INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
EMA Engineering & Consulting 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of EMA Engineering & Consulting 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of EMA Engineering & Consulting 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about EMA Engineering & Consulting 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EMA Engineering & Consulting 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about EMA Engineering & Consulting 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - 2020 Financial Statements

The statement of net assets available for benefits for the year ended December 31, 2020 was compiled by us. We did not audit or review the statement and, accordingly, do not express an opinion or provide any assurance about whether the statement is in accordance with accounting principles generally accepted in the United States of America.

EMA ENGINEERING & CONSULTING 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the EMA Engineering & Consulting 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan adopted on March 1, 1985 covering all employees of EMA Engineering & Consulting, Inc. (the “Company”) who have satisfied eligibility requirements. Eligible employees are permitted to make tax-deferred contributions and after-tax (Roth) contributions under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA). The Plan Administrator and the 401(k) Plan Committee oversee governance of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance.

ELIGIBILITY

Employees become eligible for participation at the age of twenty-one and upon completion of at least three months of service. Employees of the Company are eligible to participate in the Plan on the first day of the month following the completion of eligibility requirements. Acquired employees who continue employment with the Company receive credit for prior years of service for purposes of eligibility. Eligibility provisions apply to participation and Company contributions.

CONTRIBUTIONS

Participant contributions are made on a voluntary basis and directly withheld from the participant's eligible compensation, as defined in the Plan. The Plan allows participants to contribute up to 90% of eligible compensation, as defined by the Plan agreement, subject to certain maximum limitations imposed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to the maximum limitation imposed by the IRC. Rollover contributions from qualified plans are allowed.

Under the safe harbor matching contribution provision of the Plan, employee contributions are matched by the employer at a rate of 100 percent of the first 6 percent of eligible participant compensation. For the year ended December 31, 2021, the Company made safe harbor matching contributions totaling \$618,482.

Under the Plan, the Company may also make additional discretionary matching contributions. Such contributions are determined annually and take the form of a match of employee contributions, based on a percentage of eligible participant compensation. For the year ended December 31, 2021, the Company made an additional discretionary matching contribution of 1 percent of eligible participant compensation totaling \$105,016.

The Company may also make a discretionary profit-sharing contribution, as defined by the Plan agreement. During the year ended December 31, 2021, no discretionary profit-sharing contributions were made.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, safe harbor Company contributions, the Company's discretionary matching contributions and discretionary profit-sharing contributions. Allocations of plan earnings and administrative expenses are based on participant account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct employee and employer contributions to any options provided by Fidelity Management Trust Company, including self-directed brokerage accounts. Investment options include a general interest accumulation account, a common collective trust, common stocks, exchange traded funds, money market funds, and various mutual funds. The Plan does not guarantee any rates of return or investment results.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020
CONTINUED

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their participant accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The notes are secured by the balance in the participant's account and bear interest at one percent above the USA Today prime rate posted at the time of loan funding. Principal and interest is paid ratably through payroll deductions.

VESTING

Participants are immediately vested in their elective deferral contributions, rollover contributions and Company safe harbor contributions, plus actual earnings thereon. Vesting in the additional matching contribution and the discretionary profit-sharing contributions, plus earnings thereon, is based on years of service. A participant vests ratably beginning at two years of service and is 100 percent vested after six years of credited service.

FORFEITURES

Any portion of the balance in a participant's account that is not vested will become a forfeiture upon the distribution of the entire vested account balance or upon the occurrence of a break in service, as defined by the Plan agreement. Forfeitures can be used to pay administrative expenses of the Plan or reduce employer contributions. At December 31, 2021 and 2020, unallocated forfeitures totaled approximately \$2,301 and \$4,007, respectively. During the year ended December 31, 2021, forfeitures received by the Plan totaled \$20,979 and amounts used by the Plan totaled \$19,273.

PAYMENT OF BENEFITS

Participants are entitled to the benefits that can be provided from their vested individual account balances upon death, disability, termination of service or normal retirement, as defined by the Plan agreement. Hardship withdrawals are permitted for employee contributions, plus actual earnings thereon. In-service withdrawals up to the vested balances for the participants are permitted, as described within applicable sections of the IRC. Distributions are to be made in the form of lump-sum payments as cash distributions or direct rollover to another qualified plan.

