Wolverine Fuels Holding, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Wolverine Fuels Holding, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Administrator
Wolverine Fuels Holding, LLC 401(k) Plan

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Plan Administrator
Wolverine Fuels Holding, LLC 401(k) Plan

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 20, 2021, we indicated that (a) because of the significance of the information we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Wolverine Fuels Holding, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

The following description of the Wolverine Fuels Holding, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan available to eligible employees of Wolverine Fuels, LLC and Canyon Fuel Company, LLC (collectively referred to as the “Plan Sponsor”). Employees are excluded from the Plan if they are residents of Puerto Rico, covered by a collective bargaining agreement (unless the agreement requires the employees to be included under the Plan), leased employees, and temporary, seasonal, and interim employees. Participation in the Plan is strictly voluntary, and employees are eligible to participate on their date of hire. Newly eligible employees are automatically enrolled in the Plan at a 6% pre-tax deferral rate unless they affirmatively elect not to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Management of the Plan Sponsor is responsible for oversight of the Plan and for determining the appropriateness of the Plan’s investment offerings and monitoring the investment performance. Transactions are processed through Fidelity Management Trust Company (Fidelity).

Contributions

Participants may defer 401(k) contributions up to 60% of their pre-tax annual compensation and 100% of their after-tax annual compensation, as defined by the Plan Document, subject to the maximum contributions permitted by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions to the Plan. Participants may also contribute to the Plan amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor made safe harbor matching contributions to the Plan during 2021 equal to 100% of participant deferrals up to 6% of compensation. Participants are eligible to receive these safe harbor matching contributions at the same time they are eligible for participation in the Plan. The Plan Sponsor, at its discretion, may also make discretionary matching, qualified matching, discretionary nonelective and qualified nonelective contributions to the Plan. Plan Sponsor discretionary matching contributions, if any, are limited to 4% of participant’s eligible compensation for the plan year. During 2021, the Plan Sponsor did not make any discretionary contributions to the Plan.

Cash contributions receivables, if any, are unsecured.

Wolverine Fuels Holding, LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's and the Plan Sponsor's contributions, as well as allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on the participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions, Plan Sponsor safe harbor matching contributions, qualified matching, and qualified nonelective contributions, if any, plus actual earnings thereon. Vesting of the Plan Sponsor's discretionary matching and discretionary nonelective contributions portion of their accounts plus related earnings is based on years of vesting service, as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 3	0%
3	100%

Upon retirement, death, or disability, participants become 100% vesting in their entire account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. One note can be outstanding at a time per participant. The notes are required to bear interest at a reasonable rate determined by the Plan Administrator and are generally repayable in level periodic payments over various terms of up to five years, except for those utilized for the acquisition of a principal residence, which may be repaid over a period of time up to ten years. The notes are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Wolverine Fuels Holding, LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits

If the participant's vested benefit in the Plan does not exceed \$1,000 at the time of termination of employment, the participant's benefit may be distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds \$1,000 at the time of termination but is less than \$5,000, their account will be rolled into an individual retirement account. If the participant's vested benefit in the Plan exceeds \$5,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump-sum distribution, or rollover their account balance into an individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½ (subject to certain limitations) or upon retirement, death, or disability.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures totaled \$46,605 in 2021. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$157 and \$2,424, respectively. Forfeitures may be used to pay administrative expenses or to reduce future Plan Sponsor contributions. During 2021, Plan Sponsor contributions were reduced by \$48,585 from forfeited non-vested accounts.

Other Unallocated Assets

As of December 31, 2021 and 2020, other unallocated assets totaled \$125,160 and \$32,328, respectively, which may also be used to pay administrative expenses or to reduce future Plan Sponsor contributions. During 2021, administrative expenses were reduced by \$12,000 from other unallocated assets.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Annual returns filed under applicable provisions of ERISA and the Internal Revenue Code (IRC) are filed on the modified cash basis of accounting.

Investments

Investments are reported at fair value. Fair value (*Note 5*) is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's management determines the Plan's valuation policies utilizing information provided by Fidelity.

Wolverine Fuels Holding, LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Investments (continued)

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Upon default of notes receivable from participants, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the IRC, has occurred, the note receivable will be foreclosed on and be offset against the participant's account balance. If a participant's note receivable is in default, the participant shall be treated as having a taxable deemed distribution whether or not a distribution event has occurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain plan administrative expenses are paid by the Plan Sponsor. Expenses paid by the Plan Sponsor are excluded from these financial statements. Certain investment related expenses are included in net realized and unrealized appreciation in the fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, the participants will become 100% vested in their accounts.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

The Plan has evaluated subsequent events through September 7, 2022, the date the financials were available to be issued.

3. Tax Status

The Plan adopted a volume submitter plan sponsored by FMR LLC, which received an opinion letter from the IRS dated June 30, 2020, which states the plan, as then designed, was in compliance with the applicable requirements of the IRC and was, therefore, not subject to tax under present income tax law. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, accordingly, remains exempt from income taxes.

