1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditors' Report

To the Plan Administrator of the
David A. Straz, Jr. Center for the Performing Arts Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of David A. Straz, Jr. Center for the Performing Arts Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the qualified institutions. Their report dated September 21, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements; and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of Plan

The following description of the David A. Straz, Jr. Center for the Performing Arts Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

(a) General

The Plan is a defined contribution plan as defined by Internal Revenue Code Section 403(b), covering all eligible employees of the Tampa Bay Performing Arts Center, Inc. d/b/a David A. Straz, Jr. Center for the Performing Arts (the “Center”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s custodians are Reliance Trust Company (“RTC”) and the Teachers Insurance and Annuity Association and College Retirement and Equities fund (“TIAA and CREF” or “CREF”) (the “Custodians”). Empower Retirement (“Empower”) serves as the Plan’s recordkeeper. The Plan was amended and restated effective January 1, 2021.

(b) Eligibility

Employees of the Center are eligible to become participants in the Plan upon employment. Participating employees may receive employer discretionary and matching contributions upon completing two years of service and attaining age 21.

(c) Contributions

Participants may elect to contribute a percentage of their compensation to the Plan, not to exceed Internal Revenue Code limits. Other Internal Revenue Service limits exist for certain highly-compensated employees participating in the Plan. The Center provides a discretionary matching contribution as approved by its Board of Directors.

The Plan also allows participants age 50 and older to contribute additional tax-deferred contributions, subject to Internal Revenue Service limits. Special 403(b) catch-up contributions are allowed for participants who have worked at least 15 years for the Center. Special 403(b) catch-up contributions are equal to the smallest of the following three amounts:

1. \$3,000;
2. \$15,000 minus the amount of special 403(b) catch-up contributions made in prior years; or
3. \$5,000 times the number of years the participant has worked for the Center minus the total amount of deferrals made while the participant worked for the Center.

These catch-up contributions are eligible for matching contributions from the Center. If a participant qualifies for both the age 50 catch-up contributions and the special 403(b) catch-up contributions, the participant’s catch-up contributions will be allocated first as special 403(b) catch-up contributions. Participants are immediately fully vested in their catch-up contributions (and the related earnings).

(1) Description of Plan - Continued

(c) Contributions - Continued

The Plan permits the Center to make matching contributions for those employees who have completed at least two years of service which, during the year ended December 31, 2021, equaled 100% of the participant's voluntary contribution up to the first 4% of the participant's compensation, as defined, and totaled approximately \$188,000.

The Plan also allows the Center to make annual discretionary contributions for those participants who have completed at least two years of service in amounts determined by the Management and the Human Resources Committee of the Board of Directors of the Center. Discretionary contributions in the amount of 4% of participants' compensation were made in 2021 and totaled approximately \$249,000.

The Plan permits employees to allocate their contributions to various investment options provided by Empower, which may be redeemed daily. Prior to 2013, the Plan allowed employees to allocate their contributions between various options provided by TIAA and CREF, which are redeemed daily with the exception of the TIAA Real Estate Account, which is redeemed quarterly. Thereafter, all contributions were limited to Empower investments. However, participants were allowed to maintain existing account balances with TIAA and CREF.

(d) Vesting

Participant contributions are vested immediately. Participants are eligible for and vest in both Center matching and Center discretionary annual contributions after attaining two years of service.

(e) Participants' Accounts

Each participant's account is credited with their contributions and their share of the Center's discretionary and matching contributions. Investment income is allocated to each participant's account based upon the participant's relative beginning account balance adjusted by withdrawals and contributions made during the allocation period. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(f) Payment of Benefits

Upon termination of service, retirement, death, or total and permanent disability, a participant may elect to receive a distribution of his or her entire accumulated vested plan balance, subject to the terms of the funding vehicles. Distribution options include lump-sum payments, partial payments, or installments. Rollover account balances and certain employee deferrals made prior to 1989 may be withdrawn at any time. Minimum required distributions for participants who have reached age 72 also apply based upon Internal Revenue Service regulations.

THE PERFORMING ARTS RETIREMENT PLAN**

Notes to Financial Statements - Continued

(1) Description of Plan - Continued

(g) Early Withdrawal

Under certain conditions, participants, while still employed by the Center, are permitted to withdraw up to the employee contribution portion of their account balance. These conditions include payment of unreimbursed medical expenses, the purchase of a principal residence, the payment of post-secondary education tuition, or to prevent eviction from or foreclosure on a principal residence. In addition, participants may elect in-service withdrawals of not less than \$1,000 from their account balances after reaching age 59 ½ or upon disability.

