Report of Independent Auditors

To the Administrator of the Martignetti Companies, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of the Martignetti Companies, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Martignetti Companies, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following brief description of the Martignetti Companies, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, established on October 1, 1981 and amended effective January 1, 2002, with a cash deferral arrangement covering all employees of Martignetti Companies, LLC (the “Employer” or the “Company”, formerly Martignetti Companies, Inc.) who have attained the age of 21 and one year of service (“Participants”). Union employees and seasonal or temporary employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan offers investment choices to allow Participants to create a diversified portfolio of assets based on a Participant’s risk tolerance. Participants may direct contributions to any of the various investment options which consist of mutual funds and a guaranteed investment contract. All investments are Participant directed.

Effective July 1, 2014, an eligible employee hired on or after July 1, 2014 will automatically be enrolled in the Plan at a pre-tax contribution rate of 6% of gross eligible earnings unless and until the employee completes a contrary deferral election. This automatic enrollment provision is intended to meet the definition of an “eligible automatic contribution arrangement” under Section 414(w)(3) of the Internal Revenue Code (“IRC”) and the definition of an “automatic contribution arrangement” under ERISA Section 514(e).

Plan Administration

The Employer is the Plan Administrator and has the authority to appoint a person(s) or entities to carry out the operations of the Plan. A portion of expenses incurred in the administration of the Plan are paid by the Employer and are excluded from these financial statements. Investment management fees are charged to the Plan and are included in administrative expenses within the statement of changes in net assets.

Empower Retirement, LLC (“Empower”) became the recordkeeper of the Plan and Great-West Life & Annuity Insurance Company (“Great West”) became the insurance company of the Plan effective January 1, 2021. Prior to this date, Massachusetts Mutual Life Insurance Company (“MassMutual”) served as the Plan’s recordkeeper and insurance company. Reliance Trust Company (“Reliance”) remained the trustee of the Plan as of December 31, 2021 and 2020 and for the years then ended.

Coronavirus Aid, Relief, and Economic Security Act

In response to the coronavirus disease 2019 (“COVID-19”) pandemic, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was enacted on March 27, 2020. The provisions of the CARES Act included several relief provisions available to tax qualified retirement plans and their participants and were effective and operational immediately, prior to amending the Plan Document. The Plan Administrator evaluated the impact of the CARES Act on the Plan and adopted certain measures to temporarily (i) add COVID-19-related distributions of up to \$100,000 for eligible participants, (ii) increase the limit on Plan loans for eligible participants to the maximum amount permitted under the CARES Act, (iii) suspend payments on Plan loans otherwise due in 2020 for eligible participants, and (iv) suspend required minimum distributions for 2020. These temporary CARES Act provisions expired on December 31, 2020.

Martignetti Companies, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Participant Contributions

Participants may contribute through payroll deductions on a pre-tax and post-tax compensation basis, as allowable under Section 401(a) of the IRC. Highly compensated employees may elect to contribute up to 15% of pre-tax compensation. Participants who have reached age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover contributions).

Employer Matching Contributions

The Employer, at its discretion, may elect to contribute a matching contribution. For the Plan year ended December 31, 2021, the Employer matched 100% on the first 2% of the Participants' contributions and 50% on the next 3% of the Participants' contributions, as defined by the Plan Document, up to a maximum of 3.50% of eligible compensation. The maximum matching contribution a Participant could receive was \$10,150 for 2021.

Participant Accounts

Each Participant's account is credited with the Participant's contributions and Employer contributions as well as an allocation of Plan earnings and losses and forfeitures and is charged with an allocation of administrative expenses. Allocations are based on Participant compensation or account balances, as defined. The benefit to which a Participant is entitled is the Participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings and losses thereon. Vesting in the Employer contributions is based on years of continuous service. A Participant starts vesting immediately and vests 20% each year, becoming fully vested after five years of credited service, or upon death or disability.

Payment of Benefits

Participants may take an in-service withdrawal from their vested accounts due to financial hardship or upon reaching age 59 1/2. The minimum in-service withdrawal is \$1,000. A Participant must exhaust all other options before financial hardship withdrawals are allowed. Deferrals will be suspended for six months following receipt of a hardship withdrawal. Upon death, disability, retirement, or termination of service, a Participant may elect to receive a lump-sum amount equal to the value of his or her vested account balance. Upon termination, if a Participant's vested account is less than \$1,000, the Plan Administrator, without consent, may distribute a Participant's entire nonforfeited account balance. In addition, upon termination, if a Participant's vested account is greater than \$1,000 but less than \$5,000, and a distribution election has not been made by the Participant, the Plan Administrator will distribute the benefit in a direct rollover to an individual retirement account designated by the Plan Administrator.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance but not less than \$1,000. A participant is permitted to have up to two loans outstanding at any one time. Note receivable terms are up to five years or longer for the purchase of a primary residence.

Notes receivable are secured by the vested balance in the Participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions in periodic installments. Interest rates as of December 31, 2021 and 2020 ranged from 4.25% to 6.50%. If a Participant ceases to

make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been deemed necessary as of December 31, 2021 or 2020.

Forfeitures

If a Participant receives the vested portion of their account upon separation from service, the Plan will reallocate the nonvested portion at the end of the plan year after the first one-year break in service. If a distribution is not made, the nonvested portion is forfeited after the fifth consecutive one-year break in service. The forfeited amount will be restored if the Participant returns to service within five years of the break in service. Forfeitures attributed to Employer matching contributions that are not restored are applied to reduce future Employer matching contributions made to the Plan or to offset administrative expenses of the Plan. Forfeitures attributed to Employer profit-sharing contributions that are not restored are added to any Employer profit-sharing contribution. Forfeited nonvested accounts totaled \$66,420 and \$50,581 as of December 31, 2021 and 2020, respectively.

