Independent Auditor's Report

To the Participants and Administrator of the
Midwest Motor Supply 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Midwest Motor Supply 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Midwest Motor Supply 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the plan

The following description of the Midwest Motor Supply 401(k) Plan (the “Plan”) is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”).

General

The Plan is a defined contribution plan covering certain employees of Midwest Motor Supply Company and affiliates (the “Employer”) who have completed six months of continuous service and have attained age 21. Upon meeting eligibility requirements, employees are eligible to participate in the Plan at the next enrollment date. Enrollment dates are January 1st and July 1st of each year.

Trustee and recordkeeper

Reliance Trust Company is the trustee and holds the Plan’s investments. T. Rowe Price Retirement Plan Services, Inc. (“TRPRPS”), an affiliate of T. Rowe Price (“TRP”), is the third party recordkeeper.

Administration

The Plan is administered by the Employer.

Transfer from Shamrock Bolt & Screw Co. Inc. Profit Sharing Plan

In 2020, the Employer acquired Shamrock Bolt & Screw Company, Inc. (“SBC”) and in October 2021 the participants’ account values in the SBC sponsored plan were transferred to the Plan in a plan to plan transfer.

Contributions

Participant’s voluntary contributions:

A participant may elect to make a voluntary tax-deferred contribution of his or her annual compensation up to the maximum permitted under Section 402(g) of the Internal Revenue Code (the “Code”) adjusted annually. Section 401(k) of the Code may limit this voluntary tax-deferred contribution. Tax-deferred contributions were limited to \$19,500 for 2021.

Catch-up contribution:

Participants, who during the Plan year attained age 50, are eligible to make catch-up contributions in accordance with the Code. Total catch-up contributions were limited to \$6,500 in 2021.

Midwest Motor Supply 401(k) Plan
Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Investment options

Participant contributions can be directed into various investment options offered by the Plan solely at the participant's discretion. The Plan's investment options currently offered are twenty-three mutual funds.

If a participant makes no investment fund election, any contributions made into such participant's account are invested into the Plan's default investment funds. The default investment funds are the age-appropriate T. Rowe Price Target Date mutual funds, which are selected based on the participant's date of birth.

Participant accounts

Each participant's account is credited with the participant's contributions and allocated investment income (loss). The benefit to which a participant is entitled is the vested balance in the participant's account.

Vesting

A participant is fully and immediately vested for voluntary and rollover contributions.

Benefits paid to participants or beneficiaries

The full value of participants' accounts becomes payable upon retirement (age 65), early retirement (age 55) with ten years of service, disability, or death. Upon termination of employment for any other reason, participants' accounts, to the extent vested, become payable. Those participants with vested account balances greater than \$5,000 have the option of leaving their accounts invested in the Plan until age 70 ½. For participants with vested account balances less than \$5,000, who have not elected to either have such distribution paid to them or to an eligible retirement plan, shall be rolled over to an individual retirement account (IRA) with a properly accredited and regulated financial institution. All benefits will be paid as a lump-sum distribution. Participants have the option of having the benefit paid directly to an eligible retirement plan specified by the participant.

Terminated participants age 72 (70 ½ prior to January 1, 2020) or greater are required to take minimum annual distributions, in accordance with Section 401(a)(9) of the Code. Minimum annual distributions are also required for participant who are 5% owners (as defined in Section 416 of the Code).

A participant, upon reaching age 59 ½, may withdraw up to 100% of the participant's vested account balance.

A participant may also request a hardship distribution due to an immediate and heavy financial need based on the terms of the Plan.

Midwest Motor Supply 401(k) Plan
Notes to Financial Statements (Continued)
December 31, 2021 and 2020

The Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the “Act”) which allowed, in accordance with section 2202(a) of the Act, participants to take up to a \$100,000 distributions from qualified plans between January 1, 2020 and December 31, 2020. Participant have the option to repay such distributions over a three-year period. The Plan will execute a formal Plan amendment within the time frame required by law.

Amounts allocated to participants withdrawn from the plan

There are no amounts allocated, but not yet paid, to participants withdrawn from the Plan as of December 31, 2021 and 2020.

Administrative expenses and ERISA budget account

The Plan maintains an ERISA budget account (“EBA”) which is funded by TRP at a current rate of \$3,750 per quarter that can be used to pay expenses of the Plan. During 2021, \$15,297 of the EBA was used to pay Plan administrative expenses. The EBA balance at December 31, 2021 and 2020, was \$12,574 and \$12,870, respectively, which represents unallocated assets. The funding due from the EBA is reported as fee income receivable in the statements of net assets available for benefits and the amounts earned are reported as fee income in the statement of changes in net assets available for benefits.

Expenses of the Plan which the Employer has elected not to pay are charged to the EBA account. For the year ended December 31, 2021, the Employer has elected to pay all expenses other than those charged to the EBA.

Fees incurred by the Plan for recordkeeping are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of accounting policies

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting, including investment valuation and income recognition.

Estimates

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”), which requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Risks

The Plan provides for the various investment options as described in Note 1. Any investment is exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. These risks could result in a material effect on participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Net appreciation in fair value of investments

Net realized and unrealized appreciation (depreciation) are recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis using fair value. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Benefits paid to participants or beneficiaries

Benefits paid to participants or beneficiaries are recorded in the statement of change in net assets available for benefits when paid.

Subsequent events

The Plan was amended effective July 1, 2022, to among other thing 1) changed eligibility to age 18 and sixty days of service, and 2) change the entry date to the first of the month coinciding with or next following meeting the age and service required.

Subsequent events have been evaluated through September 14, 2022, the date the financial statements were available to be issued.

3. Fair value measurement

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets and liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the quoted market price in the active market which the individual securities are traded and are classified within level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Information certified by trustee

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2021 and 2020 and net appreciation in fair value of investments and earnings from investments for the year ended December 31, 2021 was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by the Reliance Trust Company, the trustee of the Plan.

5. Tax status

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the volume submitter plan adopted by the Plan, as then designed, qualifies under Code Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan termination

Although the Employer has not expressed any intent, the Employer has the right at any time to terminate the Plan subject to provisions of ERISA.

7. Parties-in-interest

The Employer provides certain administrative services to the Plan at no charge. The investments held by the Plan are managed by TRP for which they receive management fees. These fees result in a reduction of earnings from investments. Additionally, the Plan paid \$5,000 to Meeder Asset Management, investment advisor. These transactions are party-in-interest transactions, which are exempt under ERISA.

8. Prohibited transaction

During 2020, the Employer erroneously remitted a \$50 employee deferral for a payroll period to the Plan later than the period prescribed by the Department of Labor regulations. The Employer fully corrected the prohibited transaction in 2021 by remitting the contribution and missed earnings.
