INDEPENDENT AUDITOR'S REPORT

Plan Administrative Committee
The Employee Benefit Plan of Atlanta Flooring Design Centers, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **The Employee Benefit Plan of Atlanta Flooring Design Centers, Inc.**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of The Employee Benefit Plan of Atlanta Flooring Design Centers, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Employee Benefit Plan of Atlanta Flooring Design Centers, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, and to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Employee Benefit Plan of Atlanta Flooring Design Centers, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Employee Benefit Plan of Atlanta Flooring Design Centers, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of The Employee Benefit Plan of Atlanta Flooring Design Centers, Inc. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated December 31, 2020, we indicated that (a) because of significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis of opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other, than that derived from certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FLOORING DESIGN CENTER, INC.**

NOTES TO FINANCIAL STATEMENTS

(1) Description of Plan

The following description of The Employee Benefit Plan of Atlanta Flooring Design Centers, Inc. (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2012, for the exclusive benefit of eligible employees and their beneficiaries. Full-time and part-time employees that have met the eligibility requirements of being at least 18 years of age and completing 6 consecutive months of employment can enter the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan operates on a calendar year basis. Atlanta Flooring Design Centers, Inc. (the Company) is responsible for oversight of the Plan. The administrative committee determines the appropriateness of the Plan's investment offerings and monitors the investment performance.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. The CARES Act provided qualifying COVID-19 pandemic impacted participants with the option to take a coronavirus-related distribution from retirement savings that previously would have been inaccessible or subject to early withdrawal penalties. The CARES Act eliminated the need to take a required minimum distribution in calendar year 2020.

Contributions

Under the provisions of the Plan, each participant may contribute a portion of compensation up to the maximum amount determined by the federal government each year. Participant contributions may be traditional elective deferrals (pre-tax) or Roth elective deferrals (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. There is no auto-escalation provision in the Plan.

The Plan allows for an employer discretionary matching contribution equal to a uniform percentage of each participant's elective deferral, as determined each year, if any. For the year ended December 31, 2021, a matching contribution was provided and based on one-half percent of the employee deferral up to 3 percent of the participant's compensation. In addition to employer discretionary matching contributions, the Company may contribute to the Plan a discretionary profit-sharing contribution. The Company made no such discretionary profit-sharing contributions during 2021. Contributions are subject to certain limitations.

(1) Description of Plan (Continued)

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and qualified rollover contributions, and adjusted for gains and losses based on the investment performance of a participant's account, less any withdrawals, distributions, and allocation of administrative expenses that are paid by the Plan. The participant is entitled to a benefit equal to his or her vested account balance. Participants are charged with an allocation of administrative expenses that are paid by the Plan.

Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the investment earnings thereon. Vesting in the Company's discretionary nonelective contribution is based on years of continuous service. Participants vest in nonelective contributions 10 percent after one year of service, 25 percent after two years of service, 45 percent after three years of service, and 70 percent after four years of service. Participants are 100 percent vested after five years of credited service.

Notes Receivable from Participants

The Plan does not allow for loans.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reason, a participant or beneficiary may elect to receive a lump-sum or a rollover amount equal to the value of the participant's vested interest in his/her account.

Hardship Withdrawals

In the event funds are needed because of extreme financial hardship, as defined by law, the participant may be allowed to make a withdrawal of their vested account balance from eligible accounts, as defined by the Plan. In accordance with the Internal Revenue Code, benefits withdrawn prior to age 59½ may be subject to additional taxes.

In 2020, as part of the CARES Act, the Plan allowed for Coronavirus-related distributions for all eligible employees of up to \$100,000 without penalty. Eligible employees are not required to repay this distribution, but the Plan allows for them to repay their Plan account within three years of the date they received their distribution.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits from the contributions under the Plan. These forfeited accounts may be used to reduce nonelective contributions or to pay reasonable Plan expenses. The remaining balance of unused forfeited nonvested accounts was \$106 and \$2,046 on December 31, 2021 and 2020, respectively. In 2021, forfeitures in the amount of \$24,773 were used to reduce the Company's contribution.

(1) Description of Plan (Continued)

Investment Options and Investments

Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their investment options at any time. As of December 31, 2021, the Plan offered more than 45 diversified investments consisting of pooled separate accounts and unallocated deposit administration contracts.

