Report of Independent Auditors

The Plan Administrator of
Rural Alaska Community Action Program, Inc. Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Rural Alaska Community Action Program, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4(0k) – schedule of assets (held at end of year) as of December 31, 2021 and Schedule H, line 4(a) – schedule of delinquent participant contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Rural Alaska Community Action Program, Inc. Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Retirement Plan

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the Rural Alaska Community Action Program, Inc. (RurAL CAP) Retirement Plan (Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

General – Until December 1, 2020, the Plan was a defined-contribution plan covering all employees of RurAL CAP and its subsidiary, Rural Energy Enterprises, Inc. (REE), who have completed one and one-half years of service as of the beginning of the plan year and have attained the age of 20. A year of service is a 12-consecutive-month period ending on the anniversary of employment during which the employee completed 800 hours of service.

On December 2, 2020, the Plan was amended to a 401(k) and Profit Sharing plan covering all employees of RurAL CAP and REE. The Plan was amended to shorten the eligibility period and to allow employee contributions to the Plan. Effective January 2, 2021, employees may contribute to the Plan after one month of service. Employees who have completed one year of service as of the beginning of the plan year and have attained the age of 20 are eligible for matching contributions and any profit sharing contributions. A year of service is a 12-consecutive-month period ending on the anniversary of employment during which the employee completed 1,000 hours of service.

The Plan changed recordkeepers and custodians from Minnesota Life to Fidelity Management Trust Company effective December 2, 2020. This change resulted in a blackout period from November 18, 2020, to December 28, 2020. During the blackout period, participants were unable to direct or reallocate investments, obtain loans, or obtain distributions from the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions and vesting – Each year, RurAL CAP determines whether or not it will make contributions to the Plan. The Board of Directors authorized a contribution based upon 7.25% and 7.6% of eligible compensation for the 2021 and 2020 plan years, respectively. For participants hired prior to December 2, 2020, these profit sharing contributions are 100% vested on award. For participants hired after December 2, 2020, these profit sharing contributions are subject to the below vesting schedule. Upon a participant's retirement, death, or disability, participants become 100% vested in the Company's matching contributions. Contributions are subject to regulatory limitations.

Commencing on January 2, 2021, the plan allows for employee deferrals and the Board of Directors have authorized up to a 3% match to be paid each payroll. These matching contributions are subject to the following vesting schedule:

<u>Years of Vesting Service</u>	<u>Amount Vested</u>
Less than 1 year	0%
1	33%
2	66%
3	100%

Rural Alaska Community Action Program, Inc.

Retirement Plan

Notes to Financial Statements

Note 1 – Description of the Plan (continued)

The Plan includes an auto-enrollment provision whereby all newly eligible employees hired on or after January 1, 2021 are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant.

Participant accounts – Each participant's account is credited with RurAL CAP's profit sharing contributions once each year and employer matching contributions each pay period. Plan earnings are allocated to participant accounts on a daily basis. Allocations are based on participant earnings or account balances as defined.

Until December 1, 2020, participant's accounts were invested in an Investment Accumulation Group Contract with Minnesota Life Insurance Company (Minnesota Life). The Investment Accumulation Group Contract offered a General Account plus various pooled separate accounts. The contract allowed participants to transfer invested assets between accounts and redirect the investment of current and future contributions as specified by the governing plan document and contract provisions.

On December 2, 2020, the Plan moved to Fidelity Investments Institutional Operations Company, Inc. (Fidelity) and participants investments moved to Fidelity mutual funds. Participants are still able to transfer assets between accounts and redirect the investment of current and future contributions. The retirement benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may also contribute amounts representing distributions from other qualified retirement plans and certain IRAs.

Investment options – Participants in the Plan may direct contributions to any of the investment options offered by the Plan. Until December 1, 2020, these included the General Account and pooled separate accounts. All accounts were held with Minnesota Life, plan recordkeeper, and custodian. Participants were restricted to one transfer during a 12-month period from the General Account, with a maximum transfer out of the greater of \$2,000 or 20% of the General Account balance.

On December 2, 2020, the Plan moved to Fidelity. Plan investments are participant directed. Upon enrollment in the Plan, a participant may direct contributions in 1% increments in any of 29 investment fund options managed by Fidelity. Participants may change or transfer their investment options at any time via telephone or a secure internet website.

Participants may change their investment options, or transfer existing funds between investment options, at any time. The Plan Trustee has designated Target Age portfolios, which are an age-based allocation between investments available in the Plan, as the default investment option. Changes made by the participant are recorded daily.

Payment of benefits – Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's interest in his or her account. A participant may elect to receive an in-service distribution when they attain age 59 1/2.

Notes to Financial Statements

Note 1 – Description of the Plan (continued)

The Plan allows for automatic distribution of a terminated participant's account balance totaling less than \$1,000. A terminated participant with an account balance of between \$1,000 and \$5,000 will be rolled over to an individual retirement plan designated by the Plan Administrator.

