Independent Auditor's Report

The Plan Administrator
Davidson Oil Company 401(k) Profit Sharing Plan
Amarillo, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Davidson Oil Company 401 (k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Davidson Oil Company 401 (k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Notes 4 and 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Davidson Oil Company 401 (k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Davidson Oil Company 401 (k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Davidson Oil Company 401 (k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Davidson Oil Company 401 (k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H Line 4i – Schedule of Assets (Held at End of Year), and Schedule H Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Davidson Oil Company 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 2, 2021, we indicated that (a) because of significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**DAVIDSON OIL COMPANY 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying consolidated financial statements of Davidson Oil Company 401(k) Profit Sharing Plan (the Plan) have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Davidson Oil Company (the Plan Administrator and Employer) to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Investments

Investments are reported at fair value as determined by Great-West Trust Company, LLC (Great-West), the custodian of the Plan, as agent for Amarillo National Bank, and the Trustee of the Plan for the years ended December 31, 2021 and 2020, respectively. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of the mutual funds are based on quoted net asset values of the shares held. See Note 5 for discussions of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable are reclassified based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Davidson Oil Company provides accounting and managerial services to the Plan at no charge. Certain expenses incurred in connection with the general administration of the plan that are paid by the plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investment presented in the accompanying statements of changes in net assets available for benefits.

NOTE 2 - DESCRIPTION OF THE PLAN

The following description of the Plan is provided for general information. Participants should refer to the Plan agreement for more complete information concerning the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Davidson Oil Company, Flying Star Transport, LLC, Willborn Bros. Co., LLC, and Signs of Change (the Companies) who are at least 18 years of age, have six months of employment and have completed 1,000 hours of service. On December 3, 2018, the Plan was restated effective January 1, 2019. The restatement changed the Plan's age requirement from 21 to 18 years of age. The Plan includes an automatic contribution arrangement. Under this arrangement, participants who do not elect to have a specified amount of compensation contributed to the Plan will automatically have their compensation deferred. Through December 31, 2018 the automatic enrollment deferral percentage was 1% of participant compensation for each payroll period. The Plan changed its automatic enrollment deferral percentage to 3%. Due to the restatement this change was implemented retroactively. On July 1, 2021, Davidson Oil Company acquired Wellborn Signs, Inc. On July 28, 2021, Davidson Oil Company 401 (k) Profit Sharing Plan was amended to recognize the predecessor employer service of Wellborn Signs, Inc employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trust Fund Management

The custodian, Great-West, maintains trust fund records on a plan year basis. Amarillo National Bank is the Corporate Trustee of the Plan.

Contributions

Participants may make salary deferral contributions on either a tax-deferred basis or after-tax basis (Roth) through payroll deductions, as defined in the Plan, which are limited to certain amounts allowed under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. In addition, the Companies may contribute an additional amount from current earnings to the Plan. This amount is discretionary as determined by the Companies. Employees may also sign a voluntary salary reduction agreement with the Companies. The Companies will contribute the amount of the salary reduction to the Plan on behalf of the employee.

Participant Accounts

Each participant's account is credited with the participant's contribution under the salary reduction agreement and an allocation of 1) the Companies' contribution, 2) the Plan earnings, and 3) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant

Participant Accounts (Continued)

earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loans are secured by the balance in the participant's accounts. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable are reclassified based upon the terms of the Plan document.

Excess Contributions Payable

Excess contributions payable represents contributions that need to be returned to certain active participants in order to satisfy the relevant nondiscrimination provisions of the Plan. At December 31, 2021 and 2020, the Plan had excess contributions payable of \$2,351 and \$1,555, respectively. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

On termination of service a participant may elect to receive either a lump sum amount equal to the value of the participant's account or equal installments over a period of not more than the assumed life expectancy of the participant. Also, upon termination, the Plan can involuntarily distribute vested account balances of less than \$5,000 without participant consent. If the vested account balance is greater than \$5,000, the participant's consent is required.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Vesting

Participants are immediately vested in their accounts under the voluntary salary reduction agreement and the earnings thereon. Vesting in the remainder of their accounts is based on years of credited service. A participant is 100% vested after six years of credited service.

NOTE 2 - DESCRIPTION OF THE PLAN (CONTINUED)

Employee Investment Options

The Plan allows participants to self-direct 100% of their share of Plan assets in a variety of funds approved by the Plan's Trustee. The Plan currently offers 33 funds as investment options for Plan participants. Changes in allocations between funds may be made at the employee's discretion.

