INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Wismettac Asian Foods 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Wismettac Asian Foods 401(k) Profit Sharing Plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Wismettac Asian Foods 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Wismettac Asian Foods 401(k) Profit Sharing Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company (Fidelity), the trustee of the Wismettac Asian Foods 401(k) Profit Sharing Plan as of and for the year ended December 31, 2021, stating that the certified investment information as described in Note 9 to the financial statements is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by Fidelity agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Wismettac Asian Foods 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wismettac Asian Foods 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Wismettac Asian Foods 401(k) Profit Sharing Plan; and determining whether the Wismettac Asian Foods 401(k) Profit Sharing Plan's transactions that are presented and disclosed in the financial statements are in conformity with Wismettac Asian Foods 401(k) Profit Sharing Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wismettac Asian Foods 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wismettac Asian Foods 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by Fidelity agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Wismettac Asian Foods 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the DOL Rules and regulations for reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by Fidelity. In our report dated August 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

WISMETTAC ASIAN FOODS 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Wismettac Asian Foods 401(k) Profit Sharing Plan (the Plan), formerly known as the Nishimoto Trading Co., Ltd. 401(k) Profit Sharing Plan, provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Wismettac Asian Foods, Inc. (the Company). Effective December 4, 2015, the Plan's name changed from the Nishimoto Trading Co, Ltd. 401(k) Profit Sharing Plan to the Wismettac Asian Foods 401(k) Profit Sharing Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA). During 1991, the Company adopted the deferred compensation election under Section 401(k) of the Internal Revenue Code (IRC). The Plan is administered by a retirement committee (the Plan Administrator) consisting of four members appointed by the Board of Directors of the Company.

Eligibility and Contributions: All employees of the Company (collectively, Employees) are eligible to participate upon attaining age 18 and completion of 1/4 year of service. Unless a participant elects otherwise, the Company automatically enrolls new Employees with a 3% pretax contribution. The 3% automatic deferral election will, in general, become effective the first pay period of the month after attaining eligibility. Employees may change their contribution rates at the beginning of each payroll period and may contribute between 1% and 75% of eligible pay on a pretax basis. Such contributions may be tax deferred at the Employee's option, subject to the annual limits of the IRC. Employees may also stop contributing to their accounts at any time by changing the contribution rate to 0%. Employees over age 50 are permitted to make catch-up contributions, subject to the annual limits of the IRC. The Company may make discretionary matching contributions determined annually by a Board of Directors resolution. To be eligible for discretionary matching contributions, Employees are required to make employee pretax deferral contributions or Roth 401(k) after-tax deferral contributions. The Plan will match based on the combined total of these contributions up to the matching limit. For the purpose of determining the matching contributions under the Plan, the pretax contribution will include catch-up contributions made by Employees over age 50 as described above. For the year ended December 31, 2021, the Company made a discretionary matching contribution of 50% for each dollar contributed up to 6% of each participant's contribution.

Investment: Participants' and employer's contributions are invested, as designated by the participants, in one or any combination of the 29 investment options offered by the Plan. Investments are made and funds are allocated on the date of receipt of the contribution.

Participant Accounts: Each participant's account is credited with the participant's contributions, employer matching contributions and allocation of the Plan's earnings (losses) and is charged with an allocation of administrative expenses (as defined). Allocations are based on the participant's eligible compensation, participant contributions, investment elections and/or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Vesting: Participants' contributions and income thereon are fully vested at all times. The Company's contributions and income thereon are 20% vested after two years of service. Vesting increases 20% for each year of service thereafter, with full vesting occurring after six years of service, upon death or total and permanent disability, or upon retirement at or after age 65. For hardship reasons, a participant may withdraw amounts up to the participant's cumulative contribution and vested company match.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or within a reasonable period of time that is longer than five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loans bear interest at prime plus 1% as reported in *The Wall Street Journal* and are automatically deducted from the participant's pay through after-tax payroll deductions. Employees are allowed to have one loan outstanding at a time. A loan fee is paid to Fidelity Investments by the participant and is deducted from the participant's account.

WISMETTAC ASIAN FOODS 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits: Benefit payments to participants are recorded when paid.

Plan Termination: The Company anticipates and believes that the Plan will continue without interruption but reserves the right to terminate the Plan. In the event of the Plan's termination, each affected participant will become fully vested, and the assets will be distributed to the participants in accordance with the terms of the Plan and requirements of ERISA.

