INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
E.S. Wagner Company Profit Sharing Plan and Trust
Oregon, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the E.S. Wagner Company Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the E.S. Wagner Company Profit Sharing Plan and Trust. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 31, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2021 and 2020

Note 1 – Description of Plan and Significant Accounting Policies

The following brief description of the E.S. Wagner Company Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a single-employer plan covering all eligible employees of E.S. Wagner Co. (Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan and covers substantially all full-time employees of the Company, except collective bargaining employees covered under another retirement plan. Janitors, co-ops, and individuals classified as handymen are not eligible to participate in the Plan. Participants become eligible after they have one hour of service. Participants become eligible for the safe harbor match when they have completed one year of service and are age twenty-one or older.

Contributions

The Company makes contributions to the Plan on behalf of eligible employees at the direction of the employees (participants' contribution). Currently, employees may elect to have the Company contribute between 1% to 100% of their compensation, up to the maximum IRS limit, to the Plan.

The Company permits participants to make Roth (401k) deferrals. The Company may make non-elective discretionary profit-sharing contributions and/or qualified non-elective contributions (QNECs).

The Company has elected a safe harbor matching contribution. Matching contributions are equal to 100% of each participant's deferral contributions, not exceeding 3% of the participant's compensation, plus 50% of each participant's contributions between 3% and 5% of the participant's compensation.

Participant Accounts

The participant accounts are credited with each participant's contributions and allocation of (a) the Company's contributions, (b) Plan earnings (losses), and (c) forfeitures. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, safe harbor matching contributions, and any QNEC plus actual earnings (losses) thereon. Vesting in the remainder of their balances (employer profit sharing contributions) is based on years of continuous service. Participants vest on a graded schedule starting at 20% after two years plus an additional 20% after each of years three through six. Participants are 100% vested at the end of the sixth year. Matching contributions are 100% vested at all times.

Notes Receivable from Participants

The maximum loan amount is 50% of the current vested account balance. The maximum aggregate dollar amount of loans outstanding to any participant may not exceed \$50,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) notes receivable from participants. Loans are permitted only for the purpose of hardship. Loan terms range from 1-5 years or in the case of the purchase of a primary residence, a longer term. The loans are secured by the vested balance in the participant's account and bear interest at a commercially reasonable rate of interest determined by Fifth Third Bank. Interest rates are fixed per loan. Principal and interest are paid ratably through weekly payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Upon separation from service, the Plan administrator calculates the vested amount of the participant's account balance. The Plan administrator will direct the trustee to commence distribution of the participant's vested account balance as soon as administratively feasible (unless the participant elects to postpone distribution), and in a form elected by the participant. If the value of the participant's benefit (excluding rollovers) is less than \$1,000, a distribution will automatically be made within a reasonable time after termination of employment. The Plan also provides for in-service distributions in the case of certain financial or physical hardships or if the participant has attained the age of 59 ½. Benefits are recorded when paid. Benefit distributions for the plan years ended December 31, 2021 and 2020 were \$1,650,365 and \$1,285,296, respectively.

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 5 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Forfeitures

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$12,742 and \$13,345, respectively. Terminated participants' non-vested account balances are used to reduce future matching contributions or for plan expenses. During 2021 and 2020, there were no employer contributions or plan expenses reduced by forfeitures.

Plan Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from the financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Hardship Withdrawals

Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such withdrawals.

Use of Management's Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Subsequent Events

The Plan has evaluated subsequent events through August 19, 2022, the date the financial statements were available to be issued.

Note 2 – Information Prepared and Certified by Trustee

The trustee of the Plan, Great-West Trust Company, holds the Plan's investments and executes all investment transactions. The related financial information included in the accompanying financial statements and schedule is based solely on information provided by the trustee. The investment results have been reported to the Plan by Great-West Trust Company.

The following presents investments that were certified by the trustee of the Plan, Great-West Trust Company, as complete and accurate at December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Investments at fair value		
Mutual funds	\$24,467,511	\$21,762,145
Total	<u>\$24,467,511</u>	<u>\$21,762,145</u>

Note 3 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no further contributions will be made to the Plan and all amounts credited to the participants' accounts will become 100% vested, if not already vested. The Company will direct the distribution of the participants' accounts in a manner permitted by the Plan as soon as practical.

Note 4 – Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained by examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability; and

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 5 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,467,511	\$ -	\$ -	\$ 24,467,511
Total mutual funds at fair value	<u>\$ 24,467,511</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 24,467,511</u>

Assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,762,145	\$ -	\$ -	\$ 21,762,145
Total mutual funds at fair value	<u>\$ 21,762,145</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,762,145</u>

Note 6 – Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Great-West Trust Company. Great-West Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 1, the Plan made a direct payment to the third party administrator of \$69,866 and \$62,785 as of December 31, 2021 and 2020, respectively, which was not covered by revenue sharing. The Plan sponsor pays directly any other fees related to the Plan's operations.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
