REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of the
Burrow Global 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Burrow Global 401(k) Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (“GAAP”).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103 (a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BURROW GLOBAL 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

A. Description of the Plan

General

The following brief description of the Burrow Global 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. The Plan is sponsored by Burrow Global LLC (the “Plan Sponsor”). Other employers that have adopted its provisions include Burrow Global Construction LLC; Burrow Global Services, LLC; Burrow Global Midstream LLC; and Burrow Technical Services LLC (collectively, the “Company”). Participants should refer to the Plan document for more complete information. The Company’s corporate offices are located in Beaumont, Texas.

The Plan was originally effective on January 1, 1989, and it was amended and restated most recently effective October 25, 2021. All employees of the Company who have attained the age of 21 are eligible to participate, provided they are not an excluded class of employee. Eligible employees may enter the plan after their first day of employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Effective January 24, 2020, the Company moved their record keeper services and changed their trustee from John Hancock Trust Company LLC to Great-West Trust Company, LLC.

On March 27, 2020, the “Coronavirus Aid, Relief, and Economic Security Act” (the “CARES Act”) became law, which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, the Company determined it was in the best interest of the participants to allow a) a COVID-19 distribution up to \$100,000, b) an increase in the available participant loan amount up to \$100,000, not to exceed 100% of the participant’s account balance, and c) deferral of 2020 loan repayments for a year.

Contributions

Participants may contribute up to 90% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

BURROW GLOBAL 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

A. Description of the Plan – continued

Contributions – continued

The Company may make discretionary matching contributions to the Plan as determined either annually or at times by payroll period by its Board of Directors. During March 2020, the Company temporarily suspended the Company's discretionary matching contribution. Effective April 2020, the Company re-instated the Company's discretionary matching contribution. For the year ended December 31, 2021 and for the period from April 1, 2020 through December 31, 2020, the Company made a discretionary matching contribution equal to 25% of the first 4% of compensation the participant contributes to the Plan per payroll period. In certain circumstances, a participant may elect to have benefits earned under another qualified plan transferred or rolled over to their account under this Plan. Participants may also roll over funds held in an IRA.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, employer contributions, as well as allocations of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled, is the benefit that can be provided from the participant's vested account. Participant accounts are also charged a fixed monthly rate of administrative expenses that are paid by the Plan.

Vesting

Participants are always 100% vested in their voluntary contributions, rollovers, and actual earnings thereon. Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
2 years	50%
3 years	75%
4 years and thereafter	100%

In the event of disability, death, or normal retirement, the participant will become fully vested.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of a participant's vested account balance or \$50,000 reduced by the amount of the highest outstanding loan balance for the previous 12-month period. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the U.S. Prime rate at the loan inception, plus 1%. As of December 31, 2021 and 2020, interest rates ranged from 4.25% to 7.50%.

BURROW GLOBAL 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

A. Description of the Plan – continued

Notes Receivable From Participants – continued

Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

If the vested account balance exceeds \$1,000, but is equal to or less than \$5,000, unless the participant makes a timely election to roll over their vested account to an eligible IRA or retirement plan, or elect to have the vested account distributed to themselves, the vested account will be rolled over to an IRA selected by the Company. If the vested account is \$1,000 or less, unless the participant elects otherwise, the entire vested account will be paid to the participant as a single-sum payment.

Certain in-service withdrawals are allowed. A participant may also elect to withdrawal all or a portion of their vested account balance while employed after reaching age 59½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence, (5) payment for burial or funeral expenses for deceased parent, spouse, children or dependent; or (6) expenses for the repair of damage to principal residence that would qualify for casualty deduction under the Code.

Effective January 1, 2020, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; and (3) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal.

BURROW GLOBAL 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

A. Description of the Plan – continued

Forfeitures

The non-vested portion of a terminated participant's account balance remains in the Plan as a forfeiture. Forfeitures may first be used to pay administrative expenses or reduce employer contributions to the Plan. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$126,637 and \$131,932, respectively. In 2021 and 2020, the Plan allocated \$29,942 and \$34,341 from forfeited non-vested accounts to reduce matching contributions, respectively. In 2021 and 2020, the Plan paid administrative expenses of \$10,000 and \$0 from forfeited non-vested accounts, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options. The Plan offers a range of investment options including mutual funds, common collective trusts, and a guaranteed interest account. Participants may change their election for future contributions allocation to their account and/or the investment election of their existing account balance.

