Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Corradino Group, Inc. Salary Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Notes 3 through 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the Corradino Group, Inc. Savings and Investment Plan (the "Plan") provides only general information. A more complete description of the Plan's provisions may be found in the Summary Plan Description, which has been distributed to all participants, and also in the Plan document, which is available to Plan participants upon request.

General and eligibility: The Plan is a defined contribution plan established on May 1, 1984 covering all employees of the Corradino Group, Inc. (the "Sponsor" and "Plan Administrator") who are age twenty-one or older and provides immediate eligibility, monthly enrollment, to participants in the Plan upon initiation of employment with the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The Plan was allowed to be operationally amended to implement certain changes provided for under the CARES Act including allowing certain eligible individuals to receive COVID-19-related distributions; delay certain participant loan repayments for up to one year; increase the limits of participant loans allowed; and temporarily suspend required minimum distributions. Written amendments to the Plan to reflect these operational changes, if any, will be adopted at a later date in accordance with applicable law and IRS guidance.

Contributions: Each year, participants may contribute an amount of pre-tax and/or after-tax (Roth) annual compensation as defined in the Plan, subject to Internal Revenue Service (IRS) regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. New employees are automatically enrolled in the Plan at a contribution rate of 3% of compensation after 30 days of employment, unless the employee elects not to participate. Additional amounts may be contributed (nonelective – profit sharing) by the Sponsor at the option of the Sponsor's Board of Directors. During the year December 31, 2021, the Sponsor matched 50% of participants' contributions up to an annual maximum of \$ 2,000. No profit sharing contributions were elected to be made by the Sponsor for the year ended December 31, 2021.

Participants accounts (self-directed): Each participant's account is credited with the participant's and the Sponsor's contributions, Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined by the Plan. Discretionary employer contributions are allocated as a uniform percentage of participant compensation. In addition, interest charged on individual participant loans is credited directly to the respective participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in any of several investment options offered by the Plan. The Plan also allows for participant-directed brokerage accounts whereby the participant can buy and sell securities through a broker. Participants may change their investment options at their discretion.

Vesting: Participants are immediately vested on their voluntary contributions plus the earnings (losses) thereon. Vesting of the Sponsor's matching and discretionary contribution portion of their accounts, plus actual earnings (losses) thereon, is based on years of continuous service. A participant vests 25% per year after the second year of service and is 100% vested after five years of credited service. Upon reaching normal retirement age or, due to death or disability, the participant becomes 100% vested.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant or their beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Withdrawals prior to termination are allowed after the attainment of age 59 ½, at normal retirement age (age 65), in the event of financial hardship, or in the event of a disability or death, subject to certain limitations as defined in the Plan document.

Note 1 - Description of the Plan (continued)

Forfeitures: All non-vested benefits are forfeited by participants should they terminate employment prior to becoming vested. Forfeitures may be to reduce future employer contributions, or to pay for plan expenses. At December 31, 2021, the forfeited account balance totaled approximately \$ 1,900. The amount of forfeited non-vested benefits that was used to reduce employer contributions was approximately \$ 19,200 for the year ended December 31, 2021.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$ 1,000 and a maximum of the lesser of \$ 50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the participant's vested account balance and bear interest computed on the basis of the prime rate. Principal and interest are paid ratably through monthly payroll deductions. At December 31, 2021 and 2020, notes receivable from participants totaled approximately \$ 286,000 and \$ 329,000, respectively. Interest income earned in connection with participant loans for the year ended December 31, 2021 was approximately \$ 12,000.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting: The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Consequently, additions to net assets are recognized when earned and deductions from net assets are recognized when the obligation is incurred.

Investment valuation and income recognition: Investments are generally stated at estimated fair value, except for the Plan's fully benefit-responsive investment contracts (guaranteed interest accounts), which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. The net appreciation or depreciation in the fair value of Plan investments includes realized and unrealized gains and losses. Purchases and sale of investments are recorded on a settlement date basis. Interest income is accrued as it is earned and dividends are recorded as of the ex-dividend date.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded as earned. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. All other administrative expenses are paid by the Plan Sponsor.

Note 2 - Summary of Significant Accounting Policies (continued)

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and disclosures in the financial statements; and the reported amounts of additions to and reductions from net assets during the reporting period. Accordingly, actual results could differ from those estimates.

Date of management review: The Plan's management has evaluated subsequent events through September 6, 2022, the date which the financial statements were available to be issued.