(h) Allocation of Forfeitures

Forfeitures may be used by the Plan to reduce administrative expenses or Center contributions. There was a forfeiture balance of approximately \$4,500 and \$0 as of December 31, 2021 and 2020, respectively.

(i) Notes Receivable from Participants

Participant loans are available to participants through Empower, subject to certain limitations. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Effective January 1, 2020 the Plan's loan policy was amended to increase the maximum loans outstanding at any one time from two to four loans. Additionally, the amendment allowed employees to continue to make scheduled loan repayments, as opposed to repaying in full upon termination. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50% as of December 31, 2021.

The principal portion of loan repayments is reinvested based on the participant's investment elections at the time of repayment. As of December 31, 2021 and 2020, participant loans with Empower totaled approximately \$152,000 and \$162,000, respectively.

(j) Plan Loans

Plan Loans are available to participants through TIAA and CREF, subject to certain limitations. Plan Loans are issued directly from funds owned by TIAA and CREF, and therefore, Plan Loan proceeds are not removed from a participant's account balance. However, a portion of a participant's TIAA Traditional Guaranteed Annuity account balance is reserved, or held in collateral, to cover the outstanding Plan Loan amount for the period of time the Plan Loan is outstanding. See Note 2 for discussion of the TIAA Traditional Guaranteed Annuity. For active Plan Loans, investments equal to 110% of the outstanding loan amount are reflected in the accompanying statements of net assets available for benefits and serve as collateral for the Plan Loans. Investments underlying defaulted Plan Loan balances are reflected in the accompanying statements of net assets available for benefits until a distributable event occurs.

At December 31, 2021 and 2020, participants had outstanding Plan Loan balances due to TIAA and CREF of approximately \$7,900 and \$45,000, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(b) Investment Valuation and Income Recognition

The Plan's variable annuity contracts are stated at fair value, which was primarily determined using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value investments including matrix pricing. Fair value may also be derived from the market value of the underlying real estate holdings or other real estate-related investments. Money market account holdings are generally valued at amortized cost, which approximates fair value (see Note 4).

The Plan's fully benefit-responsive fixed annuity contracts are reported at contract value, which equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals (see Note 5). The MassMutual Guaranteed Interest investment and certain TIAA Traditional Guaranteed Annuity contract types, including the SRA and the GSRA (as defined in Note 5), are considered fully benefit-responsive (see Note 5).

All investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Benefits Paid to Participants

Benefits are recorded when paid.

(d) Administrative Expenses

The Plan pays for all administrative services. The Plan paid approximately \$84,000 in direct administrative expenses during the year ended December 31, 2021.

(e) Use of Estimates

Management of the Plan has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities and additions to and deductions from net assets to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

(f) Reclassification

Certain items from the 2020 financial statements have been reclassified to conform with the 2021 presentation. Such reclassifications had no effect on the total net assets available for benefits.

THE PERFORMING ARTS RETIREMENT PLAN**

(3) Custodians Certifications of Plan Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, RTC and TIAA and CREF, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Total investments
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividend income
- Interest income on notes receivable from participants
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through use of models or other valuation methodologies. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

**DAVID A. STRAZ, JR. CENTER FOR
THE PERFORMING ARTS RETIREMENT PLAN**

Notes to Financial Statements - Continued

(4) Fair Value Measurements - Continued

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement, and does not necessarily correspond to plan management's perceived risk of that investment. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds - valued at net asset value ("NAV") based on quoted market prices of shares held by the Plan at year end.

Guaranteed Interest Accounts - Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement); however, there are liquidity restrictions. The TIAA Traditional Guaranteed Annuity RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over 10 annual installments. With the GRA contract, lump-sum withdrawals are available within 120 days of termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from RA and GRA contracts must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment). Therefore, the guaranteed interest accounts are not considered benefit-responsive and are valued at estimated fair value as determined by TIAA's Board of Trustees. The crediting interest rates ranged from 1% to 3% for the years ended December 31, 2021 and 2020.