B. Summary of Significant Accounting Policies

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account, and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of instruments.

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

BURROW GLOBAL 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Purchases and sales of securities are recorded on a trade-date basis. Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis, and related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of Benefits

Benefits are recorded when paid.

BURROW GLOBAL 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value of shares held by the Plan. The mutual funds are open-ended, registered with the SEC, and are deemed to be level 1.
- Common collective trusts are composed primarily of fully-benefit responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset values are used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investments for an amount different from the reported net asset values. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trusts, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

BURROW GLOBAL 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

C. Fair Value Measurements – continued

There have been no changes in the methodologies used as of December 31, 2021. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2021 and 2020. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

	2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 28,652,043	\$ -	\$ -	\$28,652,043
Investments measured at net asset value ^(a)				<u>833,193</u>
Total investments at fair value				<u>\$29,485,236</u>

	2020			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 5,774,402	\$ -	\$ -	\$ 5,774,402
Investments measured at net asset value ^(a)				<u>23,719,440</u>
Total investments at fair value				<u>\$29,493,842</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. During the year ended December 31, 2021, there were transfers from net asset value to level 1 of the fair value hierarchy, totaling to \$18,930,187. During the year ended December 31, 2020, there were no significant transfers between levels.

C. Fair Value Measurements – continued

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust funds	\$ 833,193	N/A	Daily	12 months
December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust funds	\$ 23,719,440	N/A	Daily	12 months

D. Fully Benefit-Responsive Investment Contracts

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (“GWI”) totaling \$1,050,416 and \$1,366,072 as of December 31, 2021 and 2020, respectively. GWI maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. GWI is contractually obligated to repay principal and a specified interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the GWI. For the years ended December 31, 2021 and 2020, the average crediting rate was 1.65% and 1.79%, respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GWI, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all of, or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on GWI’s ability to meet their financial obligations. GWI’s ability to meet their contractual obligations may be affected by future economic and regulatory developments.

NOTES TO FINANCIAL STATEMENTS (continued)

D. Fully Benefit-Responsive Investment Contracts – continued

Certain events might limit the ability of the Plan to transact at contract value with GWI. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with GWI and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow GWI to terminate the contract with the Plan and settle at an amount different from contract value. The Company believes that any such events allowing for settlement at an amount different from contract value are not probable of occurring.

E. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net realized and unrealized gains on investments, interest and dividends, and interest income from notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the trustees of the Plan.

F. Tax Status

The Plan obtained its latest advisory letter dated March 31, 2014 in which the Internal Revenue Service (“IRS”) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the advisory letter.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

H. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan entered into a traditional benefit responsive contract Great-West Life & Annuity Insurance Company, which is a related party to Great-West & Annuity Insurance Company, which acts as trustee for only those investments as defined by the Plan.

Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA which are exempt from the prohibited transaction rules.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2021 and 2020, per the accompanying financial statements to the Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$30,976,670	\$31,386,852
Participant contributions receivable per the financial statements	<u>-</u>	<u>(60,085)</u>
Net assets available for benefits per the Form 5500	<u>\$30,976,670</u>	<u>\$31,326,767</u>

J. Reconciliation of Financial Statements to Form 5500 – continued

The following is a reconciliation of the net increase (decrease) in net assets available for benefits for the year ended December 31, 2021 and 2020, per the accompanying financial statements to the Form 5500:

	<u>2021</u>	<u>2020</u>
Net increase (decrease) in net assets available for benefits per the financial statements	\$ (410,182)	\$ 1,669,852
Prior year participant contributions receivable per the financial statements	60,085	1,995
Prior year employer contributions receivable per the financial statements	-	182
Current year participant contributions receivable per the financial statements	<u>-</u>	<u>(60,085)</u>
Net increase (decrease) in net assets available for benefits per the Form 5500	<u>\$ (350,097)</u>	<u>\$ 1,611,944</u>

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.

K. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through September 21, 2022, the date the financial statements were available for issuance.