(2) Summary of Significant Accounting Policies

The accounting policies of the Plan are maintained in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The following describes the more significant of those policies:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the unallocated deposit investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee, and recordkeeper. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

(2) Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

(3) General Fund Account

The Plan holds investments in a Mutual of America General Account (i.e., the Interest Accumulation Account), the Mutual of America's financial statements are prepared in accordance with the accounting practices prescribed or permitted by the State of New York Insurance Department ("Statutory Accounting Principles") and are not subject to GAAP. As a result, ASU 820-10 does not apply to the Company's General Account. As such, the General Account is comparable to a cash equivalent and is therefore exempt from classification as a Level 1, 2, or 3 asset under ASU 820-10 for the following reasons:

- There are no front or back-end charges, so investments in the General Account are completely liquid;
- The interest rate credited to investments in the General Account is a current rate, and is not dependent upon the length of time the assets are invested with Mutual of America;
- Requests for withdrawals can be made at any time and are not dependent on the Company having to liquidate securities in order to generate a payment; and
- The value shown on the pension fund report is the redeemable value of the fund; there are no deferred sales charges, load assessments or interest rate adjustments that would affect the value as a result of a withdrawal request.

The Company noted that investments in the General Account are liquid and not subject to any form of interest rate adjustment.

(4) Information Prepared and Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by the trustee as complete and accurate as of December 31, 2021 and 2020 and for the year ended December 31, 2021, except for comparing such information to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

Investments and notes receivable from participants as of December 31, as certified by the trustee are as follows:

	<u>2021</u>	<u>2020</u>
General Account	\$ 836,320	\$ 761,042
Group Annuity Contract	<u>8,454,895</u>	<u>6,563,926</u>
	<u>\$ 9,291,215</u>	<u>\$ 7,324,968</u>

Investment income for the year ended December 31, 2021 as certified by the trustee is as follows:

Net Appreciation in Fair Value of Investments	\$ 1,155,294
Interest and Dividends	<u>8,024</u>
	<u>\$ 1,163,318</u>

(5) Fair Value Measurements

The Financial Accounting Standards Board issued a statement that defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(5) Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Group Annuity Contract: Investments are made in shares of Mutual of America Investment Corporation, Fidelity Vanguard, Goldman Sachs, T. Rowe Price, Calvert, Invesco, American Funds, PIMCO, and DWS ("Underlying Funds"), and the fair value is based on the reported net asset values of the respective funds or portfolios, which are valued at fair value. Fair Value is an estimate of the price that would be received upon selling an investment in an orderly arms-length transaction.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation methods is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2021	Level 1	Level 2	Level 3	Total
Group Annuity Contract	<u>\$ 8,454,895</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,454,895</u>
2020				
Group Annuity Contract	<u>\$ 6,563,926</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,563,926</u>

(6) Income Tax Status

The prototype plan sponsor, Cuna Mutual Insurance Society, has received a favorable opinion letter from the Internal Revenue Service (IRS) which states that its prototype plan, in form, meets the requirements of Section 401(a) of the Code and, therefore, is tax-exempt under the provisions of Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrative committee believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. The Plan administrative committee also maintains that the Plan has been administered in accordance with all applicable laws and, accordingly, no provision has been made for income taxes in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market volatility, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(8) Party-in-Interest Transactions

Certain Plan assets are investment options offered through Mutual of America Insurance Company, the custodian; therefore, these transactions qualify as party-in-interest transactions.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempted from the prohibition of party-in-interest transactions under ERISA.

(9) Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

(10) COVID-19

The Coronavirus pandemic (COVID-19) remains a rapidly evolving situation. The extent of the impact of COVID-19 on the Plan and the Plan Sponsor will depend on future developments, including the duration and spread of the outbreak, which continues to be uncertain. As the situation continues to evolve, management is closely monitoring the impact of COVID-19 on all aspects of the Plan, including investment returns.

(11) Subsequent Events

Changes in investment returns can have a significant effect on the Plan. Management is monitoring investment market conditions and the impact such fluctuations are having on the Plan's investment portfolio. Due to the volatility of the financial markets as of the date of this report, there is uncertainty regarding the impact which continued volatility may have on the Plan's investment portfolio.

Management has evaluated events subsequent to December 31, 2021 through August 12, 2022, the date these financial statements were available to be issued.