Notes receivable from participants – Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan, shall be used in the subsequent year, and will first be used to pay the Plan's administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$109,603 and \$0, respectively. For the year ended December 31, 2021, RurAL CAP profit sharing contributions funded in 2022 were reduced by \$109,560 from forfeited nonvested accounts.

Administrative expenses – Certain administrative expenses are paid directly by the plan sponsor and fees for recordkeeping services are paid by the Plan and allocated to participants. Total administrative expenses paid by the plan sponsor were \$11,550 and \$30,590 for 2021 and 2020, respectively.

Accounting standards updates – Accounting Standards Update 2018-13, *Fair Value Measurement—Disclosure Framework* (Topic 820) was adopted in 2020.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements are prepared using the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates and assumptions made.

Investment valuation and income recognition – The Plan's investments are stated at fair value. The Plan's guaranteed investment contract is included in the financial statements at fair value because it is not fully benefit responsive. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Net appreciation in fair value of investments – Net appreciation in fair value of investments represents the change in the fair value of assets from one period to the next and realized gains and losses.

Payment of benefits – Benefit payments to participants or beneficiaries are recorded upon distribution.

Subsequent events – The Plan has evaluated events through August 22, 2022, the date the financial statements were available to be issued.

Note 3 – Investments

Through December 1, 2020, under the terms of the Plan and Trust agreement between Minnesota Life and the Plan, Minnesota Life was the recordkeeper and the custodian of the assets of the Plan and executed transactions therein. Assets of the Plan were either invested in a General Account under the terms of a deposit contract entered into during 1988 or they were invested in pooled separate accounts, which combined pension plan assets of other companies, depending on the participant's direction. Minnesota Life maintained the contributions in separate accounts. The accounts were credited with actual earnings on the underlying investments and charged for plan withdrawals.

On December 2, 2020, Fidelity became the plan Trustee, recordkeeper, and custodian of the assets of the Plan and executed transactions therein. Assets of the plan were invested in Mutual Funds as directed by the participants. The accounts were credited with actual earnings on the underlying investments and charged for plan withdrawals.

Nonparticipant-directed investments – Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	2021	2020
INCREASE (DECREASE) IN NON-PARTICIPANT DIRECTED INVESTMENTS		
Net contributions from sponsor (allocation to participants)	\$ (617,016)	\$ (41,419)
Net appreciation (depreciation) in the fair value of investments	5,638	(9,617)
Dividends	1,941	8,291
Other	(2,379)	4
CHANGE FOR THE YEAR	(611,816)	(42,741)
BEGINNING OF THE YEAR	765,304	808,045
END OF THE YEAR	<u>\$ 153,488</u>	<u>\$ 765,304</u>

Note 4 – Information Certified by the Custodian

The plan administrator had elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Minnesota Life, custodian of the Plan, has certified to the completeness and accuracy of the following as of and for the period from January 1, 2020 through December 1, 2020. Fidelity Management Trust Company, custodian of the Plan, has certified to the completeness and accuracy of the following as of December 31, 2020 and for the year ended December 31, 2021 and period December 2, 2020 to December 31, 2020.

Note 5 – Fair Value Measurements

Fair value is measured using a framework that prioritizes the inputs to valuation techniques used. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020 and all investments were Level 1.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Note 6 – Party-in-Interest and Related-Party Transactions

Plan investments were guaranteed investment contracts and units of participation in pooled separate accounts and were managed by Minnesota Life through December 1, 2020. Minnesota Life was the custodian as defined by the Plan, and therefore, these transactions are considered party-in-interest transactions. The Fidelity Index Funds are managed by Fidelity and, therefore, these transactions qualified as party-in-interest transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, RurAL CAP has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 – Tax Status of the Plan

The Internal Revenue Service has determined and informed the company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon elimination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Reconciliation to Form 5500

The following is a reconciliation of differences between information contained in the financial statements and the net assets available for benefits and net income required to be reported in the Form 5500 as of December 31:

	Net Assets Available for Benefits		Net Income
	2021	2020	2021
Per financial statements	\$ 17,061,616	\$ 15,399,486	\$ 1,662,130
Contributions receivable	(618,369)	-	(618,369)
Per Form 5500	<u>\$ 16,443,247</u>	<u>\$ 15,399,486</u>	<u>\$ 1,043,761</u>

Form 5500 is prepared on a modified-cash basis while the financial statements are prepared on the accrual basis of accounting.

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.

Note 10 – Risk and Uncertainty

The Plan provides for various investment options in mutual funds, which in turn invest in a variety of stocks and bonds. Investment securities are exposed to various risks such as interest rate, market, and credit. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors in the near term could materially affect participants' account balances and the amounts reported in the financial statements.
