Independent Auditor's Report

To the Plan Advisory Committee and Plan Administrator
Klöckner Pentaplast of America, Inc.
Employees' Retirement Plan
Gordonsville, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Klöckner Pentaplast of America, Inc. Employees' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

General

The following description of the plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

In October 1989, Klöckner Pentaplast of America, Inc. (the Company) combined the Employees' Profit Sharing Plan with the Employees' Thrift Plan to form the Klockner Pentaplast of America, Inc. Employees' Retirement Plan (the Plan). The Plan was amended and restated effective October 1, 2018. The most recent amendment since then was October 1, 2021, which increased the automatic escalation cap and changed the automatic escalation date from January 1st to April 1st.

The Plan is a qualified defined contribution plan covering substantially all full-time employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year a participant may contribute to the Plan a percentage of his or her compensation up to statutory allowed limits. The Company makes matching contributions equal to a discretionary percentage of the participant's elective deferrals up to a maximum of 6% of the participant's compensation. The Company match is effective immediately upon enrollment. In addition, the Company may contribute a discretionary percentage of the Company's earnings before interest, income taxes, depreciation, amortization, and designated license fees for the year (profit-sharing contribution). This discretionary amount is allocated to participants in the same ratio as each participant's compensation bears to the total of such compensation of all participants.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer matching contributions and an allocation of the Company's profit-sharing contribution (if any) and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eligibility

Participants are automatically enrolled in the Plan at their hire date unless a waiver to opt out is submitted. There is no age or service requirement for elective deferrals and employer matching contributions. An eligible employee will participate in the Company's profit-sharing contribution upon satisfaction of one year of service. Effective April 1, 2021, an amendment to the Plan was made which clarified that leased employees and temporary salaried employees are considered excluded employees are not entitled to participate in the Plan. Plan entry date is the same for all contribution types and is the date that eligibility requirements are met.

1. Plan Description (continued)

Prior to January 1, 2021, there was a 3% automatic enrollment deferral percentage election if the employee did not opt out or select a deferral percentage and an auto escalation provision of an employee's deferral rate of 1% escalation up to 6% unless waived by the participant. Effective January 1, 2021, there is a 6% automatic deferral percentage election if the employee does not opt out or select a deferral percentage. The Plan includes an auto escalation provision of an employee's deferral rate of 1% each year up to 10% unless waived by the participant which occurs each January 1st. Effective October 1, 2021, an amendment was made to increase the auto escalation provision up to 15% unless waived by the participant. The auto escalation date was also moved from January 1st to April 1st.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	40%
2	60%
3	80%
4	100%

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus-related distributions up to \$100,000
- Increase of the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance
- Extended the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020

Payment of Benefits

Upon termination, disability, or attainment of retirement age, as defined by the Plan, a participant may elect to receive a lump-sum amount equal to the value of his or her account. In-service withdrawals are allowed from all the participant's accounts upon attainment of age 55 and as allowed under the CARES Act.

Distributions of vested participant amounts less than \$1,000 do not require participant consent and will be automatically distributed.

1. Plan Description (continued)

Notes Receivable from Participants

Participants may receive secured loans from the plan with interest at the rate of prime plus 2%. All loans are secured by the participants' account and may not exceed 50% of the value of the participants vested account, except for amounts borrowed under the CARES Act.

All loans, except for amounts borrowed under the CARES Act, are further limited to the lesser of: (1) \$50,000 reduced by the excess of the highest outstanding balance of loans during the one-year period prior to the loan over the outstanding balance of loans from the Plan on the date the loan is made or (2) one-half of the participants' vested interest in the account, whichever is greater. All loans, except those related to personal residences, must be repaid in five years, with payments on every pay period. The participant's vested account provides security for the loan.

A participant's vested account in the Plan is the source of the funds for a loan. Repayments, including interest at a rate of 2% above the prime rate, established at the time of loan origination, are reinvested in a participant's vested account, in accordance with the participant's current investment election. No allowance for credit losses has been recorded as of December 31, 2021 or December 31, 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Fees related to loan administration are charged directly to the participant's account and are included in administrative expenses.

