Independent Auditors' Report

Plan Administrator
Mechatronics, Inc. 401(k) Profit Sharing Plan
Preston, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Mechatronics, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have an audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section -

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Mechatronics, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mechatronics, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and

Plan Administrator
Mechatronics, Inc. 401(k) Profit Sharing Plan
Preston, Washington

therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mechatronics, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mechatronics, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i) – schedule of assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Mechatronics, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 27, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MECHATRONICS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan:

The following description of the Mechatronics, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan for the employees of Mechatronics, Inc. (the Company), except all leased employees and independent contractors. Generally, employees of the Company are eligible to participate in the Plan following three months of service, during which an employee has attained age 21. Employees may enter the plan on the first day of the month following attainment of eligibility requirements. The Plan was established on July 1, 1980 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as the Plan Administrator and is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions:

Each year, a participant may contribute up to 100% of their annual eligible compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified plans (rollovers).

The Company will automatically withhold and contribute to the Plan 3% of eligible compensation for newly eligible participants and their contributions are invested in a designated investment, unless the participant elects not to participate or changes are made by the participants. Their deferral rate will increase by 1% annually after the end of the second Plan year until a deferral rate of 6% has been reached, unless the participant opts out of the auto-increase.

The Company makes safe harbor matching contributions to the Plan equal to 100% of the participant's deferrals that do not exceed 1% of their compensation, plus 50% of the participant's deferrals between 1% and 6% of their compensation. Matching contributions are limited to 3.5% of compensation. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued):

Contributions (continued):

In addition, the Company may also contribute discretionary contributions. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive discretionary contributions. There were no discretionary contributions for the year ended December 31, 2021.

Participant accounts:

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of contributions into various investment options offered by the Plan.

Vesting:

Participants are immediately vested in their contributions plus earnings thereon. Participants are 100% vested in the Company's safe harbor matching contributions after two years of credited service, unless the participant is of retirement age.

Forfeitures:

Forfeited balances of participants' nonvested accounts are used first to pay the Plan's administrative expenses, with any excess applied to reduce future employer matching and discretionary contributions. Forfeited nonvested accounts were \$7 and \$6,037 as of December 31, 2021 and 2020, respectively. Forfeitures were used to pay administrative expenses of \$6,125 during 2021.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued):

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of the vested account balance, or \$50,000, less the highest outstanding loan balance in the prior 12 months. Principal and interest are repaid through payroll deductions over the life of the loan. The loans are secured by the balance in the participant's account and the loan term cannot exceed a term of five years, unless for the purchase of a principal residence, in which case, the term of the loan is not to exceed 15 years. The loan bears interest at the Wall Street Journal prime rate, plus 1%. As of December 31, 2021, interest rates between 4.00% and 6.50% are being charged on loans outstanding. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

On termination of service due to termination of employment, death, disability, or retirement, participants or their designated beneficiaries may elect to receive either a lump sum distribution equal to the value of the participant's vested interest in their account or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In-service withdrawals are permitted after age 59½, or from the rollover account at any time. Qualified reservist distributions are also permitted. Account balances under \$5,000 will be paid in a lump sum payment.

Hardship withdrawals are available only to the extent that the participant has no other financial resources to meet the financial need as defined in the Plan, and the amount of the withdrawal cannot exceed the amount needed.

Matching contributions received after January 1, 2009, are not available for in-service withdrawals in case of hardship. A participant's right to make contributions to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's advisers. Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when paid. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at the unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2021 or 2020. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan documents.

Payment of benefits:

Benefits are recorded when paid.

MECHATRONICS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued):

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses when they are incurred. Investment related expenses are included in net appreciation in fair value of investments. Investment advisory fees are paid directly by the Plan and are shown separately on the statement of changes in net assets available for benefits.

Reclassification:

Certain prior year amounts have been reclassified to conform with current year presentation.

Subsequent events:

The Plan has evaluated subsequent events through August 31, 2022, the date on which the financial statements were available to be issued.

3. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

MECHATRONICS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Fair value measurements (continued):

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Collective trust fund: The fair value of the collective trust fund is valued at the net asset value of units of the bank collective trusts. The net asset value is used as a practical expedient to estimate fair value and would not be used if it became probable that the fund would sell the investment for an amount different from the reported net asset value. Investments measured at fair value using net asset value as a practical expedient have not been classified in the fair value hierarchy. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trusts, the issuers reserve the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. Certified investments:

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Bank, the trustee of the Plan.

5. Investments in certain entities that calculate net asset value:

Following is a summary of the Plan's commitments and investments in certain entities that calculate net asset value, as of December 31, 2021:

<u>Investment type</u>	<u>Fair Value</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Collective trust fund	{a} \$ 1,159,400	Daily	None

{a} The collective trust fund is a direct filing entity with the U.S. Department of Labor; therefore, information regarding the investments' strategies are not disclosed.

There were no unfunded commitments as of December 31, 2021.

6. Related party transaction and party-in-interest transactions:

Certain Plan investments are managed by Charles Schwab. Charles Schwab is a custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Revenue sharing fees collected from various mutual fund companies by Charles Schwab are first used to offset the Plan's administrative costs; any remaining revenue sharing is credited back to the Plan and is included in net appreciation in fair value of investments.

7. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

MECHATRONICS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

8. Tax status:

The Plan adopted a prototype non-standardized profit sharing plan with Thorson Barnett & McDonald, P.C., a service provider used by the Plan Administrator. The prototype plan received a favorable determination letter from the IRS, dated March 31, 2014, that stated the prototype plan and related trust are designed in accordance with application sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

9. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