Forfeitures: Upon termination of employment, participants forfeit their nonvested balances. Unallocated forfeitures of terminated nonvested account balances as of December 31, 2021 and 2020 totaled \$81 and \$112, respectively. These amounts are available to offset employer cash contributions or pay plan expenses in accordance with the plan agreement. Total forfeitures of \$121,283 and \$125,657 were used to reduce employer contributions for the years ended December 31, 2021 and 2020, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Concentration of Risk: The Plan's concentration of credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences. Due to the level of risk associated with certain investment securities and the level of uncertainty to changes in the value of these investments, it is at least reasonably possible that changes in risk in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for the discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements: The Accounting Standards Codification establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three-tier fair value hierarchy includes the following categories:

- *Level 1* – Asset fair values are based on quoted prices in active markets for identical assets and liabilities that the Plan has the ability to access at the measurement date (e.g., prices derived from the New York Stock Exchange, NASDAQ or Chicago Board of Trade).
- *Level 2* – Assets other than quoted prices included within Level 1 that are observable for valuing the asset or liability, either directly or indirectly (e.g., interest rates and yield curves observable at commonly quoted intervals). Observable inputs include quoted prices for similar assets or liabilities in active or non-active markets, so a comparison must be made to similar investments in order to determine their fair value. Level 2 inputs may also include insignificant adjustments to market observable inputs.
- *Level 3* – Inputs for which fair value cannot be determined by using observable measures, such as market prices or models. Level 3 assets are typically very liquid, and fair values can only be calculated using estimates or risk-adjusted value ranges.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Further, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

- *Mutual Funds* – Investments in mutual funds are valued at fair value as determined by Fidelity based on quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Mutual funds are classified as Level 1 measurements.

The Plan's financial instruments that are subject to fair value measurement and/or disclosure are summarized in Note 3.

Administrative Expenses: Expenses incurred by the trustee in connection with its administration of the trust are paid by the Plan, unless paid by the Company at its option. Administrative expenses incurred amounted to \$5,844 and \$6,860 for the years ended December 31, 2021 and 2020, respectively.

Subsequent Events: The Plan has evaluated subsequent events through July 29, 2022, the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments at fair value, by level within the fair value hierarchy, are as follows:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2021				
Mutual funds	\$ 58,838,131	\$ 58,838,131	\$ -	\$ -
2020				
Mutual funds	\$ 49,699,389	\$ 49,699,389	\$ -	\$ -

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2021 and 2020, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The principal fixed income account is a fully benefit-responsive group annuity contract issued by Principal Life Insurance Company (PLIC). The methodology for calculating the interest crediting rate is defined in Article I, Section II of the contract under the term "Composite Crediting Rate." Under the terms of the existing contract, the Composite Crediting Rate is currently reset on a semiannual basis and will never be less than the Guaranteed Minimum Interest Rate. The methodology for calculating the Guaranteed Minimum Interest Rate is defined in Article I, Section II of the contract under the term "Guaranteed Minimum Interest Rate."

Changes in future interest credit rates will not affect the amount reported as an adjustment from the fair value to contract value on the statements of net assets available for plan benefits for the portion of net assets attributable to fully benefit-responsive investment contracts. Fair value is considered book value less early withdrawal charges.

The principal fixed income account is a single group annuity contract with a fixed rate of interest, not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

By definition, the principal fixed income account is an insurance contract. As a result, the Plan may transact at any time according to the terms defined in the contract. Based on historical data, the probability of such defined events occurring to limit the Plan's ability to transact at contract value with participants is remote.

As defined in the contract, there are circumstances under which the contract may be terminated by the Plan. The issuer, PLIC, has the right to no longer receive deposits under the contract. However, based on historical data, the likelihood of this occurring is also remote.

As described in Note 2, because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract as of December 31, 2021 and 2020 was \$9,069,416 and \$9,024,049, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under the DOL Rules and Regulations as any fiduciary of the Plan, any party rendering services to the Plan, Employees and certain others. Certain investments of the Plan are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

The Plan Sponsor provides certain accounting and administrative services to the Plan for which no fees are charged. These expenses constitute exempt party-in-interest transactions under ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their employer contributions, if any.

NOTE 7 – TAX STATUS

The Plan received a determination letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan, as amended and restated, is qualified and that the related trust is exempt.

U.S. GAAP requires the Plan's management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, of being sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by tax jurisdictions for tax years for which applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

The Plan is required to disclose significant concentrations of credit risk regardless of the degree of such risk. As of December 31, 2021 and 2020, the financial instruments that potentially subject the Plan to a concentration of credit risk consist principally of investments and notes receivable from participants.

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Wismettac Asian Foods 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Wismettac Asian Foods 401(k) Profit Sharing Plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Wismettac Asian Foods 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Wismettac Asian Foods 401(k) Profit Sharing Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company (Fidelity), the trustee of the Wismettac Asian Foods 401(k) Profit Sharing Plan as of and for the year ended December 31, 2021, stating that the certified investment information as described in Note 9 to the financial statements is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by Fidelity agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Wismettac Asian Foods 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wismettac Asian Foods 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Wismettac Asian Foods 401(k) Profit Sharing Plan; and determining whether the Wismettac Asian Foods 401(k) Profit Sharing Plan's transactions that are presented and disclosed in the financial statements are in conformity with Wismettac Asian Foods 401(k) Profit Sharing Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wismettac Asian Foods 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wismettac Asian Foods 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by Fidelity agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Wismettac Asian Foods 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the DOL Rules and regulations for reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by Fidelity. In our report dated August 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

WISMETTAC ASIAN FOODS 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Wismettac Asian Foods 401(k) Profit Sharing Plan (the Plan), formerly known as the Nishimoto Trading Co., Ltd. 401(k) Profit Sharing Plan, provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Wismettac Asian Foods, Inc. (the Company). Effective December 4, 2015, the Plan's name changed from the Nishimoto Trading Co, Ltd. 401(k) Profit Sharing Plan to the Wismettac Asian Foods 401(k) Profit Sharing Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA). During 1991, the Company adopted the deferred compensation election under Section 401(k) of the Internal Revenue Code (IRC). The Plan is administered by a retirement committee (the Plan Administrator) consisting of four members appointed by the Board of Directors of the Company.

Eligibility and Contributions: All employees of the Company (collectively, Employees) are eligible to participate upon attaining age 18 and completion of 1/4 year of service. Unless a participant elects otherwise, the Company automatically enrolls new Employees with a 3% pretax contribution. The 3% automatic deferral election will, in general, become effective the first pay period of the month after attaining eligibility. Employees may change their contribution rates at the beginning of each payroll period and may contribute between 1% and 75% of eligible pay on a pretax basis. Such contributions may be tax deferred at the Employee's option, subject to the annual limits of the IRC. Employees may also stop contributing to their accounts at any time by changing the contribution rate to 0%. Employees over age 50 are permitted to make catch-up contributions, subject to the annual limits of the IRC. The Company may make discretionary matching contributions determined annually by a Board of Directors resolution. To be eligible for discretionary matching contributions, Employees are required to make employee pretax deferral contributions or Roth 401(k) after-tax deferral contributions. The Plan will match based on the combined total of these contributions up to the matching limit. For the purpose of determining the matching contributions under the Plan, the pretax contribution will include catch-up contributions made by Employees over age 50 as described above. For the year ended December 31, 2021, the Company made a discretionary matching contribution of 50% for each dollar contributed up to 6% of each participant's contribution.

Investment: Participants' and employer's contributions are invested, as designated by the participants, in one or any combination of the 29 investment options offered by the Plan. Investments are made and funds are allocated on the date of receipt of the contribution.

Participant Accounts: Each participant's account is credited with the participant's contributions, employer matching contributions and allocation of the Plan's earnings (losses) and is charged with an allocation of administrative expenses (as defined). Allocations are based on the participant's eligible compensation, participant contributions, investment elections and/or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Vesting: Participants' contributions and income thereon are fully vested at all times. The Company's contributions and income thereon are 20% vested after two years of service. Vesting increases 20% for each year of service thereafter, with full vesting occurring after six years of service, upon death or total and permanent disability, or upon retirement at or after age 65. For hardship reasons, a participant may withdraw amounts up to the participant's cumulative contribution and vested company match.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or within a reasonable period of time that is longer than five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loans bear interest at prime plus 1% as reported in *The Wall Street Journal* and are automatically deducted from the participant's pay through after-tax payroll deductions. Employees are allowed to have one loan outstanding at a time. A loan fee is paid to Fidelity Investments by the participant and is deducted from the participant's account.

WISMETTAC ASIAN FOODS 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits: Benefit payments to participants are recorded when paid.

Plan Termination: The Company anticipates and believes that the Plan will continue without interruption but reserves the right to terminate the Plan. In the event of the Plan's termination, each affected participant will become fully vested, and the assets will be distributed to the participants in accordance with the terms of the Plan and requirements of ERISA.

Forfeitures: Upon termination of employment, participants forfeit their nonvested balances. Unallocated forfeitures of terminated nonvested account balances as of December 31, 2021 and 2020 totaled \$81 and \$112, respectively. These amounts are available to offset employer cash contributions or pay plan expenses in accordance with the plan agreement. Total forfeitures of \$121,283 and \$125,657 were used to reduce employer contributions for the years ended December 31, 2021 and 2020, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Concentration of Risk: The Plan's concentration of credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences. Due to the level of risk associated with certain investment securities and the level of uncertainty to changes in the value of these investments, it is at least reasonably possible that changes in risk in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for the discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements: The Accounting Standards Codification establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three-tier fair value hierarchy includes the following categories:

- *Level 1* – Asset fair values are based on quoted prices in active markets for identical assets and liabilities that the Plan has the ability to access at the measurement date (e.g., prices derived from the New York Stock Exchange, NASDAQ or Chicago Board of Trade).
- *Level 2* – Assets other than quoted prices included within Level 1 that are observable for valuing the asset or liability, either directly or indirectly (e.g., interest rates and yield curves observable at commonly quoted intervals). Observable inputs include quoted prices for similar assets or liabilities in active or non-active markets, so a comparison must be made to similar investments in order to determine their fair value. Level 2 inputs may also include insignificant adjustments to market observable inputs.
- *Level 3* – Inputs for which fair value cannot be determined by using observable measures, such as market prices or models. Level 3 assets are typically very liquid, and fair values can only be calculated using estimates or risk-adjusted value ranges.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Further, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

- *Mutual Funds* – Investments in mutual funds are valued at fair value as determined by Fidelity based on quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Mutual funds are classified as Level 1 measurements.

The Plan's financial instruments that are subject to fair value measurement and/or disclosure are summarized in Note 3.

Administrative Expenses: Expenses incurred by the trustee in connection with its administration of the trust are paid by the Plan, unless paid by the Company at its option. Administrative expenses incurred amounted to \$5,844 and \$6,860 for the years ended December 31, 2021 and 2020, respectively.

Subsequent Events: The Plan has evaluated subsequent events through July 29, 2022, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments at fair value, by level within the fair value hierarchy, are as follows:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2021				
Mutual funds	\$ 58,838,131	\$ 58,838,131	\$ -	\$ -
2020				
Mutual funds	\$ 49,699,389	\$ 49,699,389	\$ -	\$ -

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2021 and 2020, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The principal fixed income account is a fully benefit-responsive group annuity contract issued by Principal Life Insurance Company (PLIC). The methodology for calculating the interest crediting rate is defined in Article I, Section II of the contract under the term "Composite Crediting Rate." Under the terms of the existing contract, the Composite Crediting Rate is currently reset on a semiannual basis and will never be less than the Guaranteed Minimum Interest Rate. The methodology for calculating the Guaranteed Minimum Interest Rate is defined in Article I, Section II of the contract under the term "Guaranteed Minimum Interest Rate."

Changes in future interest credit rates will not affect the amount reported as an adjustment from the fair value to contract value on the statements of net assets available for plan benefits for the portion of net assets attributable to fully benefit-responsive investment contracts. Fair value is considered book value less early withdrawal charges.

The principal fixed income account is a single group annuity contract with a fixed rate of interest, not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

By definition, the principal fixed income account is an insurance contract. As a result, the Plan may transact at any time according to the terms defined in the contract. Based on historical data, the probability of such defined events occurring to limit the Plan's ability to transact at contract value with participants is remote.

As defined in the contract, there are circumstances under which the contract may be terminated by the Plan. The issuer, PLIC, has the right to no longer receive deposits under the contract. However, based on historical data, the likelihood of this occurring is also remote.

As described in Note 2, because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract as of December 31, 2021 and 2020 was \$9,069,416 and \$9,024,049, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under the DOL Rules and Regulations as any fiduciary of the Plan, any party rendering services to the Plan, Employees and certain others. Certain investments of the Plan are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

The Plan Sponsor provides certain accounting and administrative services to the Plan for which no fees are charged. These expenses constitute exempt party-in-interest transactions under ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their employer contributions, if any.

NOTE 7 – TAX STATUS

The Plan received a determination letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan, as amended and restated, is qualified and that the related trust is exempt.

U.S. GAAP requires the Plan's management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, of being sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by tax jurisdictions for tax years for which applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

The Plan is required to disclose significant concentrations of credit risk regardless of the degree of such risk. As of December 31, 2021 and 2020, the financial instruments that potentially subject the Plan to a concentration of credit risk consist principally of investments and notes receivable from participants.