The Plan provides for an automatic rollover into an individual retirement account of amounts less than \$5,000 if the participant does not elect to have such distributions paid directly into another eligible retirement plan or account, or to receive the distribution directly.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020
CONTINUED

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS

Participant loans are classified as notes receivable and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant fails to comply with the terms of a loan and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment, a deemed distribution, or a combination of the two.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

EXCESS CONTRIBUTIONS AND EARNINGS

For the year ended December 31, 2021, excess contributions and earnings totaled \$8,268, representing amounts paid to certain active participants during 2021 to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Excess contributions are netted against participant contributions in the statement of changes in net assets available for benefits.

ADMINISTRATIVE EXPENSES

The Company and the Plan participants share in the Plan expenses. All fees related to individual participant activity, including withdrawal and loan origination fees, are charged and deducted from the respective participant's account or investment income. Investment management fees and other service fees are charged to the Plan as a reduction of investment return or as administrative expenses and are allocated to participant accounts based on participant earnings or account balances, as defined. Expenses paid by the Company are excluded from these financial statements.

PLAN MANAGEMENT'S REVIEW OF SUBSEQUENT EVENTS

Plan Management has evaluated subsequent events through September 16, 2022, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs are only used if Level 1 or Level 2 inputs are not available.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Self-directed brokerage accounts: Valued at the daily closing price as reported by the individual investments (primarily mutual funds, common stocks, exchange traded funds, and money market funds). Self-directed brokerage accounts held by the Plan are comprised of investments that are registered with the Securities and Exchange Commission (SEC) and are actively traded. Share prices are published daily.

Mutual funds: Valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds registered with the SEC. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Redemptions normally settle on trade date plus one business day. There is no standard redemption notice period, but significant cash flow policies may apply.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Certain investments that are measured at fair value using the NAV per share practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this footnote are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the accompanying financial statements as of December 31, 2021, and for the year then ended, was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee.

Investments, at fair value:	
Self-directed brokerage accounts	\$ 609,296
Mutual funds	20,151,224
Common collective trusts	362,084
Total investments, at fair value	<u>\$ 21,122,604</u>
 Notes receivable from participants	 <u>\$ 160,134</u>
 Interest and dividends	 <u>\$ 498,475</u>
 Net appreciation in fair value of investments	 <u>\$ 2,350,286</u>
 Interest income on notes receivable from participants	 <u>\$ 8,243</u>

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to related information included in the financial statements and supplemental schedule.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As such, Fidelity Management Trust Company, the trustee, is considered a party-in-interest. The Plan holds certain mutual funds and self-directed brokerage accounts issued, held or managed by the trustee. Therefore, these investments qualify as party-in-interest transactions. Fees paid to the trustee and other service providers are party-in-interest transactions and are included in administrative expenses or net appreciation of fair value of investments in the statement of changes in net assets available for benefits. All such party-in-interest transactions are covered by an exemption from the "prohibited transactions" provisions of ERISA and the IRC.

EMA ENGINEERING & CONSULTING 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020
CONTINUED

NOTE 7 - TAX STATUS

Effective February 5, 2021, the Plan adopted a non-standardized pre-approved profit-sharing plan with the IRC Section 401(k) Cash or Deferred Arrangement (CODA) which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the form of the plan is acceptable under Section 401 of the IRC, not subject to tax under present income tax law. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and tax counsel believe the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan's federal returns for the past three years are subject to examination by tax authorities and may change upon examination.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments in general are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – COVID-10 AND RECENT EVENTS

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act") that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act became effective on January 1, 2020, and required significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") that included numerous optional employee benefit plan provisions to assist sponsors and participants. The Plan adopted certain optional provisions, which included the suspension of required minimum distributions and loan payments for the 2020 Plan year and the offering of coronavirus-related distributions. Written amendments to the Plan that reflect these operational changes from the SECURE Act and the CARES Act will be adopted at a later date in accordance with applicable IRS guidance.