Variable Annuities - The fair value of the Plan's interest in the TIAA Real Estate Account is based on the fund's daily NAV as a practical expedient, which is considered by plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to plan administrators and client investors on TIAA and CREF's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. The TIAA Real Estate annuity investment is valued with NAV as a practical expedient, and therefore, is excluded from the valuation hierarchy, consistent with U.S. GAAP.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

THE PERFORMING ARTS RETIREMENT PLAN**

(4) Fair Value Measurements - Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Description	Assets Measured at Fair Value at December 31, 2021	Fair Value Measurements at December 31, 2021		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 12,398,713	12,398,713	-	-
Guaranteed interest account	1,190,723	-	-	1,190,723
	13,589,436	12,398,713	-	1,190,723
Variable annuity contracts measured at NAV	81,850 (a)			
Investments at fair value	\$ 13,671,286			
Description	Assets Measured at Fair Value at December 31, 2020	Fair Value Measurements at December 31, 2020		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 10,735,520	10,735,520	-	-
Guaranteed interest account	1,261,621	-	-	1,261,621
	11,997,141	10,735,520	-	1,261,621
Variable annuity contracts measured at NAV	67,704 (a)			
Investments at fair value	\$ 12,064,845			

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2021 and 2020, respectively, and the significant unobservable inputs and the ranges of values for those inputs.

Description	Fair Value 12/31/2021	Fair Value 12/31/2020	Principal Valuation Techniques	Unobservable Inputs	Range of Significant Input Values
Guaranteed interest account	\$ 1,190,723	\$ 1,261,621	Discounted cash flow	Risk-adjusted discount rate applied	RA: 3.00% to 3.80% GRA: 3.00% to 3.80%

(5) Fully Benefit-Responsive Investment Contracts Measured at Contract Value

Investments in the MassMutual Guaranteed Interest investment and certain TIAA Traditional Guaranteed Annuity contract types, including the SRA and the GSRA are reported at contract value. The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals.

The MassMutual Guaranteed Interest investment (approximately \$141,000 and \$108,000 as of December 31, 2021 and 2020, respectively), which accumulates value equal to cash contributions, plus guaranteed interest. The interest rates credited are based upon a number of factors, including, but not limited to, the level of net investment income that the Center can earn on its newly purchased general account assets, the absolute level of interest rates, the shape of the yield curve, how interest rates have changed since the inception of the contract, the minimum guaranteed interest rate, and interest rates on alternative investments. The contract has a minimum guaranteed interest rate of 1.0%. Plan participants have the option of receiving contract value upon separation of service, retirement, minimum distribution, annuitization, death, and transfers to other investments available in the Plan. At the request of plan participants, a five-year payout option is also available.

Each contract through the TIAA Traditional Guaranteed Annuity investment option is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (“RA”), Group Retirement Annuities (“GRA”), Supplemental Retirement Annuities (“SRA”), and Group Supplemental Retirement Annuities (“GSRA”). The type of contract through which a participant invests in the TIAA Traditional Guaranteed Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant’s account, and the options for receiving income upon retirement. The SRA and GSRA contract types have no liquidity restrictions and are considered benefit-responsive. The TIAA Traditional Annuity holdings with the RA and GRA contract types have liquidity restrictions and are considered non-benefit-responsive. As of December 31, 2021 and 2020, respectively, the TIAA Traditional Guaranteed Annuity had approximately \$177,000 and \$172,000 in SRA and GSRA contracts.

When participants chose to allocate a portion of their retirement savings to the TIAA Traditional Guaranteed Annuity during the accumulation phase of the contract, their contributions purchased a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant’s principal, plus a specified minimum rate of interest, is guaranteed by TIAA’s claims-paying ability. The TIAA Traditional Guaranteed Annuity also provides the potential for additional interest if declared by TIAA’s Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating SRA and GSRA contracts, the crediting interest rate was 3.00% as of both December 31, 2021 and 2020.

**DAVID A. STRAZ, JR. CENTER FOR
THE PERFORMING ARTS RETIREMENT PLAN**

Notes to Financial Statements - Continued

(6) Party-in-Interest Transactions

Certain plan investments are managed by the Custodians as defined by the Plan. Therefore, these transactions and investments qualify as party-in-interest transactions. Notes receivable from participants are considered to be party-in-interest transactions because they are transacted with plan participants. While these transactions qualify as party-in-interest activity, they are expressly exempted from prohibited transaction rules.

(7) Income Tax Status

The Plan is intended to comply with the applicable requirements of Section 403(b) of the Internal Revenue Code, as amended. The Plan has adopted a prototype plan. The prototype plan obtained its latest opinion letter on March 31, 2017, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the prototype plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is thus exempt from federal income taxes under the provisions of Section 401(a).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Plan Termination

The Center has established the Plan with the intent to maintain it indefinitely, but retains the right, at any time, to discontinue contributions and terminate the Plan subject to the provisions of ERISA.

(9) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

(10) Subsequent Events

In accordance with ASC Topic 855, *Subsequent Events*, plan management has evaluated events occurring through September 20, 2022, the date financial statements were available to be issued, to determine if these events were significant to the financial statements.
