INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Coronis Health Employee Retirement Savings Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Coronis Health Employee Retirement Savings Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Plan Benefits as of December 31, 2021, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Coronis Health Employee Retirement Savings Plan and Trust:

We were engaged to audit the accompanying Statement of Net Assets Available for Plan Benefits of the Coronis Health Employee Retirement Savings Plan and Trust (the Plan) as of December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company (Reliance), the trustee of the Plan, except for comparing the information with the related information included in the financial statements.

We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executed investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations for the 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Contributions

Participants may elect to contribute up to 99% of their annual pretax or after-tax eligible compensation to the Plan, so long as those contributions do not exceed annual limitations set by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers), excluding after-tax employee contributions.

The Employer makes safe harbor matching contributions of 100% of salary deferrals up to the first 3% of compensation, plus 50% of the amount of salary deferrals that exceeds 3% of contributions but that does not exceed 5% of compensation. CORONIS HEALTH EMPLOYEE RETIREMENT SAVINGS PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

Effective January 1, 2021, the plan was amended to change the determination period from a Plan year basis to a pay period basis. The Employer may make discretionary non-safe harbor matching contributions in addition to the safe harbor matching contributions described above. The Employer may also make discretionary profit sharing contributions. If a discretionary profit sharing contribution is made, it will be allocated in an amount designated by the Employer to be allocated to similarly situated eligible participants. Participants must complete at least 1,000 hours of service and be employed on the last day of the Plan year in order to receive a discretionary profit sharing contribution. During 2021, the Plan Administrator did not make any discretionary non-safe harbor matching or profit sharing contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer safe harbor matching contribution and allocations of the Employer's discretionary contributions and Plan earnings and losses. The allocation of earnings and losses are performed based on individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and Employer safe harbor matching contributions, plus the allocation of Plan earnings on those contributions at the time of allocation. Participant's non-safe harbor matching and discretionary profit sharing account balances vest based on years of continuous service with the Employer. Participants become vested in the those Employer contributions and the annual allocation of Plan earnings on those contributions are as follows: 20% after 2 years, 40% after 3 years, 60% after 4 years, 80% after 5 years, and 100% after 6 years. Upon death, disability or retirement, a participant will become fully vested in his or her account.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested account balance. No more than one note per participant may be outstanding at any time. Note terms range from one to five years or up to 30 years for the purchase of a primary residence. The notes are secured by the participant's vested balance and bear interest at a rate of prime plus two percent. Principal and interest are paid ratably through payroll deductions.

CORONIS HEALTH EMPLOYEE RETIREMENT SAVINGS PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

In April 2020, the Plan elected to adopt Coronavirus Aid, Relief, and Economic Security Act (CARES Act) provisions which increased the maximum amount an eligible participant may borrow the lesser of \$100,000 or 100% of the participant's vested account balance for loans made between March 27, 2020 and September 23, 2020. In addition, scheduled loan repayments due from March 27, 2020 through December 31, 2020 could have delayed for up to one year for qualifying participants.

Payment of Benefits

Benefits are available for distribution upon retirement, death or disability in a single lump-sum distribution or substantially equal installments. In the event of termination for any reason other than retirement, death or disability, payment of vested benefits will be made by the Plan Administrator in accordance with the procedures described in the Plan. If a participant's vested balance is greater than \$1,000 but is less than \$5,000, the trustee will distribute to the participant an individual retirement account (IRA) established on the participant's behalf.

If a participant's vested balance is less than \$1,000, the participant will receive an immediate cash-out of their vested account balance. Participants who have attained age 59½ may elect to withdraw all or a portion of their vested account while still employed. In addition, if a participant has reached age 70½, distributions are required to be made if the participant is still employed by the Plan Administrator. Lastly, participants may request a distribution from their rollover contribution account at any time.

Early Withdrawals

Hardship distributions are permitted from participant elective deferral accounts, subject to the limitations imposed by the Internal Revenue Code (IRC).

