Independent Auditor's Report

Plan Administrator
VIA Technologies, Inc. Retirement Savings Plan
Fremont, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of **VIA Technologies, Inc. Retirement Savings Plan** (the "Plan"), a defined contribution plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 and 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 8, during November 2021, VIA Technologies, Inc. Group offloaded part of its Centaur Technology x86 CPU subsidiary to Intel Corporation (the "Transaction"). As the result of this Transaction, ninety-nine employees from Centaur Technology, Inc. were terminated, which was approximately 48% to the total headcount of VIA Technologies, Inc. Group, and approximately 6% of the net assets in the amounts of \$8.5 million had been withdrawn from the plan as of December 31, 2021. Our disclaimer is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's

ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditor's Report

Plan Administrator
VIA Technologies, Inc. Retirement Savings Plan
Fremont, California

We were engaged to audit the accompanying statement of net assets available for benefits of **VIA Technologies, Inc. Retirement Savings Plan** (the "Plan") as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 and 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

VIA TECHNOLOGIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of VIA Technologies, Inc. Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all non-union employees of participating employers who have adopted the Plan. Employees are eligible to participate in the Plan immediately upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participating employers (collectively, “the Company”) who are covered by the provision of the Plan are:

- VIA Technologies, Inc.
- VIA Alliance Technology, Inc. (Unrelated)
- Centaur Technology, Inc. (Related)
- VIA CPU Platform, Inc. (Related)
- VIA Labs USA, Inc (Related)

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Fidelity Management Trust Company (“FMTC” or the “Trustee”) is the trustee of the Plan.

Contributions

The participants may contribute, pre-tax or post-tax (Roth), up to 60% of their annual eligible compensation, not to exceed the maximum allowed by Sections 415 and 401(k) of the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified retirement plans.

The employers must match a non-discretionary contribution amount, which is equal to 25% of employee contributions, subject to a maximum of 6% of eligible compensation. Catch-up contributions are excluded from the employer match. The employers may also elect to make a discretionary matching contribution. Participants must be employed on the last day of the Plan year to be eligible for the discretionary matching contribution. For the years ended December 31, 2021 and 2020, the employers did not make a discretionary matching contribution.

VIA TECHNOLOGIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan, continued

Contributions

The employers may also elect to make discretionary nonelective contributions in an amount to be determined by the Board of Directors for each Plan year. The Board did not elect to make an additional discretionary nonelective contribution for the years ended December 31, 2021 and 2020.

Participants are also allowed to make rollover contributions of amounts received from other eligible tax-qualified retirement plans (including rollover contributions of Roth contributions). Such contributions are deposited in the appropriate investment funds in accordance with the participants' directions and the Plan's provision. An aggregate of \$239,154 were rolled into the Plan during the year ended December 31, 2021, and are included in the rollovers in the statement of changes in the net assets available for benefits.

Participant Investment Account Options

Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocations at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution, together with any matching and discretionary employer contribution, any loans made to or repaid by participants, and an allocated portion of the Plan's earnings, gains and expenses. Plan earnings and gains are allocated to each participant's account based on the ratio of each participant's account in each investment fund to the total of all participants' accounts in each investment fund.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. The vesting schedule is as follows:

<u>Year of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	30%
2	60%
3	100%

VIA TECHNOLOGIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan, continued

Forfeited Accounts

If a participant terminates employment before they are 100% vested, the non-vested portion of the participant's account is forfeited. The forfeited amounts may first be used to pay Plan administrative expenses. Any amounts remaining after expenses are paid must be used to reduce employer contributions. For the years ended December 31, 2021 and 2020, forfeited non-vested accounts totaled \$40,681 and \$39,366, respectively. There was no forfeiture used to reduce employer contributions for the year ended December 31, 2021.

Payment of Benefits

Upon termination of service for any reason, a participant's vested account balance is generally distributed in a single lump-sum payment. Withdrawals of participant's account during the participant's employment are limited to the vested account balance upon reaching 59-1/2, the financial requirements meeting the hardship requirements of the Plan or through borrowings under the loan provisions of the Plan.

Participant Notes Receivable

The *Plan Document* includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50 percent of the participant's vested account balance. Participants can only have one loan outstanding at any given time. All loans are repayable over a period not to exceed five years (except loans for the purchase of a principal residence, which is repayable over a period not to exceed 10 years). The loans are secured by the balance in the participant's account and bear interest at the prime rate reported by Thomson Reuters plus 1 percent.

The interest rate on participant notes receivable for the year ended December 31, 2021 ranged from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. The Company has not expressed such intention as of these financial statements date. In the event of Plan termination, participants would become fully vested in their accounts.

VIA TECHNOLOGIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan, continued

Coronavirus Aid, Relief and Economic Security Act (“CARES”)

On March 27, 2020, the CARES Act was enacted and signed into law. The CARES Act, among other things, included several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- permitted special coronavirus distributions up to \$100,000;
- increased the available loan amount as described previously to the lesser of \$100,000 or 100% of the participant’s vested account balance until September 22, 2020;
- extended the period for loan repayments, if applicable, up to one year; and
- suspended required minimum distributions for 2020.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, foreign exchange, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

VIA TECHNOLOGIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 2: Summary of Significant Accounting Policies, continued

Risks and Uncertainties

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the “COVID-19 pandemic”). On March 11, 2020, the WHO classified the outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan’s investment portfolio experienced significant fluctuations in fair value in the year ended December 31, 2021. However, because the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The Company continues to monitor the ongoing impact of the COVID-19 pandemic.

