INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
VISTA Technology Services, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial statements

We have performed an audit of the financial statements of VISTA Technology Services, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of VISTA Technology Services, Inc. 401(k) Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of VISTA Technology Services, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VISTA Technology Services, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VISTA Technology Services, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VISTA Technology Services, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter— 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year and) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter— Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statement of VISTA Technology Services, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

VISTA TECHNOLOGY SERVICES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. Description of the Plan

The following description of VISTA Technology Services, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering substantially all full-time employees of VISTA Technology Services, Inc. (the Company or Plan Sponsor). Employees can enter the Plan immediately upon meeting the eligibility criteria which is attaining age 18. The Plan Administrator is responsible for the oversight of the Plan. Fidelity Management Trust Company serves as the trustee of the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2021, the Plan was amended to update the definition of compensation as defined by the Plan. Effective June 23, 2021, the Plan was amended and restated to bring the Plan into compliance with legislative and regulatory changes. There were no other changes in the Plan provisions.

Contributions

Eligible participants may elect to make salary reduction contributions (pre-tax or Roth) up to 100% of their compensation as defined by the Plan, subject to the limitations of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollovers). The Company contributes a discretionary employer match contribution equal to the sum of 25% of the first 8% of the participant's eligible compensation each pay period. The Company may also contribute a qualified non-elective employer contribution to the Plan. The participant must complete at least 1,000 hours of service and be employed on the last day of the Plan year to receive qualified non-elective contributions. The Company did not make a non-elective contribution for the year ended December 31, 2021. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is participant-directed and is credited with the participant's contributions, the earnings/losses on the participant's account, the Company's discretionary matching contribution, and the non-elective employer contribution, if any. Participant accounts may also be charged with an allocation of certain administrative expenses and expenses specifically attributable to a participant. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VISTA TECHNOLOGY SERVICES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and non-elective employer contribution portions of their accounts plus actual earnings thereon is based on years of continuous service over a two-year period, beginning with 50% after one year, and 100% after two years. However, if an active participant dies or becomes disabled prior to attaining the normal retirement age, or attains normal retirement age, the participant's account becomes 100% vested.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest as determined by the Plan Administrator based on prevailing rates. Participants may have only one loan outstanding at one time. Principal and interest repayments are made ratably through payroll deductions.

Payment of benefits

The Plan provides for distribution of accumulated benefits upon death, separation of service, financial hardship, in-service at age 59½, disability, and retirement of participants. Distributions may be paid in lump sum, partial or installment payments. Certain participants with a balance from a former money purchase pension plan that merged into the Plan in 2001 may be paid in the form of an annuity. If the total benefit is \$1,000 or less, the entire amount may be paid in a single lump sum payment. If the total benefit is greater than \$1,000, but less than \$5,000, the balance may be automatically rolled into an individual retirement account, unless the participant elects otherwise. If the total benefit is greater than \$5,000 the participant must consent to the distribution.

Forfeitures

Forfeitures are used either to reduce employer contributions or to pay administrative expenses. As of December 31, 2021 and 2020, there were unallocated forfeitures in the forfeiture holding account totaling \$1,816 and \$1,804, respectively. For the year ended December 31, 2021, the Plan used forfeitures of \$11,215 to offset discretionary matching contributions.

2. Significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

VISTA TECHNOLOGY SERVICES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

2. Significant accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Excess contributions refundable

Amounts payable to participants for contributions in excess of the amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions in the amount of \$29,451 to the applicable participants subsequent to year-end, on February 17, 2022.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold, as well as held during the year. Employee contributions and discretionary employer matching contributions are recognized on the pay date to which they relate. Qualified non-elective employer contributions are recognized in the year as designated by the Company's Board of Directors.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. Delinquent loans are reclassified as distributions based upon the terms of the Plan documents.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Company. Investment fees and transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses.

VISTA TECHNOLOGY SERVICES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

3. Investments certified by the trustee (unaudited)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements and supplementary information, including the associated appreciation, investment interest and dividends, and interest earned on notes receivable from participants, was certified as complete and accurate by Fidelity Management Trust Company.

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

The asset and liability's fair value measurement level within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

4. Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of units of the common collective trust held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

	Assets at Fair Values as of December 31, 2021			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$11,670,930	\$11,670,930	\$ -	\$ -

Investments measured at net asset value	27,923			
	<u>\$ 9,857,488</u>			

For the years ended December 31, 2021 and 2020, there were no transfers between Levels 1 and 2, and no transfers to Level 3.

The following table summarizes investments for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period in the table below is applicable only to the participants. Full redemption by the Company may require twelve months written notice to Fidelity Management Trust Company.

	2021 Fair Value	2020 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund	\$ 36,377	\$ 27,923	None	Immediate	None

5. Party-in-interest transactions

Certain Plan investments are managed by an affiliate of the Plan trustee, and therefore, the transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses were \$37,286, for the year ended December 31, 2021. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Participant loans also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

VISTA TECHNOLOGY SERVICES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

6. Income tax status

Prior to June 23, 2021, the Plan had been organized as a volume submitter plan which was intended to satisfy the tax qualification requirements under Internal Revenue Code (IRC) 401(a) and was, therefore, not subject to tax under current income tax law. The Plan was maintained to conform to the volume submitter requirements and received a volume submitter opinion letter from the IRS on March 31, 2014. Effective June 23, 2021, the Plan was amended and restated as a preapproved plan and is intended to satisfy the tax qualification requirements under IRC 401(a) and is, therefore, not subject to tax under current income tax law. The Plan has elected not to request a separate determination letter with respect to the Plan's qualification under Section 401(k) of the IRC. The Plan is maintained to conform to the preapproved plan and received a preapproved opinion letter from the IRS on June 30, 2020. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken any uncertain tax positions that more than likely would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. Management has evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require recognition or disclosure in the financial statements as of December 31, 2021 and 2020.

7. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits. As of December 31, 2021, the Plan had approximately 17%, 16% and 15% of net assets available for benefits in the Fidelity 500 Index Fund, Vanguard Institutional Target Retirement 2025, and Vanguard Institutional Target Retirement 2020, respectively.

In addition, recent economic uncertainty and market events as a result of the COVID-19 pandemic and other market forces have led to unprecedented volatility in currency, commodity, credit and equity markets. These recent events underscore the level of investment risk associated with the current economic environment and, accordingly, the level of risk in the Plan.

8. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the audited financial statements as of December 31, 2021 and 2020, to Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the audited financial statements	\$ 11,695,919	\$ 9,881,588
Excess employee contributions refundable	<u>29,451</u>	<u>-</u>
Total net assets per Form 5500	<u>\$ 11,725,370</u>	<u>\$ 9,881,588</u>

The following is a reconciliation of additions to net assets available for benefits per the audited financial statements for the year ended December 31, 2021, to Form 5500:

Total additions per the audited financial statements	\$ 2,339,316
Excess employee contributions refundable, current year	<u>29,451</u>
Total income per Form 5500	<u>\$ 2,368,767</u>

10. Subsequent events

The Plan Administrator has evaluated events through September 15, 2022, the date the financial statements were available to be issued. There have been no material subsequent events that require recognition or disclosure in these financial statements or disclosure in the notes to the financial statements, other than those discussed in Note 2.
