Independent Auditor's Report

Opinion

We have audited the accompanying financial statements of the White Castle Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The supplemental Schedule of Mutual Fund Investments as of December 31, 2021 and supplemental Schedule of Real Estate as of December 31, 2021 are also presented for the purpose of additional analysis and are not a required part of the financial statements. Such information is the responsibility of the Plan's management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WHITE CASTLE PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2021 and 2020

Plan Description

The following brief description of the White Castle Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information. Copies of this document are available from the plan administrator.

General

The Plan is a non-contributory defined contribution plan covering substantially all employees of White Castle System, Inc. and Subsidiaries (the Corporation and Plan Sponsor), who meet certain eligibility requirements set forth in the plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

The Corporation's contributions to the Plan are determined annually by the Board of Directors of the Corporation on a discretionary basis. The contributions of the Corporation are made in cash. The plan agreement provides for contributions to each participant's account in proportion to each participant's compensation for the plan year and provides certain benefits based on the accumulated value of the participant's account at retirement or termination. Contributions are invested by the Plan for the benefit of its participants.

Participant Accounts

Each participant's account is credited with the allocations of (a) the Corporation's contributions and forfeited balances of terminated participants' non-vested accounts and (b) plan earnings, net of administrative expenses.

Vesting

A participant's interest in his or her account generally vests based upon years of service and is subject to the following vesting percentage provisions:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

The plan agreement allows participants to borrow funds from the Plan up to a maximum of \$50,000 or 50% of the participant's vested account balance, whichever is less. Loans must be repaid within five years unless the loan is granted to allow the participant to purchase his or her principal residence. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates and range from 4.25% to 6.50%. Principal and interest are paid ratably primarily through payroll deductions.

WHITE CASTLE PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2021 and 2020

Plan Description (continued)

Payment of Benefits

Upon termination of employment for any reason, including death or disability, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant is also eligible to receive a distribution from their account upon reaching normal or early retirement age, which is 65 or 55 years of age, respectively. Other forms of benefit payments, such as installment payments may also be requested. The Plan also provides for in-service distributions if certain financial hardship conditions are met or upon reaching age 70½ while employed by the Corporation.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include discounted notes purchased from United States Government agencies with a remaining term of less than three months at the date of purchase. The Plan maintains its cash and cash equivalents at financial institutions, and, at times, balances may exceed federally insured limits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowances for credit losses have been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Mutual funds are valued at the quoted prices of their respective markets. Investments in real estate are valued based upon capitalization of annual rental income derived therefrom. The capitalization rate used was 6.5% and 7.0% for 2021 and 2020, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contingent rental income is recorded once it has been determined that sales for the specific location have exceeded the contractual threshold amount.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

Forfeitures are allocated in the year forfeitures are incurred to participant accounts based on their relative account balances. Total forfeitures of \$56,178 and \$32,161 were allocated to participant accounts during 2021 and 2020, respectively. There were no unallocated forfeitures as of December 31, 2021 or 2020.

Administrative Expenses

All costs and expenses incurred with regard to the purchase, sale or transfer of investments and other assets in connection with the operation of the Plan and certain professional fees are borne by the Plan. Expenses such as those related to the creation and the continuing existence of the Plan, amending and revising the Plan, and liability insurance premiums are borne by the Corporation.

CARES Act

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief and Economic Security (CARES) Act." The CARES Act, among other things, included several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions for 2020:

- Emergency Coronavirus distributions up to \$100,000
- Increase of maximum participant loan balance from \$50,000 to \$100,000, loan repayment suspension and extension of loan term up to one year
- Suspension of Required Minimum Distributions for 2020

Real Estate and Other Transactions with Parties-in-Interest

The Plan owns certain real property (land) which it leases to the Corporation. The lease terms average 15 to 20 years and the initial rentals provided are based upon current rates of rental return at the time the lease is negotiated with provisions for additional contingent rentals based upon a percentage of restaurant sales.

Total rental income for all leases amounted to:

	2021	2020
Minimum rentals	\$ 1,702,887	\$ 1,758,223
Contingent rentals	963,102	845,111
Total	\$ 2,665,989	\$ 2,603,334

The future minimum rentals as of December 31, 2021 for all leases are as follows:

2022	\$ 1,883,391
2023	1,604,629
2024	1,465,523
2025	1,273,206
2026	704,600
Thereafter	466,223
Total	\$ 7,397,572

The majority of the leases have renewal options ranging from 5 to 10 years and experience has shown that practically all leases have been renewed.

The plan agreement has been amended to comply with ERISA and permits holdings of sponsoring employer real property not to exceed 50 percent of plan assets. The Plan did not exceed this limit during 2021 or 2020.

Investments

The Plan's mutual fund investments are held by UBS Financial Services, Inc. All investments of the Plan are non-participant directed.

During 2021 and 2020, the Plan's investments (including investments bought, sold, as well as held during the year) appreciated in fair value as follows:

	2021	2020
Mutual funds	\$ 10,111,167	\$ 14,922,424
Real estate	4,663,934	3,955,460
Total	\$ 14,775,101	\$ 18,877,884

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Level 3 are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Mutual Funds:* Valued at quoted market prices for the number of shares held by the Plan at year-end.
- Real Estate:* Valued at the estimated market value of real estate holdings, based upon the capitalization of annual rental income using a capitalization rate applied to current annual rental income using the greater of minimum rentals under non-cancellable lease agreements or actual contingent rental earned during the year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual funds and real estate were considered to be Level 1 and Level 3 investments, respectively, as of December 31, 2021 and 2020.

Fair Value Measurements (continued)

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

Real estate investments are valued using the direct capitalization of income approach. The significant unobservable input used in the fair value measurement of the Plan's real estate investments is the selection of the terminal capitalization rate. Significant increases (decreases) in the input would result in significantly lower (higher) fair value measurements, respectively. The capitalization rate used was 6.5% and 7.0% for 2021 and 2020, respectively. There were no purchases of real estate by the Plan during 2021 or 2020. Sales of real estate totaled \$1,381,120 during 2020 with a realized gain on sale of \$1,000,120 during 2020. There were no sales of real estate during 2021.

Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event such discontinuance results in the termination of the Plan, the plan agreement provides that participants acquire non-forfeitable interests for amounts contributed to the date of termination.

Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 9, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. The Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Party-in-Interest Transactions

Certain administrative expenses paid by the Plan to UBS Financial Services, Inc. for investment advisory services, to Cozen O'Connor and Porter Wright Morris and Arthur for legal services, and to GBQ Partners LLC for audit services, qualify as party-in-interest transactions. Fees paid by the Plan for these administrative expenses were \$168,754 and \$136,337 in 2021 and 2020, respectively.

Notes to Financial Statements

December 31, 2021 and 2020

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
