Independent Auditors' Report

Plan Participants and Administrator
Canterbury School of Florida, 403(b) Plan

Opinion on the 2021 financial statements.

We have audited the accompanying financial statements of Canterbury School of Florida, 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Canterbury School of Florida, 403(b) Plan as of December 31, 2021, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Canterbury School of Florida, 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Canterbury School of Florida, 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions,

including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Canterbury School of Florida, Inc. 401(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Canterbury School of Florida, Inc. 401(b) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule of Assets (Held at End of Year) as of the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Canterbury School of Florida, Inc. 401(b) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

December 31, 2021 and 2020

1. Plan Description

The following description of the Canterbury School of Florida, Inc. 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

- a) *General* – The Plan is a 403(b) defined contribution plan created by Canterbury School of Florida, Inc. ("School" or "Employer"), and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and the requirements of Section 403(b) of the Internal Revenue Code. The School is the sponsor and administrator of the Plan and TIAA-CREF serves as the custodian of the Plan. The custodian manages the investments of the Plan as directed by the participants. In addition, the custodian provides recordkeeping services for the Plan.
- b) *Eligibility* – Full-time employees are eligible to participate in the salary deferral portion of the Plan upon hire. To participate in the employer contribution portion of the Plan, employees must have completed at least 1,000 hours of service during the twelve-month period beginning from date of hire and be at least 18 years old. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options offered by the Plan. The following employees are not eligible to participate in the Plan: (a) Students who perform services for the School while enrolled at the School (b) employees classified as substitute teachers or coaches and (c) part-time employees working less than 20 hours per week. Clergy are ineligible for employer contributions effective March 2020.
- c) *Contributions* – Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the Plan up to the maximum percentage allowable under the provisions of the Internal Revenue Code. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit plans.

The School may make discretionary employer contributions. Employees must complete one year of service with the School and attain age 18 to be eligible to receive discretionary contributions. In accordance with the Plan document,

Canterbury School of Florida, Inc. 403(b) Plan

Notes to Financial Statements

December 31, 2021 and 2020

the School's Board of Directors determines the School's contribution to be made; however the School is not obligated to make a contribution. For the year ending December 31, 2021 the School made a profit sharing contribution for \$78,123.

The School may make discretionary matching contributions based on a percentage or dollar amount of participant contributions. Participants must be employed on the last day of the Plan year to be eligible for matching contributions.

- d) *Participants Accounts* – Each participant's account is credited with the participant's contributions and allocation of (a) the School's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses, if not paid by the School. The School generally pays the Plan's administrative expenses. Allocations are based on participant earnings or account balances, as defined. Administrative expenses may be charged based on account balances or charged equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- e) *Vesting* – Participants are immediately fully vested in their voluntary contributions, including catch-up contributions, rollover contributions from other plans, the School's discretionary contributions, and earnings thereon.
- f) *Loans to Participants* – Loans to Participants are not reflected in these financials statements because they are direct loans from TIAA-CREF to the participants. Participants may borrow amounts from TIAA-CREF using the assets of the Plan as collateral for the loans. General guidelines are that the minimum loan amount be \$1,000, while the maximum is equal to the lesser of \$50,000 or a percentage of the participant's account balance depending on the types of investments held. The loans do not reduce the balance of participants' accounts unless the loan is in default at the time when the benefits are distributable. The loans bear interest at the prime interest rate plus one percent. Principal and interest is paid directly to TIAA-CREF.

As of December 31, 2021 and 2020, outstanding loans totaled \$3,515 and \$7,872, respectively. No loans were in default as of December 31, 2021.

Notes to Financial Statements

December 31, 2021 and 2020

- g) *Payment of Benefits* – In the case of retirement, death, disability or termination of employment, participants may elect to receive the vested accumulated value of their account in a lump sum payment, an installment payment or an annuity contract.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Canterbury School of Florida, Inc. 403(b) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the School. Expenses that are paid by the School are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

3. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2021 through September 19, 2022, the date the financial statements were available to be issued.

The Plan was amended effective July 1, 2022 to require mandatory distributions of account balances up to \$5,000 for participants upon severance of employment.

4. Information Prepared and Certified by the Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, TIAA-CREF, the custodian of the Plan, has certified to the completeness and accuracy of the following amounts in the accompanying financial statements:

<i>December 31,</i>	<i>2021</i>	<i>2020</i>
Investments, at fair value:		
Variable annuities	\$ 4,066,400	\$ 3,563,470

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Canterbury School of Florida, Inc. 403(b) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Variable Annuities – The interest in variable annuity contracts are valued at NAV of shares held by the Plan at year-end, which are valued by TIAA-CREF at accumulation unit value based on the estimated value of the underlying investments. Net asset value is used as a practical expedient to estimate fair value.