4. Certified Information (Unaudited)

Fidelity holds the Plan's investment assets and executes transactions therein. Financial information relating to those assets is included in the accompanying financial statements based upon information supplied to the Plan Administrator and certified as complete and accurate by Fidelity. That information is summarized below as of December 31, 2021 and 2020 and for the year ended December 31, 2021:

	Net Appreciation in Fair Value During 2021	Fair Value as of December 31
2021:

4. Certified Information (Unaudited) (continued)

Notes receivable from participants total \$2,330,548 and \$2,638,291 as of December 31, 2021 and 2020, respectively. Interest earned on notes receivable from participants totaled \$143,451 in 2021.

Dividend and interest income from the common collective trust of a party-in-interest totaled \$13,020 in 2021. Dividend and interest income from mutual funds of a party-in-interest totaled \$3,274,219 in 2021. Dividend and interest income from other investments totaled \$3,175,191 in 2021.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under U.S. GAAP are described below.

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level for the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

5. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Common collective trust (Fidelity Managed Income Portfolio Fund): Valued at the net asset value (NAV) which equals the number of shares of the respective underlying fund, multiplied by the closing NAV per share quoted by that fund. The NAV is used as a practical expedient to estimate fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Valued based on the underlying NAV's of the investments in the account. The Plan accounts consist of a money market mutual fund, common stocks and unit investment trusts that are registered with the SEC. The underlying investments held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Level 1	Level 2	Level 3	Total
2021:				
Mutual funds	\$ 75,086,981	\$ –	\$ –	\$75,086,981
Self-directed brokerage accounts	1,293,232	–	–	1,293,232
Total investments at fair value	<u>\$ 76,380,213</u>	<u>\$ –</u>	<u>\$ –</u>	<u>76,380,213</u>
Common collective trust *				2,549,589
				<u>\$78,929,802</u>
2020:				
Mutual funds	\$71,771,567	\$ –	\$ –	\$71,771,567
Self-directed brokerage accounts	1,150,355	–	–	1,150,355
Total investments at fair value	<u>\$72,921,922</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$72,921,922</u>

* - In accordance with Subtopic 820-10, the Plan's interest in the common collective trust is measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been classified in the fair value hierarchy. The NAV is determined by Fidelity and is based on the fair value of the underlying assets held by the funds plus the contract value of the fully benefit-responsive wrapper contract, if any. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Fair Value Measurements (continued)

The following table summarizes investments measuring at fair value based on NAV per share as of December 31:

Investment Type	2021 Fair Value	2020 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice For Period
Common collective trust	\$2,549,589	\$ —	None	Daily	Daily

6. Party-in-Interest Transactions

Certain plan investments are managed by Fidelity. Fidelity is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

Wolverine Fuels Holding, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Wolverine Fuels Holding, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Administrator
Wolverine Fuels Holding, LLC 401(k) Plan

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Plan Administrator
Wolverine Fuels Holding, LLC 401(k) Plan

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 20, 2021, we indicated that (a) because of the significance of the information we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Wolverine Fuels Holding, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

The following description of the Wolverine Fuels Holding, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan available to eligible employees of Wolverine Fuels, LLC and Canyon Fuel Company, LLC (collectively referred to as the “Plan Sponsor”). Employees are excluded from the Plan if they are residents of Puerto Rico, covered by a collective bargaining agreement (unless the agreement requires the employees to be included under the Plan), leased employees, and temporary, seasonal, and interim employees. Participation in the Plan is strictly voluntary, and employees are eligible to participate on their date of hire. Newly eligible employees are automatically enrolled in the Plan at a 6% pre-tax deferral rate unless they affirmatively elect not to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Management of the Plan Sponsor is responsible for oversight of the Plan and for determining the appropriateness of the Plan’s investment offerings and monitoring the investment performance. Transactions are processed through Fidelity Management Trust Company (Fidelity).

Contributions

Participants may defer 401(k) contributions up to 60% of their pre-tax annual compensation and 100% of their after-tax annual compensation, as defined by the Plan Document, subject to the maximum contributions permitted by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions to the Plan. Participants may also contribute to the Plan amounts representing distributions from other qualified retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor made safe harbor matching contributions to the Plan during 2021 equal to 100% of participant deferrals up to 6% of compensation. Participants are eligible to receive these safe harbor matching contributions at the same time they are eligible for participation in the Plan. The Plan Sponsor, at its discretion, may also make discretionary matching, qualified matching, discretionary nonelective and qualified nonelective contributions to the Plan. Plan Sponsor discretionary matching contributions, if any, are limited to 4% of participant’s eligible compensation for the plan year. During 2021, the Plan Sponsor did not make any discretionary contributions to the Plan.

Cash contributions receivables, if any, are unsecured.

