Independent Auditor's Report

Plan Trustee
Opportunity Financial, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Opportunity Financial, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Opportunity Financial, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Opportunity Financial, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all full-time employees (except nonresident aliens) of Opportunity Financial, LLC (the Company) who are age 21 or older. Employees are eligible to join the Plan at the beginning of the month following their start date and employees who start on the first of the month are eligible immediately.

Minnesota Life Insurance Company and Securian Financial Group, Inc. are the trustee and recordkeeper, respectively, of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions: Participants may elect to make before-tax and Roth 401(k) contributions under the Plan. Subject to certain limits, participants may contribute up to 100% of eligible compensation. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Plan has elected to maintain "safe harbor" status, in which the Company is required to make a safe harbor matching contribution equal to 100% of employee salary deferrals that do not exceed 3% of employee compensation plus 50% of employee salary deferrals between 3% and 5% of employee compensation. This safe harbor matching contribution is immediately 100% vested. The safe harbor matching contribution is calculated on a payroll period basis. In addition, the Company has the option of making a discretionary profit sharing contribution to the Plan. The Company made safe harbor matching contributions totaling \$1,655,979 during the year ended December 31, 2021. The Company did not make any profit sharing contributions during the year ended December 31, 2021.

Compensation is defined as total annual remuneration, including overtime pay and bonuses, paid to each participant. The participant's and Company's annual contributions are subject to certain limitations of the Internal Revenue Code (the IRC).

Investment options: Participants direct their elective contributions into various investment options offered by the Plan as more fully described in the Plan's literature. Participants can change their investment options daily. The Company's safe harbor matching contributions and discretionary profit sharing contributions, if any, are allocated in the same manner as the participant's elective contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's safe harbor matching and profit sharing contributions, if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Opportunity Financial, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contributions is based on years of service. A participant becomes vested in Company profit sharing contributions and related earnings on a graded vesting schedule of 20% per year of service, starting with the second year of service. A participant is fully vested in the Company's profit sharing contributions after six years of credited service, as defined. Participants are automatically fully vested upon normal retirement age, as defined, death or total and permanent disability.

Forfeitures: Upon termination of employment, participants forfeit their nonvested balances. Forfeited balances of terminated participants' nonvested accounts are used to pay plan administrative expenses or reduce current year Company safe harbor matching and discretionary profit sharing contribution amounts, if any. There are no forfeited nonvested account balances as of December 31, 2021 and 2020. During 2021, no forfeitures were used to offset Company contributions or pay plan expenses.

Notes receivable from participants: Participants may borrow up to 50% of the vested portion of their accounts, not to exceed \$50,000. The minimum loan amount is \$1,000. Loan terms range from one to five years. The Plan Administrator may permit longer loan terms for loans which are for the purchase of a primary residence. Loans are secured by the participant's account balance. Each participant is allowed to hold a maximum of one loan at any point in time. The loans bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or direct payments to the trustee.

Payment of benefits and withdrawals: On termination of service due to normal retirement, death, or total and permanent disability, a participant will become fully vested, and the participant or the participant's beneficiary will receive the value in his or her account as a lump-sum distribution, substantially equal installment or partial withdrawal. If a participant's vested balance is \$5,000 or less, if a participant makes no election, will automatically rollover the entirety of their balance to an IRA as identified by the Plan. The participant can choose to receive a lump-sum distribution equal to the participant's vested account balance as soon as practical if they choose, but they must make this election known to the plan within six weeks of termination. In-service withdrawals are available for participants who attain age 59 ½. Hardship withdrawals from fully vested accounts are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS).

Administrative expenses: The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. The Plan will assess against an individual participant's account certain plan expenses that are incurred by, or are attributable to, a particular participant based on use of a particular plan service. During 2021, the Company did not pay any expenses related to the Plan's operations.

Opportunity Financial, LLC 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of benefits: Benefit payments to participants are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Defaulted loans are treated as distributions based upon the terms of the plan document. No loans were deemed uncollectible at December 31, 2021 or 2020.

Investment valuation and income recognition: Investments held by the Plan are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the insurance company. See Note 4 for further discussion and disclosures related to fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 3. Information Certified or Provided by Minnesota Life Insurance Company

The following is a summary of the Plan's asset and income information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by or derived from information certified or provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee as of December 31, 2021 and 2020, that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2021	2020
Investments, at fair value:		
Insurance company units of pooled separate accounts	\$ 16,051,289	\$ 9,220,568
Investments, at contract value:		
Guaranteed investment contract	\$ 763,419	\$ 382,157
Notes receivable from participants	\$ 336,013	\$ 170,415

The trustee also certified the completeness and accuracy to the best of its knowledge of \$1,617,077 of net appreciation in fair value of investments and \$13,340 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Other observable inputs, such as quoted prices for similar assets or liabilities in active markets; identical assets or liabilities in inactive markets; or observable inputs, such as interest rates and yield curves, and other market-corroborated inputs.

