Report of Independent Auditors

Merlino Companies Profit Sharing 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Merlino Companies Profit Sharing 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Merlino Companies Profit Sharing 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Merlino Companies Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1 – Description of Plan

General – Merlino Companies Profit Sharing 401(k) Plan (the Plan) was established to provide retirement benefits to eligible employees. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Eligibility – Employees of Gary Merlino Construction Company, Inc. (the Company), who are not leased employees may become a participant in the salary deferral provisions of the Plan on the first day of the following month coincident with or immediately following their employment commencement date (provided the employee has attained age 18). There is no service requirement for salary deferral contributions. Employees of the Company who are not covered under collective bargaining agreements or are not leased employees are eligible to participate in the discretionary profit sharing component and the safe harbor employer contributions of the Plan on the first day of the following month coincident with or immediately following the later of the date on which the employee completes one year of service or attains age 18. A year of service is defined as completion of 1,000 hours of service in 12 consecutive months.

Contributions – Participants may contribute a percentage of their pre-tax compensation to the Plan each year. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company has elected to apply safe harbor plan provisions as defined by the Plan. Under safe harbor plan provisions, the Company makes a safe harbor nonelective contribution of 3% of each participant's eligible compensation. The Company may also elect to make discretionary matching or profit sharing contributions to the Plan. Contributions are subject to regulatory limitations established by the Internal Revenue Code (IRC).

For the year ended December 31, 2021, the Company made safe harbor nonelective contributions totaling \$271,847. The Company also made discretionary profit sharing contributions equal to 7% of each participant's eligible compensation, as defined by the Plan. Discretionary profit sharing contributions totaled \$602,706 for the year ended December 31, 2021.

Contributions are subject to regulatory limitations.

Participant accounts – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan's investment options include various unitized portfolios, comprised of mutual funds, in which participants may choose to invest their accounts. Each participant's account is credited with the participant's contributions and allocations of the Company's safe harbor and profit sharing contributions and plan earnings. Participant accounts are charged with allocations of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan (continued)

Vesting – Participants are 100% vested in salary deferrals, safe harbor nonelective contributions, and related earnings thereon. Other employer contributions and related earnings become 100% vested upon the participant's early retirement date (provided the participant has earned five years of service), death, or permanent disability. Early retirement date is the date on which a participant attains age 59-1/2; normal retirement date is the date on which the participant attains age 65. Otherwise, benefits from other employer contributions and related earnings vest to the participant based upon years of service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. Loan terms range from one to five years for tuition expenses, medical expenses, funeral expenses of a family member, and/or repairs of damage to the participant's primary residence. The maximum loan term is up to 15 years for the purchase of a primary residence. As of December 31, 2021, interest rates on outstanding participant loans ranged from 4.25% to 6.50% with various maturities through March 2034.

Payment of benefits – On termination of services a participant may elect to receive their benefit in a lump sum, equal installments, or annuities as described in the Plan agreement. For in-service distributions, a participant may receive the value of the vested interest in their account in a lump sum. For vested balances less than \$5,000, distributions are made in a single lump sum as soon as possible upon termination for any reason.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and may be used to pay the Plan's administrative expenses or used to reduce future Company contributions. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$13,908 and \$19,794, respectively. Company contributions were reduced by \$19,860 from forfeited nonvested accounts for the year ended December 31, 2021.

Plan termination – Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time subject to ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in accordance with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are reported at fair value. The Plan's custodian, Charles Schwab Trust Bank, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Benefit payments – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Company.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are issued. The Plan has evaluated subsequent events through September 16, 2022, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Registered investment companies (mutual funds) – Shares of mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Collective trust – Units held in the collective trust are valued using the NAV practical expedient of the collective trust as reported by the collective trust managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the collective trust, minus its liabilities, and then divided by the number of units outstanding. The number of units of the trust that are outstanding on the calculation date is derived from observable purchase and redemption activity in the trust. Investments in collective trusts did not have any unfunded commitments or redemption restrictions as of December 31, 2021.

Note 4 – Tax Status

The Plan document is a volume submitter defined contribution plan that received a favorable Plan opinion letter from the Internal Revenue Service on March 31, 2014, which stated the Plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 6 – Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the custodian of the Plan has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments reflected on the schedule of assets (held at end of year) except for participant loans.

Note 7 – Party-in-Interest Transactions

Charles Schwab Trust Bank, the custodian of the Plan, receives revenue from mutual fund service providers for services provided to the funds by Charles Schwab. This revenue is used to offset certain administrative expenses, and is presented as Other income on the Statement of Changes in Net Assets Available for Benefits. Charles Schwab is an affiliate of Charles Schwab Trust Bank, therefore, these transactions qualify as exempt party-in-interest transactions.

Note 8 – Reconciliation to Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