Note 3 - Information Certified by Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

Accordingly, Voya Institutional Trust Company, the trustee of the Plan assets, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020; the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021; and the information reflected on the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021, except for notes receivable from participants.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board, Accounting Standards Codification, ("FASB ASC") No. 820, *Fair Value Measurements and Disclosures* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: *Level 1* inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; *Level 2* inputs consist of observable inputs other than quoted prices included within Level 1 that are observable for the investments, either directly or indirectly; and *Level 3* inputs consist of unobservable inputs for the investments, and have the lowest priority.

The inputs or methodology used for valuing securities are not necessarily an indication of the risks associated with investing in those securities.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts - mutual funds: Pooled separate accounts (PSA) are privately managed through a trust or custodial account and are not publicly quoted. PSAs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. The PSAs are valued based on the net asset value (NAV) of the underlying mutual funds or securities, adjusted for separate account charges. There are currently no known redemption restrictions or unfunded commitments on these investments.

Self-directed brokerage accounts include deposits/money market funds, exchange traded funds, and common stocks. Deposits/money market funds, level 2, are generally valued at amortized cost, \$ 1.00 per share, which approximates fair value; and/or NAV (adjusted) as determined by the custodian. Exchange traded funds and common stocks, level 1, are valued at the closing price reported on the active market on which the individual securities are traded.

Note 4 - Fair Value Measurements (continued)

The Plan's investments are reported at estimated fair value in the accompanying statements of net assets available for benefit. The investments, at fair value, are classified as follows:

		Fair Value Measurement Using:		
	Fair Value	Level 1	Level 2	Level 3
At December 31, 2021:				
Pooled separate accounts - mutual funds	\$ 20,702,808	\$ -	\$ 20,702,808	\$ -
Self-directed brokerage accounts	372,041	334,940	37,101	-
Money market funds	1,855	-	1,855	-
Total investments, at fair value	<u>\$ 21,076,704</u>	<u>\$ 334,940</u>	<u>\$ 20,741,764</u>	<u>\$ -</u>
At December 31, 2020:				
Pooled separate accounts - mutual funds	\$ 17,055,596	\$ -	\$ 17,055,596	\$ -
Self-directed brokerage accounts	305,645	269,973	35,672	-
Money market funds	9,407	-	9,407	-
Total investments, at fair value	<u>\$ 17,370,648</u>	<u>\$ 269,973</u>	<u>\$ 17,100,675</u>	<u>\$ -</u>

Note 5 - Guaranteed Interest Accounts

Previously, the Plan entered into a fully benefit-responsive contract (guaranteed interest accounts) with Voya Retirement Insurance and Annuity Company totaling \$ 1,662,398 and \$ 1,512,810 at December 31, 2021 and 2020, respectively. Voya Retirement Insurance and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. In general, the investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed by its contract. Interest rates are declared monthly, and a guaranteed minimum floor is currently declared annually.

Because the investment contract is classified as fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment vehicle. This investment option is presented on the face of the statements of net assets available for benefits at contract value which approximates fair value in arriving at net assets available for benefits. Estimated fair value, as certified by the trustee (Note 3) amounted to \$ 1,706,180 and \$ 1,617,436 at December 31, 2021 and 2020, respectively. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, as permitted by the contract.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5 - Guaranteed Interest Accounts (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

Note 6 - Cash Receipts and Payments

All contributions to the Plan have been placed in investments referred to in Notes 4 and 5. In addition, there have been benefit and withdrawal distribution payments of approximately \$ 310,000 to Plan participants during the year ended December 31, 2021.

Note 7 - Tax Status

The Plan obtained its latest determination letter dated September 1, 2014, in which the Internal Revenue Service stated that the Plan, a prototype non-standardized profit-sharing plan with CODA, was in compliance with the applicable requirements of Internal Revenue Code Section 401(k) (the "IRC"). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Trust is, therefore, exempt from Federal income tax. Participants are not subject to Federal income taxes on the applicable contributions, interest and dividend income, or other income until distributions are made to them, as applicable.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 - Parties-in-Interest

Section 3(14) of ERISA defines a party-in-interest to include, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the trustee are considered party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9 - Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 10 - Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 11 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of certain differences between these financial statements (accrual basis) and amounts reported on the Plan's Form 5500 (cash basis) at December 31, 2021:

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees
The Corradino Group, Inc.
Salary Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Corradino Group, Inc. Salary Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Notes 3 through 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying notes to the financial statements are an integral part of these statements.

