Independent Auditor's Report

To the Retirement Plan Committee of
Bellevue University Defined Contribution Retirement Plan
Bellevue, Nebraska:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Bellevue University Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2021 (Schedule 1), and Schedule H, Line 4a, Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2021 (Schedule 2), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by Seim Johnson, LLP, who joined Eide Bailly LLP on July 25, 2022. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform and they did not perform any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 13, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Defined Contribution Retirement Plan

Notes to Financial Statements
December 31, 2021 and 2020

(1) Description of Plan

The following brief description of the Bellevue University Defined Contribution Retirement Plan (the Plan) provides only general information. The Plan agreement should be referred to for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan that operates under Section 403(b) of the Internal Revenue Code (IRC). The employees covered under the Plan include those employed by Bellevue University (the Employer). The Retirement Plan Committee is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Employees are eligible to make pre-tax and Roth contributions to the Plan immediately upon hire. Participant contributions are subject to certain dollar limitations, as imposed by the Internal Revenue Service (IRS). Participants may rollover amounts representing distributions from other qualified retirement plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Employees hired after January 1, 2020 are automatically enrolled in the Plan at a rate of 2% (employees have the option to change this rate as desired).

Employees are eligible for Employer matching contributions after completing 3 months of service. The Employer's matching contributions are determined annually by the Board of Directors (100% between 2% and 8% of employee deferrals for the year ended December 31, 2021).

Participants direct the investment of employee and Employer contributions into various investment options offered by the Plan. Participants may change their investment option daily. Participants who are automatically enrolled are invested in a designated Principal LifeTime portfolio, based on the participant's age and normal retirement date, until changed by the participant.

C. Entry Date

For elective deferrals employees may enter the Plan immediately upon employment. For employer match contributions, employees may enter the Plan on the first day of the month coinciding with or following the date they satisfy the plan's eligibility requirements.

D. Participant Accounts

Each participant's account is credited with the participant's contributions (including rollovers) and allocations of (a) the Employer's contributions, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

A participant shall always be 100% vested in the participant's elective deferral contributions, any catch-up contributions and rollover contributions made by the participant to the Plan.

Bellevue University
Defined Contribution Retirement Plan

Notes to Financial Statements
December 31, 2021 and 2020

The vested portion of any Employer matching contributions made to a participant's account shall be a percentage of the total amount credited to the participant's account determined on the basis of the participant's completed years of service according to the following schedule:

Completed Years of Service	Vested Percentage
1st Year	0%
2nd Year	20%
3rd Year	40%
4th Year	60%
5th Year	100%

Notwithstanding the above vesting schedule, Employer matching contributions shall be non-forfeitable and fully vested at the earlier of normal retirement age, death or disability.

Employer matching contributions made to the Plan prior to July 1, 2005 are non-forfeitable and fully vested.

F. *Payment of Benefits*

A participant or beneficiary may elect to receive a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon attainment of normal retirement age, severance from employment, death or disability. A terminated participant with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

G. *Forfeited Accounts*

Participants leaving employment with the Employer before becoming fully vested forfeit their nonvested interest in the Employer's contributions. These forfeitures are used to reduce the Employer's contributions for the next Plan year or pay Plan expenses. For the year ended December 31, 2021, \$48 of forfeitures were used to pay Plan expenses and \$132,169 were used to reduce Employer contributions. As of December 31, 2021 and 2020, the balance of the forfeited nonvested accounts totaled \$79,527 and \$87,757, respectively.

(2) Summary of Significant Accounting Policies

A. *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes to Financial Statements
December 31, 2021 and 2020

C. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

D. Payment of Benefits

Benefit payments to participants are recorded when paid.

E. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

F. Subsequent Events

The Plan has evaluated subsequent events through September 15, 2022, the date the financial statements were available to be issued.

(3) Information Certified by Teachers Insurance and Annuity Association of America, College Retirement Equities Fund, and Principal Trust Company

The following is a summary of the investment information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Teachers Insurance and Annuity Association of America (TIAA), College Retirement Equity Fund (CREF), and Principal Trust Company and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from TIAA, CREF, and Principal Trust Company that information provided to the Plan Administrator by TIAA, CREF, and Principal Trust Company related to the following information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information which appears throughout the financial statements and supplemental schedules:

	<u>2021</u>	<u>2020</u>
Investments, at fair value *	\$ 81,878,000	76,110,369
Investments, at contract value *	516,442	578,811

** Includes party-in-interest investments*

Bellevue University
Defined Contribution Retirement Plan

Notes to Financial Statements
December 31, 2021 and 2020

TIAA, CREF, and Principal Trust Company also certified to the completeness and accuracy of \$8,917,576 of net appreciation in the fair value of investments (including realized gains and losses on investments bought and sold, as well as unrealized gains and losses on investments held during the year), and \$1,618,647 of interest and dividends related to the aforementioned information for the year ended December 31, 2021.