Forfeitures

The nonvested portion of a participant's account for termination of employment prior to normal retirement is considered a forfeiture. The Plan document permits the use of forfeitures to be used to reduce Plan administrative expenditures and then Employer contributions. At December 31, 2021 and 2020, \$1,238 and \$-0-, respectively, of current year forfeitures remained uninvested in a cash account for future allocation. Employer contributions paid from the forfeited nonvested account for the years ended December 31, 2021 and 2020 was \$4,987 and \$19,237, respectively.

NOTE 3 - TAX STATUS

The underlying non-standardized pre-approved profit-sharing plan has received a series of advisory letters from the Internal Revenue Service (IRS), the most recent dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the IRC, and therefore, the related trust is tax exempt. The Plan Administrator has determined that it is eligible to, and has chosen to, rely on the current IRS advisory letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The Plan's Federal Tax Returns for the years ended 2018, 2019, and 2020 are subject to examination by the IRS generally for three years after they were filed.

NOTE 4 - INVESTMENTS

Unaudited Information Certified by the Plan Trustee

The December 31, 2021 and 2020 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Great-West on behalf of the Trustee in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 5 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The standard establishes a three-level valuation hierarchy for disclosure based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). An asset's fair value measurement level within the hierarchy is based on the lowest level of input that is significant to the valuation.

The three levels are defined as follows:

- Level 1 – Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

When available, quoted market prices are used to determine the fair value of investments held in the Plan, and such items are classified within Level 1 of the fair value hierarchy. A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements.

The following is a description of the valuation methods used for investments measured at fair value, as well as the general classification of such investments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The valuation of financial instruments carried at fair value on a recurring basis is as follows:

Investments Measured at Fair Value on a Recurring Basis

	Fair Value Measurements Using:			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>December 31, 2021</u>				
Mutual funds	\$ 2,830,024	\$ 2,830,024	\$ —	\$ —
Total investments	<u>\$ 2,830,024</u>	<u>\$ 2,830,204</u>	<u>\$ —</u>	<u>\$ —</u>
<u>December 31, 2020</u>

Total investments	<u>\$ 2,942,962</u>	<u>\$ 2,942,962</u>	<u>\$ —</u>	<u>\$ —</u>

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

**DAVIDSON OIL COMPANY 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The Employer provides certain administrative services to the Plan at no cost. These costs were not significant.

Empower serves as the recordkeeper to maintain the individual accounts of each Plan Participant as the Plan's trustee. Fees incurred by the plan for the investment management services provided by Empower are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the plan made direct payments to Empower of \$22,308 and \$16,756 to Amarillo National Bank of \$13,672 and \$11,230, and Advised Assets Group, LLC of \$1,332 and \$1,223, for the years ended December 31, 2021 and 2020, respectively.

NOTE 8 - NONEXEMPT TRANSACTIONS

As reported on the supplementary Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), \$1,651 of Plan contributions were remitted to the trust outside the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting non-exempt transactions between the Plan and the Company for the years ended December 31, 2021 and 2020. Plan management corrected the late contributions during 2022 and 2021, respectively.

NOTE 9 - SIGNIFICANT ESTIMATES AND CONCENTRATIONS

The current economy continues to present retirement plans with difficult circumstances and challenges, which in some cases have resulted in large and unanticipated declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

NOTE 10 - RECENT ACCOUNTING PRONOUNCEMENTS

The Plan assessed recent accounting pronouncements, noting none that would impact financial statements or notes to the financial statements.

Earnings – participant loans	<u>-</u>	<u>(3)</u>
Net income per the Form 5500	<u>\$ (139,290)</u>	<u>\$ 451,148</u>

NOTE 12 - SUBSEQUENT EVENT

The Plan evaluated subsequent events through August __, 2022, the date the financial statements were available to be issued. Except as noted below, the Plan administrator has not identified any events that would have an impact on these financial statements.

In March 2020, the World Health Organization declared the novel strain of coronavirus a “Public Health Emergency of International Concern.” As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen. The extent of the impact on our operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on our customers, employees, and vendors all of which are uncertain and cannot be predicted. The extent to which COVID-19 may impact our subsequent financial condition or results of operations is uncertain.

Effective April 1, 2022, the Plan was amended to increase the automatic deferral from 3% to 5%.

Subsequent to year end, the Plan’s investment portfolio for the month ending June 30, 2022, reflected an unrealized loss. The June 30, 2022, market value of \$2,335,793 as compared to December 31, 2021 market value of \$2,830,024 reflected an unrealized loss of \$494,231. The Plan does not consider the unrealized loss to be other than temporary.