Note 1 - Description of the Plan

The following description of the Corradino Group, Inc. Savings and Investment Plan (the "Plan") provides only general information. A more complete description of the Plan's provisions may be found in the Summary Plan Description, which has been distributed to all participants, and also in the Plan document, which is available to Plan participants upon request.

General and eligibility: The Plan is a defined contribution plan established on May 1, 1984 covering all employees of the Corradino Group, Inc. (the "Sponsor" and "Plan Administrator") who are age twenty-one or older and provides immediate eligibility, monthly enrollment, to participants in the Plan upon initiation of employment with the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The Plan was allowed to be operationally amended to implement certain changes provided for under the CARES Act including allowing certain eligible individuals to receive COVID-19-related distributions; delay certain participant loan repayments for up to one year; increase the limits of participant loans allowed; and temporarily suspend required minimum distributions. Written amendments to the Plan to reflect these operational changes, if any, will be adopted at a later date in accordance with applicable law and IRS guidance.

Contributions: Each year, participants may contribute an amount of pre-tax and/or after-tax (Roth) annual compensation as defined in the Plan, subject to Internal Revenue Service (IRS) regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. New employees are automatically enrolled in the Plan at a contribution rate of 3% of compensation after 30 days of employment, unless the employee elects not to participate. Additional amounts may be contributed (nonelective – profit sharing) by the Sponsor at the option of the Sponsor's Board of Directors. During the year December 31, 2021, the Sponsor matched 50% of participants' contributions up to an annual maximum of \$ 2,000. No profit sharing contributions were elected to be made by the Sponsor for the year ended December 31, 2021.

Participants accounts (self-directed): Each participant's account is credited with the participant's and the Sponsor's contributions, Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined by the Plan. Discretionary employer contributions are allocated as a uniform percentage of participant compensation. In addition, interest charged on individual participant loans is credited directly to the respective participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in any of several investment options offered by the Plan. The Plan also allows for participant-directed brokerage accounts whereby the participant can buy and sell securities through a broker. Participants may change their investment options at their discretion.

Vesting: Participants are immediately vested on their voluntary contributions plus the earnings (losses) thereon. Vesting of the Sponsor's matching and discretionary contribution portion of their accounts, plus actual earnings (losses) thereon, is based on years of continuous service. A participant vests 25% per year after the second year of service and is 100% vested after five years of credited service. Upon reaching normal retirement age or, due to death or disability, the participant becomes 100% vested.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant or their beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Withdrawals prior to termination are allowed after the attainment of age 59 ½, at normal retirement age (age 65), in the event of financial hardship, or in the event of a disability or death, subject to certain limitations as defined in the Plan document.

Note 1 - Description of the Plan (continued)

Forfeitures: All non-vested benefits are forfeited by participants should they terminate employment prior to becoming vested. Forfeitures may be to reduce future employer contributions, or to pay for plan expenses. At December 31, 2021, the forfeited account balance totaled approximately \$ 1,900. The amount of forfeited non-vested benefits that was used to reduce employer contributions was approximately \$ 19,200 for the year ended December 31, 2021.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$ 1,000 and a maximum of the lesser of \$ 50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the participant's vested account balance and bear interest computed on the basis of the prime rate. Principal and interest are paid ratably through monthly payroll deductions. At December 31, 2021 and 2020, notes receivable from participants totaled approximately \$ 286,000 and \$ 329,000, respectively. Interest income earned in connection with participant loans for the year ended December 31, 2021 was approximately \$ 12,000.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting: The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Consequently, additions to net assets are recognized when earned and deductions from net assets are recognized when the obligation is incurred.

Investment valuation and income recognition: Investments are generally stated at estimated fair value, except for the Plan's fully benefit-responsive investment contracts (guaranteed interest accounts), which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. The net appreciation or depreciation in the fair value of Plan investments includes realized and unrealized gains and losses. Purchases and sale of investments are recorded on a settlement date basis. Interest income is accrued as it is earned and dividends are recorded as of the ex-dividend date.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded as earned. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. All other administrative expenses are paid by the Plan Sponsor.

Note 2 - Summary of Significant Accounting Policies (continued)

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and disclosures in the financial statements; and the reported amounts of additions to and reductions from net assets during the reporting period. Accordingly, actual results could differ from those estimates.