(4) Fair Value Measurements

FASB has issued Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishing a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation methodologies used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

TIAA Traditional Annuity: The fair value of the non-fully benefit responsive guaranteed investment contract is measured using an income approach and discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Variable annuities: Valued at fair value based on the NAV of units held in the account. The NAV, as provided by the custodian is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the account less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

CREF variable annuity accounts and TIAA separate account: Valued at the daily unit value published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements
December 31, 2021 and 2020

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. During the year ended December 31, 2021, valuation techniques consistent with those used at December 31, 2020 have been applied to similar assets. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

December 31, 2021				
	Level 1	Level 2	Level 3	Total

- (a) This class seeks a favorable long-term rate of return, primarily through high current income consistent with preserving capital.
- (b) This class seeks high total return through a combination of capital appreciation and income. It invests in underlying funds according to an asset allocation strategy designed for investors retiring or planning to retire in specific years.
- (c) This class seeks to obtain a favorable long-term total return mainly through capital appreciation, primarily from equity securities of companies from a wide variety of industries across the U.S. stock market in size, growth rates, and price. Stocks in the top 70% of the capitalization of the U.S. equity market are redefined as large cap. As this class is fairly representative of the overall U.S. stock market, returns are often similar to those of the S&P 500 Index.
- (d) This class seeks to obtain a favorable long-term total return mainly through capital appreciation, primarily from equity securities in big U.S. companies that are projected to grow faster than other large-cap stocks. Stocks in the top 70% of the capitalization of the U.S. equity market are defined as large cap. Most of these portfolios focus on companies in rapidly expanding industries.
- (e) This class seeks to obtain a favorable long-term total return mainly through capital appreciation, primarily from equity securities in U.S. stocks of various sizes and styles. Stocks in the middle 20% of the capitalization of the U.S. equity market are defined as mid-cap.
- (f) This class seeks to obtain a favorable long-term total return mainly through capital appreciation, primarily from equity securities of all sizes. Mid-cap growth portfolios target U.S. firms that are projected to grow faster than other mid-cap stocks, therefore commanding relatively higher prices. Stocks in the middle 20% of the capitalization of the U.S. equity market are defined as mid-cap.
- (g) This class seeks to obtain a favorable long-term total return mainly through capital appreciation, primarily from equity securities of medium-size companies or a mix of small-, mid-, and large-cap stocks. All look for U.S. stocks that are less expensive or growing more slowly than the market. Stocks in the middle 20% of the capitalization of the U.S. equity market are defined as mid-cap.
- (h) This class seeks a favorable long-term rate of return, mainly through portfolios where neither growth nor value characteristics predominate. The class mainly invests in U.S. firms at the smaller end of the market-capitalization range. Stocks in the bottom 10% of the capitalization of the U.S. equity market are defined as small cap.

(7) Benefit Responsive Investment Contracts

At December 31, 2021 and 2020, the Plan has invested in a traditional fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal) totaling \$318,303 and \$314,549, respectively. At December 31, 2021 and 2020, the Plan also had invested \$198,139 and \$264,262, respectively, in the TIAA Traditional Benefit Responsive Annuity (TIAA Annuity).

Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan and cannot be less than zero. The crediting rate is reset on a semiannual basis.

The TIAA Annuity contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any) less any withdrawals and transfers out (if any). The guaranteed annual interest rate is 3% for all premiums remitted since 1979 under the TIAA Annuity contract.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contracts, plus earnings, less participant withdrawals or transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Principal and TIAA such as notification that the Plan wishes to terminate the Plan's interest. These events are not probable of occurring.

(8) Non-Fully Benefit Responsive Contract

The Plan entered into an investment contract with TIAA. As part of the contract, TIAA maintains a portion of the contributions in a guaranteed account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charge by TIAA. The guaranteed account is included in the financial statements at fair value.

(9) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to the participants' accounts will become 100% vested and non-forfeitable.

(10) Tax Status

Effective January 1, 2020, the Plan has adopted a volume submitter plan sponsored by Goldleaf Partners. The volume submitter plan received an opinion letter from the IRS as to the volume submitter plan's qualified status dated March 31, 2017. The volume submitter plan opinion has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Notes to Financial Statements
December 31, 2021 and 2020

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(11) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(12) Party-in-Interest Transactions

Certain Plan investments are managed by TIAA, CREF, Principal Life Insurance Company and Principal Trust Company. TIAA, and Principal Trust Company are service providers, and therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan has a number of service providers which qualify as parties-in-interest. Fees paid by the Plan to parties-in-interest amounted to \$157,148 for the year ended December 31, 2021.

(13) Nonexempt Transactions

The Employer inadvertently failed to deposit participant contributions of \$261 and \$597 in 2021 and 2020 within the required timeframe as stated by the United States DOL regulations. The DOL considers late deposits to be prohibited transactions. The Employer plans to correct the lost earnings in 2022. The correction will be made from the Employer's assets and not from assets of the Plan.
