Independent Auditor's Report

To the Plan Sponsor
LMN Architects Employees' 401(k) Profit Sharing Plan
Seattle, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of LMN Architects Employees' 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Fax: 206-382-7700
www.bdo.com

Two Union Square, 601 Union Street
Suite 2300

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment

information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the LMN Architects Employees' 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all employees of LMN Architects (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

The trustee of the Plan is Reliance Trust Company (Reliance or trustee) and recordkeeper of the Plan is Standard Insurance Company (The Standard or recordkeeper). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. Management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees of the Company who have reached the age of 21 and completed three consecutive months of service are eligible to make salary deferral contributions. Upon completion of one year or 1,000 hours of service, employees are also eligible for profit-sharing contributions. Additionally, in order to receive the matching and profit-sharing contributions from the Company, the employee must be employed on the last day of the Plan year (unless the employee retires, dies, or becomes disabled during the Plan year, in which case he or she will receive a contribution from the Company for that Plan year).

Contributions

Participant Contributions – In general, eligible employees may elect to contribute up to a maximum of 100% of eligible compensation (as defined in the Plan document) to the Plan. There are two types of contributions allowed: pre-tax 401(k) contributions and Roth 401(k) contributions. When eligible to participate in the Plan, if an employee does not make an election otherwise, he or she will be automatically enrolled in the Plan at a deferral rate of 3%. Participants may also contribute amounts representing distributions from other qualified plans (rollovers from other qualified plans). The Plan also allows for catch up deferral contributions for participants 50 years of age or older.

Employer Contributions – The Plan provides that the Company may make a non-elective contribution to the Plan each year in an amount determined by the Company at its discretion (referred to as a profit-sharing contribution). Any non-elective contribution is allocated based upon eligible compensation, as defined in the Plan document. Profit-sharing contributions of $793,343 were made for the 2021 Plan year. The Plan also provides that the Company may make matching contributions to the Plan at its discretion. Matching contributions are based upon participants' eligible contributions made during the year. For the 2021 Plan year, the Company matched 15% of eligible employees' contributions, calculated on an annual basis. Total matching contributions for the 2021 Plan year were $307,354.

Contributions are subject to certain limitations of the Internal Revenue Code (IRC).

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's non-elective and matching contributions, and allocations of Plan earnings and losses, and is charged with an allocation of administrative expenses. Allocations are based on participant eligible compensation, participant contributions, or account balances, as defined.

Participants direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Participants are allowed only one loan outstanding at any time. The loans are secured by the balance of the participant's account and bear fixed, commercially reasonable rates of interest, as determined by the Plan administrator. The maximum loan term is five years unless for the purchase of a principal residence, in which case the Plan administrator may permit a longer repayment term. Principal and interest are paid ratably through payroll deductions. As of December 31, 2021, the rate of interest on outstanding loans ranged between 4.25% and 6.50%, with various maturities from June 2022 through August 2029.

Vesting

Effective January 1, 2020, participants are 100% vested in their contributions to the Plan and related earnings at all times. Contributions from the Company and related net earnings become vested to the participant based on the following schedule of years of service:

Completed Years of Service	Percentage Vested (%)
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Additionally, a participant becomes 100% vested if the participant reaches normal retirement age (65), dies, or incurs total and permanent disability while in service of the Company.

Prior to January 1, 2020, participants were immediately 100% vested in their entire account balance. All employer matching and employer profit-sharing contributions made prior to January 1, 2020, are 100% vested. Employees who entered the Plan as participants prior to January 1, 2020, will continue to be immediately 100% vested in future employer matching and employer profit-sharing contributions.

Forfeitures

The portion of a terminated participant account that is not vested (forfeitures) will be used to either pay expenses of the Plan or to reduce employer contributions.

There were no forfeitures used in 2021. At December 31, 2021 and 2020, there were no forfeitures included with net assets available for benefits to be used to pay expenses of the Plan or reduce future employer contributions.

Payment of Benefits

On termination of service due to death, disability, retirement, or any other reason, a participant with an account balance greater than $5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, annual installments over a specified period, or rollover into another qualified plan. Lump-sum distributions are made for all terminated participants with account balances less than $1,000. A terminated participant's account balance is automatically rolled over into an individual retirement plan if the account balance is greater than $1,000 but less than $5,000, unless otherwise elected.

Distributions are generally only allowed after termination of employment with the Company; however, distributions can be made during a participant's employment upon attainment of age 65 or under certain hardship provisions as defined in the Plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds (CTF) - Reported at fair value using the NAV, which is determined by the administrators of the funds and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets held by the collective trust fund (primarily fully benefit responsive investment contracts), less any liabilities, and then divided by the number of units outstanding. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 20,141,491	$ -	$ -	$ 20,141,491
Collective trust funds, at net asset value*	-	-	-	33,176,145
Total Investments, at fair value	$ 20,141,491	$ -	$ -	$ 53,317,636

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,060,060	$ -	$ -	$ 18,060,060
Collective trust funds, at net asset value*	-	-	-	29,446,340
Total Investments, at fair value	$ 18,060,060	$ -	$ -	$ 47,506,400

* In accordance with FASB Subtopic 820-10, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan:

Year Ended	Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2021	CTF	$ 33,176,145	None	Daily	None
December 31, 2020	CTF	$ 29,446,340	None	Daily	None

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest is de minimis. No allowance for credit losses had been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Administrative Expenses

Administrative expenses related to operating and maintaining the Plan and investments, except for certain expenses that are charged to participant accounts, including loan and withdrawal fees, are paid by the Plan. Additionally, the Company pays certain expenses of the Plan, including fees for the annual audit of the Plan. Expenses paid by the Company are excluded from these financial statements. Certain investment expenses which are charged within investments are presented net of the appreciation in fair value of investments.

Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

Subsequent Events

The Plan has evaluated subsequent events through the date these financial statements were available to be issued, which was September 16, 2022.

3. Information Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, a qualified institution, has certified that the following investment information reflected in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in Note 2 and reflected on the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditor did not perform auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

4. Tax Status

The Plan has adopted a prototype plan document sponsored by its third-party administrator. The prototype plan document has received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Effective January 1, 2022, the Plan was amended and restated to, among other things, incorporate prior Plan amendments and reflect statutory changes to the IRC. The Plan adopted a Non-Standardized Defined Contribution Pre-Approved Plan, issued by Standard Retirement Services, Inc. (Standard Retirement), which received a favorable opinion letter from the IRS dated June 30, 2020.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

5. Related Party and Party-in-Interest Transactions

Participant loan and distribution processing fees are paid to The Standard by participants. The Plan paid for third party administrator fees and investment advisory fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA and its related regulations. In the event of Plan termination, participants would become 100% vested in any employer contributions.