Reclassified Amounts

Certain prior year amounts have been reclassified to conform with the current year presentation.

Valuation of Investments and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) as reported by Fidelity Management Trust Company, the Plan Trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

The Plan holds an investment option, the Managed Income Portfolio (“MIP”), a fully-benefit responsive investment account. That investment is reported at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan that is attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis, while dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. In year 2021, there was distribution of \$19.70 million, including termination distribution of \$19.35 million accounted for approximately 98% of the total payment of benefits.

VIA TECHNOLOGIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 2: Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the *Plan Document*.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Recordkeeping fees and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

The Trustee allocates quarterly to Eligible Participants an annual Participant Revenue Credit. Allocations are made pro rata based on the ratio of each Participant's average daily balance in a fund during the quarter to the total average daily balances for all Eligible Participants in such fund during the quarter. In year 2021, the Trustee funded an annual Participant Revenue Credit in the amount of \$20,471 and fully allocated to Eligible Participants by quarter.

Recent Accounting Pronouncements

The Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820): *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, including the removal, modification to, and addition of certain disclosure requirements. The updated guidance is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. ASU 2018-13 was adopted in the plan year ending December 31, 2020 and did not have a significant effect on the Plan's financial statements.

Note 3: Related Party and Party-in-interest Transactions

Plan investments are invested in funds held by Fidelity Management Trust Company, the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment services are included in net appreciation (depreciation) in fair value of investments. Fees paid to the Plan recordkeeper, Fidelity Investments Institutional Operations Company, Inc., also qualify as party-in-interest transactions and amount to \$36,205 for the year ended December 31, 2021.

VIA TECHNOLOGIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 4: Plan Tax Status

The Plan has adopted a Volume Submitter Plan (“VSP”), a pre-approved plan, sponsored by Fidelity Management & Research Co. The VSP provider has received an advisory letter from the Internal Revenue Service (“IRS”) for the acceptability of the form of the plan. The advisory letter has been relied upon by the Plan. The Plan has been amended since the advisory letter was received.

The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan and related trust were qualified as tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 5: Reconciliation of Financial Statements to Form 5500

Variations in the timing of the recognition of certain transactions affecting the Plan have resulted in differences between the financial statements and the Internal Revenue Service Form 5500. The following is a reconciliation of these differences:

	2021	2020

VIA TECHNOLOGIES, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 6: Fair Value Measurements-Unaudited

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 quoted prices for identical assets, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include money market funds and equity securities. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include pool separate accounts, corporate bonds and municipal securities. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan did not have any Level 2 and Level 3 measurements as of December 31, 2021 and 2020.

Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 inputs).

Money market fund is valued at \$1 per share which represents the net asset value ("NAV") per share held by the Plan at year end. As of December 31, 2021 and 2020, Money Market fund consisted of Vanguard Federal Money Market Fund - Investor Class, and the Plan investments in this trust are classified within Level 1 of the fair value hierarchy.

Common stocks are valued at the closing price on the active market on which the individual securities are traded.

Note 6: Fair Value Measurements-Unaudited, continued

Self-directed brokerage accounts allow participant directed investments maintained in a Fidelity Brokeragelink investment option, comprised primarily of money market and mutual funds valued at NAV of shares held at year end, and common stocks valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust funds are valued at the NAV of units in the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The Common/collective trust fund solely includes Managed Income Portfolio II, which is a stable value portfolio that is a commingled pool managed by FMTC. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Portfolio's constant net asset value (NAV) of \$1 per unit. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. Distribution to the Portfolio's participants is declared daily from the net investment income and automatically reinvested in the Portfolio on a monthly basis, when paid. It is the policy of the Portfolio to use its best efforts to maintain a stable net asset value of \$1 per unit; although there is no guarantee that the Portfolio will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Portfolio, plus earnings, less participant withdrawals and administrative expenses. The Portfolio imposes certain restrictions on the Plan, and the Portfolio itself may be subject to circumstances that impact its ability to transact at contract value. However, Plan management believes that the occurrence of events that would cause the Portfolio to transact at less than contract value is not probable.

The preceding method described for valuation of the fund may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 8: Transfer of Talents

During November 2021, VIA Technologies, Inc. Group offloaded part of its Centaur Technology x86 CPU subsidiary to Intel Corporation (the "Transaction"). As the result of this Transaction, ninety-nine employees from Centaur Technology, Inc. were terminated, which was approximately 48% to the total headcount of VIA Technologies, Inc. Group, and approximately 6% of the net assets in the amounts of \$8.50 million had been withdrawn from the plan as of December 31, 2021.

Note 9: Subsequent Event

Date of Management's Review

The Plan Administrator has evaluated subsequent events through August 19, 2022, the date the financial statements were available to be issued, and no events have occurred through that date that would impact the financial statements.
