Independent Auditors' Report

To the Participants and Plan Administrator of
ATC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of ATC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for 12 months from the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i-Schedule of Assets (Held at End of Year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ATC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2021 AND 2020 AND FOR THE YEAR ENDED DECEMBER 31, 2021

1. DESCRIPTION OF THE PLAN

The following summary description of the ATC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General—The Plan is a defined contribution plan covering certain eligible classes of employees of ATC Management Inc. (the “Company”). Upon completion of one month of service with the Company, an employee is eligible to participate on the first day of the subsequent month. The Company sponsors and administers the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company’s Employee Benefits Committee is responsible for oversight of the Plan and determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Contributions—Participants may elect to defer from 1% to 60% of their annual compensation, with a total limit for 2021 of \$19,500 (\$26,000 for certain individuals age 50 or older subject to certain Internal Revenue Code (IRC) limitations). The Company matching portion is equal to 100% of the first 3% of eligible compensation, and 50% of the next 2% of eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants have the option to designate whether their deferral contribution will be an after-tax Roth 401(k) deferral contribution.

Participants’ Accounts—Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions and Plan earnings, and charged with withdrawals, administrative expenses and allocation of Plan losses. Allocations are based on account balances or earnings, as defined. The maximum benefit to which a participant is entitled from the Plan is the benefit that can be provided from that participant’s account.

Vesting—Participants are immediately vested in their voluntary and Company matching contributions plus actual earnings thereon. Therefore, there are no forfeitures under the Plan.

Payment of Benefits—On termination of service due to retirement, death, disability or termination of employment, a Plan participant may elect to receive a lump-sum distribution or installments equal to the vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Investment Elections—The participants can direct their account balance into a variety of different investment options. The Company currently offers a money market fund, various mutual funds, and participant-directed brokerage accounts as investment options for participants.

Notes Receivable from Participants—Participants may borrow against their account balance, in amounts not to exceed the lesser of 50% of their account balance or \$50,000. The minimum loan amount is \$1,000. Loan terms range from one to ten years. The loans are collateralized by the balance in the participant’s account and bear interest at rates that ranged from 5.25% to 7.50% as of December 31, 2021 and 2020, respectively. Principal and interest payments are made primarily through payroll deductions.

Novel Coronavirus (“COVID-19”)—On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (“CARES Act”) was signed into law. This aid package was designed to provide relief to individuals, businesses and government organizations affected by COVID-19. Several optional provisions of the CARES Act affected employee benefit plans. During 2020, the Plan opted into the following provisions of the CARES Act:

- **Hardship distributions**—Qualified plan participants were permitted to take a COVID-19-related distribution of up to \$100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken up through December 30, 2020. Distributions may be repaid within three years, or a participant may elect these distributions to be included in taxable income on a pro-rata basis over three years.
- **Participant loans**—Participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- **Participant loans**—Participants were permitted to borrow up to \$100,000 during 2020 (an increase from \$50,000 previously permitted), with repayments delayed to 2021.
- **Required minimum distributions (RMDs)**—A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70½ in 2019 and 72 in 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates—The preparation of financial statements in conformity with U.S. GAAP requires the Plan’s management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from these estimates.

Risks and Uncertainties—The Plan invests in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan’s investments are stated at fair value at quoted market prices. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are accounted for on the trade date. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Notes Receivable from Participants—Notes receivable from participants are stated at their unpaid principal balance plus any accrued interest. Participant loans in default are treated as deemed distributions based upon the terms of the plan document. Accordingly, there is no reserve for uncollectible balances as of December 31, 2021 and 2020.

Administrative Expenses— Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses.

Benefit Payments—Distributions to participants are recorded when paid. There were no benefit payments requested and unprocessed as of December 31, 2021 and 2020.

Subsequent Events—Management has evaluated the impact of all subsequent events through August 15, 2022, the date the Plan’s financial statements were available to be issued and determined that all subsequent events have been appropriately recognized and disclosed in the accompanying financial statements.

3. INFORMATION CERTIFIED BY THE PLAN’S TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020 and the supplemental schedule H, part IV, line 4i – schedule of assets (held at end of year) as of December 31, 2021, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

4. FAIR VALUE MEASUREMENTS

The Plan follows U.S. GAAP for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan can access.
- Level 2 Observable market-based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include:
- Quoted prices for similar assets in active markets
 - Quoted prices for identical or similar assets in inactive markets
 - Inputs other than quoted prices that are observable for the asset
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means
- Level 3 Inputs to the valuation methodology that are unobservable and not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2021 and 2020. The following are descriptions of the valuation methodologies used for investments measured at fair value:

Money market fund: Valued at the net asset value of the shares held by the Plan at year end.

Mutual funds: Valued at the net asset value of the shares held by the Plan at year end.

Participant-Directed Brokerage Accounts: The Plan's investments held in participant-directed brokerage accounts may include mutual funds, common stock, bonds, cash, money market funds, unit investment trusts and options. The fair values of mutual funds and money market funds are based on the quoted net asset values of the shares held by the Plan at year end. The fair values of common stock and unit investment trusts are based on quoted market prices. Cash is reported at carrying value which approximates fair value. The fair value of bonds for which quoted market prices are not available are valued based on yields currently available on comparable securities of issues with similar credit ratings. The fair value of options is based on cost; no value is given until options are exercised.

The plan sponsor is responsible for the determination of fair value. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial reporting instruments could result in a different fair value measurement at the reporting date.

The following tables contain, by level within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2021 and 2020, respectively:

December 31, 2021				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 5,031,563	\$ -	\$ 5,031,563

Total Investments at Fair Value	<u>\$ 186,016,882</u>	<u>\$ 6,626,457</u>	<u>\$ -</u>	<u>\$ 192,643,339</u>

December 31, 2020				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 5,428,046	\$ -	\$ 5,428,046
Mutual funds	155,478,526	-	-	155,478,526
Participant-directed brokerage accounts	12,669,474	1,067,709	-	13,737,183
Total Investments at Fair Value	<u>\$ 168,148,000</u>	<u>\$ 6,495,755</u>	<u>\$ -</u>	<u>\$ 174,643,755</u>

As of December 31, 2021 and 2020, the Plan had investments of \$51,926,593 and \$43,346,726, respectively, which were concentrated in two funds.

5. ADMINISTRATION OF PLAN ASSETS

The Plan's assets are administered under a contract with Fidelity Management Trust Company, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in certain mutual funds, participant-directed brokerage accounts, and a money market portfolio managed by Fidelity Management Trust Company, the trustee of the Plan. These are not considered prohibited transactions under ERISA. Fees paid by the Plan for investment management, recordkeeping and other operating expenses are with the trustee and are party-in-interest transactions. These fees are netted against investment income.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

8. FEDERAL TAX STATUS

The Plan is designed as a volume submitter plan using the Volume Submitter Profit Sharing Plan with the cash-or-deferred arrangement maintained by Fidelity Management & Research Company, the volume submitter sponsor. Although the Plan has not obtained a favorable opinion letter from the Internal Revenue Service (IRS), the volume submitter plan has received a favorable opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since receiving the opinion letter. On March 3, 2016, the Company signed into adoption a full amendment and restatement of the Plan, effective January 1, 2016. However, plan management and the Company believe that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC, and that the Plan qualifies under Section 401 to be tax-exempt as of December 31, 2021.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