Mutual Funds – Valued at the net asset value (NAV) of shares held by the Plan at year end. The Plan's mutual funds are deemed to be actively traded.

Fixed Annuity Contracts – Investments in fixed annuity contracts are valued at fair value by TIAA-CREF using a quantitative model using discounted cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issues. In determining the reasonableness of the methodology, the Plan administrator evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings.

Pooled Separate Account (PSA) – Valued at the net asset value ("NAV") based on the fair market value of the underlying investments of the account less its liabilities. The NAV, as provided by TIAA-CREF, is used as a practical expedient to estimate fair value. The PSAs investments consist of publicly traded, liquid investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

<i>Investment Assets at Fair Value</i>				
<i>As of December 31, 2021</i>				
	Level 1	Level 2	Level 3	Total

Assets measured at NAV				3,758,353
Total assets at fair value				<u>\$ 4,496,215</u>

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event of change in circumstances that caused the transfer. There were no such transfers in 2021. The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2021.

	Fixed Annuity Contracts
Variable annuity contracts	\$ 617,599

Qualitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements – The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and ranges of the values for those inputs.

Investments Measured Using the Net Asset Value per Share Practical Expedient - The following table summarizes investments measured at fair value based on the NAV per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Variable annuity contracts (a)	\$4,066,400	N/A	Daily	None
Pooled separate accounts (b)	224,178	N/A	Daily	None

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Variable annuity contracts (a)	\$3,563,470	N/A	Daily	None
Pooled separate accounts (b)	194,883	N/A	Daily	None

(a) Variable annuity contracts are comprised of various investment types and objectives, including asset allocation/balanced funds seek the highest total return over time consistent with an emphasis on both capital growth and income primarily through investments in debt and equity securities. Bonds seek maximum total return consistent with preservation of capital and prudent investment management by investing primarily in investment grade securities.

(b) Pooled separate accounts are comprised of a real estate fund that seeks growth of capital and current income by investing primarily in securities of real estate and real estate related issuers, derivatives and other instruments that have economic characteristics similar to such securities.

6. Fixed Annuity Contracts

Each participant maintains an individual fixed annuity contract with TIAA-CREF. As part of the contracts, TIAA-CREF maintains a portion of the contributions in a guaranteed account, which is called the TIAA-CREF Traditional Fixed Annuity. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses by TIAA-CREF. The guaranteed minimum rate of interest is based on a formula established by TIAA-CREF and is a minimum of three percent. Any additional interest is not guaranteed. The

Canterbury School of Florida, Inc. 403(b) Plan

Notes to Financial Statements

December 31, 2021 and 2020

crediting rate is reviewed on a quarterly basis for resetting. The Traditional Fixed Annuity does not permit TIAA-CREF to terminate the agreement prior to the scheduled maturity date.

Certain Traditional Fixed Annuity contracts are not considered to be benefit-responsive. These contracts are included in the financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering credit worthiness of the issuer. These contracts are subject to a 10-year withdrawal period. Upon termination of the contracts, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the Traditional Fixed Account accumulation and the interest rates in the rate schedules under which any premiums, additional amounts, and internal transfers were applied to the account.

Certain Traditional Fixed Annuity contracts meet the fully benefit-responsive criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Upon termination of the investment contract, the lump sum liquidation value of the guaranteed account portion of the participant's accumulation value shall be equal to the product of (a) the participant's guaranteed account accumulation value of the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include: (a) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt; (b) premature termination of the contracts; (c) Plan termination or merger; (d) changes to the Plan's prohibition on competing investment options (e) bankruptcy of the Plan sponsor.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or limit the ability of the Plan to transact at contract value with the participants.

Canterbury School of Florida, Inc. 403(b) Plan

Notes to Financial Statements

December 31, 2021 and 2020

7. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

8. Plan Amendments

The Plan was amended effective March 9, 2020 to exclude clergy from the Plan with respect to School contributions.

9. Related Party Transactions

The Plan's investments are managed by TIAA-CREF, the custodian of the Plan, and therefore, the transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than as direct payments to the custodian.

10. Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon either full or partial termination of the Plan an affected Participant's right to their account balance is 100% vested.

Canterbury School of Florida, Inc. 403(b) Plan

Notes to Financial Statements

December 31, 2021 and 2020

11. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The plan administrator believes the Plan is operating in accordance with the applicable requirements of Section 403(b) of the IRC and therefore believes the Plan is qualified and the related custodial accounts are tax-exempt.

Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