Forfeitures

Participants in the Plan who leave the employment of the Employer before completing the applicable vesting requirements forfeit the non-vested portion of their accounts. Forfeitures first will be used to pay Plan expenses and then may be reallocated as additional Employer contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$4,232 and \$200, respectively. Forfeitures used to reduce Employer contributions during the year ended December 31, 2021 amounted to \$1,112.

Plan Termination

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent participant notes receivable from participants are reclassified as distributions based on terms of the Plan document. No allowance for credit losses have been recorded as of December 31, 2021 and 2020.

Contributions

Participant contributions are recorded bi-weekly when the Employer remits the payroll deductions for investment into the Plan. Employer safe harbor matching contributions were recorded bi-weekly for the year ended December 31, 2021. Employer non-safe harbor matching and discretionary profit sharing contributions are recorded at the end of the year, if applicable.

CORONIS HEALTH EMPLOYEE RETIREMENT SAVINGS PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

Payment of Benefits

Benefits are recognized when paid or payable to participants or their designated beneficiaries.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan Administrator, unless the Plan Administrator directs that the expenses be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside entity's non-performance of its fiduciary responsibilities relating to these amounts as specified in the agreements with the trustee. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy and inputs to the valuation methodologies are described as follows:

CORONIS HEALTH EMPLOYEE RETIREMENT SAVINGS PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2021 and 2020 the Plan's investments are reported at level 1 within the fair value hierarchy.

4. Income Tax Status

The Plan has adopted a volume-submitter plan sponsored by ADP, LLC, a third party. The volume submitted plan received an opinion letter dated July 16, 2014, stating that the form of the plan is acceptable under Section 401 of the Internal Revenue Code (the Code). Generally, the Plan Administrator and the Plan may rely on the opinion letter received by the third party as to the form of the plan qualifying under the Code. The Plan has been amended since the letter was obtained, however, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust is tax exempt.

CORONIS HEALTH EMPLOYEE RETIREMENT SAVINGS PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2021 and 2020

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by Reliance, the trustee of the Plan:

Statements of Net Assets Available for Plan Benefits at December 31, 2021 and 2020, except for contributions receivable;

Interest and dividends from investments, net appreciation in fair value of investments, and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2021; and,

Investment information provided in the supplementary schedule, Schedule of Assets (Held at End of Year) at December 31, 2021.

6. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

7. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Reliance, the trustee of the Plan. ADP Retirement Services is the recordkeeper of the Plan. Therefore, transactions with these parties qualify as party-in-interest transactions. The Plan made direct payments to Reliance and ADP for administrative services totaling \$55,319 for the year ended December 31, 2021. In addition, participant notes receivable qualify as party-in-interest transactions.

8. Non-exempt Transactions

During the year ended December 31, 2020, the Employer failed to remit participant contributions to the Plan on a timely basis as prescribed in the applicable Department of Labor Regulations 29 CFR 2510.3-102. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld or received by the Employer. The Employer identified \$6,500 of participant contributions that were withheld during 2020 that were not remitted to the Plan timely. During 2021, the Employer remitted all amounts due to the Plan and all accrued interest applicable to the correction of the prohibited transaction as of December 31, 2020.

No provision for income taxes has been included in the Plan's financial statements related to the foregoing matter because the Employer believes that the Plan continues to be qualified and the tax status of the related trust continues to be tax exempt.

9. Subsequent Events

On April 1, 2022, the Plan was amended and restated to recognize the hours and service employees had with previously acquired companies for the purpose of eligibility, vesting and allocation of contributions. The Plan amendment also decreased the deferral limit for participants from 99% to 90% of their annual pretax or after-tax eligible compensation to the Plan.

On July 12, 2022, the Company was acquired. At the time of issuance, the Plan Administrator does not believe that the acquisition has any material impact on the Plan.

The Plan Administrator has evaluated subsequent events through September 14, 2022, which is the date these financial statements were available to be issued.
