Independent Auditors' Report

To the Retirement Plan Committee of the
Morris, Nichols, Arsht, & Tunnell LLP 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Morris, Nichols, Arsht, & Tunnell LLP 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Morris, Nichols, Arsht & Tunnell LLP 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following description of the Morris, Nichols, Arsht & Tunnell LLP 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Morris, Nichols, Arsht & Tunnell LLP (the Partnership), excluding nonresident aliens who receive no earned income, employees under a collective bargaining agreement as defined in the plan document, independent contractors, specific project workers and leased employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's Retirement Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

New participants may enter the Plan on two dates within a plan year, January 1 or July 1, after completing one year of service. Participants may elect to defer contributions (either pre-tax or after-tax) up to 100% of their annual compensation. Participants also may contribute rollover contributions from other qualified retirement plans. After two years of service and beginning on the earlier of January 1 or July 1 of the plan year, a participant is eligible to receive contributions from the Partnership. Each year, the Partnership determines the amount to be contributed to the Plan. Contributions in any plan year may not exceed dollar limits set under the Internal Revenue Code (IRC). If the Plan is determined to be top-heavy, the Partnership is required to make a 3% contribution to any employee that was not eligible for a profit-sharing contribution at the end of the plan year and is not considered a highly compensated employee as defined by the IRC. The employer's top-heavy contribution for the years ended December 31, 2021 and 2020 were made in March 2022 and 2021, respectively.

Contributions to the Plan from partners of the Partnership consist of a mandatory contribution and an elective contribution. The mandatory contribution is based on the partner's share of the Partnership income over a specific dollar amount. The maximum amount of the elective contribution is set under the IRC. During the year ended December 31, 2021, the Partnership made a \$2,906,807 elective contribution to the Plan.

All contributions to the Plan are directed by participants. Participants may change their investment options at any time throughout the year.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Partnership's contributions. Plan earnings and expenses are allocated in proportion to each participant's share in each of the underlying investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and investment earnings on all contributions. Partnership contributions allocated to participants are fully vested, except for top-heavy minimum contributions. Top-heavy minimum contributions become fully vested after three years of service.

Notes to Financial Statements

December 31, 2021 and 2020

Forfeitures

The nonvested percentage of a participant's account is forfeited by the participant on the date he or she terminates employment. All forfeitures are held by John Hancock Trust Company LLC in a separate account until they are used to reduce future partnership top-heavy contributions. Forfeitures available to be offset against future partnership top-heavy contributions were \$44,678 and \$59,356 as of December 31, 2021 and 2020, respectively. The Partnership used \$59,356 of the December 31, 2020 available forfeitures to offset the Plan's 2020 top-heavy contribution funded in 2021. The Partnership used \$44,678 of the December 31, 2021 available forfeitures to offset the Plan's 2021 top-heavy contribution funded in 2022.

Payment of Benefits

Upon retirement, total and permanent disability, death or termination of employment, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of their individual account, purchase a different form of annuity, receive installments over a period of not more than the participant's assumed life expectancy or transfer the amount to another qualified plan or individual retirement account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by a security interest in each participant's vested plan account balance, bear a reasonable rate of interest and are amortized on a level basis not to exceed five years unless the loan proceeds are used to acquire a primary residence. Interest rates on all outstanding loans ranged between 4.25% and 7.00% at December 31, 2021 and 2020. Principal and interest are repaid to participant accounts ratably through payroll deductions, and participants may have a maximum of one loan outstanding at any time.

Coronavirus Aid Relief and Economic Security Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Participant loans - Participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

Certain administrative and management functions are performed by employees of the plan sponsor. No such employee receives compensation from the Plan. The plan sponsor receives no compensation from the Plan for these services.

Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure through September 13, 2022, the date the financial statements were available to be issued.

3. Fair Value Measurements

The Plan follows U.S. GAAP for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology that are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Morris, Nichols, Arsht & Tunnell LLP 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs that are unobservable and not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts consist of investments in cash and cash equivalents, mutual funds, common stock and corporate bonds. The investments in mutual fund accounts are based on quoted market prices at year-end. Investments in certain common stocks are also valued at quoted market prices at year-end. Accordingly, these fair value measurements are classified as Level 1 inputs. Corporate obligations are valued using credit spreads over various interest rate curves depending on the term of the corporate obligation. Credit spreads are obtained from new issue markets, dealer quotes or traded prices. Accordingly, this fair value measurement is classified as a Level 2 input.

The tables below present the balances of investments at fair value on a recurring basis by level within the hierarchy at December 31, 2021 and 2020:

2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 102,282,410	\$ -	\$ -	\$ 102,282,410
Self-directed brokerage accounts	42,271,972	99,966	-	42,371,938
Total	<u>\$ 144,554,382</u>	<u>\$ 99,966</u>	<u>\$ -</u>	<u>\$ 144,654,348</u>
2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 82,640,365	\$ -	\$ -	\$ 82,640,365
Self-directed brokerage accounts	42,368,747	3,320,004	-	45,688,751
Total	<u>\$ 125,009,112</u>	<u>\$ 3,320,004</u>	<u>\$ -</u>	<u>\$ 128,329,116</u>

4. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021. Accordingly, John Hancock Trust Company LLC, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

5. Investment Contract

The Plan has entered into a fully benefit-responsive investment contract with New York Life Insurance Company (Pooled Separate Account No. 25). This investment vehicle is called the Stable Value Fund for which participants may elect to invest. John Hancock Trust Company LLC maintains the contributions in general accounts, and the accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Since the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the individual guaranteed investment contracts. Contract value, as reported to the John Hancock Trust Company LLC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

In general, there are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates are based on formulas agreed upon with the issuer, but they may not be less than certain percentages agreed upon by the individual fund trustee and the Plan. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to, the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events may include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer. The plan administrator does not believe that the occurrence of any such event is likely. Additionally, the guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to suspend or discontinue contributions at any time and to terminate the Plan in whole or in part subject to the provisions of ERISA. In the event of complete or partial plan termination, participants will become fully vested in their accounts and the plan assets shall be distributed in accordance with the terms of the Plan.

7. Tax Status

The Plan is based on a volume submitter document, which obtained its latest advisory letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the date of the opinion letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

8. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

The Plan held one investment that made up approximately 21% and 18% of total net assets available for benefits as of December 31, 2021 and 2020, respectively.

9. Related-Party and Party in Interest Transactions

Certain plan investments are shares of mutual funds managed by John Hancock Trust Company LLC. John Hancock Trust Company LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in or offset against net appreciation or depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.