Forfeited Accounts

Forfeitures occur when participants terminate employment before becoming fully vested in their Plan benefits. Forfeitures of amounts attributable to employer profit sharing contributions will be allocated among the accounts of all participants that are eligible to receive an allocation of the employer profit sharing contributions for the plan year in which the forfeiture occurs. Therefore, a participant's account may grow as a result of other participants' forfeitures of profit-sharing contributions. Forfeitures of amounts attributable to matching contributions will generally be used by the Company to offset the employer matching contribution for the plan year in which the forfeiture occurs. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$3,753 and \$11,497, respectively. For the year ended December 31, 2021, forfeitures of \$90,879 were allocated to participants.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Expenses

In accordance with provisions of the Plan, substantially all expenses of the Plan are paid by the Company, except for certain investment fees for management and administration of the participant accounts, which have been paid out of Plan assets. For the year ended December 31, 2021, the Plan paid expenses of \$194,615. Expenses paid by the Company are excluded from these financial statements.

Benefit Payments

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance. See Note 4 for additional information related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

The Plan has evaluated subsequent events through September 15, 2022, the date the financial statements were available to be issued.

2. Summary of Significant Accounting Policies (continued)

Recently Adopted Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurements Topic (820), Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 eliminates certain disclosures including the disclosure related to transfers between Level 1 and 2 investments, the valuation policies for Level 3 measurements and, for nonpublic entities, the change in the Level 3 investments' unrealized gains and losses included in earnings. This ASU also amends certain disclosures including disclosing purchases, sales, and transfer for Level 3 investments instead of the Level 3 roll-forward. Management has adopted ASU 2018-13 for the 2020 Plan year. The adoption of this ASU did not have a material impact on the financial statements.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company ("Matrix"), a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information with the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Klöckner Pentaplast of America, Inc. Employees' Retirement Plan

Notes to Financial Statements

4. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Collective investment trusts are public investment vehicles valued using the NAV provided by the Trustee. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding.

The fair value of such investment contracts held by the CCTs are determined using the market price of the underlying securities and the value of the investment contract as determined by the trustee.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Klöckner Pentaplast of America, Inc. Employees' Retirement Plan

Notes to Financial Statements

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021		
	Level 1	Total
Mutual funds	\$ 116,007,611	\$ 116,007,611
Common collective trusts measured at NAV*		12,127,721
Investments at fair value	\$ 116,007,611	\$ 128,135,332

Assets at Fair Value as of December 31, 2020		
	Level 1	Total
Mutual funds	\$ 108,064,436	\$ 108,064,436
Common collective trusts measured at NAV*		12,513,963
Investments at fair value	\$ 108,064,436	\$ 120,578,399

*Certain investments for which fair value is measured during NAV per share as the practical expedient have not been categorized within the fair value hierarchy. The fair value amounts presented in this table are intended to reconcile the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

5. Investment in Collective Trust

The Plan holds an investment in a common collective fund, specifically the Federated Capital Preservation Fund (the Fund). The Fund invests in investment contracts issued by insurance companies and other financial institutions, fixed income securities, money market funds and may include derivative instruments such as futures contracts and swap agreements to provide daily liquidity. The investment contract issuers seek to preserve the principal investment and earnings, but cannot guarantee that they will be able to do so. The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no reserves against contract values for credit risk of the contract issuers or otherwise. There are no unfunded commitments and the redemption frequency is daily.

Certain events limit the ability of the Plan to transact at contract value with the participants. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan, or (d) the failure of the Plan to qualify for exemption from federal income taxes or any other prohibited transaction exception under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the participants, is probable.

Klöckner Pentaplast of America, Inc. Employees' Retirement Plan

Notes to Financial Statements

6. Related-Party Transactions and Parties-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. The Plan pays recordkeeping fees to CPI Qualified Plan Consultants, Inc. ("CPI"), and issues loans to participants which qualify as party-in-interest transactions.

Matrix Trust Company functions as the Plan Trustee and Custodian. CPI is the third party recordkeeper.

7. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020 that the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of complete termination of the Plan, participants will become fully vested in their accounts.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COVID-19 Outbreak

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risk to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

Klöckner Pentaplast of America, Inc. Employees' Retirement Plan

Notes to Financial Statements

9. Risks and Uncertainties (continued)

The full impact of the COVID-19 outbreak continues to evolve. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.
