GREEN LAWN FERTILIZING, LLC 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Green Lawn Fertilizing, LLC 401(k) Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and profit-sharing plan which was established January 1, 2007 under the provisions of the Internal Revenue Code Section 401(k) covering all active employees of the Company who are age eighteen or older and have completed six consecutive months of employment. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may elect to defer eligible compensation on a pre-tax basis, after-tax basis (Roth), or a combination of both. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants are eligible for Company matching contributions upon participant eligibility. The Company contributes 50% of the first 5% of contributions that a participant contributes to the Plan up to 2.5% of each participants eligible compensation.

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts

Each participant's account is credited with the participant's directed contribution and allocation of (a) the Sponsor's matching contributions, and (b) Plan earnings. Forfeitures of terminated participants' non-vested accounts may be used to reduce employer matching contributions made after the forfeitures are determined. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or participant directed fund balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

GREEN LAWN FERTILIZING, LLC 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of the present value of the participant's vested benefits available. The loans are secured by the participant's vested account balance and bear interest at 4.25% - 6.0%, which is commensurate with local prevailing rates as determined by the Plan administrator. Loans to terminated participants and loans in default are treated as distributions to the participants. Loans are generally repaid through payroll deduction including principal and interest. Loan terms range from one to five years, except for loans for the purchase of a primary residence.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A year of service for vesting purposes is a 12 consecutive month period during which an employee is credited with 1,000 hours of service. Participant vesting in employer contributions and earnings is as follows:

<u>Period of service</u>	<u>Percent Vested</u>
Less than 1 year	0.0%
1 year	33.0%
2 years	66.0%
3 years	100.0%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Upon termination of employment due to retirement with a vested balance of \$5,000 or less, the participant's accrued benefit will be distributed to him in a lump sum. Upon termination of employment, if the participant does not consent to a distribution from the Plan and has a vested balance more than \$5,000, the participant's accrued benefit will automatically rolled over into an individual retirement account.

Forfeited Accounts

Forfeited non-vested accounts will be used to reduce future employer contributions. During 2021, no forfeited participant accounts were used to reduce the Company's contributions. At December 31, 2021 and 2020 there was \$2,137 and \$858, respectively, of forfeitures that have not yet been utilized.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The investments in all of the funds are presented at fair value based on the quoted market prices of the underlying securities within each fund at December 31, 2021 and 2020, except for fully-benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See note 4 for discussion of fair value of measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

GREEN LAWN FERTILIZING, LLC 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Administrative Costs

Certain administrative costs of the Plan are paid by the Company and are not included in these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 – MANAGEMENT REVIEW DATE

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 15, 2022, the date that the financial statements were available to be issued.

NOTE 4 – FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
Level 2	Inputs to the valuation methodology include: - quoted prices for similar assets or liabilities in active markets; - quoted prices for identical or similar assets or liabilities in inactive markets; - inputs other than quoted prices that are observable for the asset or liability; - inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable input and minimize the use of unobservable inputs.

GREEN LAWN FERTILIZING, LLC 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENT (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Fair Value	Level 2
<u>December 31, 2021</u>		
Pooled separate accounts	\$ 3,878,375	\$ 3,878,375
Self directed brokerage account	13,891	13,891
	<u>\$ 3,892,266</u>	<u>\$ 3,892,266</u>
	Fair Value	Level 1
<u>December 31, 2020</u>		
Cash and money market funds	\$ 141,795	\$ 141,795
Registered mutual funds	2,800,527	2,800,527
	<u>\$ 2,942,322</u>	<u>\$ 2,942,322</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2021 are reported in net appreciation (depreciation) in fair value of investments and investment income.

NOTE 5 – ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2021, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

GREEN LAWN FERTILIZING, LLC 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 – ANNUITY CONTRACT WITH INSURANCE COMPANY (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021, was \$133,327. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 4%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Voya. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE
(UNAUDITED)

At December 31, 2021, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the employee Retirement Income Security Act of 1974.

GREEN LAWN FERTILIZING, LLC 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE
(UNAUDITED) (Continued)

Investments at December 31, 2021, as reported by the trustee is summarized as follows:

Investments at fair value	\$ 3,892,266
Investment at contract value	133,327
Notes receivable from participants	73,903
Interest - participant loans	\$ 4,123
Net appreciation (depreciation) in fair value of investments including gains and losses on investments bought and sold, as well as held during the year	
Pooled separate accounts	450,678
Self directed brokerage account	(11,834)
Guaranteed investment contract	1,239
	<u>\$ 440,083</u>

NOTE 7 – ABILITY TO TERMINATE PLAN

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated January 1, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2020 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

GREEN LAWN FERTILIZING, LLC 401(K) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
