Independent Auditor's Report

To the Plan Committee and Participants
OSS Orthopaedic Hospital LLC Re-Established
Cash Balance Pension Plan and Trust
York, Pennsylvania

Opinion

We have audited the financial statements of OSS Orthopaedic Hospital LLC Re-Established Cash Balance Pension Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets in liquidation available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets in liquidation available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets in liquidation available for benefits as of December 31, 2021 and 2020, and the changes in its net assets in liquidation available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, owners of OSS Orthopaedic Hospital LLC, the plan's sponsor, voted on October 6, 2020 to terminate the Plan. Effective December 31, 2020, the Plan was terminated. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of Management for the Financial Statements (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued, or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2021 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

OSS Orthopaedic Hospital LLC Re-Established Cash Balance Pension Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 - Description of Plan

The following description of the OSS Orthopaedic Hospital LLC Re-Established Cash Balance Pension Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General and Plan Termination

The Plan is a non-contributory defined benefit cash balance pension plan covering all qualifying employees of OSS Orthopaedic Hospital LLC (the Company) who have completed one year of service and are age 21 or older. A participant must work at least 1,000 hours during the Plan year to receive an employer contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On October 6, 2020, the Plan was amended to terminate the Plan with an effective date of December 31, 2020. The accrued benefits of the participants in the Plan were 100% vested as of the effective date. The Company made contributions to the Plan in accordance with minimum funding requirements established by the Internal Revenue Service (IRS) that would ensure that Plan assets were sufficient to pay Plan participants' accrued benefits. As a result, management determined that liquidation was imminent. A Notice of Interested Parties advising that an application was to be filed was distributed to Plan participants. The application for approval of the Plan's termination was filed with the IRS. In addition, a Notice of Plan Benefits was distributed to Plan participants and subsequently a Standard Termination Notice was filed with the Pension Benefit Guaranty Corporation (PBGC). The Notice of Plan Benefits is a statement of a participant's accrued benefit under the Plan, including an estimate of the amount of a single cash payment to which the participant would be entitled following the receipt of Plan termination approval. As a result of the resolution to terminate the Plan, each participant with an accrued benefit under the Plan had the following choices to have the present value of his or her accrued benefit: distributed in a single cash payment either (i) directly to him or her or (ii) as a direct rollover by the Plan's trustee into either the Company's 401(k) plan or the participant's rollover Individual Retirement Account.

Participant Accounts

Under the Plan provisions, amounts are credited by the Company to the participants' hypothetical accounts. The accounts are allocated compensation credits and investment credits as defined in the plan document. The investment credit amounts to 0% multiplied by the participant's account balance the preceding December 31.

Funding Policy

The Company's funding policy is to contribute funds to the Plan in such amounts as are required on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to Plan participants. To the extent that these requirements are fully covered by assets in the Plan, the Company may elect not to make a contribution in a particular year. No participant contributions are permitted. The Company's contributions for the years ended December 31, 2021 and 2020 met, or exceeded, the minimum funding requirements of ERISA.

Note 1 - Description of Plan (continued)

Vesting

A participant is 100% vested in their accrued benefit upon attainment of normal retirement age, or upon completion of two years of credited service, based on the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0 %
2 or more	100

Effective December 31, 2020, the accrued benefits of participants in the Plan were 100% vested.

Pension Benefits

Benefits are determined based on the participant's hypothetical account balance. Plan participants are eligible for their plan benefit after terminating employment with vested rights. If employees terminate before rendering two years of service, they forfeit the right to receive the portion of their accumulated plan benefits. Only service earned after January 1, 2017 is considered for vesting purposes. Upon termination of employment, participants may elect to receive the value of their accumulated plan benefits as a lump sum distribution, or they may elect to receive their benefits as a life or joint and survivor annuity payable monthly. If the present value of the participant's accrued benefit is less than or equal to \$5,000, the participant is paid a lump-sum distribution, as soon as administratively practical, following the participant's termination of employment.

Death and Disability Benefits

If a participant dies prior to reaching normal retirement age, a death benefit equal to the actuarial present value of the participant's accrued benefit as of the date of death is paid to the employee's beneficiary. A participant who becomes disabled while employed will be entitled to a disability retirement benefit. The amount will be equal to the participant's accrued benefit as of the date the disability is established. If the participant elects to begin receiving his or her disability retirement benefit prior to his or her normal retirement date, the amount payable will be the actuarial equivalent based on the date benefit payments are to commence.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

Due to the decision to terminate the Plan during 2020, management determined that liquidation of the Plan was imminent and the financial statements for 2021 and 2020 have been prepared using the liquidation basis of accounting.

Notes to Financial Statements

December 31, 2021 and 2020

Note 2 - Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities, if any, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments in the statement of net assets in liquidation available for benefits are reported at liquidation value. For all investments, the fair value approximates the amount the Plan expects to distribute at liquidation.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. Benefits under the Plan are accumulated based on participants' compensation during each year of credited service. The accumulated plan benefits for active participants will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances such as retirement, death, disability, and termination of employment are included to the extent they are attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The Plan was terminated effective December 31, 2020, all the vested benefits were paid to participants during the year ended December 31, 2021.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Investment management fees are paid by the Plan.

Note 3 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The money market fund and registered investment companies are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The U.S. government securities are valued at pricing models maximizing the use of observable inputs for similar securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

OSS Orthopaedic Hospital LLC Re-Established Cash Balance Pension Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

Note 3 - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements at December 31, 2020			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Registered investment companies	\$ 4,413,792	\$ -	\$ -	\$ 4,413,792
Money market fund	1,563	-	-	1,563
U.S. government securities	-	916,947	-	916,947
	<u>\$ 4,415,355</u>	<u>\$ 916,947</u>	<u>\$ -</u>	<u>\$ 5,332,302</u>

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no transfers in or out of Level 3.

Note 4 - Tax Status

The Company adopted a non-standardized pre-approved money purchase/profit sharing plan sponsored by Ascensus LLC. The Plan has been designed to conform under the Internal Revenue Code (IRC). The Plan has received an opinion letter from the IRS, dated June 30, 2020, stating that the plan is qualified under the appropriate section of the IRC. The opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

Notes to Financial Statements

December 31, 2021 and 2020

Note 4 - Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. There are currently no income tax examinations in process.

Note 5 - Plan Termination

On October 6, 2020, the Board of Directors of OSS Orthopaedic Hospital LLC, the plan sponsor, voted to terminate the OSS Orthopaedic Hospital LLC Re-Established Cash Balance Plan and Trust, effective December 31, 2020. When the Plan terminated, the net assets of the Plan were allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- A. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- B. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. Government agency) up to the applicable limitations.
- C. All other vested benefits (that is, vested benefits not insured by the PBGC).
- D. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC when the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits when the Plan terminates was dependent on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and also depended on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.