Level 3 – Unobservable inputs, including market information together with the Company's judgments about the assumptions market participants would use in pricing the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2021 and 2020.

Opportunity Financial, LLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Insurance company units of pooled separate accounts: Pooled separate accounts invest primarily in shares of registered investment companies. The pooled separate accounts are valued at the net asset value (NAV) per share, as determined by the insurance company, based on quoted market prices of its underlying securities or similar instruments. The NAV is used as a practical expedient to estimating fair value. The practical expedient is not used when it is determined to be probable that the issuer will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

2021				
	Level 1	Level 2	Level 3	Total
Total assets at fair value	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a) - insurance company units of pooled separate accounts				16,051,289
				<u>\$ 16,051,289</u>

2020				
	Level 1	Level 2	Level 3	Total
Total assets at fair value	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a) - insurance company units of pooled separate accounts				9,220,568
				<u>\$ 9,220,568</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of Level 3.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments	Investment Objective	2021 Fair Value	2020 Fair Value	Redemption Frequency	Redemption Notice Period
Insurance Company Pooled Separate Accounts:					
General Bond	(a)	\$ 912,415	\$ 474,007	Daily	None
US Stock	(b)	12,226,825	6,974,720	Daily	None
International Stock	(c)	2,774,059	1,711,597	Daily	None
Strategic/Alternatives	(d)	137,990	60,244	Daily	None
		<u>\$ 16,051,289</u>	<u>\$ 9,220,568</u>		

(a) The category includes fixed income and high yield security portfolios.

(b) The category includes US based large, mid and small cap value and growth security portfolios.

(c) The category includes international and emerging market security portfolios.

(d) The category includes commodity strategy funds and real estate trusts and companies.

Note 5. Fully Benefit-Responsive Investment Contract

The Plan holds an evergreen investment contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the investment contract held by the Plan at December 31, 2021 and 2020, was \$763,419 and \$382,157, respectively.

The investment contract is under a group annuity contract and funding agreement with Minnesota Life Insurance Company, which is maintained under a direct trust or custodial agreement with Securian Financial Group, Inc. Minnesota Life Insurance Company establishes a rate, or rates, for monies invested in its General Account. All benefit payments prior to contract liquidation are made at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The average annualized net crediting rate utilized during the year ended December 31, 2021, was 1.28%.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan terminations or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Opportunity Financial, LLC 401(k) Plan

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contract (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation and (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	\$ 17,150,721	\$ 9,773,140
Differences in:		
Notes receivable from participants	(336,013)	(170,415)
Participant loans	336,013	170,415
Net assets available for benefits per Form 5500	<u>\$ 17,150,721</u>	<u>\$ 9,773,140</u>

Note 8. Related-Party and Party-in-Interest Transactions

Certain plan investments are units of pooled separate accounts and a guaranteed investment contract issued by Minnesota Life Insurance Company, the trustee of the Plan, which qualify as party-in-interest transactions. These transactions, however, are exempt from the prohibited transactions rules under ERISA.

Certain employees of the Company provide administration services to the Plan and neither the Company nor the employees receive reimbursement from the Plan.

Note 9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

Note 10. Tax Status

The Plan is a defined contribution volume submitter plan sponsored by Minnesota Life Insurance Company. The volume submitter plan has received an opinion letter from the IRS dated March 31, 2014, as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRS.

Opportunity Financial, LLC 401(k) Plan

Notes to Financial Statements

Note 10. Tax Status (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain positions that more likely than not would not be sustained upon examinations. Through December 31, 2021, the Plan Administrator has determined that the Plan has maintained its tax-exempt status and there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress.

Note 11. COVID Risk

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. The extent to which the coronavirus impacts the Plan will depend on future developments, which are highly uncertain and cannot be predicted, including new information that may emerge concerning the severity of the coronavirus and actions taken to contain the coronavirus or its impact, among others.

Note 12. Subsequent Events

The Plan Administrator and the Trustee have evaluated subsequent events for the Plan through September 19, 2022, the date the financial statements were available to be issued.

Effective September 1, 2022, the custodian of the Plan was changed to Fidelity Management Trust Company and the recordkeeper of the Plan was changed to Fidelity Workplace Services LLC. Additionally, effective September 1, 2022, the Plan converted its Basic Plan Document and its Adoption Agreement to a Pre-Approved Defined Contribution Plan sponsored by Fidelity Management & Research Co.
