Report of Independent Auditors

To the Administrator of ExxonMobil Savings Plan

Opinion

We have audited the accompanying financial statements of ExxonMobil Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing

and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 1: Description of the Plan

General

Active participants in the ExxonMobil Savings Plan ("Plan") are eligible employees of Exxon Mobil Corporation ("ExxonMobil" or the “Company") and certain affiliated employers. The terms and conditions of the Plan are contained in the ExxonMobil Benefit Plans Common Provisions document, the ExxonMobil Savings Plan document, and the ExxonMobil Savings Trust document (collectively, the "Plan Document"). The Plan is an "employee pension benefit plan" described in Section 3(2) of the Employee Retirement Income Security Act of 1974 ("ERISA"), a "defined contribution plan" described in Section 3(34) of ERISA, and a non-leveraged Employee Stock Ownership Plan. The notes to the financial statements give a general description of the Plan. Participants should refer to the Plan Document for a more complete discussion of the Plan's provisions.

Contributions

The Plan permits participant contributions that range from 6 percent to 20 percent of each participant’s eligible pay. The Company matches only the minimum 6 percent contribution in an amount equal to 7 percent of a participant’s eligible pay. Effective October 1, 2020, the Company suspended Plan matching contributions, which were reinstated effective October 1, 2021.

Employees who are at least age 50 during the plan year and who maximize the combination of their regular pretax and Roth contributions may elect to make additional contributions.

Vesting

Participants are immediately vested in their contributions and all earnings. Company contributions vest at 100 percent upon the earliest of completion of 3 years of vesting service, reaching age 65 while employed, or death while an employee.

Forfeitures

During 2021, employer contributions totaling $3 million were forfeited by terminating employees and used to offset employer contributions.

Other Plan Provisions

Other Plan provisions including eligibility, enrollment, participation, forfeiture, loans, benefit payments (including withdrawals and distributions), and investment options are described in the Plan Document.

Plan Termination

The Company may terminate or amend the Plan at any time. In the event of termination, the net assets of the Plan will be distributed in accordance with ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis. Benefit payments are reported when paid.

Investment Valuation and Income Recognition

Investments are stated at fair value as described in Note 5.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Net appreciation / depreciation in the current value of investments includes realized gains and losses on investments sold or disposed of during the year and unrealized gains and losses on investments held at year end.

Transfers-in at fair value include participant-initiated rollovers of certain distributions from other tax-qualified plans into the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits, liabilities and disclosure of contingent liabilities at the date of the financial statements, and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan participants invest in various investment options offered by the Plan. Investments in these Plan-offered options are subject to various risks, such as interest rate, market value, and credit risks. Market risks include global events which could impact the value of investments securities, such as pandemics or international conflicts. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Expenses

Investment income from all sources is stated net of brokerage fees on purchases and sales of ExxonMobil common stock, administrative expenses and investment management fees. Fees for delivery of checks that are expedited upon request by participants are charged to the participant's account. All other administrative fees are paid by the Company. Administrative expenses are recorded when incurred.

Note 3: Related Party and Party in Interest Transactions

During 2021, certain Plan investments were units of various funds managed by The Northern Trust Company, and therefore, purchases and sales of these investments qualified as party in interest transactions. The Northern Trust Company also provided custodial services to the Plan.
The Plan holds Exxon Mobil Corporation common stock. Exxon Mobil Corporation is the employer of Plan participants and is the Plan sponsor, and any transactions in Exxon Mobil Corporation common stock qualify as party in interest transactions.

Notes receivable from participants (participant loans) also qualify as party in interest transactions.

Note 4: Tax Status

The Internal Revenue Service has determined and informed the Plan administrators by a letter dated August 7, 2017, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the determination letter. The Plan administrators and legal counsel believe the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5: Fair Value Measurements

The authoritative guidance for fair value measurements provides a framework for measuring fair value. The framework establishes a three-level fair value hierarchy based on the nature of the information used to measure fair value. The terms “Level 1” and “Level 2” are accounting terms that refer to different methods of valuing assets. The terms do not represent the relative risk or credit quality of an investment. The fair value hierarchies for the Plan assets are not a measure of the ability of the Plan to meet Plan benefit obligations.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Note 5: Fair Value Measurements (continued)

(millions of dollars)		Fair Value Measurements at December 31, 2021 Using*	
Description of investments	Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
ExxonMobil common stock	6,340	6,340 (1)	
U.S. Government Securities	2,000		2,000 (2)

World Ex-US Equity Fund	1,745 (3)		
Aggregate Bond Fund	1,148 (4)		
Short term investments	66 (5)		
Total	19,949		

(1) For ExxonMobil common stock, fair value is based on observable quoted prices on an active exchange.
(2) For U.S. government securities, fair value is based on observable inputs of comparable market transactions.
(3) Investments in common and preferred stocks held in the form of units in common/collective trusts are redeemable daily at the unit value, including the measurement date. The fair value of the underlying securities owned by the common/collective trusts is based on observable quoted prices on an active exchange.
(4) Investments in debt securities and fixed income assets held in the form of units in common/collective trusts are redeemable daily at the unit value, including the measurement date.
(5) Short term investments held in the form of units in common/collective trusts are redeemable daily at the unit value, including the measurement date.

* There are no “Level 3” investments.
** Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts in the Statements of Net Assets.