Wolverine Fuels Holding, LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's and the Plan Sponsor's contributions, as well as allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on the participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions, Plan Sponsor safe harbor matching contributions, qualified matching, and qualified nonelective contributions, if any, plus actual earnings thereon. Vesting of the Plan Sponsor's discretionary matching and discretionary nonelective contributions portion of their accounts plus related earnings is based on years of vesting service, as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 3	0%
3	100%

Upon retirement, death, or disability, participants become 100% vesting in their entire account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. One note can be outstanding at a time per participant. The notes are required to bear interest at a reasonable rate determined by the Plan Administrator and are generally repayable in level periodic payments over various terms of up to five years, except for those utilized for the acquisition of a principal residence, which may be repaid over a period of time up to ten years. The notes are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Wolverine Fuels Holding, LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits

If the participant's vested benefit in the Plan does not exceed \$1,000 at the time of termination of employment, the participant's benefit may be distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds \$1,000 at the time of termination but is less than \$5,000, their account will be rolled into an individual retirement account. If the participant's vested benefit in the Plan exceeds \$5,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump-sum distribution, or rollover their account balance into an individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½ (subject to certain limitations) or upon retirement, death, or disability.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures totaled \$46,605 in 2021. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$157 and \$2,424, respectively. Forfeitures may be used to pay administrative expenses or to reduce future Plan Sponsor contributions. During 2021, Plan Sponsor contributions were reduced by \$48,585 from forfeited non-vested accounts.

Other Unallocated Assets

As of December 31, 2021 and 2020, other unallocated assets totaled \$125,160 and \$32,328, respectively, which may also be used to pay administrative expenses or to reduce future Plan Sponsor contributions. During 2021, administrative expenses were reduced by \$12,000 from other unallocated assets.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Annual returns filed under applicable provisions of ERISA and the Internal Revenue Code (IRC) are filed on the modified cash basis of accounting.

Investments

Investments are reported at fair value. Fair value (*Note 5*) is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's management determines the Plan's valuation policies utilizing information provided by Fidelity.

2. Summary of Significant Accounting Policies (continued)

Investments (continued)

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Upon default of notes receivable from participants, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the IRC, has occurred, the note receivable will be foreclosed on and be offset against the participant's account balance. If a participant's note receivable is in default, the participant shall be treated as having a taxable deemed distribution whether or not a distribution event has occurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain plan administrative expenses are paid by the Plan Sponsor. Expenses paid by the Plan Sponsor are excluded from these financial statements. Certain investment related expenses are included in net realized and unrealized appreciation in the fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, the participants will become 100% vested in their accounts.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through September 7, 2022, the date the financials were available to be issued.

3. Tax Status

The Plan adopted a volume submitter plan sponsored by FMR LLC, which received an opinion letter from the IRS dated June 30, 2020, which states the plan, as then designed, was in compliance with the applicable requirements of the IRC and was, therefore, not subject to tax under present income tax law. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, accordingly, remains exempt from income taxes.

4. Certified Information (Unaudited)

Fidelity holds the Plan's investment assets and executes transactions therein. Financial information relating to those assets is included in the accompanying financial statements based upon information supplied to the Plan Administrator and certified as complete and accurate by Fidelity. That information is summarized below as of December 31, 2021 and 2020 and for the year ended December 31, 2021:

	Net Appreciation in Fair Value During 2021	Fair Value as of December 31

4. Certified Information (Unaudited) (continued)

Notes receivable from participants total \$2,330,548 and \$2,638,291 as of December 31, 2021 and 2020, respectively. Interest earned on notes receivable from participants totaled \$143,451 in 2021.

Dividend and interest income from the common collective trust of a party-in-interest totaled \$13,020 in 2021. Dividend and interest income from mutual funds of a party-in-interest totaled \$3,274,219 in 2021. Dividend and interest income from other investments totaled \$3,175,191 in 2021.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under U.S. GAAP are described below.

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level for the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

5. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Common collective trust (Fidelity Managed Income Portfolio Fund): Valued at the net asset value (NAV) which equals the number of shares of the respective underlying fund, multiplied by the closing NAV per share quoted by that fund. The NAV is used as a practical expedient to estimate fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Valued based on the underlying NAV's of the investments in the account. The Plan accounts consist of a money market mutual fund, common stocks and unit investment trusts that are registered with the SEC. The underlying investments held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Level 1	Level 2	Level 3	Total
2021:				
Mutual funds	\$ 75,086,981	\$ –	\$ –	\$75,086,981
Self-directed brokerage accounts	1,293,232	–	–	1,293,232
Total investments at fair value	<u>\$ 76,380,213</u>	<u>\$ –</u>	<u>\$ –</u>	<u>76,380,213</u>
Common collective trust *				2,549,589
				<u>\$78,929,802</u>
2020:				
Mutual funds	\$71,771,567	\$ –	\$ –	\$71,771,567
Self-directed brokerage accounts	1,150,355	–	–	1,150,355
Total investments at fair value	<u>\$72,921,922</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$72,921,922</u>

* - In accordance with Subtopic 820-10, the Plan's interest in the common collective trust is measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been classified in the fair value hierarchy. The NAV is determined by Fidelity and is based on the fair value of the underlying assets held by the funds plus the contract value of the fully benefit-responsive wrapper contract, if any. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Fair Value Measurements (continued)

The following table summarizes investments measuring at fair value based on NAV per share as of December 31:

Investment Type	2021 Fair Value	2020 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice For Period
Common collective trust	\$2,549,589	\$ —	None	Daily	Daily

6. Party-in-Interest Transactions

Certain plan investments are managed by Fidelity. Fidelity is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.
