Note: Schedules other than that listed above have been omitted since the information is otherwise disclosed elsewhere in the financial statements, not applicable, or not required by Section 2520.103.10 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended.

Independent Auditor's Report

The Plan Administrator
Stout Risius Ross, LLC 401(k) Profit Sharing Plan
Royal Oak, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stout Risius Ross, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Stout Risius Ross, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Stout Risius Ross, LLC 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established as of January 1, 1999 covering substantially all full-time employees of Stout Risius Ross, LLC (Stout or the Company). The Company currently acts as the Plan administrator. The Stout 401(k) Committee controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (the Trustee) serves as the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 1, 2021, the Plan was amended and restated as follows:

- The definition of eligible compensation has been changed to exclude specific types of compensation as stated in the Plan document.
- Service requirements for the profit-sharing contribution. See *Eligibility* section below.
- The Plan revised its entry dates for deferral contributions, employee contributions, employer contributions, and matching employer contributions, from the first day of each month to immediately upon meeting the eligibility requirements. See *Eligibility* section below.
- Repayment provisions on notes receivable from participants upon termination with the Plan Sponsor.

Eligibility

The Plan is a defined contribution plan covering all full-time employees of Stout who are age 18 or older with no service requirement.

Participants must complete 1,000 hours of service or begin their employment prior to August 1 of the applicable year in order to be eligible for the employer discretionary matching and profit-sharing contributions. If a participant fails to complete at least 1,000 hours of service in the initial year the employee becomes a participant, and the participant would otherwise be eligible to receive a share of the profit-sharing contribution for that year, the participant will be eligible for a share of the profit-sharing contribution for that initial Plan year if the participant's date of employment is before August 1.

An eligible participant can enter the Plan immediately upon meeting the eligibility requirements.

Contributions

The Plan provides for employee salary tax deferred and Roth 401(k) contributions up to a maximum of 100% of annual compensation, subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). The Plan allows participants to contribute up to 100% of their compensation to a Roth 401(k) on an after-tax basis. Participants may also make contributions to

Stout Risius Ross, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

the Plan in the form of a rollover of funds from another qualified plan. New employees of the Company are automatically enrolled in the Plan at a deferral rate of 5%, which will automatically increase at a rate of 1% each year, not to exceed 10%. However, the Plan permits participants to opt out of contributing to the Plan or to contribute at a different rate than automatically enrolled.

The Plan provides for employer discretionary matching and profit-sharing contributions to eligible participants according to their allocation groups. For the year ended December 31, 2020, the Company made a matching contribution on deferrals made by eligible hourly employees equal to 50% of employees' contributions, up to 3% of eligible compensation. The Company's matching contributions for the year ended December 31, 2020 totaled approximately \$31,000. For the year ended December 31, 2021, the Company made a profit-sharing contribution of 3% of eligible compensation for all eligible employees and 9% of eligible compensation for stockholders. For the year ended December 31, 2020, the Company made a profit-sharing contribution of 3% of eligible compensation for salaried employees and 9% of eligible compensation for stockholders. The Company's profit-sharing contribution for the years ended December 31, 2021 and 2020 totaled approximately \$4,905,000 and \$3,866,000, respectively. The Company allocated approximately \$73,000 of forfeitures to reduce employer contributions, thus resulting in net employer contributions of approximately \$3,824,000 for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, and plan earnings. Each participant's account is charged with withdrawals, plan losses, and an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Investments

Participants direct the investment of their contributions and Stout's contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market account as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service beginning at 33.33% after one year of service and increasing 33.3% for each year of continuous service thereafter. A participant is 100% vested after three years of service with the Company.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and bear a reasonable rate of interest as determined by the Plan administrator based on local prevailing interest rates, which

Stout Risius Ross, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

would be made under similar circumstances and is fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the IRC. Also, each participant may not have more than one loan outstanding at any time. See CARES Act section in Note 1 for additional provisions.

Payment of Benefits

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. The Plan also allows for in-service distributions upon the attainment of age 59½, for any reason, to be approved by the Plan administrator. See CARES Act section in Note 1 for additional provisions.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the Plan document. The Trustee must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions or to pay administrative expenses of the Plan. At December 31, 2021 and 2020, forfeited account balances totaled \$96,607 and \$49,622, respectively.

Plan Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan document and ERISA. Upon termination of the Plan, participants become 100% vested in their account balances.

CARES Act

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management evaluated the relief provisions available to Plan participants under the CARES Act and implemented the following provisions:

- Increased the maximum available loan amount to 50% of their vested account balances with a maximum of \$100,000 which was previously up to \$50,000.
- Extended the period of loan repayments due between March 27, 2020 and December 31, 2020, up to one year.
- Distributions between January 1, 2020 and December 31, 2020 can be elected as a "Coronavirus-related" distribution meaning:
 - Not subject to 10% early withdrawal penalty prior to 59½.
 - Not subject to 20% withholding.

Stout Risius Ross, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

- Taxed pro rata over a three-year period (2020-2022), unless individual elects otherwise.
- Eligible for re-contribution back into a plan or IRA within three years from the date of distribution.
- Up to \$100,000 can be taken by the individual (with the Plan sponsor obligation to ensure that the \$100,000 distribution cap is not exceeded for plans within the employer's controlled group). The limit is a personal limit for each individual that includes both plan and IRA distributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gain and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances. Any accrued but unpaid interest is de minimis. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant's plan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company, except for certain expenses that are charged to participant accounts, including loan, withdrawal fees, plan administrative fees, investment management and audit fees. Certain investment expenses which are charged within

Stout Risius Ross, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

investments are presented net of the appreciation (depreciation) in fair value of investments. All other expenses of the Plan for the years ended December 31, 2021 and 2020 were paid by the Company and are excluded from these financial statements.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Effective May 1, 2022, the Plan was amended and restated to be defined in a custom Plan document.

The financial statements and related disclosures include an evaluation of events up to and including September 30, 2022, which is the date the financial statements were available to be issued. The Plan is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.

3. Fair Value Measurements

Accounting Standard Codification (ASC) 820, *Fair Value Measurement and Disclosure*, establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Basis of Fair Value Measurement

Level 1 - This level consists of unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - This level consists of significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not considered to be active; or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - This level consists of prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. Little or no market data exists for these inputs, therefore requiring an entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following valuation methodologies were used to measure the fair value of the Plan's investments. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds - These assets are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and

Stout Risius Ross, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Account - This asset is valued at the NAV of the shares held by the Plan at year-end and is determined on the value of the underlying investments of the fund. The money market fund seeks to maintain a \$1.00 NAV.

Common Collective Trust Fund - The common collective trust fund (the Fund) is a stable value fund that is composed primarily of fully benefit-responsive investment contracts. Investments in the stable value funds are considered indirect investments in fully-benefit responsive investment contracts, and therefore are valued at NAV, which is used as a practical expedient to estimate fair value. The investment objectives of the Fund are to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive withdrawals at contract value for certain events without penalty or adjustment. There are no redemption restrictions or unfunded commitments on this investment.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan:

Year ended December 31,

	Type	Fair Value	Commitments	Frequency	Notice Period
2021	CIT	\$ 3,813,748	None	Daily	None
2022	CIT	6,061,953	None	Daily	None

The Fund has certain limitations on withdrawals and exchanges as follows:

- **Participant Directed** - Withdrawals made in order to accommodate distributions to participants or transfers to noncompeting investments may be made on any business day. Transferred amounts must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur.
- **Non-Participant Directed** - Withdrawals directed by a plan sponsor must be preceded by a 12-month written notice to Fidelity Management Trust Company; however, the Trustee may, at its discretion, complete any such plan-level withdrawal before the expiration of such 12-month period. No such notice has been given to the Trustee.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

Notes to Financial Statements

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis:

December 31, 2021

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 114,786,219	\$ -	\$ -	\$ 114,786,219
Money market funds	2,326	-	-	2,326
Total Investments, at fair value				114,788,545
Investments measured at NAV ^(a) : Common collective trust fund				3,813,748
Total Investments	\$ 114,788,545	\$ -	\$ -	\$ 118,602,293

December 31, 2020

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 89,235,901	\$ -	\$ -	\$ 89,235,901
Money market funds	976	-	-	976
Total Investments, at fair value	\$ 89,236,877	\$ -	\$ -	89,236,877
Investments measured at NAV ^(a) : Common collective trust fund				6,061,953
Total Investments				\$ 95,298,830

^(a) The investment in common collective fund is measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Information Certified by The Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

Notes to Financial Statements

At the request of the Plan administrator, the Plan's independent accountants did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Income Tax Status

The Company has adopted the Fidelity Management & Research Company Volume Submitter Profit Sharing Plan. The prototype document received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC for the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is currently designed, and is being operated, in all material respects, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

6. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest. Notes receivable from participants and fees paid by the Company also qualify as party-in-interest transactions. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan should terminate, each participant affected by such termination shall have vested interest in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
