INDEPENDENT AUDITOR'S REPORT

Board of Trustees

Monroe Plumbers and Pipefitters Local 671

Retirement Plan

Monroe, MI

Opinion

We have audited the financial statements of Monroe Plumbers and Pipefitters Local 671 Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Monroe Plumbers and Pipefitters Local 671 Retirement Plan as of December 31, 2021 and 2020, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Monroe Plumbers and Pipefitters Local 671 Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Monroe Plumbers and Pipefitters Local 671 Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we;

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Monroe Plumbers and Pipefitters Local 671 Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Monroe Plumbers and Pipefitters Local 671 Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The supplemental schedule of Administrative Expense is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MONROE PLUMBERS AND PIPEFITTERS LOCAL 671
RETIREMENT PLAN

Notes to Financial Statements
Years Ended December 31, 2021 and 2020

Note 1 - Description of the Plan

The following description of the Monroe Plumbers and Pipefitters Local 671 Retirement Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Monroe Plumbers and Pipefitters Local 671 Retirement Plan is a multi-employer defined contribution pension plan covering eligible members of the Monroe Plumbers and Pipefitters Local 671 (Union) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Contributions are made by employers pursuant to terms and conditions of collective bargaining agreements with the Union, based upon negotiated rates per hour paid.

Participants may contribute pre-tax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participant contributions are subject to certain limitations. All contributions are subject to compliance with Internal Revenue Code regulations.

Participant Accounts

Individual account balances are maintained for each participant and are participant directed. The account value includes the employer contributions earned by the participant and received by the Plan plus or minus the earnings and gains and losses from the individually selected investments of the Plan, net of expenses. Participants are 100% vested in their individual accounts upon completion of one hour paid.

Normal Retirement Benefits

Participants qualify for normal retirement upon attaining age 65. At this date, a participant's individual account balance will be used to purchase a "joint and survivor annuity" contract from an insurance company (or a "single life annuity" contract if the participant is not married) which will provide a monthly benefit payment for the rest of the participant's life and, upon the death of the participant, will provide a reduced monthly benefit to the participant's surviving spouse. Additionally, before benefit payments commence, a retired participant can elect instead to receive benefits in the form of a lump sum payment or in monthly payments directly from the participant's individual account balance until the account balance is exhausted.

If a participant's individual account balance is not more than \$5,000, the annuity contract benefit option is not available.

Notes to Financial Statements
Years Ended December 31, 2021 and 2020

Note 1 - Description of the Plan (continued)

Early Retirement Benefits

Participants qualify for early retirement upon attaining 55 years of age. Early retirement benefits are paid in the same manner as normal retirement benefits, with participants able to elect an annuity contract benefit, a lump-sum payment, or monthly payments until the exhaustion of the retired participant's account balance.

If a participant's individual account balance is not more than \$5,000 at the date of early retirement, the annuity contract benefit option is not available.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of Monroe Plumbers and Pipefitters Local 671 Retirement Plan are presented on the accrual basis of accounting.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions

Contributions are accrued when earned by participants as documented in employer reports.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Years Ended December 31, 2021 and 2020

Note 2 - Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits payments to participants are recorded when paid.

Note 3 - Investments

Investments of the Plan are held by State Street Bank and Trust and are managed by investment managers pursuant to ERISA. Participants of the Plan are given the option to direct investments into options offered by the Plan.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) topic, 'Fair Value Measurements and Disclosures', provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the company can access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**MONROE PLUMBERS AND PIPEFITTERS LOCAL 671
RETIREMENT PLAN**

**Notes to Financial Statements
Years Ended December 31, 2021 and 2020**

Note 4 - Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no significant changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

Money Market Funds are valued at current cash value.

Units held in pooled separate accounts are fair valued at the net asset value (NAV). The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

Investments at Fair Value as of December 31, 2021

Note 5 - Restrictions on Net Assets

Transamerica Financial Life Ins. Co. 's Guaranteed Pooled Fund	
Contract Termination/Exit Provisions	Book value payout in 12 months; may be extended to 24 months under adverse rate conditions.
Competing Funds	Money market, short term bond funds and brokerage windows are allowed, but 90-day equity wash provision will apply.
Additional Restrictions on participant withdrawals or transfers	5% charge will apply to withdrawals in excess of 20% in 12-month period or 40% in aggregate due to employer-initiated event(s) or withdrawal at full value subject to put provision.

Note 6 - Federal Income Taxes

The Plan obtained a favorable determination letter dated November 18, 2015 from the Internal Revenue Service stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements for the Internal Revenue Code. Therefore, they believe that the Plan continues to qualify and operate in accordance with the applicable provisions of the Internal Revenue Code.

The Plan has determined that there are no uncertain tax positions that require disclosure in these financial statements under the FASB Accounting Standards Codification topic 'Income Taxes'.

Note 7 - Related Party

The Plan leases office space from the Union. Although there is common management of these affiliated organizations, control is vested in independent trustees. The Plan remits payments to the Union for rent. The amount paid for rent during each of the years ended December 31, 2021 and 2020 was \$324.

In 2021 and 2020, the Plan also reimbursed the Union for wages and related payroll taxes for time spent by a Union employee on Plan administration based on an agreement with the Union. The amount paid for each of the years ended December 31, 2021 and 2020 was \$910 and \$991, respectively.

**MONROE PLUMBERS AND PIPEFITTERS LOCAL 671
RETIREMENT PLAN**

**Notes to Financial Statements
Years Ended December 31, 2021 and 2020**

Note 8 - Party-In-Interest Transactions

Certain Plan investments are offered through and managed by a subsidiary of Transamerica Financial Life Insurance Company, Inc. the record keeper and, therefore, these transactions qualify as party-in-interest.

Note 9 - Plan Termination

The Plan may be terminated by joint agreement between participating employers and the Union, subject to the provisions set forth in ERISA. In the event of Plan termination, participants will remain 100 percent vested in their accounts.

Note 10 - Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

During 2020, an outbreak of a novel strain of coronavirus (COVID-19) disrupted supply chains and affected production and sales across a range of industries. The extent of the impact of COVID-19 on the Plan's operational and investment performance will depend on certain developments, including the duration and spread of the outbreak. The impact to the Plan cannot be predicted, and the extent to which COVID-19 may impact the statement of net assets available for benefits is uncertain at this time.

Note 11 - Concentration of Credit Risk

The Plan maintains deposits in federally insured financial institutions. At times, these deposits exceed federally insured limits. Management monitors the soundness of these financial institutions and does not believe it is exposed to significant credit risk with respect to its deposit accounts.

Note 12 - Plan Amendments

Effective January 1, 2020, the Plan was amended to comply with the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) changing the required minimum distribution age from 70 1/2 to 72, among other changes.

Note 13 - Subsequent Events

The Plan has evaluated subsequent events through June 20, 2022 the date the financial statements were available to be issued. There were no subsequent events that required adjustments to the financial statements or additional disclosure.
