INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Republic National 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Republic National 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of the report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 10, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Republic National 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following description of the Republic National 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that provides savings and salary deferral benefits to eligible employees of Republic National Distributing Company, LLC and its affiliates (the Company or Employer). Employees are eligible for participation in the Plan on the first day of each calendar month coinciding with or the next month following the date after attaining age eighteen and completion of one month of service. Certain affiliates of the Company sponsor the National Distributing Company, Inc. 401(k) Plan (NDC Plan). Participant accounts are automatically transferred between the Plan and the NDC Plan when the participant changes employment between the respective employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In January 2021, the Young's Market Company, LLC and Affiliates 401(k) Savings Plan (the YM Plan) merged into the Plan. The transfer was effective as of December 31, 2020. As the YM Plan assets remained in the YM Plan on December 31, 2020, the Plan recorded an inter-plan transfer receivable and transfers into the Plan of \$205,815,330 as of December 31, 2020 on the accompanying statement of net assets available for benefits and statement of changes in net assets available for benefits, respectively. The assets were received by the Plan on January 4, 2021.

Contributions and Vesting

Participants are automatically enrolled in the Plan at 9% unless they elect otherwise. Effective June 1, 2021, the Investment Committee for the Plan amended the Plan to automatically increase the deferral election by 2% for all participants who had a prior deferral election of 7% or less.

A non-highly compensated employee may contribute up to 75% of base compensation subject to Internal Revenue Service limitations of \$19,500 in 2021. Highly compensated employees are limited to deferring 8% of their compensation. An eligible employee may also elect to make voluntary after-tax contributions up to 25% of base compensation. Participants who have attained the age of 50 before the end of the plan year were allowed to make catch-up contributions of up to \$6,500 in 2021. Participants may change the amount of elective deferral contributions on a daily basis. Participants may also contribute Roth contributions. Participants are immediately vested in their elective deferrals, Roth and after-tax contributions, and earnings thereon. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Effective January 1, 2020, the Plan was amended to permit conversions of non-Roth after-tax contributions to Roth accounts, provided that participants may continue to make loan payments after terminating service from the Company and to provide for certain mandatory arbitration and class action waivers by Plan participants.

Republic National 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

The Company makes a regular matching contribution each pay period equal to 50% of participant contributions, up to 8% of eligible compensation for a participant who is not a member of and does not participate under the defined benefit plan sponsored by the Block Company, and 25% of participant contributions up to 6% of eligible compensation for a participant who is a member of and benefits under the defined benefit plan sponsored by the Block Company. The Employer matching contributions paid, net of forfeitures, in 2021 was \$27,739,242. Profit sharing contributions are made under certain collective bargaining agreements and amounted to \$145,200 for the year ended December 31, 2021. An employer may make, at its discretion, a true up matching contribution on behalf of each of its eligible employees. No significant true-up contribution was made in 2022 as it relates to the year ended December 31, 2021.

Upon completion of three years of service, participants are 100% vested in matching contributions except as further discussed in this footnote. Participants with prior National Distributing Company Mid-Atlantic 401(k) Plan matching contributions are 100% vested at all times in their matching contributions. Participants with prior Republic Beverage Company, Inc. matching contributions are 100% vested at all times in such matching contributions.

Participants that were part of the Naifeh Plan merger were 100% vested in prior employer matching and profit-sharing contributions at the time of the merger and were credited with prior service at Naifeh with the Company.

A participant's vested interest in prior National Distributing Company, Inc. profit sharing contributions will be 100% vested after completion of three years of service and participants receiving profit sharing contributions previously made under another plan maintained by an entity adopting the Plan will be 100% vested in such contributions after completion of five years of service.

Participants covered under certain collective bargaining agreements receive weekly profit sharing contributions for each eligible week. Covered participants are 100% vested at all times in their weekly profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, any Employer contributions, and earnings and losses on the investments in their account and is charged with certain administrative expenses. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Republic National 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. A participant may have one loan outstanding at any time. Interest income is recognized when received. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with interest rates charged by persons in the business of lending money for loans under similar circumstances. During 2021, loans had fixed rates ranging from 4.25% to 11.5% for the term of the loan not to exceed 5 years or 15 years if used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum, partial payment, or installment distribution as defined by the Plan document. In-service withdrawals are also permitted for participants who have attained age 59 ½. The participant's contributions may also be withdrawn for certain hardship situations.

Forfeited Accounts

Forfeitures of any non-vested Employer contributions shall be used to reduce the Employer's future contributions to the Plan. Forfeited accounts totaled approximately \$1,600,000 and \$949,000 as of December 31, 2021 and 2020, respectively. Approximately \$1,090,000 of forfeitures were used to reduce Employer matching contributions for the Plan year ended December 31, 2021.

Administrative Expenses

Participants are charged with specific transaction charges such as loan origination and distribution fees as well as certain plan administration fees including audit, recordkeeping, and investment advisory fees. These plan administration fees are allocated to participants at an equal dollar amount based on the number of participants in the Plan. These expenses are paid to service providers of the Plan and qualify as party-in-interest transactions. The Plan has an ERISA account where the custodian deposits revenue sharing payments that are used to pay certain Plan administrative expenses or allocated to participant accounts. During 2021, \$119,583 was deposited into the account and \$234,052 was used to pay administrative expenses. Deposits to this account are included in net change in fair value of investments in the accompanying statement of changes in net assets available for benefits. Payments from this account are included in expenses the year paid. The account had an available balance of \$186,286 and \$297,337 as of December 31, 2021 and 2020, respectively, which is included in the stable asset income fund on the statements of net assets available for benefits.

Republic National 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. Profit-sharing contributions are considered payable to the Plan when such a contribution has been approved by the Company. Any unfunded participant or employer matching and profit-sharing contributions are included in the participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2021 and 2020.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, certain Plan administrative expenses, and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Notes payable from participants also qualify as party-in-interest transactions.

Republic National 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 16, 2022, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2021 and 2020, and the net change in fair value of investments and interest income for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC, the Plan's qualified institution.

4. Investments

Investments are exposed to various risks, such as market, currency, interest rate and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, and significant cybersecurity attacks, among others. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable inputs, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Republic National 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

Investments in collective trust funds are valued daily using NAV. The NAVs are based on the fair value of the stocks, debt instruments, mutual funds and other securities in the trusts. The collective trust funds may be traded daily at their NAV (Level 1).

The Plan invests in a stable asset income fund which invests primarily in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts. The stable asset income fund trades at net asset value (NAV), which is based on the contract value of the underlying GIC investment (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31, 2021 and 2020:

	Level 1	
	2021	2020
Mutual funds	\$ 609,425,993	\$ 434,581,021
Collective trusts funds	640,321,167	451,641,867
Stable asset income fund	88,658,729	78,664,349
Total	\$ 1,338,405,889	\$ 964,887,237

There has been significant volatility in the investment markets both nationally and globally since December 31, 2021, which has resulted in a substantial decline in the value of the Plan's investment portfolio. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

Republic National 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

6. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 26, 2012, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.