Date of management review: The Plan's management has evaluated subsequent events through September 6, 2022, the date which the financial statements were available to be issued.

Note 3 - Information Certified by Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

Accordingly, Voya Institutional Trust Company, the trustee of the Plan assets, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020; the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021; and the information reflected on the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021, except for notes receivable from participants.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board, Accounting Standards Codification, ("FASB ASC") No. 820, *Fair Value Measurements and Disclosures* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: *Level 1* inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; *Level 2* inputs consist of observable inputs other than quoted prices included within Level 1 that are observable for the investments, either directly or indirectly; and *Level 3* inputs consist of unobservable inputs for the investments, and have the lowest priority.

The inputs or methodology used for valuing securities are not necessarily an indication of the risks associated with investing in those securities.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts - mutual funds: Pooled separate accounts (PSA) are privately managed through a trust or custodial account and are not publicly quoted. PSAs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. The PSAs are valued based on the net asset value (NAV) of the underlying mutual funds or securities, adjusted for separate account charges. There are currently no known redemption restrictions or unfunded commitments on these investments.

Self-directed brokerage accounts include deposits/money market funds, exchange traded funds, and common stocks. Deposits/money market funds, level 2, are generally valued at amortized cost, \$ 1.00 per share, which approximates fair value; and/or NAV (adjusted) as determined by the custodian. Exchange traded funds and common stocks, level 1, are valued at the closing price reported on the active market on which the individual securities are traded.

Note 4 - Fair Value Measurements (continued)

The Plan's investments are reported at estimated fair value in the accompanying statements of net assets available for benefit. The investments, at fair value, are classified as follows:

		Fair Value Measurement Using:		
	Fair Value	Level 1	Level 2	Level 3
At December 31, 2021:				
Pooled separate accounts - mutual funds	\$ 20,702,808	\$ -	\$ 20,702,808	\$ -
Self-directed brokerage accounts	372,041	334,940	37,101	-
Money market funds	1,855	-	1,855	-
Total investments, at fair value	<u>\$ 21,076,704</u>	<u>\$ 334,940</u>	<u>\$ 20,741,764</u>	<u>\$ -</u>
At December 31, 2020:				
Pooled separate accounts - mutual funds	\$ 17,055,596	\$ -	\$ 17,055,596	\$ -
Self-directed brokerage accounts	305,645	269,973	35,672	-
Money market funds	9,407	-	9,407	-
Total investments, at fair value	<u>\$ 17,370,648</u>	<u>\$ 269,973</u>	<u>\$ 17,100,675</u>	<u>\$ -</u>

Note 5 - Guaranteed Interest Accounts

Previously, the Plan entered into a fully benefit-responsive contract (guaranteed interest accounts) with Voya Retirement Insurance and Annuity Company totaling \$ 1,662,398 and \$ 1,512,810 at December 31, 2021 and 2020, respectively. Voya Retirement Insurance and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. In general, the investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed by its contract. Interest rates are declared monthly, and a guaranteed minimum floor is currently declared annually.

Because the investment contract is classified as fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment vehicle. This investment option is presented on the face of the statements of net assets available for benefits at contract value which approximates fair value in arriving at net assets available for benefits. Estimated fair value, as certified by the trustee (Note 3) amounted to \$ 1,706,180 and \$ 1,617,436 at December 31, 2021 and 2020, respectively. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, as permitted by the contract.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5 - Guaranteed Interest Accounts (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

Note 6 - Cash Receipts and Payments

All contributions to the Plan have been placed in investments referred to in Notes 4 and 5. In addition, there have been benefit and withdrawal distribution payments of approximately \$ 310,000 to Plan participants during the year ended December 31, 2021.

Note 7 - Tax Status

The Plan obtained its latest determination letter dated September 1, 2014, in which the Internal Revenue Service stated that the Plan, a prototype non-standardized profit-sharing plan with CODA, was in compliance with the applicable requirements of Internal Revenue Code Section 401(k) (the "IRC"). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Trust is, therefore, exempt from Federal income tax. Participants are not subject to Federal income taxes on the applicable contributions, interest and dividend income, or other income until distributions are made to them, as applicable.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 - Parties-in-Interest

Section 3(14) of ERISA defines a party-in-interest to include, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the trustee are considered party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9 - Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 10 - Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 11 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of certain differences between these financial statements (accrual basis) and amounts reported on the Plan's Form 5500 (cash basis) at December 31, 2021:
