Schedule SB Line 25 - Method Change

Effective with the December 31, 2021 valuation, there is a change in enrolled actuary. Pursuant to Rev. Proc. 2017-56, automatic approval is provided for this change in funding method under the Pension Protection Act of 2006 and IRC Section 430 resulting from a change in enrolled actuary, since all of the following conditions are satisfied:

(1) Both the enrolled actuary for the plan *and the business organization providing actuarial services* to the plan have changed;

(2) The new method is substantially the same as the method used by the prior enrolled actuary and is consistent with the description of the method contained in the prior actuarial valuation report or prior Schedule SB of Form 5500;

(3) The funding target and target normal cost (without regard to any adjustments for employee contributions and plan-related expenses) as determined by the new enrolled actuary as of the valuation date for the prior plan year (using the actuarial assumptions of the prior enrolled actuary and using the data elements and valuation software of the new enrolled actuary), are both within 3% of those values determined for that prior plan year by the prior enrolled actuary;

(4) The actuarial value of plan assets, as determined by the new enrolled actuary as of the valuation date for the prior plan year (using the actuarial assumptions of the prior enrolled actuary), is within 2% of the value for that prior plan year as determined by the prior enrolled actuary.
