Company, LLC ("Matrix") held the Plan's investment assets and executed transactions therein as of and for the years ended December 31, 2021 and 2020. The following is a summary of the Plan's financial information certified by Matrix as complete and accurate in accordance with section 2520.103-8 of the Department of Labor's rules and regulations for reporting and disclosure under ERISA. Also, the information included in the supplementary schedule, Schedule of Assets (Held at End of Year) was certified by Matrix.

Changes in net assets for the year ended December 31, 2021, not audited, include the following:

Changes in net assets not audited include the following:

Net appreciation in fair value of investments	\$ 354,582
Net depreciation in contract value of common/collective trust	(36,802)
Dividends	26,543
Interest income on notes receivable from participants	1,025
	<u>\$ 345,348</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Investments and Fair Value Measurements

The Plan applies FASB ASC 820, *Fair Value Measurement* ("ASC 820"). FASB ASC 820 provides a framework for measuring fair value and the disclosures about fair value measurements of assets and liabilities. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Premier Health Care Management, Inc. 401(K) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

<i>Registered Investment Companies:</i>	Valued at the daily closing price as reported by the fund. Registered investment companies (mutual funds) held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.
---	---

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Investment Assets at Fair Values as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	\$ 32	\$ -	\$ -	\$ 32
Investments at Fair Value	\$ 32	\$ -	\$ -	\$ 32

	Investment Assets at Fair Values as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	\$ 3,901,748	\$ -	\$ -	\$ 3,901,748
Investments at Fair Value	\$ 3,901,748	\$ -	\$ -	\$ 3,901,748

5. Fully Benefit-Responsive Investment Contract with Matrix Trust Company

The Plan has a traditional fully-benefit-responsive guaranteed investment contract with Matrix totaling \$0 at December 31, 2021 and \$573,312 at December 31, 2020. Matrix maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest rate is based on a formula established by the contract issuer but may not be less than 0%. The interest rate is reset every quarter as determined by Matrix Trust. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Premier Health Care Management, Inc. 401(K) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value under ASU 2015-12. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Matrix Trust, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. See subsequent events footnote for additional information.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6. Party In Interest Transactions

Certain Plan investments are mutual funds or guaranteed accounts of Matrix Trust Company, LLC, which is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services and audit fee amounted to \$10,824 for the year ended December 31, 2021, included in administrative expenses. The Plan Sponsor pays directly any other fees related to the plan's operations.

7. Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements. COVID-19 adversely affected global market activity and caused increased volatility and uncertainty in financial markets. Because the values of the Plan's individual investments have and will continue to fluctuate in response to changing market conditions, the amount of any potential decrease in the Plan's investments that may be reported in subsequent periods cannot be determined as of the date the financial statements were available to be issued.

Premier Health Care Management, Inc. 401(K) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021

In June 2020, the Hamilton County Court of Common Pleas judges appointed three separate receivers as custodians of the Premier Health Care nursing homes. These receivers were tasked with running daily operations and marketing the facilities for sale. These receivers were appointed after an attorney for Huntington Bank, which is suing the Premier Health Care Management related companies, raised concerns that the nursing homes were in imminent danger of collapse because assets were frozen as part of the court battle.

8. Plan Termination

The Company terminated the Plan effective July 1, 2021. Due to the plan termination, participants became fully vested in the balance of their accounts and the plan assets were distributed in accordance with the terms of the Plan.

9. Tax Status of the Plan

The Internal Revenue Service (IRS) has issued an opinion letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed to comply with the applicable requirements of the IRC and ERISA, and is intended to be operated in compliance with such requirements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Reconciliation of Financial Statements to Form 5500