Transfer of Assets

Along with the Plan, the Company sponsors another defined contribution plan for all employees of the Local 8D UFCW Union employed by Martignetti Companies, LLC and participating employers. From time to time, due to a change in job description or position, participants transfer their account balances from the Plan to the Local 8 Salary Savings Plan or from the Local 8 Salary Savings Plan to the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements and supplemental schedule are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of net assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could vary from the estimates included in the financial statements.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For the guaranteed investment contract, fair value is determined to be contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan Document. Refer to Note 4 for a discussion of fair value measurements.

Martignetti Companies, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants and beneficiaries are recorded when paid.

Contributions

Employee contributions are recorded in the period in which the employee deductions are made.

Subsequent Events

The Plan has evaluated subsequent events through September 14, 2022, the date the financial statements were available to be issued, and noted no items requiring adjustment of or disclosure in the financial statements.

3. Summary of Certified Financial Information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company and Great-West Life & Annuity Insurance Company, the trustee and insurance company of the Plan, respectively, have certified to the Plan Administrator, the following information as complete and accurate as of December 31, 2021 and for the year then ended. The same financial information was certified by Reliance and MassMutual as of December 31, 2020. The Plan Administrator has relied on this information in the preparation of the Plan's financial statements and related supplemental schedule of assets (held at end of year) in accordance with ERISA:

- a. Investments, individually and in the aggregate, held by the Plan at cost and fair value as of December 31, 2021 and 2020;
- b. Notes receivable from participants, individually and in the aggregate, held by the Plan at unpaid principal plus accrued interest as of December 31, 2021 and 2020;
- c. Interest and dividend income and the net appreciation (depreciation) in the fair value of investments, individually and in the aggregate, for the year ended December 31, 2021;
- d. Interest income earned on notes receivable from participants for the year ended December 31, 2021;
- e. All information reported on the schedule of assets (held at end of year) as of December 31, 2021; and
- f. Contract value for the interest in the guaranteed investment contract as of December 31, 2021 and 2020.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides guidance on how to measure fair value by providing a fair value hierarchy used to classify the source of the information.

Martignetti Companies, LLC 401(k) Plan **Notes to Financial Statements** **December 31, 2021 and 2020**

ASC 820 requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets included in the fair value hierarchy. There have been no changes in the methodologies used as of December 31, 2021 from December 31, 2020.

Mutual funds – Measured using active markets at the latest quoted sales price on the last business day of the year, which represents the net asset value of shares held by the Plan as of year-end.

The following tables present information about the Plan's financial assets measured at fair value on a recurring basis as of December 31, 2021 and 2020:

	Level 1	Level 2	Level 3	Total as of December 31, 2021

Martignetti Companies, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan Administrator evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers between fair value levels during the years ended December 31, 2021 or 2020.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan Document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, Participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to Participant accounts and distributed in such a manner as the Employer may determine.

6. Tax Status

The Plan Administrator is currently relying on a prototype letter. A determination letter has not been received for the Plan. The Plan has been amended since the original adoption of the prototype plan; however, the Plan Administrator and the Plan's general counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

US GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Guaranteed Investment Contract

The Plan holds a fully benefit-responsive guaranteed investment contract with Great West. Great West maintains the contributions in a general account. The account is credited with earnings and losses on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Martignetti Companies, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

The guaranteed investment contract invests primarily in a diversified portfolio of investment-grade fixed income securities. The portfolio manager seeks to achieve a high total rate of return consistent with prudent investment risk and the preservation of capital, seeking securities with attractive yields among corporate, US government and its agencies, foreign issuers, and mortgage-backed and other asset-backed securities.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings and losses, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

8. Party-in-Interest Transactions

Fees for certain accounting, recordkeeping and administrative services are paid to various service providers who qualify as parties-in-interest to the Plan. A portion of these fees are charged to the Plan and a portion are paid by the Employer.

The Plan Administrator is party to a revenue sharing arrangement as part of their administrative services agreement with Empower. Empower receives revenue from fund service providers for services provided to the funds and remits certain amounts to the Plan based on the administrative services agreement. If the revenue received by Empower from fund service providers exceeds the amount owed under the administrative services agreement, those amounts are retained by Empower. Amounts remitted to the Plan are held as credits in the Plan's expense account and do not qualify as assets of the Plan. The Plan has no right, title, or interest in any revenue credits prior to payment. The Plan Administrator uses revenue earned under this arrangement to pay Plan administrative expenses. As of December 31, 2021 and 2020, there were no unused credits. Revenue earned under these arrangements qualifies as party-in-interest transactions.

Recordkeeping services provided by Empower Retirement, LLC, the recordkeeper of the Plan beginning on January 1, 2021, represent allowable party-in-interest transactions. Great West, the insurance company for the Plan beginning on January 1, 2021, manages the guaranteed investment contract held by the Plan. Transactions in this investment qualify as party-in-interest transactions that are allowable under ERISA.

Total indirect compensation paid to Morgan Stanley Smith Barney Holdings LLC, the investment advisor for the Plan, totaled \$178,482 for the year ended December 31, 2021, which is reflected in administrative expenses within the statement of changes in net assets available for benefits. These transactions qualify as party-in-interest transactions that are allowable under ERISA.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
